QUEBEC, Oct. 22.—The Royal Commission opened its sittings yesterday. Mr. T. Machin was re-examined. Witness expressed to Mr. Garneau his opinion on the legality of the order-in-council, 237, which specifies wholly on the conversion of the land subsidy. He thought that the conversion authorized by the order-in-council was not well provided for legally. He then advised Hon. Mr. Garneau to issue the letter of credit. Witness then related how Mr. Webb of the Union Bank and Mr. Lafrance, cashier of the Banque National, went to witness' office and wanted the $175,000 letter of credit divided into one of $100,000 for the Union Bank and one of $75,000 for the Banque National. Mr. Gaboury, president of the Banque National, Mr. Duhamel and Mr. Angus Thom were also present in witness' offices. Mr. Garneau told witness to prepare the $75,000, and as he could not get the letter ready he went out intending to go home. On his way he met Mr. Armstrong, who strongly urged him to go to Mr. Garneau's house in order to have the new letters of credit signed. Witness refused, but suggested Mr. Oregan, shorthand writer. Next day Oregan came to witness' office and handed him the cancelled letters, and said that he had been down to Mr. Garneau's and that he (Mr. Garneau) had cancelled the $175,000 letter of credit and had issued new ones. Witness never had any conversation with anyone else but the parties mentioned above.

Mr. Dumoulin, manager of the Banque du Peuple was examined as to certain transactions in connection with the Baie des Chaleurs Railway question. A check was negotiated by Mr. Villere in favor of other parties on May 6. Mr. Pacaud drew $1000, $5000 and $2150. Witness could not say what Mr. Pacaud did with the money. Most of witness' evidence has been heard in Ottawa.

Mr. Casgrain made application to have produced Mr. Pacaud's checks given at the Banque du Peuple up to July 11.

Witness stated that he would produce the checks provided they refer to the Baie des Chaleurs Railway.

Justice Jette tells witness to produce the checks and the commissioners will judge whether they are to be laid on the table or not.

Mr. Carrier, M.P. for Gaspe, questioned the witness as to a certain note endorsed.

Mr. Lafrance, cashier of the Banque National, was next examined.

Witness corroborated Mr. Machin's evidence as to the letter of credit of $75,000.

Uncle Thomas Resigns.

QUEBEC, Oct. 22.—The Hon. T. McGreevy has resigned his seat on the Harbor Commission. There are now four vacancies on the board, the Government having practically only the chairman.

Bowie Knife v. Macheta.

SAN ANTONIO, Oct. 22.—A desperate stabbing affray between John T. Moulton, an American, and Leanado Rodriquez and Antonio Ventro, Mexicans, occurred last night at the San Pablo mine near Buna Voutura, State of Coahulia, Mexico. The Mexicans were drunk and attacked Moulton, who is one of the officials of the mining company. They used machetas and the American wielded a bowie. Ventro was killed, Rodriquez badly stabbed in four places and Moulton so hacked and slashed that he cannot live.

It Cured This Man.

INDIANAPOLIS, Ind., Oct. 22.—Judge Balser K. Higginbotham, one of the most eloquent orators in this state, went to the Keeley Institute for the bi-chloride of gold treatment at Plainfield Saturday night. He took the injections for two days and died on Monday.

An Old Boat Rescued.

BUFFALO, Oct. 21.—The gunboat Detroit of the British navy, which was sunk in Lake Erie during the war of 1812, when Capt. O. H. Perry won his famous victory, is soon to be raised by Marshall Carr of Buffalo, one of the best-known pilots on the lake and an experienced diver. The boat will be exhibited at the Chicago World's Fair. The Detroit now lies off Squaw Island, where she was sunk, and her whereabouts known to but few. She has been no hindrance to navigation and probably for that reason has not been touched. As soon as the boat is put on dry land she will be overhauled and put in presentable condition. The Detroit was captained by Captain Barclay and was built solely for war. She was pierced for 18 guns and measured 305 tons. When completed her captain said she was one of the best boats on the lakes. The Detroit was pitted against the strongest of Captain Perry's ships, the Lawrence, on Sept. 12, 1812, and only went down after four hours' awful fighting. It was on that date that Perry's name became famous. Every commanding officer of the Detroit and their seconds were killed or wounded so severely as to be unable to keep the deck. The Detroit had guns of four different calibres.

Negro Uprising Feared.

CLIFTON FORGE, Va., Oct. 20.—There is considerable excitement here to-night over a rumored uprising of the negroes in consequence of last night's lynching, and Mayor Bowles has telegraphed Governor McKinney to send the Monticello Guards here as a measure of precaution. The reports caused a suspension of services at the churches to-night, but the rumors are regarded by cooler heads as unfounded.

The entire town is in arms and pickets are posted on every outskirt. A squadron of men are on the way here from Roncevorte, W. Va. There has been no direct indication of an outbreak, but the greatest excitement prevails.

It Was a Drunken Row.

NEW YORK, Oct. 21.—The Herald's Valparaiso despatch says that both the American and Chilian sailors were under the influence of liquor when the recent street brawl occurred. The Americans were unarmed and fought with their fists, while the Chilians used their knives. The intendente of the city had assured Captain Schley of the Baltimore that his sailors would be perfectly safe on Chilian soil. The feeling between Americans and Chilians is very strong.

THE BEAR WAS HUGGING MARY.

But Julia Stopped His Fun by Blowing a Hole Through Him.

MOUNTAIN HOME, Ark, Oct. 22.—William Roberts brings a story from the mountains north of here of an adventure of two girls, which would have had a fatal ending had it not been for the nerve of one of them.

Mary Welles and Julia Roberts, living on adjoining farms, are great friends. They are typical Arkansas girls and can handle a rifle better than most men in their neighborhood, so they do not hesitate to tackle the biggest game in the woods.

During one of their hunting trips lately they went to a wild turkey roost, built a blind and waited. As they lay in ambush they heard the approach of what they supposed was a man, but it turned out to be a bear. Mary fired at it and the animal, maddened by the pain, made a dash at the girls, catching Mary. She screamed, and as she was being dragged away Julia ran close to the bear, and placing the muzzle of her shotgun, which had a heavy charge of turkey shot, behind his shoulder, fired, tearing a hole clear through him. He dropped in his tracks. With the exception of a few bruises and a slightly lacerated arm Mary was unharmed. The girls are the heroines of the county.

CAME BACK FROM THE DEAD.

"Handsome Smugglers" Wept Over the Fate of His Supposed Murderer.

GRAND HAVEN, Mich., Oct. 22.—"Handsome Smugglers," a hunter and trapper, who disappeared suddenly in 1830, and for whose supposed murder Chester Wood, a young chopper, was lynched, reappeared here Saturday.

He is over 90 years old, and for 50 years has been living on the old farm near Boston, Mass., which he left when a boy on account of a family quarrel. The settlement of the trouble by his brother's death led him to suddenly return to civilization.

The old man wept when he learned of Wood's fate. Wood's sweetheart went mad over his lynching and his father is said to have starved to death.

TURKS AND ARABS.

Fears That Fighting They May Encroach British Territory.

CONSTANTINOPLE, Oct. 22.—An important battle is expected to take place in Yemen very soon. Although the Sublime Porte is very reticent in regard to state affairs, the Yemen crisis has now come to a head and fresh contingents of troops are being sent out every other day.

Telegrams from Hodeida announce the recent arrival of the steamer Saadet, bringing 1200 soldiers, and the Government has contracted with a steamship company for the further transport of troops.

For the last week steamers have been engaged taking out the necessary commissariat stores for Gen. Ahmed Feize Pasha, who has lately been appointed to the command of the 7th Army Corps, and of the Hedjaz and Yemen districts. He has already arrived at Sana, the headquarters of the disaffected region, and it is anticipated that the march forward will take place on Saturday.

The chief resistance is expected in the territory occupied by the tribes Benisshar and Hausseyns, who have entrenched themselves in the fortified towns, Barath, El Charab, Erlhail and Mareb, the last of which is identical with the Sheba of Scripture, and situated near the British settlement of Aden.

The rebellion is said to be causing the authorities at Aden a great deal of anxiety, as in the event of a conflict on the border there would be danger of an incursion into British territory.

THE HANSARD UNION.

A Suit For a Million Sterling to Arise From Its Troubles.

LONDON, Oct. 22.—The latest development in the affairs of the Hansard Union which recently failed, is that upon the opinion of Sir Horace Davey, Q.C., as to the circumstances under which the corporation seized the property of the union, a large body of the shareholders backed up by trade creditors have united for the purpose of instituting proceedings against the corporation and its receiver for the recovery of damages for alleged trespass and unlawful seizure.

It is understood that the damages will be laid at £1,000,000, and that several leading counsel have been retained. The corporation put in a receiver in February, claiming to be entitled to do so, in connection with certain debenture transactions with the Union. The step led to the commencement of winding-up proceedings.

HAL POINTER BEATEN.

He Goes the Second Heat in 2.09¼ Without a Skip.

NASHVILLE, Tenn., Oct. 21.—Thousands of broken Tennessee hearts and thousands of empty pocket books were carried away from Cumberland Park this evening. Hal Pointer their pride the horse that carried all their money, had suffered defeat in three straight heats with the matchless California pacer Direct, showing him his heels with comparative ease. The time of the second heat was the best ever made in a race in harness, lowering Pointer's record ¼ second. Neither of the flying steeds broke in either heat, but moved like clockwork all way around. Hal Pointer had pole in the first heat and held it until the ½ pole was reached, when Direct, who had been on almost even terms with him from the start made a magnificent spurt and secured the inside of the track. After that it was easy sailing and Ed. Geers pulled up Pointer before reaching the wire.

The second heat saw Direct at the pole and he held it throughout. The best Pointer could do was to stay abreast of him until reaching the half mile post where Direct gradually drew away. The Tennessean's fine burst of speed in the stretch being of no avail. It was believed that the champion could have gone in 2.08 had Pointer pressed him more closely, he running easily in 2.09¼.

The last heat was a repetition of the others, Direct leading nearly all the way. The time 2.10, 2.09¼, 2.11.

Hal Pointer was a big favorite in pools on first heat, selling $100 against $30 for Direct. The betting in the second heat was not materially changed from the first, but the third found Direct selling at $10 against $5 for Pointer. Summary:

2-year-old pacing stakes $500—Natalie Wilkes 1, Monadel 2, Alice Wilkes 3. Time 2.26¼.

2.30 class, trotting, for 4-year-olds, $10,000—Constantine 1, Alabama 2, Mary Mc 3, Garnet Girl 4. Time 2.21¼, 2.23½, 2.25¼, 2.24½.

Match race, purse $3000—Direct 1, Hal Pointer 2. Time 2.10, 2.09¼, 2.11.

The Wreck Took Fire.

AMSTERDAM, N.Y., Oct. 22.—A rear end collision between two freight trains occurred this evening on the Central Hudson road between Tribe's Hill and Fonda. The wreck took fire and an engine, three loaded cars, a caboose and an empty freight car were burned. Loss $40,000.

BALTIMORE, Oct. 22.—The eastbound Chicago express via the B. & O. railroad jumped the track this afternoon at Sir John's Run, W. Va. The locomotive toppled over and Engineer James Ruckles and Firemen R. Richards, both of Martinsburg, were killed. Postal Clerks Lippincott, Craig and Selvey were injured. One passenger in the smoker received a scalp wound. The accident was caused by the breaking of a driving-wheel.

All on Board Perished

GLOUCESTER, Mass., Oct. 22.—The schooner Percy with a crew of 12 men and the schooner City Point with a crew of 14 men sailed on codfishing voyages about Aug. 25, the Percy to Georges and the City Point to Lehane banks. Neither has been heard from since. There is little doubt that they have been lost with all hands.

Found His Body in the Wreck

WINNIPEG, Oct. 22.—The body of James Bell, contractor, one of the victims of the Canadian Pacific freight train collision at Brandon, was found in the wreck this morning. The young man Bunting, who lost a leg and was badly burned, is doing well.

J. J. SHEEHY'S ANNOUNCEMENT

TO THE PURCHASING PUBLIC OF PETERBOROUGH.

Six Years ago I started in Business in this Town with a Small Stock of Dry Goods and a Smaller Capital, but buoyed up with the hope, that by Diligence, Energy and the Strictest Possible Attention to Business, that business would grow and prosper as the town progressed, and I am delighted to be able to say, that my fondest hopes in this respect have been realized, for, as Peterborough has gone ahead (which fact there is none to dispute and the evidence of which we see around us on every side) so has my business progressed, and to-day I am in a position to ask the purchasing public to call and examine a Stock of General Dry Goods, which for Variety, Quality and General Excellence is not surpassed by any in the Town of Peterborough. Now, bear in mind, that I do not for one moment pretend to say that I carry the largest stock of Dry Goods in town; but this I do state most emphatically, that, to any purchaser starting out with a view of purchasing their Fall Dry Goods for cash, be that purchase One Dollar or One Hundred Dollars, there is no establishment in the Town of Peterborough that is in a better position to offer Greater Inducements than I offer to the general public to-day. As my business has grown in the past, so I intend it shall in the future, if any efforts on my part will have the desired effect, and in order that the month of October may become the Banner Month of the six years, I propose making the following Offer. My Stock throughout the entire store has been bought at the closest possible figures. My entire stock has been marked at the lowest living prices. Now this is my offer: during the month of October, to every purchaser of One Dollar or upwards, I offer a Discount of FIVE PER CENT.

I extend a cordial invitation to every one of my old customers who have dealt with me steadily during the past six years, and also to those whom I might call my occasional customers; and finally to those with whom I have not yet had the pleasure of doing business. Yours respectfully,

J. J. SHEEHY.

THE VOICE OF THE PEOPLE.

The Chief of Police.

To the Editor of the Examiner:

DEAR SIR,—I observe that the editor of the *Times* has given a little attention this morning to my communication of yesterday with reference to the Chief of Police, and in connection therewith he asks numerous questions. Now, I would merely say in reply, that the Chief was perfectly justified in getting evidence to commit Mrs. Beckett if he felt satisfied that liquor was being sold contrary to law. Evil must be stamped out and evidence must be procured to convict. Why, the same thing is done every day. Detectives are placed where required to secure convicting evidence.

Now, I have one question to ask the *Times* man. Is your opposition to the Chief not caused by his having had you fined $20 and costs for advertising lotteries illegally?

Are you not afraid of the Chief having you arrested for fraud in connection with the *Canadian Agriculturist* prize competition?

The people of Peterborough are satisfied with Mr. Roszel as chief, and if the individual who is at the "back of you" supplying cut throat information does not attend to his own duties he may find that his own usefulness will be gone. Patience is a virtue, but it may be necessary for the chief to speak out, and if he does it will be very unpleasant for some not very far away from the chief's office.

The *Times* man may be inside the law in some of his doings, but if so I ask the people of Peterborough if the law should not be so amended as to take him and his prize competition into its grasp?

Yours very truly,
FAIR PLAY.

The Water-Power Supply.

To the Editor of the Daily Examiner:

SIR,—I have been asked several times lately regarding the flow of water in the river. I give the following figures so that those interested can judge for themselves.

There is passing through the dam at Lakefield (by actual guage measurement) over forty thousand (40,000) cubic feet per minute. This quantity is about twenty five per cent. less than the average summer flow, on account of the exceptionally dry season. The reservoirs above are all much below their normal levels, and are daily falling.

The mills that are now running at the Dickson Company's dam, together with the diameter of their wheels, head of water, and quantity of water required to run them, are as follows:—

Name of Mill.	*Number of Wheels and Style.*	*Diameter of Wheels.*	*Head of Water.*	*Quantity of Water required per minute to run Wheels.*
		IN.	FT.	CUBIC FT.
Custom saw mill.	1 Lansing	62	11	500
Meldrum & Davidson	1 Leffel standard	44	14	2,776
Donnel's	1 Leffel standard	35	12	1,685
McWilliams	1 Leffel standard	35	12	1,685
Wilson & Faint's	1 Leffel standard	30½	20	1,651
				8,297
Add 20 per cent				1,659
Total quantity water required during day				9,956

From the above it will be seen that there is actually only about twenty five per cent of the present flow required to run these mills to their full capacity. The electric light station has the following:—4 Leffel Standards, 56 inches in diameter, 11 feet head, which require twenty thousand six hundred and eighty (20,680) cubit feet per minute to run them or about fifty per cent of the present actual flow of the river.

The quantity of water given above for the capacity of wheels are taken from Leffel & Co's catalogue and I have added in addition 20 per cent which is actually found necessary in practice.

Yours truly,
RICHARD B. ROGERS
Superintending Engineer
Trent Valley Canal.

Keene School Matters.

To the Editor of the Examiner:

SIR,—I saw in your last week's issue a communication signed ratepayers, drawing public attention to the Keene school matters. Now I believe that ratepayer is one of those very important men in our village who think if they had been consulted at creation there would be fewer mistakes made; and because the trustees did not consult them before deciding to change teachers they are determined to cause all the trouble possible. Now, I think the facts are these. At the close of the mid summer holidays Mr. Mark wished to know if his services would be required for 1892 The board of trustees met and came to the conclusion that a change of teachers would be beneficial. They informed Mr. Mark to that effect, and heard nothing more about it until about the first of October. when a certain individual (I think he holds the big knife in this section) started a lie in circulation about the motives of one of the trustees in dismissing Mr. Mark. Immediately Messrs. Campbell and McNeil started out in a quiet way through the section with a very vaguely worded petition for the ratepayers to sign, among other things that Mr. Mark was a first class teacher, whereas he holds but a second class certificate.

Now, Mr. McNeil is one of our principal merchants, with whom most of the ratepayers deal, Mr. Mark included. He is a single man and has never been known to attend a school examination during Mr. Mark's time. Mr. Campbell is our very obliging Postmaster and tailor, so the combination was very strong, and as some of the signers say, very hard to put off. However, by some means or other best known to themselves they got about 60 signers out of 100 rateyayers. They presented the petition to the board, who refused to accept such an unfair test, one of the trustees offering to go over the section again with either of those men, and if half of the ratepayers were in favor of keeping Mr. Mark he would engage him. But they dare not try such a fair way. Then they were so elated with their scheme they called a public meeting calling on the trustees to give reasons for their conduct. The meeting was held at an hour to suit all the signers, who were warned to be on hand. Well, as Ratepayers says, one of the largest meetings ever held in this section assembled in the school house. The trustees came and gave their reasons, which seemed to be so good that notwithstanding the fierce denunciation of the trustees by one of the local preachers and the eloquent appeal of the other in behalf of Mr. Mark, with Mr. Mark's own appeal to the meeting, when the vote was taken advising the trustees to retain Mr. Mark, there were just 27 votes for it out of a possible 100, so the trustees feel now they have three-fourths of the section with them. I think "Ratepayer's" purpose in giving so much publicity to this affair is to deter applicants from applying for the position. As I understand there are several applications already, there will be *good material to choose from.*

Hoping, Mr. Editor, you will be kind enough to insert this in your next issue,

I remain, yours truly,

Children Cry for Pitcher's Castoria

Makes Flesh and Blood.

When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Millers Emulsion of pure Norwegian Cod Liver Oil. It always works wonders because it is a flesh and blood maker, and contains all the constituents for nourishment found in wheat, in fact Millers Emulsion is a perfect "staff of life" and has saved and cured thousands. In big bottles, 50c. and $1, at Peterborough Drug Store's dw

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

Never allow the bowels to remain constipated lest serious evil ensue. National Pills are unsurpassed as a remedy for constipation. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

The Trade Outlook.

The trade outlook seems bright, but those burdened with bad blood, stomach or liver troubles, etc, the outlook is blue. This may be avoided and bounding health restored by the use of Burdock Blood Bitters, the most effective, rapid, and satisfactory medicine for all derangements of the stomach, liver, bowels and blood. dw

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the *child bright* and healthy. dw

Those unhappy persons who suffer from nervousness and dyspepsia should use Carter's Little Nerve Pills, which are made expressly for sleepless, nervous, dyspeptic sufferers. Price 25 cents. dw

The Royal Rheumatic Remedy, taken internally, strikes directly at the foundation of the disease. At once relieves pain by removing the cause of disease. The cause removed a cure is affected. dw

If you are tired taking the large old-fashioned griping pill., try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them. dw

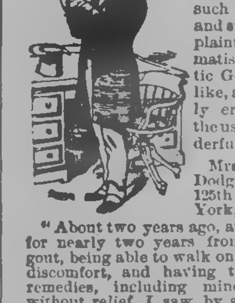
Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates tones and strengthens the entire system. dw

Milborn's Aromatic Quinine Wine fortifies the system against attacks of ague, chills, bilious fever, dumb ague and like troubles.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla. Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.



Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

GOUGH BROTHERS

Are Fitting out the Feet of Thousands who have only their Soles between them and Mother Earth!

ANOTHER $10,000 STOCK of Splendid Boots and Shoes have arrived for GOUGH BROTHERS. The Goods are opened out and on sale at their Two Big Stores, 375 and 377 George Street.

Positive proof has been given, in the case of several responsible parties who have taken in the Town and compared prices, that Gough's in every case give the best value. One customer stated: "I looked at a pair of boots down town for $1.25, and Gough's price for the identical goods was a little over one-half." Make a note of this, and when you want boots don't buy until you give Gough's a look.

The Sensation for October will be Gough's Overcoats and Suits, Cardigans, Shirts and Drawers.

Bridgenorth Circuit Items.

(From Our Own Correspondent.)

The second anniversary of the Bridgenorth Methodist church was celebrated on Sunday and Monday, 18th and and 19th inst. Rev. Jas. Curts, of Keene, preached two earnest and edifying sermons on Sunday to large congregations. On Monday the anniversary supper was served in the lecture room from 5 to 8 o'clock, after which a public meeting was organized in the church, with Mr. Jas. Kendry, of Peterborough in the chair. The following programme was well rendered:—

Devotional Exercises	Pastor
Music	Choir
Recitation	Mrs Goldsmith
Duett	Miss Ully and Mrs. Houck
Address	Rev. Jas. Curts
Music	Choir
Address	Rev. G. H. Raley

Rev. Mr. Curts, in his address, appealed to the congregation for subscriptions to provide for the small debt on the church and in a few minutes the necessary amount was subscribed. This delighted the congregation very much and all joined heartily in singing the Doxology and repaired to their homes after this very successful tea.

ENTERTAINMENT AT SELWYN.

On Tuesday evening, the 20th inst, the annual entertainment in connection with the Sunday School at the Selwyn Appointment was held. This year it took the form of a musical and literary concert. The pastor of the circuit occupied the chair and introduced the evening's programme as follows:—

Devotional Exercises	
Recitation	Gilbert McIlmoyle
Music	Little Girls
Recitation	Flossie Graham
Music	Choir
Recitation	Hodder Stovel
Recitation	Annie Elliott
Music	Little Girls
Dialogue (concerning tobacco)	Little Boys
Music	Edith and Alberta Blewett
Address	Rev G. H. Raley
Recitation	Rodger Manning
Recitation	Alberta Blewett
Music	Little Girls
Recitation	Miss Nina Roseborough
Duet	Misses Pearson and Blewett
Recitation	Miss Hattie Pearson
Music	Choir
Recitation	Miss Young
Music	Choir

The above selections were all good and well rendered. The thanks of the school are due to Mr. W. R Callaway, of Toronto, who a few weeks ago presented to the above school a complete set of Dicken's works for the use of the adult scholars.

Cheese In New York.

(From Saturday's Bulletin.)

"Cheese gained another fraction and reached 10c. as a quotable line early in the week, but that seemed to be considered dead top from the outset, and there has been no attempt to raise it since, while quite a number of factories lacking those little essentials of perfection always discovered on a slow market sold for ⅛c less. There has been practically no distinction between white and colored. At the advance the demand for export was not general, but so far as it came out appeared to meet the market without much opposition and take the cream of the stock reasonably close to arrivals. A few shippers were also to be found hunting around for bargains below 9c. and found some goods suited to their wants, but altogether the foreign outlet was a narrow one, and explained with the usual plea of poor support both in orders and limits secured from abroad. All hands have been remarkably apathetic in the expression of views and sentiment of a speculative character, and the whole position is simply a case of "wait" for either the Englishman to put aside the indifferent attitude and send out their orders for winter supplies, or holders give out in their supporting effort and let down the price to an attractive level. The best feature of the week has been in the movement on home account as developed both here and in the country. So far as our local experience may be concerned, buyers on domestic account have not been hasty or anxious in their method, on the contrary shows quite a degree of caution and on full sizes refused to exceed shippers' bids. On that basis, however, buyers have not objected to some increase of investment, and as they take considerable of the stock a little too ripe for foreign outlet, the effect upon the market was more or less beneficial. They have also moved quite a bunch of the small sizes full cream at more money than could have been obtained for them last week. So far as could be learned, there have been very few cheese sent abroad on consignment this week, and with late arrivals quite a little bunch will carry over. The close is very dull. One shipper is taking a few more specials, a few others are buying odd lots to round out orders, while the home trade is shopping around for bargains, and getting them, too, not exactly from rejections, but from stock shippers are unwilling to look at for purpose of negotiation, and top quotations may be modified somewhat. Altogether it is a slow market and lacking appearance of good support."

The Markets,

Breadstuffs.

Cables on wheat were ½d. lower Tuesday, but corn was firm, peas unchanged. American wheat markets were heavy and prices declined nearly 2c. on yesterday's final quotations. Corn was about 1c. higher. In Canada wheat was steadier and more active; oats firmer; peas quiet; barley firm and in demand.

Cheese Market.

INGERSOLL, Oct. 20.—The offerings to-day amounted to 6,400, made up of Septembers and balance and Octobers and balance; sales 1,050 boxes of Sept. at 9⅞c.; market quiet, 9⅞c. being the prominent bid, the majority of salesmen holding for 10c.

MONTREAL, Oct. 20—The cheese market is quiet and prices difficult to quote. The country markets continue firm, and factorymen are demanding higher prices than could be obtained on spot. For strictly finest Sept. cheese the nominal quotations here is 10c.

Barley at Buffalo.

BUFFALO, Oct. 20.—Receipts of barley by lake were 50,000 bushels from Milwaukee. Shipments were 10,000 bushels to Geneva, and 10,000 bushels each to Albany and Clyde. There was nothing done in Canada barley to-day that could be ascertained. Five thousand bushels of good Michigan barley sold at 67c. in store; No. 2 Milwaukee was quoted a peg lower at 66c. in store; 5,000 bush bright Minnesota sold at 70c; State barley neglected; holders are asking 70c. for No. 1, 6-rowed. Oswego reports receipts 23,000 bush; quotations nominally unchanged. Albany reports market quiet and firm. New York quotes barley neglected, with No. 2 Milwaukee nominally 70½ to 71½c. The Western markets do not report much change; at St. Louis quiet and steady; Iowa grades 56 to 64c; at Milwaukee the market is reported dull; No. 2 October, 61c; Chicago liberal receipts and market quiet; No. 2 spot, 60 to 61c.

What Shakespeare Might Have Said.

To take or not to take: that is the question.
Whether 'tis better for a man to suffer
The pangs and torments of indigestion,
Or something take, and, in its taking, end them.

Shakespeare didn't say that, but very likely would have something similar, if he were living in this 19th century, when so many suffer untold agonies from indigestion. Of course he would have gone on to say that man must be a fool not to take the "something" which would put an end to the "pangs and torments" spoken of, if he could get it. Now it is a fact that weakened, impoverished blood brings on indigestion, which is the cause of dyspepsia, constipation—a poisoned condition of the whole system—and it is a fact, also, that Dr. Pierce's Golden Medical Discovery will so purify blood and enrich it that all all the weakened organs are revitalized and strengthened. It is guaranteed to do this. If it doesn't, your money will be returned to you. a

GENTLEMEN,—I have used Hagyard's Yellow Oil for my chilblains and it cured them. I have never been bothered with them since.
dw REGIE KNOWN, Victoria, B.C.

Butternut was well known and appreciated by our grand parents for its medicinal qualities. In fact the nuts in an unripe condition were largely used for habitual constipation, liver troubles and foul stomach. The great difficulty was the necessity of preparing from the fresh green nuts which could only be done in small quantities, as the medicinal strength weakened from keeping. McGale's Butternut Pills are prepared with a concentrated extract made from the Butternut held in combination with other valuable and purely vegetable ingredients, as the uniform strength is retained for any time in any climate. They are the best liver and stomach pills in the world. dw

Cure for Chapped Hands.

DEAR SIRS,—I think it is a privilege to recommend Hagyard's Yellow Oil as a sure cure for chapped hands, swelling, sore throat, etc. I recommend it to all.
dw MRS. GEO. WARD, Josephine, Ont.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.
dw MRS. MOSES COUCH, Apsley, Ont.

For several years I was persistently annoyed with an excessive accumulation of Dandruff and although using various preparations recommended and shampooing regularly once a week, no material relief was realized until my attention was called to Anti-Dandruff, which has produced unlooked for results in my case, four applications removing every particle of Dandruff and as a specific for this trouble it certainly has no equal.

Yours truly, W. T. ROBERTSON,
Can. Pac. Rys. Telegraph Co. Montreal, P. Q. dw

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000; showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

ENDEAVORERS' COUNCIL.

Opening of the Third Provincial Convention.

Happy Addresses and Replies—The Delegates Said to Number Nearly Five Hundred—The Townspeople Extend a Warm Welcome—This Morning's Session Commenced the Real Work of the Convention.

The great convention was opened last night with *eclat*. St. Paul's Church was crowded to overflowing, the townspeople as well as the delegates taking a deep interest in the proceedings. Our visitors appear to be well pleased with the manner of their reception here. They have, as their official mouthpiece stated, been received with open hands and hearts by the people of Peterborough. It is to be hoped they will spend a pleasant and profitable time in our midst, and carry away with them favourable impressions of this, the banner town of the province.

The list of delegates as published last Tuesday is about correct, and by this evening the last will have arrived. Every incoming train swells the number of visitors. It is estimated that nearly five hundred visitors are with us. Last night the Hamilton contingent arrived in a special car, which was gaily decorated with flags and mottoes. Their advent created quite a commotion. The reception committee has had two very busy days.

The officers of the Provincial Union are all present. They are:—

PRESIDENT—R. J. Colville, Peterborough.
FIRST VICE-PRESIDENT—Rev. J. A. R. Dickson, B.D., Galt.
SECOND VICE PRESIDENT—Rev. W. F. Wilson, Toronto.
SEC.-TREAS—E. A. Hardy, B.A., Lindsay.
ASSISTANT SECRETARIES—Miss E. M. Carson, London; Thos. Morris, jr., Hamilton.

As the representatives arrive at the church they report to the Information Bureau, where they register their names and are given an envelope containing souvenir programme and delegate badge. Mr. Louis Croly is registration clerk. In this office also the delegates are sold stamps and given all information concerning the convention. Another room is placed at their disposal for writing, etc.

St. Paul's church was bright with strings of flags, large and small, festoons of bunting, mottoes and foliage plants. Across the front of the gallery was a large streamer bearing the inscription "Montreal 1893"—the place of meeting of the Convention two years hence. Next year a great International Convention will be held in New York. Other mottoes were "Christ and the church," "Welcome," "By love serve one another." The pulpit had been built over with a large platform to accommodate the choir, which more than filled up the space immediately in front of the organ. Around the front of this platform were placed potted plants, which added much to the appearance of the interior. In the centre was a floral shield bearing the letters C. E., composed of pink, white and red roses.

At seven o'clock the audience began to gather, and when the song service began at 7.30 the sacred edifice was filled. A choir of fully fifty voices, drawn from the different churches in town, under the able direction of Mr. J.H. Ketcham, sang a number of hymns from the Christian Endeavor Hymn Book. Leaflets containing the pieces were distributed amongst the audience.

At eight o'clock President Colville, accompanied by the First Vice-President, Rev. J. A. R. Dickson, B.D., Galt; Rev. Jos. H. Locke, pastor of the George Street Methodist Church; Rev. E. F. Torrance, M.A., pastor of St. Paul's, and Mayor Stevenson, mounted the platform.

The meeting was opened by the singing of a hymn, and Bible reading and prayer by Rev. Mr. Locke.

The President then called upon Mayor Stevenson to

WELCOME THE DELEGATES.

MAYOR STEVENSON said that on behalf of the inhabitants of the town he tendered the delegates a hearty welcome. The town felt honored in receiving them, and he hoped they would carry away with them good impressions of Peterborough. Our town was not much heard of at a distance. It was only within the last decade that it was a town of 4,000 inhabitants; now there were 10,000 inhabitants and over, and in five years he predicted the town would contain 20,000 people. It was very encouraging to see so many people as were here to-night engaged in such a work, and he was sure their efforts would be appreciated by the people of the whole province.

Messrs. W. H. Manning, F. C. Lount, W. Nelson and Geo. Matthews then sang a quartette, "I am wandering down life's shady path," which they rendered most creditably.

REV. E. F. TORRANCE, on behalf of the Christian organizations of the town, then extended a hearty welcome to the delegates. The people had a feeling of great satisfaction in having this convention here, and were sure the results from it would be of great blessing to all. Though members of different churches, the differences of opinion amongst the delegates were as nothing compared to the points on which they were agreed. They had but one aim, and this convention would have, as one of its results, the greater unity of the Christian church. These delegates were devoting their early lives to the service of the Master, and as young Christians working for the Master they were warmly welcomed. As Christian Endeavor workers also they were welcomed. This society had been marvellously successful since it was established in a church in Portland ten years ago. This society exactly meets a longfelt want. It binds the young people together, and trains them in Christian work, bringing out talents and ability for the service of God which might otherwise have laid dormant. These Societies are calling forth the latent power in the church, calling forth the talents of our young, and the results will not be known till eternity. The results of every great movement can never be estimated, and so the Christian Endeavor movement, besides bringing the young people individually together, also produced a co-operation of the young people of the different churches. To-night there were young people present from different parts of Canada, who had come together for the purpose of a mutual conference on subjects which were near their hearts. The result of this convention could not be estimated. The churches were receiving great help from the Society, and it was the means of spreading Christianity amongst the young and rising generation who were destined to fill active and prominent positions in life. Righteousness exalteth a nation, said the speaker, and he was sure that if the principles the Christian Endeavor movement had been inculcated in the youth of Canada years ago, some of the scandals which have taken place within the last few months would not have occurred.

FRATERNAL GREETINGS

Mr. Hardy read the following greetings from the local Y.M.C.A. and the W.C.T.U., elder brother and foster sister respectively of the Y.P.S.C.E, as the president aptly remarked:

PETERBOROUGH, Oct. 21st, 1891.

Mr. E. A. Hardy, B.A., Secretary Prov. Y.P.S.C.E.

DEAR BROTHER.—The Peterborough Women's Christian Temperance Union sends loving greetings to the Young People's Society of Christian Endeavor in convention assembled. See I Thes. 2, 2 3.

Yours in Christ,
ESTELLA M. PRICE
Sec. W.C.T.U.

PETERBOROUGH, Oct. 21st, 1891.

Ontario Provincial Convention of Young People's Society of Christian Endeavor.

The Young Men's Christian Association of Peterborough desire to extend greetings and cordially invite you to make use of all the privileges of our association while in the city. We pray that the richest blessings of God may be yours and that the Holy Spirit will manifest His power and presence at every session, and that as a result of this convention great blessing will come to Christ's church in this loved Province of Ontario.

GEO. J. EARLY, President,
R. J. COLVILLE, Gen'l Sec'y.

Miss Annie Fawcett then sang in good voice "King of Kings," by Alfred Rawlings.

THE REPLY.

Rev. J. A. R. DICKSON, B.D., Galt, First Vice President of the Association, replied on behalf of the delegates, expressing the honor he felt at responding to a welcome which had been so kind, so generous, so large-hearted and so appreciative. More than that, the delegates had been welcomed with music and song, the decorations also indicated the heartiness and sincerity of the welcome on the part of Peterborough's people. Besides all this, they had been received with open hands and arms by the people Never had he received such a warm Christian welcome as he had received from the people of Peterborough, (applause from the delegates). But it is what they expected. They had all heard of Peterborough, its Christian people, its churches and its devoted ministers. He was glad that their society was so favourably regarded by the people of Peterborough as the words of welcome previously spoken would indicate. The advent of five hundred young men and women pledged to lift their hearts in prayer every day, was an important event. Some people objected to the pledge, but the speaker held it was the safeguard of the Society. As Mr. Torrance had said, when the young men trained in the principles of this society go to the front, we shall have a different state of politics There young Endeavourers read the Bible every day. It seemed to him that when the printing press was turning out literary trash by the carload this Society should step in and lead the young people to read God's own truths. If this had been done twenty years ago he believed there would not be so many weak-kneed Christians in the world to-day. Men have been seeking for wealth and worldly aggrandizement and that was the reason of the deplorable political situation at Ottawa and Quebec. The Christian Endeavor Association also brings the young people into an immediate relationship with Christ, and binds them around the heart of the church. Some people had false notions of the Christian Endeavor Society. Where they got them he did not know, but in the judgment of charity he would say it was due to pure ignorance. Anyone who knew anything of the Christian Endeavor Society could not before God say a single word against it. The society was the handmaid of religion. In Galt three mission schools were conducted by Christian Endeavorers, and they, besides, visited the sick and carried on God's work. Besides, the society was the means of training young men to express their thoughts to one another and to God, and leading them on to important positions in life. He looked upon the Society as a noble band of 19th century crusaders. When he looked upon its influence upon the world immediately around us, he thought of its noble principles and grand endeavors to save. In its connection with the church, he looked upon it as the influence that would melt the walls of ice between the different denominations until it disappeared entirely. The days of denominational fighting were over, and the unity of the Christian church throughout the world was approaching. The influence of the Society to this end was inestimable, and he prayed God's blessing upon it. In conclusion the speaker again thanked the people of Peterborough for the warmth of the welcome which had been extended the visitors, and hoped the Convention would be attended with such streams of blessing that it would be long remembered.

While the offering was being taken up the choir sang an anthem, "Rest from Your Labors."

EPWORTH GREETING.

Provincial Secretary Hardy then read the following from Dr. Withrow, Secretary of the Epworth League of Canada:—

TORONTO, Oct. 20, 1891.

To the President of the Convention of the Society of Christian Endeavor:

DEAR SIR,—I regret that imperative engagements will deprive me of the pleasure of being present at the convention of the Ontario Provincial Union of the Young People's Society of Christian Endeavor. I greatly desire, however, as secretary of the Epworth League in Canada, to express the great joy of the League at the cordial fraternal relations subsisting between the Epworth League in Canada and the Christian Endeavor Society. You will, doubtless, have brought before you, by one of its members, the report of the committee appointed by your Union in Hamilton last fall, to confer with a similar committee of the Epworth League for the purpose of securing closer relations between the League and the Christian Endeavor Societies. I enclose herewith a printed copy of the report of that committee, which was unanimously concurred in by the representatives of the two bodies. I beg to quote the paragraph containing the gist of that report:

"Therefore, it is hereby declared that all Epworth Leagues adopting the principles of the Revised Constitution of the Epworth League of Canada, and the name Christian Endeavor in addition to the name Epworth League, are entitled to all the privileges of the meetings and conventions of the Society of Christian Endeavor in the Province of Ontario."

I am happy to say that to my knowledge about fifty leagues have adopted the name of "Epworth League of Christian Endeavour," and I have reason to believe that there are a number of others which are not yet reported to me. I have sent the names of the Societies which have reported to the office of the "Golden Rule" for enrolment as Christian Endeavour Societies as well as Epworth League. I have also just sent the same to the Secretary of your Provincial Union. I have pleasure also in sending for free distribution one hundred copies of our league paper *Onward*, containing report of the very successful joint mass meeting recently held in Toronto of the Christian Endeavour Societies and Epworth Leagues of the city. I greatly rejoice in the delightful feeling of Christian fellowship and brotherly love which was manifested in that meeting. I regard it as an augury of our hearty co-operation in the service of our common Master and Lord, and as a demonstration to the province and the Dominion of the essential harmony and good will between these two societies. Our only rivalry shall be a sacred emulation as to which can do most to promote the glory of God and the welfare of our fellows. Praying God that his blessing may rest richly upon both these societies and that we may, in the true scriptural sense, provoke one another into love and good works, I remain, in the bond of Christian fellowship,

Yours very faithfully,
W. H. WITHROW.

Mr. Hardy read some notices to delegates, after which the meeting was brought to a close by the singing of a hymn and the pronunciation of the benediction.

The second day's proceedings began with a sunrise prayer meeting held at 6 30 o'clock. It was well attended. The meeting was conducted by Rev. G. H. Cobbledick, Dundalk.

Third Session—Thursday Morning.

There was a large congregation of delegates present at this session. The session began with devotional exercises conducted by Mr. J. T. Ferguson, vice-president of the Toronto Local Union. The chair was occupied by Rev. J. A. R. Dickson, of Galt.

APPOINTMENT OF COMMITTEES.

The president nominated the following committees:

SPECIAL COMMITTEE ON CONSTITUTIONS.—Rev. J. A. R. Dickson, B. D., Mr. E. A. Hardy, and Rev. G. H. Cobbledick.

RESOLUTIONS.—Rev. R. J Beattie, Guelph; Rev. E. Barnes, Bowmanville; Mr. F. G. Haultain, Cardinal; Rev. R. G. Boville, M. A., Hamilton; Rev. Canon Richardson, M. A., London.

NOMINATING COMMITTEE.—The executive committee; Rev. J. Van Wyck, Hamilton; Rev. J. H. Ratcliffe, St. Catherines; Mr. A. H. Alexander, Stratford; and Mr. W. H Parnell, Stewart.

COMMITTEE ON CREDENTIALS—Miss Carson, London; Mr. J. L. Allin, Lindsay; Mr. L. Croly, Peterborough; Miss J. Panton, Oshawa, and Miss Corbin, Prescott.

FINANCE COMMITTEE.—Thos. Morris, jr., Hamilton; J. W. Bennett, Peterborough; J. T. Ferguson, Toronto; W. J. Doherty, London, and M C. McLean, Manilla.

THE PRESIDENT'S ADDRESS.

MR. R. J. COLVILLE, President of the Ontario Union, delivered his annual address, which was of a congratulatory character, recounting the past successes of the Society, and the bright outlook the future afforded. The Endeavour movement was no longer an experiment, but a live factor in promoting the advancement of evangelical truth. He pointed out that the Societies must be faithful and loyal to the local church. The society was a constantly active (three hundred and sixty-five days in the year) factor in working for Christ and the church. The address went on to point out the duty of the society in carrying out the principles of these society, and its telling points made at frequent intervals were received with hearty marks of appreciation on the part of the delegates. The president urged members to eschew and avoid sectarian differences, as ruinous to the work of the society, and in this connection he referred to the proposal to bring the constitution of the Epworth League in accord with that of the Y.P.S.C.E. Reference was made to the importance of Bible study and of encouraging the junior branch of the society. Greater diligence in missionary work was strongly urged, and a plea was made for a greater time being devoted to the claims of the society in the sessions of synods and conferences. It was to be hoped that pastors who had witnessed the great assistance giver by the society—to the promotion of the work of the church—would look after this.

The address was comprehensive and able and was most heartily received.

Next followed the

SECRETARY-TREASURER'S REPORT.

Mr. E. A. HARDY, B. A., Lindsay, presented his elaborate yet condensed and complete report, which recounted that the first Society of Y.P.S.C.E. was organized in Toronto in 1884, and at the end of 1886 there were only three Societies in Ontario. In 1887 eleven more Societies were added, subdivided as follows:—Presbyterians, six; Methodists, one; Baptist, three; Congregational, two; Union, one. In 1888 the Societies began to increase, and the total amounted to fifty-five. In 1889 the Provincial Union was formed, and by the end of that year the Societies numbered 150. At the end of 1890 the Societies totalled 341. The present standing of the Societies is as follows:—Total number of Societies was 546, with 15,055 active members, 6,485 associate members, and 13,169 church members Of these Societies 225 were Presbyterian, Methodists 141, Baptist 67, Congregational 32 Union 20, Anglican 7; Christian 4; Disciples 4; others 4; unknown 32. During 1891 205 societies have been formed. The junior society showed encouraging growth, there being now ten of these societies in Ontario. In the other provinces of the Dominion the work was spreading and in all the provinces and territories the number of societies is 943, with a total membership of 33,000 members. The financial statement presented a favourable showing with a balance on the right side. After referring to the features of the work the report went on to refer specifically to the present convention in these terms: The programme presented to you at this Convention, and this convention itself, stand for an immense amount of labor. Not only have the Peterborough Endeavorers shown themselves capable of immense efforts in the Convention preparations, but they have proved themselves animated by the spirit of Christ. These perfect arrangements, this beautiful music, and the social re-union to-day are the fruits of weeks of persistent toil for the Master's sake. The province owes to Peterborough a great debt, and we pray that the reward may be a wonderful inspiration to them in their work and many souls won in the near future for our Lord.

The work of spreading the society was credited to the efforts of several ministers and gentlemen, among them Mr. R. J. Colville, Peterborough, in the work of visiting, advising and encouraging local societies. The chairman paid a contribution to the excellency of the secretary's report, and a standing vote of thanks was tendered him therefor.

REPORTS OF COUNTY AND LOCAL UNIONS.

The reports were presented from the following local unions:—Toronto, Hamilton, Guelph, London, Kingston, Peterborough, Caledonia, Lindsay, Stratford, Uxbridge, Aylmer, Perth, Ottawa, Paris, Tilbury East, Niagara Falls, Parry Sound, Port Hope, St. Thomas; and for the following county unions:—Lincoln, North Wellington, Victoria, Perth. The reports were all of an encouraging and progressive character.

GREETINGS.

Telegrams of greeting were read from Manitoba, I Cor., xvi, 23; Montreal, Coll., i, 3 6; Quebec and the Maritime Provinces (greetings borne by Rev. J. McP. Scott), Ephesians, i, 17-18; and from Rev. J. L. George, M.A., ex-President of the Maritime Provinces Union.

The benediction, pronounced by Rev. J. Lyle, closed this session.

NOTES.

The wall decorations of St. Paul's church were the work of Mr. J. J. Turner, who did a most creditable job.

Delegates can have copies of the Daily or Weekly EXAMINER containing full reports of the convention, sent to their addresses by leaving their orders at the Peterborough Bookstore.

Mr. McLean, of the *Globe*, is attending the convention and sending daily reports to his paper.

This afternoon from five o'clock till seven the delegates are being tendered a social re-union in the school room of the George street church. Ample provision has been made for the entertainment of the visitors, and a happy time is being spent.

The programme for to-night is:—Praise service at 7.30; at 8, address on "The young Christian's duty to his own church," by Rev. Jas. Kines, Kingston; 8 50, address by General Secretary Baer, of Boston, Mass. To morrow morning there will be another sunrise prayer meeting, and at 9 30 the regular session opens. The morning session will be taken up by the reading of reports of committees. To-morrow afternoon there will be a number of addresses, and in the evening the convention will be closed by a grand meeting in the George street church, when Dr. Sutherland, Toronto; Dr. Wells, Montreal; Prof. Du Vernet, Toronto; and General Secretary Baer will speak.

To-night the male quartette, Messrs. Manning, Lount, Nelson and Matthews, will render a selection, Miss Vair will sing, and Miss Wrighton will play Flute Concert, by Rink.

No Incandescents.

The smaller incandescent lamps were shut off entirely last night, the Light and Power Co. furnishing its patrons with gas as a substitute until the electric light service is improved.

Ladies who are suffering from suppressions, bearing down pains, nervousness, or any form of female weakness, will find Dr. Williams' Pink Pills are an infallible cure. Try them. dw

Laid at Rest.

The funeral of the late John Walton took place this afternoon, and the very large attendance testified to the high respect which Mr. Walton in his over half a century's residence in this county has won. The pall bearers were Messrs. Wm. Aldridge, B. Matthews, T. G. Hazlitt, R. Innes, J. McKee, and J. R. Stratton, M.P.P.

Ayer's Pills, being convenient, efficacious, and safe, are the best cathartic, whether on land or sea, in city or country. For constipation, sick headache, indigestion, and torpid liver, they never fail. Try a box of them; they are sugar-coated.

They are Great Kickers.

Football takes rather a boom this week. On Friday the Business College team goes to Norwood to play the team of that village—which, by the way, is one of the best in Canada. On Saturday the Lindsay Collegiate Institute sends a team down to contest with the Peterborough Collegiate Institute on the P.A.A.A. grounds. The same day the Peterborough Rugby Football Club goes to Port Hope to play Trinity College School. May the best of luck attend our boys.

The great Dr. Boerhaave left three directions for preserving the health—keep the feet warm, the head cool, and the bowels open. Had he practised in our day, he might have added: and purify the blood with Ayers Sarsaparilla; for he certainly would consider it the best.

EPPING, N. H., 10th Jan. 1889.

MR. S LACHANCE.—It is a great pleasure for me to certify that after taking two bottles of your *Father Mathew Remedy*, I do not feel like taking any more alcoholic liquors, of which I used to drink to excess during nearly 20 years.

I will take every opportunity to recommend your valuable *Father Mathew Remedy* to all persons, who like myself, would be in need of it.

Your obedient servant,
JOS. BEAUDOIN.

Obituary.

The Late Mrs. Charles T. Rubidge.

Death is busy with the aged citizens these days. This morning Mrs. Charles T. Rubidge, after three months' of painful illness, borne with Christian fortitude and patience, passed away to her eternal rest. The deceased lady was the widow of the late Charles T. Rubidge, who died about twenty-one years ago. She was a native of the island of Jamaica, the daughter of Joseph Russell, Esq. When very young she removed to England, where she was educated. Subsequently coming to Peterborough, she was united in marriage to her late husband, and to this marriage were born five children, of whom four are living, Mrs. Archer, Mr. Charles Rubidge, Michigan; Mr. Harry Rubidge, Chicago; and Mr. Geo. W. Rubidge, town. Mrs. Rubidge was an active and devoted member of St. John's Church and one of the oldest members of that church in town. She was a lady of very estimable character and was held in very high respect and esteem. The funeral will take place from the family residence, Rubidge street, on Saturday afternoon at three o'clock to St. John's Church, thence to the Little Lake Cemetery.

If you once try Carter's Little Liver Pills for sick headache, biliousness or constipation, you will never be without them. They are purely vegetable; small and easy to take. Don't forget this. dw

DIED.

HUTCHINSON.—In Peterborough, on Wednesday, 21st of October, 1891, Elizabeth, fourth daughter of the late Thos. Hutchinson, aged 25 years.

The funeral will leave the family residence, 578 Stewart street, at 2.30 p.m. on Friday, 23rd instant.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Intense

Suffering

8 Years

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erie property, at the west end, owned largely by Mr. Wm. Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

THE QUEBEC SCANDAL.

MR. PACAUD'S EXAMINATION BEGUN YESTERDAY.

He Tells of His Dealings With MacDonald and Armstrong and Springs a Surprise by Offering to Present a Statement of All His Expenditures Covering the $100,000

QUEBEC, Oct. 23. The only sensation of yesterday at the Royal Commission was caused by Judge Irvine, who arose as soon as the commission had taken their seats and made a motion which caused considerable stir and commotion in the audience. He would not for the world interfere with the program laid down by the commissioners, but he would suggest that Mr. Pacaud be examined at once; or at least as soon as possible. Mr. Pacaud, he said, was prepared to go on the stand and explain every transaction he had made since the $100,000 had been paid to him; he was ready to produce all vouchers and would even for the guidance of the commissioners themselves present a statement of all his expenditures. He was certain that he would be able to give a full and satisfactory explanation of every transaction that had taken place, and while it would prevent the groping in the dark it would be no more than fair to Mr. Pacaud, save considerable time and probably serve the ends of justice better.

As a matter of course the announcement caused a great deal of subdued talk, the judges in the meantime putting their heads together and holding a lengthy consultation. Finally Judge Jette announced that the Commissioners would be very glad to avail themselves of the opportunity. It had been their intention, he said, to examine Mr. Pacaud as soon as they could finish with the other people whose testimony might in any way refer to Mr. Pacaud, as in this manner Mr. Pacaud might be given a chance to explain things. In the meantime the commissioners would be glad to receive the promised statement.

Mr. J. J. MacDonald, the Ottawa contractor, was examined. Witness said that he laid aside $50,000, which he thought was destined for Mr. Pacaud. Witness reckoned he might want Mr. Pacaud's aid in settling his claims, etc. He calculated in having a friend in court, meaning, no doubt, Pacaud. Witness was anxious to secure influence in the Government. Witness once met Mr. Riopel in the Russell House, Ottawa. Riopel declined having anything to do with witness, because he was not open for a certain percentage he required out of the contract.

To Mr. Hall: Witness said that when he told Mr. Pacaud that he would give him $50,000, Mr. Pacaud told him it would not be enough. Witness saw Mr Mercier three times, once in New York and twice in the Parliament. He made an appointment with Pacaud for an interview with Mercier; Pacaud went in the room with witness. He did not remember whether Pacaud was present during his conversation with Mr. Mercier. Mr. Irvine told him, witness, that under the orders-in-council he could do almost anything. This was in reference to the bill that was passed in the House authorizing the subsidies.

Witness never saw Mr Pacaud in connection with the Baie des Chaleurs moneys, but Mr. Thom may have seen him.

To Mr. Beique witness said that Mr. Mercier had no reason to believe that he (witness) was in New York when the Premier went there. The second time he met Mr Mercier was in the Speaker's room in the Parliament buildings. Mr. Pacaud was there. He could not say if the amount of subsidy was arranged there. This was before the railway resolutions were passed. He (witness) had another interview in Mr. Mercier's private office. It was a short interview and there was nothing decided then. Witness was not satisfied with the land subsidy stated, which was 10,000 acres per mile. Mr. Mercier would not alter anything of the original contract, but Mr. Pacaud told witness that it would be all right.

To Mr. Hall witness says that Mr Thom showed him the order-in-council and told him, witness, that the company had paid Armstrong $100,000 on his own claim, but he (Thom) believed it all went in boodle.

Mr. Beique objected to this kind of proceeding.

Mr. Irvine claimed such evidence was useless.

Hon. Judge Davidson held that this part of witness's deposition referring to boodle ought to be struck out.

Mr. Pacaud was next sworn and took his seat firmly on the stand. He looked somewhat anxious. Pacaud offered to put before their honors all papers, check, bank book, check stubs, etc., so as to be studied by them before he was questioned. Hons. Baby and Davidson objected to this and Pacaud's examination was proceeded with. He said that Mr. Eaton Armstrong offered to form a syndicate to build the new railroad and said that there was money to be made in it. Witness said he would try. Witness tried to secure an interview with Mr. Mercier but could not. Mr. Armstrong telegraphed to Pacaud to come up to Montreal in order that Mr. Mercier, who was then in Montreal, could be interviewed on the Baie des Chaleurs Railway. Mr. Armstrong wanted to see Mr. Mercier in order to have some information on the Baie de Chaleurs Railway Company. Later on Pacaud met Armstrong in Levis and he asked witness what he had done towards forming a new syndicate. Witness told him that the matter had been referred to Mr. Charlebois. Mr. Armstrong asked witness why he could not make a bargain with Mr. J. J. MacDonald. Witness said he would.

Mr. P[illegible] then saw Mr. Charlebois, who told him that since the matter was so pressed, he gave witness his word back, and he, witness, could make other arrangements. Witness then saw Mr. MacDonald, [illegible] office. Mr. MacDonald wanted to [illegible] a copy of the resolution, but he could not find an English one, so witness and Mr. MacDonald saw Mr. Mercier in order to have some explanation about the resolution. They were explained to Mr MacDonald, who kicked against the resolutions and said he could not accept such terms, and said he was going to break all negotiations begun and let the matter drop. Witness told him to wait, there might be some clauses he might not understand. Finally MacDonald went to consult Mr. George Irvine on the resolutions.

Such was the condition of things when witness received a letter which he read and which proposed to witness to go up to Montreal and negotiate for the formation of a new syndicate. The letter was signed by Mr. C. N. Armstrong. Witness answered him by wire that he could not meet him there. Later on Pacaud received a despatch from Mr. Armstrong asking him to go up to Montreal and meet him. Witness had some business in New York. Then he met Mr. Armstrong in Montreal. On his way up Armstrong spoke to him of the new syndicate. Witness told him he was bound by his word to Mr. MacDonald. They boarded the New York train together and then Armstrong asked Pacaud to ask Mercier (who was also on board the train) to see him (Armstrong). Pacaud went in the palace car where Mr. Mercier was, and asked him to see Mr. Armstrong, but Mr. Mercier refused to see him on the Baie Chaleurs Railway question.

"I will see him (Armstrong) here with pleasure," said Mr. Mercier, "but certainly not on the Baie Chaleurs Railway affair."

Mr. Pacaud also saw Mr. Armstrong in New York, but they did not come to any conclusion then. Mr. Armstrong left New York and some time after Pacaud received a despatch from Armstrong asking him if there was any headway made in the negotiations. Witness wired him back that he had no word from MacDonald, and then time had expired to negotiate any further with the matter and witness invited him to come to New York. Next day witness received a despatch from Armstrong telling him that he (Armstrong) and Mr. Dawes would be in New York the next day and arrange for a meeting.

At 4 o'clock Judge Jette asked witness if he had that part of his deposition which is most interesting.

Witness: Yes, your Honor.

His Honor then ordered Mr. Pacaud to be on hand in the morning and he would proceed.

The commission adjourned.

The Senecal Commissions.

The declaration in the suit of the Attorney-General of Canada against Andre Senecal is practically a recapitulation of the evidence brought out against him in the Public Accounts Committee. The following are the amounts which he is claimed to have received illegally from different firms as commissions in connection with Government contracts: Toronto Type Foundry, $1500 on purchases amounting to $17,000; National Electrotype Company, $150 on $1500; Miller & Richard, $6000 on $90,000; Barber & Ellis Company, Toronto, $2000 on $20,000; W. B. Blackhall, Toronto, $2000 on $19,000; Polson Iron Works Company, $540 on $7900; Launcelot Montgomery, Montreal, $27 on $1200; Dominion Type Foundry Company, Montreal, $1800 on $18,000; Buntin, Reid & Co., Toronto, $200 on about $3000; Odilon Beauchemin, Montreal, $100 on $600. Total $14,317.

Postoffice Robberies in Muskoka

BURK'S FALLS, Oct. 23.—For a few weeks past complaints have reached the Postoffice Inspector at Barrie that registered letters passing through certain offices on McKellar and Magnetawan routes had been tampered with and portions of the money contents abstracted. The case was placed in the hands of Mr. James Henderson, Deputy Postofficer Inspector, to investigate. Suspicions rested on the Ahmic Harbor office, where mails arriving by boat are transferred to stage to Dunchurch. He succeeded in bringing home the stealing to the guilty party in that office, who made a full confession. One of the letters tampered with was addressed to Judge McCurry of Parry Sound, from which $10 was taken. The postoffice at Ahmic Harbor was placed in other hands.

Canadian Amber.

OTTAWA, Oct. 23.—Mr. R. McFarlane of Fort Cumberland is in town in regard to his claimed find of an amber deposit on Cedar Lake. His business is with the Interior Department, and his claim is supposed to be worth $4,000,000. His claim is opposed by Mr. George H. Bradbury of Ottawa, who contends that the original find was made by him, and that he spent some $500 on that find to develop and likewise made application for a patent. A surveyor has just returned from Cedar Lake, where he made a survey on behalf of the Interior Department, and says it is worth $5,000,000.

Sudden Death.

SARNIA, Oct. 22.—Walter Slocum, while making his way last night to his fishing grounds on the lake shore, staggered, fell and in 20 minutes was dead from hemorrhage of the brain. He was 56 years old and leaves a family.

Novel Forgery Case.

ST. THOMAS, Oct. 22.—Sarah Peckham, a domestic of this city, was found guilty of forgery. The case was a unique one. The girl, who has figured in sundry blackmail cases, called on Mr. George F. Claris, a broker, and handed him an order purporting to be signed by Dr. Burns, a dentist, which was promptly cashed. The order, however, was not in Dr. Burns' writing, the girl having called on Mr. A. Reeks and asked him to direct a note to Dr. Burns. This note was the "order" referred to.

A deplorable tragedy is reported from Crefeld. A drunken silk weaver having engaged in a quarrel with his family drew a knife and attacked his younger son. He attempted to cut the lad's throat, and would have succeeded had not an older son interfered. The latter engaged in a desperate [illegible]

THE CANADIAN RECORD.

A LIFE SENTENCE FOR A MITCHELL WIFE MURDERER.

Sensational Suicide at St. John's, N. B.—A Paris Newspaper Proprietor Takes a Dose of Laudanum With Suicidal Intent—The Approaches to St. Clair Tunnel Completed.

STRATFORD, Oct. 23.—Daniel Whale of Mitchell was yesterday found guilty of manslaughter in causing the death of his wife in August last, and was sentenced to imprisonment for life. The court room had every seat occupied with jurymen and interested spectators throughout the trial. The prisoner was apparently cool and collected, walking with a firm step to the dock. His son-in-law, John Seldon, and his daughter, Mrs. Seldon, were in court.

The evidence against the accused was not very direct. Whale's account of his wife's death, that it was occasioned by a fall, was contradicted, however, by the medical testimony which went to show that the wound which caused deceased's death could not have been made by a fall. The testimony of neighbors showed that the couple had been quarrelling shortly before Whale gave the alarm, that Whale was intoxicated and that he had made threats of getting even with some one.

Mr. B. B. Osler has moved to quash the indictment against Whale on the ground that it was defective.

The prisoner, slightly pale, never altered a muscle when the foreman announced the verdict. The expression, so cold and so unreadable, which he maintained throughout the trial, remained with him to the last. Mrs. Seldon, his daughter, bit her lip, looked at the prisoner's lawyer, and her eyes filled with tears.

The prisoner was asked to stand up, and His Lordship in a kindly, sorrowful, yet judicial tone, addressing him, said: "I am glad the charge of murder was not left with the jury to bring in a verdict on. The belief is that you came home that morning inflamed with liquor, in a quarrelsome frame of mind, and struck the blow which caused the fall resulting in the wound which snapped the cord of life. The verdict is a true verdict, given on the evidence the jury had to consider, and I consider it the only verdict possible under the circumstances.

His Lordship asked the prisoner, "Have you anything to say, Daniel Whale, before the sentence of the court is passed upon you?"

The prisoner, who was leading with both hands on the door of the dock, merely raised his hands, brought them down gently on the door post and said in a clear, but slightly wavering tone: "I have nothing to say, sir. The jury has found me guilty and I must abide by it."

His Lordship: "The sentence of this court is that you be imprisioned in the penitentiary for the remainder of your natural life."

A DOSE OF LAUDANUM.

A Paris Newspaper Proprietor Who Was Tired of Chronicling Suicides

PARIS, Ont., Oct. 23.—Richard McComyn, one of the proprietors of The Paris Times-Review newspaper, and editor thereof, tried to put an end to his life in the American Hotel, Paris. On Tuesday evening he came off the 5.49 train from the west, and instead of going home he put up at the American. Before retiring he asked for some writing material, which was given him. When the porter went up to arouse McComyn he found the door of his bedroom locked. He broke in the door and found McComyn lying on the bed gasping for breath. Dr. McEwan was promptly called in and he saw at once that the man had taken poison, and proceeded to administer an emetic and to use other remedies to bring him around. His efforts were successful after a two and a half hours' hard and persistent work, and the patient is now on the road to complete recovery. A note was found on the bureau of the bedroom, in McComyn's hand-writing, to the effect "that he was tired of life, and hoped his relatives and friends would forgive him for the rash act he was about to commit, and he desired that no inquest be held on his remains." The poison taken was laudanum. Constable Cook placed McComyn under arrest yesterday, and as soon as he is able to be removed he will be taken before Squire Powell to stand his trial on the charge of attempting to commit suicide.

BLEW OUT HIS BRAINS.

Sensational Suicide by an Ex-U.S. Minister at St. John, N.B.

ST. JOHN, N.B., Oct. 23.—A sensation was caused here yesterday by the suicide of Ex-United States Consul James Murray. He had been away from home and returned by the early train this morning and went to bed. About 11.30 he rose, and taking a loaded rifle that was in his room he stood before the mirror in his night dress, placed the muzzle of the rifle at the side of his head below the ear and pulled the trigger with his thumb. The ball passed clear through his head and struck the ceiling of the room, causing almost instant death. He leaves a wife and three children. Since being American Consul Mr. Murray was well known from having superintended the building of several of Leary's famous sea rafts.

Fixing the Grain Standards.

MONTREAL, Oct 23. The Dominion Board of Examiners for the inspection of flour and meal and the fixing of standards held their annual meeting yesterday in the board room. These members of the board were present: Messrs. W. Galbraith, J. N. Peer, W. M. Stark, Toronto; C. B. Smith, Robert Evans and R. R. Morgan, Hamilton; W. T. Gartley, J. D. Saunby, C. B. Hunt, London. The members got through with their work and report that the standards are practically the same as last year.

How Mail Clerks Passed at Ottawa.

OTTAWA, Ont., Oct. 23.—John McGillicuddy, an ex-printer in the Government Printing Bureau, was examined by the Civil Service Board of Examiners yesterday in relation to the stealing of certain printed examination papers from the Printing Bureau. The stolen documents enabled certain railway mail clerks to pass the examination without difficulty. McGillicuddy, who was represented by counsel, absolutely refused to say anything which would incriminate himself. He, however, admitted that he had been offered a bribe by Clerk Armstrong if he would steal the papers. A previous witness recently implicated McGillicuddy, but the Government is unable to prosecute him.

Laurier to Visit Gladstone.

MONTREAL, Oct. 23.—Le National is responsible for the statement that the Canadian Liberals will present to Mr. Gladstone a portrait of himself and that Mr. Laurier will convey the gift to England.

The Tunnel Approaches.

SARNIA, Oct. 23. The stone work in connection with the tunnel approaches on both sides of the river was last night fully completed. The contract for the work was in the hands of William Gibson, M.P., and the work has been going ahead for over a year.

Extradited From South Africa.

DUBLIN, Oct 22.—F. E. Dubedat of Dubedat & Son, bankers and brokers, whose failure and disappearance with liabilities estimated at £120,000 was announced in January last, pleaded guilty to-day to defrauding his creditors. The prisoner was sentenced to one year's imprisonment with hard labor. He was arrested in South Africa and was brought back to this country for trial.

Down an Embankment.

PARIS, Oct. 22.—While a train was running at full speed near Lyons to-day the roadbed suddenly collapsed, owing to the fact that it had been undermined by the floods and the engine and cars were hurled from the road and tumbled down an embankment. The engineer and fireman were killed and a number of the passengers were badly injured.

STOCKTON, Cal., Oct. 21.—Two more world records were broken on the Stockton track to-day. A Palto Alto yearling Bell Bird, driven by Marvin, went against her record of [illegible] and made the mile without a skip in [illegible] Marvin then drove Arion by Electioneer against his record of 2.15¾ and made the mile also without a skip in 2.14½. BRITISH AND FOREIGN.

THE RUSSIAN FAMINE STILL ON THE MARCH.

An Insurrection in China—Insurgents to the Number of Three Thousand Capture a Town—A Cholera Epidemic—Hundreds of Natives Die in Amoy, China.

ST. PETERSBURG, Oct. 23.—The famine has extended to Siberia. Advices from the interior of the empire are continually of worse import. The people are commencing to riot in Samara and Voronetz.

Reports from the provinces of Sanbusk and Samar show that the local Government is unable to cope with the prevailing distress and that relief has not reached the more remote districts. The authorities have forbidden the local press to record the state of affairs. The provincial assemblies are panic-stricken and are utterly unable to remedy the disorder. The supposed reserves of grain are missing. It has been discovered that when the Czar ordered the distribution of the reserve grain in the Government granaries the officials did not dare to acknowledge that the stores were empty, and tried to make up the deficiency from military granaries in order to conceal the peculation. It is feared that this will greatly hamper the military commissariat in the event of Russia engaging in a war. Funds for relief of the starving people have also been deplorably mismanaged. In some districts which are under powerful patronage there is more than an abundance of relief, while in other districts no heed is paid to the starving peasants. Many Government employes complain that their superiors deduct a certain amount from their wages for the relief, fund thereby leaving them poverty-stricken.

INSURRECTION IN CHINA.

How the Insurgents Treat Prisoners—Nailed to a Board and Cut Up.

SAN FRANCISCO, Cal., Oct. 23.—Shanghai advices state that details have been received of a revolution in the province of Fukir. The centre of the disturbance is in the city of Thima. The leader of the insurgents is named Chen, and he has a force of 3000 men. The first expedition was directed against the salt office, which was stormed and burned. One unfortunate fell into the hands of the insurgents, who nailed his hands and feet to a board and cut him up by piecemeal. The insurgents, flushed with success, made a complete circuit around the city. They were met with a stubborn resistance. For three days the city held out. The insurgents finally scaled the walls, when a bloody struggle ensued, resulting in favor of the attacking party. The higher authorities, on learning of the insurrection, despatched over 1000 soldiers to the place. The latest intelligence is that the insurgents have left the city and are encamped on a hill. The loss on both sides is very heavy. It is said the insurgents butchered all the prisoners who fell into their hands.

The steamship Oceanic also brings advices from Amoy, China, of the terrible epidemic of cholera prevailing there. Hundreds of people have died and many English and American missionaries have succumbed to the disease. Mrs. McGregor, wife of Dr. McGregor of the Church of England mission died of cholera on Oct. 2 and was buried the same day. The lady died within six hours after being seized by the disease. The Chinese are dying by hundreds. The suburbs of Chin-Kiang are devastated by cholera. The ignorant rustics, instead of taking preventive measures, have recourse to worshipping the god of sickness and death. Large sums of money have been subscribed to burn sacrifices and to act theatrical plays to please the terrible deity.

The British Gales.

LONDON, Oct. 23.—Last evening the fierce gales which have been sweeping over England, Ireland and the south of Scotland for nearly two weeks renewed their work of destruction. The Thames to-day rose four inches at Windsor, flooding the meadows, a portion of the racecourse and the play fields of Eton College. Miles of Home Park and Egham Meadow were submerged by the overflow, which now threatens serious damage. The mail boat which arrived at Kingstown to-day from Holyhead reports having encountered a terrific thunderstorm. When 15 miles from Holyhead the passengers saw a complete waterspout two miles distant from the steamer. The waterspout lasted a quarter of an hour, when it was dispersed by a squall.

From Bath comes the report of the drowning of two boys in the flood. The situation in low-lying parts of the country is becoming serious. In Lincolnshire and Wiltshire many factories have been compelled to stop operations, their ground floors being inundated.

The Spanish Floods.

MADRID, Oct. 23.—Vast tracts of land to the south of the Sierras have been submerged by the floods which have followed the recent rain storms. The Cadiar River and its tributaries have overflowed the plains of Albunol and Berschulez. Crops in those districts have been destroyed and a number of persons have been drowned. Terrible distress exists among the inhabitants. The country around Mauresa, province of Barcelona, has been swept by a hurricane, which has done much damage to crops and other property.

Carnot Condoles with the Widow.

DUBLIN, Oct. 23.—The Board of Poor Law Guardians of Westport, County Mayo, has rejected a message of condolence to Mr. Parnell's relatives, because it included the name of the dead leader's wife.

In presiding at a convention in Wexford yesterday, John Dillon denounced the action of Mr. Redmond, who, he said, after sharing the full responsibility with Mr. O'Brien and himself in starting the Plan of Campaign independently of Parnell, was now assisting to deprive the tenants of the benefits of the Paris fund.

John E. Redmond, the Parnellite candidate for the vacancy in the House of Commons caused by the death of Parnell, who arrived at Cork last night, replying to an address of welcome, announced that he spoke as "The elected leader of the Parliamentary party."

Phenomenal Results of An Earthquake.

SAN FRANCISCO, Cal., Oct. 23. The recent earthquake in Central and Northern California occasioned phenomenal results in Sonoma county. On the Polisulto ranch of I. E. Pepper, the ground was cracked and seamed in various places. From these narrow openings in the earth large quantities of water of various temperatures have been gushing forth ever since. In several places the water is ice cold, while in others it is warm, reaching a temperature of 100 degrees.

Shot His Companion.

GALT, Oct 23.—Two boys named Everett and Byrne were playing with a "bull-dog" revolver, which they "didn't know was loaded" and whilst in the hands of Byrne went off, the bullet striking Everett in the right leg below the knee. The bullet, which was about 38 calibre, shattered the large bone of the leg and traveling downwards penetrated and broke the small bone near the ankle.

Six Were Killed.

MAYVILLE, N.D., Oct. 23. A terrible threshing machine accident occurred here to-day on division No. 4 of the Granden farm. The boiler of the threshing machine burst and killed six men. The explosion was due to cold water forced into a heated boiler when the water was low.

Fatal Railway Accident.

WATERLOO, Oct. 23.—As George Hollinger, a cooper of Bridgeport, was returning from Baden with an empty barrel wagon and was crossing the Galt branch of the G.T.R. at Berlin, train No. 9 from Galt came along and struck the wagon before it had cleared the track. Hollinger was almost instantly killed.

Why it is Popular.

Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

J. C. Turnbull.

SOMETHING INTERESTING
FOR THOSE WHO ARE
House Furnishing
—AT—
TURNBULL'S.

With our last shipment from Glasgow, we have received a handsome lot of Chenille and Tapestry Curtains, ranging in price from $6 to $12. They are pretty in design and different from those heretofore shown.

We keep a choice stock of Window Blinds on Rollers, Dadoed and with Fringe. Our Lace Curtain stock has been filled up with some Job Lines so that now we are prepared to give immense value in this department.

The patterns in Union and Wool Carpets are greatly improved every season. Our stock is now full with all the new designs. It would be hard to find a better place to buy Carpets than at Turnbull's. We show Tapestries from 25c. a yard up.

HOSIERY—The best selection and popular styles proverbial in this department, the scope of choice is so varied. We of course carry all grades, but goods will be sold on their merits and exactness of quality and standard make maintained. J. J. SHEEHY'S ANNOUNCEMENT
TO THE PURCHASING PUBLIC OF PETERBOROUGH.

Six Years ago I started in Business in this Town with a Small Stock of Dry Goods and a Smaller Capital, but buoyed up with the hope, that by Diligence, Energy and the Strictest Possible Attention to Business, that business would grow and prosper as the town progressed, and I am delighted to be able to say, that my fondest hopes in this respect have been realized, for, as Peterborough has gone ahead (which fact there is none to dispute and the evidence of which we see around us on every side) so has my business progressed, and to-day I am in a position to ask the purchasing public to call and examine a Stock of General Dry Goods, which for Variety, Quality and General Excellence is not surpassed by any in the Town of Peterborough. Now, bear in mind, that I do not for one moment pretend to say that I carry the largest stock of Dry Goods in town; but this I do state most emphatically, that, to any purchaser starting out with a view of purchasing their Fall Dry Goods for cash, be that purchase One Dollar or One Hundred Dollars, there is no establishment in the Town of Peterborough that is in a better position to offer Greater Inducements than I offer to the general public to-day. As my business has grown in the past, so I intend it shall in the future, if any efforts on my part will have the desired effect, and in order that the month of October may become the Banner Month of the six years, I propose making the following Offer. My Stock throughout the entire store has been bought at the closest possible figures. My entire stock has been marked at the lowest living prices. Now this is my offer: during the month of October, to every purchaser of One Dollar or upwards, I offer a Discount of FIVE PER CENT.

I extend a cordial invitation to every one of my old customers who have dealt with me steadily during the past six years, and also to those whom I might call my occasional customers; and finally to those with whom I have not yet had the pleasure of doing business. Yours respectfully,

J. J. SHEEHY.

CHRISTIAN ENDEAVORERS

Convention Drawing to a Successful Close.

To-Night Will Finish the Meetings—Nearly Seven Hundred Delegates Attended—Officers Elected for the Ensuing Year—The World's Convention in 1893.

The great Christian Endeavor Convention of 1891 is nearing a close. To-night's grand meeting in the George street Methodist church will conclude the proceedings. The convention has been a gratifying success in every particular. More than 675 delegates have registered as being in attendance. Of this number 315 are from town—149 Presbyterians, 106 Methodists and 60 Baptists. This leaves 360 or more outside representatives from all parts of the province. These figures will give some idea of the magnitude and importance of the convention. It has been a splendid advertisement for Peterborough. The delegates say they are highly pleased with the way they have been received, and will carry away with them most favorable impressions of our town, thus spreading the name of Peterborough, its prosperity and its desirability as a place of residence, from one end of Ontario to the other. Peterborough in her turn has felt proud and honored in being the seat of such a great convention. Below will be found a report in continuation of the proceedings up till noon to-day:—

Fourth Session—Thursday Afternoon.

There was even a larger attendance at the afternoon session than there was at the morning session. After devotional exercises, the secretary made the usual announcements and a telegram was read from Rev. Jas. Kines, of Kingston, stating that through the serious illness of his mother he would be unable to attend the convention, and special prayers were offered on behalf of the afflicted lady.

Rev. W. F. Wilson, of Toronto, vice-president of the Ontario Union, occupied the chair, and he called upon

Mr. J. L. ALLIN, of Lindsay, who read a paper on "Our Responsibility to our Associate Members." Every meeting should be made live and interesting, and the prayer meetings should be made both interesting and profitable. The social committee should make it a point to speak kindly and sympathetically to every associate member at every meeting. The greatest responsibility that rested upon members, was the duty of living up to their professions, and presenting a good example to associate members in their business transactions and in their amusements. Associate members should have some definite work to do in connection with the society—especially upon the mere secular committees. Get them to do work usually carried on by Christian persons, and they would soon become Christians themselves. Members should be in a position to give inquirers among Associate members the light they might seek in spiritual matters.

Mr. JOHN ORCHARD, of Toronto, gave an address on the subject of the "Junior Society." He said that he was the originator of the first junior society organized in Ontario, and now the junior society had eighty members, and great good was being accomplished through their instrumentality. The speaker made appeal, urging all interested in Endeavour work to give the little folks a chance. There were now ten junior societies, and the speaker hoped that the next Convention in London would reveal this number increased to 100. The address of Mr. Orchard was earnest, comprehensive and encouraging, and was punctuated with frequent applause.

Rev. Dr. LYLE, Central Presbyterian church, Hamilton, presented the report of the special committee, appointed at the Hamilton Convention, to confer with the board of the Epworth League. In stated in effect that the League board had met them with an earnest desire for affiliation, and that a platform had been adopted by the revised constitution, comprising Endeavour principles and adding the name Christian Endeavour.

The following resolution dealing with the report was adopted:—

Moved by Rev. J. A. R. Dickson, Ph.D., seconded by Rev. J. McEwan, that having heard the report of the committee appointed at our meeting in Hamilton to confer with a committee of the Epworth League, we express our gratification at the results reached, and receive and adopt the report and invite cordially all Epworth Leagues of Christian Endeavour to membership in our union, and trust that all Epworth Leagues and Christian Endeavour Societies of the Methodist church will change their name to the Epworth League of Christian Endeavor in compliance with the report.

PASTORS CONFERENCE.

This was led and opened by Rev. G. W. Hanna, B.A., of Uxbridge, who expressed on behalf of the Presbyterians a very high opinion of the effectiveness of the Christian Endeavour. He referred in warm terms to the valuable assistance it gave in promoting pastoral work, to its effective promotion of the study of God's word, and to the definiteness of consecration to Christ's work which its pledge involved, and expressed his belief that it would be effective in winning Canada to Christ.

Rev. R. G. Boville, M.A., of Hamilton, Baptist, paid a glowing tribute to the Christian Endeavour Society and said it was doing a noble work, and assisting in every department of church work. The society did much to break down denominational lines, removing prejudices, and operating as the most potent factor in promoting christian union.

REV. W. S. COWLE, of Eddystone, "Christians," spoke of the inspiration and help he had received at this meeting. He was very much pleased with the interdenominational aspect of the convention.

REV. G. ROBERTSON, B.A., of Toronto, representing the Congregationalists, bore very earnest testimony to the effectiveness of the society in bringing the pulpit in harmony with the young people and making the young people helpful to the pulpit and every department of church work. The society, in spite of prejudices, was a great aid in adding to the interest and fervour of church prayer meetings.

REV. E. B. BARNES, of Bowmanville, representing the Disciples, commended the society not only for the work it did in inspiring the church within, but in gathering in the sinner from without. The Endeavor Society was for Christ and the church.

REV. G. B. SAGE, B.A., of St. George's Church, London, representing the Episcopalians, referred to the ignorance that prevailed regarding "our beloved society," which was something that every Endeavorer should dispel. He said that the reason that there were so few Endeavor Societies in the Church of England was because its place was largely taken up by St. Andrew's Brotherhood. The Endeavor Society had not by any means affected the interests of the church prejudicially, but on the contrary made a larger number of communicants, gave a larger staff of Sunday school teachers. He believed the Endeavor Society would bring the amity that Christ prayed for—Judas was not there when Christ gave this prayer, and when Judas was cast out of the church there would be union of the body of Christ—which would come when the mists of error, superstition and prejudice were swept away; then the different bodies would come together and each Christian would look upon his fellow as a brother.

Rev. J. VANWYCK, of the First Methodist church, Hamilton, gave emphatic evidence of the extreme helpfulness it gives in pastoral work, and he specially commended the feature of the juniors, and he regarded the society as destined to effect the union of Christians.

The conference was continued by several other pastors briefly testifying to the good work done in church work by the society.

THE SOCIAL TEA.

As soon as the Thursday afternoon session adjourned the delegates repaired to the George street Methodist church, where a "social re-union," as it was called, was tendered them. The entertainment consisted simply of a substantial supper provided by the kindness of the hospitable christian people of the different churches. Five long tables extending the length of the school room were filled up by the delegates, and a large staff of waiters attended to their wants. This department of the convention proceedings was carried out by Miss Mann and a capable committee, who certainly did their work well.

Sixth Session—Thursday Evening.

At 7.40 the evening meeting was begun in St. Paul's church with another song service, similar to the preceding evening. A number of hymns were sung by the large choir, in which the audience, even larger than it was on Wednesday night, joined heartily.

Shortly before eight o'clock President Colville took the chair, and after another hymn Rev. Mr. Lyle, pastor of the Central Presbyterian church, Toronto, offered up prayer. "Faith is the Victory" was then sung.

Rev. JOHN WOOD, of the Congregational church, Ottawa, gave an address on "God's word in Christian Endeavour work." Rev. Mr. Kines, of Kingston, was down on the programme for this address, but as was previously announced he had been called home by death in his family. In opening Rev. Rev. Mr. Wood said he came to this Convention hoping to see a grand gathering and great enthusiasm in the work. He was not disappointed. He congratulated the committee of management on the success that had attended their efforts. This Convention would, he believed, result in all the delegates going home with the feeling that this was a

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

Never allow the bowels to remain constipated lest serious evil ensue. National Pills are unsurpassed as a remedy for constipation. dw

The Royal Rheumatic Remedy, taken internally, strikes directly at the foundation of the disease. At once relieves pain by removing the cause of disease. The cause removed a cure is affected. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the child bright and healthy. dw

If you are tired taking the large old-fashioned griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them. dw

Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates tones and strengthens the entire system. dw

Milburn's Aromatic Quinine Wine fortifies the system against attacks of ague, chills, bilious fever, dumb ague and like troubles.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

"German Syrup"

Croup. We have selected two or three lines from letters freshly received from parents who have given German Syrup to their children in the emergencies of Croup. You will credit these, because they come from good, substantial people, happy in finding what so many families lack—a medicine containing no evil drug, which mother can administer with confidence to the little ones in their most critical hours, safe and sure that it will carry them through.

Ed. L. Willits, of Alma, Neb. I give it to my children when troubled with Croup and never saw any preparation act like it. It is simply miraculous.

Mrs. Jas. W Kirk, Daughters' College, Harrodsburg, Ky. I have depended upon it in attacks of Croup with my little daughter, and find it an invaluable remedy.

Fully one-half of our customers are mothers who use Boschee's German Syrup among their children. A medicine to be successful with the little folks must be a treatment for the sudden and terrible foes of childhood, whooping cough, croup, diphtheria and the dangerous inflammations of delicate throats and lungs. ®

The Water Power Supply.

To the Editor of the Examiner:

DEAR SIR:—Under the above caption I notice that Mr. Richard B. Rogers, "Superintending Engineer, Trent Valley Canal" gives statistics in connection with "the mills that are now running at the *Dickson* Coy's dam; together with the diameter of their wheels, head of water and quantity of water required to run them." I cannot quite understand the drift of Mr. R's communication in connection with the property referred to. But if he will explain his object in furnishing the information (?) he is pleased to give to the press, I may be able to offer a few suggestions of interest to Mr. R.—which will serve to correct opinions evidently formed upon erroneous data.

Yours truly,
THOS. GEO. HAZLITT.

Poisoned Nerves.

A Great Physician's Opinion—A Great Remedy Strongly Recommended—The Results are Wonderful!

The world-known Sir Morell Mackenzie, M.D., asserts in one of his papers that influenza or la grippe, which is still lingering in our midst, is the result of "poisoned nerves;" and from this hypothesis "the bewildering diversity of symptoms become intelligible, if we regard them as the results of disordered nervous actions." Dr. Mackenzie compares it to the extraordinary disturbance in the telegraphic system produced by a thunder storm and says that is nothing "compared with the freaks played by the conductors in the human body, if anything throws the governing centres out of gear."

This theory of "poisoned nerves" is one that explains an almost infinite variety of attacks and ailments. Some of the most common and best observed symptoms are nervousness, nervous headaches, sleeplessness, irritability, nervous dyspepsia and morbid feelings. These are the common ailments of to day, and are bringing thousands down to the grave. Only recently one of our noted Canadian physicians declared "that nine tenths of such victims could easily have been saved to their families and their country if their ailment had been treated in a common-sense way."

This same physician declared that "the nervous system was not properly fed"; these are stong and suggestive words.

The true, honest, educated physician of our day is recommending nature's great nerve food in all cases where the nervous system is out of order. When he finds the poor sufferer with unstrung nerves, a sluggish circulation, a sallow countenance, sunken eyes, or suffering from sleeplessness and headaches, he advises the use of Paines Celery Compound. He knows that rheumatism, neuralgia and dyspepsia are the result of a disorganized nervous system, and he at once says "use Celery Compound."

This grand remedy of nature is neither new or untried; it has saved its tens of thousands from death, and possesses the same mighty power for the relief and cure of all who suffer to-day. It requires but one trial to convince the most skeptical and obdurate. No other medicine has ever effected such wonderful results in our land.

Prison Sunday.

The following circular has been issued:—

DEAR SIR,—We are very desirous that the clergy of Canada shall join their brethren in the United States in observing the fourth Sunday in October as Prison Sunday. The observance of this day was inaugurated several years ago by the National Prison Association, and is found to be productive of much good. On Prison Sunday prayers are offered for prisoners, prison officials, and for Prisoners' Aid Associations. In Canada we also desire the prayers of the Church for the success of the prison reform movement recently inaugurated here, and also for the success of the Dominion Prison Conference, to be held in Toronto this fall or winter. As far as possible we would like attention called to this prison reform movement from the pulpit, and especially to the practical recommendations of the Ontario Prison Commission just published. Practical effect cannot be given to these recommendations without fresh legislation, and legislation seldom or never moves in advance of public opinion. We therefore solicit the continued co-operation of the clergy in awakening a more general interest in the cause of Prison Reform.

Copies of the Recommendations referred to, as well as copies of *Prison Sunday*, have been forwarded to the secretary of each Ministerial Association, whose kind offices we solicit in distributing the same.

In behalf of the Prisoner's Aid Association of Canada.

Respectfully,
A. M. ROSEBRUGH,
Corresponding Secretary.

Omemee.

(From Our Own Correspondent.)

Large quantities of grain are marketing at Peterborough.

The one hotel left in Omemee is reaping a golden harvest. License has been refused to S. English until a proper house is obtained.

Ivory and Sons' building will soon be completed.

Every family which has left here for Peterborough is doing well, provided they are willing to work; more will follow.

Miss Sophie Cameron's first appearance as a vocalist on Monday night, at the Presbyterian festival, delighted the large audience. The Scotch selections, particularly, aroused admiration to an extent such as never was witnessed before. Mr. R. R. Hall, barrister, distinguished himself as a speaker. Some are of the opinion he should go in for the ministry. The total proceeds of both services amounted to $160, to defray the indebtedness on the church. The local ministers, Rev. Messrs. French, Thompson, Bamforth and Ewing, all were in their best form, making it one of the best and enjoyable times ever known here.

Leaf by leaf the roses fall;
One by one our dear ones die.
O, to keep them with us still!
Loving hearts send up the cry.
Wife and mother, O how dear,
Fading like a mist away.
Father let us keep them here.
Tearfully to God we pray.

Many a wife and mother, who seems doomed to die because she suffers from diseases peculiar to women, which saps her life away like a vampire, and baffles the skill of the family physician, can be saved by employing the proper remedy. This remedy is Dr. Pierce's Favorite Prescription, the greatest boon ever conferred by man on suffering, despairing women. It is a specific for all phases of female weakness, no matter what their name. b

Makes Flesh and Blood.

When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Millers Emulsion of pure Norwegian Cod Liver Oil. It always works wonders because it is a flesh and blood maker, and contains all the constituents for nourishment found in wheat, in fact Millers Emulsion is a perfect "staff of life" and has saved and cured thousands. The Trade Outlook.

The trade outlook seems bright, but those burdened with bad blood, stomach or liver troubles, etc, the outlook is blue. This may be avoided and bounding health restored by the use of Burdock Blood Bitters, the most effective, rapid, and satisfactory medicine for all derangements of the stomach, liver, bowels and blood. dw

Butternut was well known and appreciated by our grand parents for its medicinal qualities. In fact the nuts in an unripe condition were largely used for habitual constipation, liver troubles and foul stomach. The great difficulty was the necessity of preparing from the fresh green nuts which could only be done in small quantities, as the medicinal strength weakened from keeping. McGale's Butternut Pills are prepared with a concentrated extract made from the Butternut held in combination with other valuable and purely vegetable ingredients, as the uniform strength is retained for any time in any climate. They are the best liver and stomach pills in the world. dw

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.

dw MRS. MOSES COUCH, Apsley, Ont.

For several years I was persistently annoyed with an excessive accumulation of Dandruff and although using various preparations recommended and shampooing regularly once a week, no material relief was realized until my attention was called to Anti-Dandruff, which has produced unlooked for results in my case, four applications removing every particle of Dandruff and as a specific for this trouble it certainly has no equal.

Yours truly, W. T. ROBERTSON.

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

SPECIAL BREWING.

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

Blind Boone's Entertainment.

Owing no doubt to strong counter attractions last night, Blind Boone had a very small audience in the Opera House. But his programme was fully carried out, and his performance showed him to be a phenomenal pianist. He gave a varied programme of pianoforte selections, including some difficult standard works, such as the "Hungarian Storm" by Liszt, Gottschalk's "Last Hope," Liszt's Rhapsodie Hongroisi No 6, and his interpretation of these showed a wonderful technical ability, a sympathetic understanding, and a full round tone. He also played several compositions of his own, which were however more marked by technical difficulties very brilliantly overcome, than by the divine musical afflatus. His mimitic performances were remarkable for their fidelity, several instruments being reproduced with very pleasing exactness, such as the musical box, country fiddle, fife and drum, etc. His musical ear and memory are wonderful. At the request of the audience, Mrs. W. J. Morrow played a few movements, very difficult and intricate, from one of Chopin's waltzes, and Blind Boone repeated it very fairly, with very few mistakes, but just enough to show that the selection was new to him. His acute perception was shown by his naming instantly and correctly the names of the elements of several four fold chords struck at random on the pianoforte. Blind Boone is a wonderful performer on the pianoforte and is well worth hearing, both for the artistic excellence of his music, as for the wonderful natural genius he displays, and if he should appear in Peterborough again he should have a crowded house.

CHRISTIAN ENDEAVORERS

Convention Drawing to a Successful Close.

(Continued from Second Page.)

grand cause and deserved their very best efforts. Turning to the subject of his address, the speaker said there were two things about the title which struck him. He liked the expression "God's Word" better than "the Bible". It was plain Saxon, and suggested that it was the direct word of Him whose word liveth and abideth forever. In connection with the Christian Endeavour Society, there was the thought that in these days a great deal of Christian work was done by proxy; people believe the work must be done by ministers, elders or missionaries. It was a mistake. This was really a work for everyone to do. God wants everyone of us to give ourselves and all our energies to His service. What was the relationship of the word of God to this Society and its work? This was best answered by asking another question—What place does the Lord give to His word as the instrument of human salvation? The speaker proceeded to point out how frequently the Saviour used passages from the Word of God in His teachings. It is said there are 530 quotations from the Old Testament in the New Testament. But in these days there was not the same use made of God's Word. Of course there was plenty of good literature in the world, but the best of it was but as milk and water compared to the pure, sincere milk of God's Word. The Word we must have in our hearts continually. It was the sword of the spirit, but of what good was it unless it was made use of. So it behooved everyone to read and treasure and practise the teaching of God's Word. All that he had said of the use of the Word of God by adults, by the older Christians far on the way of righteousness, applied with equal force to the young people of Christian Endeavor Society. Let them remember that it was their chief aim to search the Scriptures, that they were pledged to read the Word of God every day. Their spiritual life depended on their carrying out this pledge. He trusted that as they grew in years they would grow in the love and knowledge of the Lord Jesus Christ. The Apostle says: We must be thoroughly furnished with the Word of God. Christian Endeavorers should have the Word at their finger's end and be able to quote passages ready for instant use in pointing out the promises of God. It was a satisfaction to hear the word but more so to be able to place the eye upon it and get its meaning deep into the soul.

The male quartette, Messrs. Manning, Lount, Nelson and Matthews, then sang, "Oh, to be over Yonder."

GREETINGS AND REGRETS.

The president then read the following telegram from Rev. F. E. Clark, D. D., President and founder of the United Society, (the Father of Christian Endeavor) which was received with warm applause:

PITTSBURG, Pa., Oct. 22.

Heartiest greetings to Ontario Endeavorers. May you have a Pentecostal convention.

F. E. CLARKE.

While the offering was being taken, the choir sang an anthem entitled, "Praise the Lord, oh Jerusalem," which was followed by another hymn.

Mr. COLVILLE also announced that during the day they had received a telegram from General Secretary Baer, that he had missed connections at Watertown, and asked what he would do. They had replied "Come on," and in answer they had received the following message, which would show the kind of stuff the true Christian Endeavorer was made of:—

WATERTOWN, N.Y., Oct. 22nd.

To R. J. COLVILLE, care of Christian Endeavour Convention.

Thanks, will arrive at Kingston 7.50 to-night. Will then take quickest route. Will walk if necessary. Sleep secondary matter now.

J. W. BAER.

Mr. Colville said Mr. Baer would be here early in the morning. He further announced that Dr. Wells was already in town, and that Dr. Sutherland had wired that he could not come till the next day. Prof. Du Vernet would also be in Peterborough and attend the Friday night meeting.

Subsequently the following telegram was read:—

TORONTO, Oct. 22nd.

To MR COLVILLE, at Y. P. S. C. E. Convention.

Convey my greetings to convention. Unexpectedly prevented from coming.

J. F. BARKERS,
Ingersol.

DISTINCTIVE FEATURES OF C. E. WORK.

The president then introduced Rev. Wm. Patterson, the enthusiastic and eloquent young pastor of Cook's church, Toronto, who was already know in Peterborough as a stirring speaker. The president in introducing him said none of the many workers had done more for the society than Rev. Mr. Patterson. He would speak on the subject of "The distinctive features of Christian Endeavour work."

Rev. Mr. PATTERSON was most warmly received. His address was delivered with his characteristic energy and fire. He was by turns amusing and thrilling, and illustrated his various points in a telling way, eliciting frequent applause. He said he would make an orthodox beginning by congratulating Peterborough on having the convention, and the convention on being in Peterborough. After making a few other congratulatory remarks, he referred directly to his subject:—"The Distinctive Features of Christian Endeavor Work." A gentleman had once remarked that he supposed one of the distinctive features of the Society was that the young people got acquainted in it. Well, if they did, and if that acquaintance ripened into love—it was much better than their forming an acquaintance in the ball room. But this was no more a distinctive feature of Christian Endeavor than of any other Christian body. Young people got acquainted in the church and prayer meeting as well as in the Society. There were only a few really distinctive features which he could touch upon. The pledge was one. In the hands of some persons it was used to frighten away young people from the doors of the church. Rev. Mr. Patterson put his audience into laughter by saying that the worst fright he ever got was from a sheep, because he had never seen one before. And that was the reason people were afraid of the pledge. They did not know what it was. All through the Bible there were pledges frequently referred to. Every time the rainbow appears in the heavens, there was God's pledge. And all through the ages we find God keeping his pledge, and He is known as the covenant-keeping God. People say, what is the use of a man addicted to drink taking the pledge, and they point out cases where it did no good. But the fact was that many men had been saved from ruin simply because they had promised to abstain and felt honor bound to keep their word. So the pledge was a help to the young man and woman desiring to enter into God's service. It raised them up and gave them courage. Then young people sometimes were troubled by the fear that they had no right to take part in meetings when they were not sure the Spirit would move them. They should remember that when the pledge was taken the Spirit always did move them, which was enough for them to know. But the pledge, some of them they say—suppose we are ship-wrecked in mid-ocean, how can we read our Bible. To such persons he would recommend the learning of a few chapters by heart so that they would be able to keep their pledge under any circumstances. The speaker did not think Scotchmen above all others should object to the pledge. They should remember that the pledge which bound together the covenanters who are still the glory of Scotland. What the Christian Endeavourers needed was to be banded together in the same way. It was a noble sight to see all these clergymen and delegates of different denominations as were before him at the present time, banded together in the common cause. That afternoon the bond between the Epworth League and the Christian Endeavour Society had been cemented, and he prayed for grand results upon the union. Then there was the

DISTINCTIVELY RELIGIOUS FEATURE

of the society. And in being distinctively religious they got right back to the primitive method of combatting sin. They aimed to get the hearts of the young people, and when that was accomplished there would be no trouble in keeping them away from the barroom, the theatre and the dance. Get their hearts and their heads are all right. John the Baptist simply preached the Gospel, called the people vipers and serpents, yet they came back to hear him again and he taught to great multitudes. He touched their hearts and brought them the blessed gospel in its pure simplicity. It was said men were more interested in politics to-day than religion, but go the world over and you will find even in heathendom [illegible] interested in religion. And why? Because they want to know something of the future. The spiritualists and fortune-tellers get dupes by telling them they can show them their future. But in the Bible alone was the future truly revealed. And it was in this way and this way only that men's hearts could be reached. It was said that the church to-day could not touch men as the early church had done. But the Christian Endeavor Society has been doing this and just because they were heralding the gospel of Jesus Christ. He believed this society had been raised up to do the work God intended it to do. The church to-day resembled the church in the time of Christ, when there were learned and wise men who discussed theories and quibbles and left the great aim of Christianity untouched. To-day many of these professors were splitting hairs with the razor of criticism, while the world was starving for the bread of life and multitudes were going down to perdition. That was the work this Society proposed doing—furnishing the bread of life to the hungry. What they wanted was the young men and and women to give the world the word of God as it is found. They should feed upon the word of God, he said, and give it to the world as simple as possible. By this sword of the spirit they will be able to rend the enemy and win a glorious victory. Another distinctive feature of their work was that these young people have given themselves to God and they are saying, "Lord, here am I, send me." They are His servants, and not the servants of the people. It was too true that people to-day were afraid of the opinion of the world. If we could realise that the rest of the world is human like ourselves and liable to err, we would not be afraid of public opinion. The truth was that in most cases it is a selfish desire to know first that their speeches would be applauded, and a fear that they may be laughed at, that keeps many out of the work. It is only when men are ready to become fools if necessary for God's sake, to do all they can do fearless of criticism, that they can become true servants of God. In conclusion Rev. Mr. Patterson again referred to the two distinctive features of the Society—its pledge and its religious character. "So long as you are true to these principles," said the speaker, "the very gates of hell cannot prevail against you. The Christian Endeavor movement is going on and on, and you might as well try to stop the incoming tide as to stop the wave of Endeavor, which is going on until all the blessed shall clasp hands and crown Him Lord of all." Rev. Mr. Patterson was loudly applauded on sitting down.

Miss Vair sang in fine voice "Come Unto Me," after which the meeting was brought to a close by the pronouncing of the benediction by Rev. E. F. Torrance.

Seventh Session—Friday Morning.

There was a large attendance at the sunrise prayer meeting at 6.30, conducted by Rev. W. H. Harvey, B.A., Guelph.

Eighth Session—Friday Morning.

At 9.30 o'clock the convention opened with the usual devotional exercises, which was followed by a Bible reading by Mr. H. W. Frost, China Inland Mission, Toronto. His subject was Consecration.

Mr. COLVILLE, president, announced that Mr. J. W. Baer, of Boston, secretary of the United Societies of the United States, and Rev. Dr. Wells, of Montreal, had after much difficulty reached the town, and he invited them to the platform, when they were accorded a hearty Canadian welcome, to which both briefly and feelingly responded.

CONSTITUTIONAL CRYSTALLIZATION.

Rev. J. A. R. DICKSON, B. D., presented the report of the special committee which he said was merely a crystallization of the present modes of action. The report was considered clause by clause, and adopted, and the constitution of the Provincial Union based thereon. The report was ordered to be printed and circulated.

Mr. E. A. HARDY, B.A., Lindsay, secretary, read several greetings and submitted the following report of the nominating committee, which recommended the following appointments, and was unanimously adopted:—

PRESIDENT—Rev. J. A. R. Dickson, B.D., Guelph.

VICE-PRESIDENTS—Rev. G. B Sage, St. George's, London; Thos. Morris, Jr., Hamilton.

SECRETARY—(re-elected) E. A Hardy, B. A., Lindsay.

TREASURER—A. F. Wickson; Toronto.

ASSISTANT SECRETARY—Miss E. M. Carson, London.

The place of the next meeting of the convention was fixed for London, Ont.

The report was unanimously adopted.

Rev. Canon Richardson, of London, on behalf of that city, returned thanks for the selection of London, which appreciated the honor and would endeavour to equal—they might not be able to surpass the cordial hospitality of Peterborough.

THE WORLD'S CONVENTION IN 1893.

Mr. ROBT. GREGG, president of the Montreal union, was introduced and tendered the greetings of the Montreal and Quebec unions. He stated that Montreal was already preparing for the convention.

A cordial vote of thanks moved by Rev. J. Van Wyck, Hamilton, was tendered the retiring officers, which were acknowledged by ex President Colville and Secretary Hardy, the latter stating that Mr. W. S. Leslie, editor of *Endeavour Herald*, had worked most ardously for the Endeavour cause, and he moved that a special vote of thanks be tendered him, which was done with great enthusiasm.

THE MODEL SOCIETY BUSINESS MEETING.

Five minutes reports of work were read by the following on the indicated subjects:—

LOOK OUT COMMITTEE—Mr W. H. Skitch, Port Hope.

PRAYER MEETING COMMITTEE—Mr. T. J. King, Orillia.

MUSIC COMMITTEE—Miss J. R. McBride, St. Thomas.

SUNDAY SCHOOL COMMITTEE.—Miss Annie Henry, Hamilton.

SOCIAL COMMITTEE—Mr. F. E. Horsey, Kingston.

HOME MISSION COMMITTEE—Mr. Charles, Matthews, Lindsay.

FOREIGN MISSION COMMITTEE—Mr. A. J. Colvin, Galt.

FLOWER COMMITTEE—Miss McIntyre, Stratford.

VISITING COMMITTEE—Mr. R. N. Brebner, London.

GOOD LITERATURE COMMITTEE—Miss P. Smith, Toronto.

TEMPERANCE COMMITTEE—Mrs. A. M. Price, Peterborough.

These reports were full of excellent suggestions, which seemed to be of a most practical nature.

The Convention then adjourned till afternoon.

C. E. NOTES.

Song service at 7 30 to-night sharp. A quartette, "Oh Praise the Lord," will be rendered by Misses Cameron and Crane, and Messrs. Crane and Nelson. The anthem during the taking of the collection will be "Praise Ye the Lord Jehovah."

The floral decorations of St. Paul's Church were under the untiring management of Miss Annie Hall and Mr. F. G. Haultain, of Cardinal, who deserve great credit.

The Mayoralty.

"Who will be our next mayor?" is a leading question on the streets these days. The municipal elections are more than two months off, but as there seems to be an impression abroad that our present mayor does not intend offering himself for another term, the ratepayers are cast their eyes about for a suitable successor. If it were known definitely that Mayor Stevenson would positively not seek the position again, there would doubtless be several promising candidates early in the field. But as long as Mr. Stevenson wishes the mayoralty there seems to be a disposition on the part of the people to allow him to keep undisturbed possession, though they might desire a change. An EXAMINER reporter saw Mr. Stevenson this morning and asked him what his intentions were in the matter. "I don't intend to run again," said Mr. Stevenson, "I'm tired of the position and my present intentions are not to run again." Whether this means that Mr. Stevenson *will not* be a candidate for the mayoralty or that he is still open to persuasion by friends or the exigencies of circumstances, the reader is left to infer for himself.

Mr. Laurance's Visit.

Mr. B. Laurance, the celebrated optician, will pay another visit to Peterborough to-morrow, and may be found at Mr. John McKee's drug store, where he will fit glasses to the eyes and give his patrons as perfect an aid to eyesight as it is possible to get anywhere. Mr. Laurance is renowned in his profession as a most successful optician. Parties requiring spectacles should get them where there sight will be tested and glasses correctly fitted.

The Two John's.

J. C. Stewart's newly constructed comedy of "The Two Johns" will be the attraction at the Opera House on Friday evening next. The company for this year is said to be in every sense, far better than that of any preceding season. In addition to "The Two Johns" and the many comedians and soubrettes, the management have engaged as a special feature, the Cassie Sisters (European character dancers) whose rhythmic grace and charming costumes are dreams of enchantment. 5193

A Peterborough Boy Married.

The Winnipeg *Tribune* of Oct. 15th contains a notice of the wedding of Mr. Robt. Greer and Miss Reba Dixon. The wedding took place at the residence of the bride's mother on Cumberland street. There was a large and happy gathering present. After the ceremony the young couple went westward on their honeymoon trip. The *Tribune* says Mr. Greer "has just graduated in chemistry and was a popular young man." The bride is described as a great social favorite. Mr. Greer is a native of Ballieboro, and spent several years in Peterborough. His many young friends will be pleased to learn of the happiness which has befallen him.

Going to British Columbia.

Mr. John McKee, grocer, has sold his shop and business on George street to Mr. John C. Higgins, late of Nassau, who has taken possession and will manage the store in first class style. Mr. Higgins may be depended upon to give his customers honest value for their money, and he hopes to receive a fair share of patronage. Mr. McKee intends shortly going to British Columbia, and the other evening entertained a dozen or so of his most intimate friends at a farewell oyster supper in the Cardwell House on Brook street. A jolly evening was spent, and Mr. McKee's friends voted their host one of the right sort who, while they regretted his departure, deserved to prosper in his new home and had their best wishes for his success.

A Congratulatory Gift.

Last evening the staff of employees in Mr J. J. Sheehy's dry goods store presented the proprietor with a handsome testimonial of their congratulations and regard. It is an open secret among Mr. Sheehy's friends that he is shortly to form a matrimonial alliance with a most estimable young lady, and in anticipation of this happy event the shop hands decided to take advantage of a favorable opportunity to present their esteemed employer with a suitable expression of their good wishes for the future happiness of himself and his prospective bride. The presentation was made last evening just before the store was closed. Mr. Bert Shaw, foreman, surrounded by the others of the staff, in a few well chosen words on their behalf placed in Mr. Sheehy's hands a marble clock of rich and elegant workmanship. Mr. Sheehy made an appropriate reply, referring to the harmony which existed between himself and his employes, whose kind gift assured him that he had won their respect and regard. It gave him great pleasure to know this, and to know that they were as warmly interested in his personal happiness as they had showed themselves interested in the prosperity of his business.

Police Court.

Walter Kerr's Assailant Pleads Not Guilty—A Case of Larceny Tried—A Spicy Case Settled Out of Court.

There was a fair-sized docket on this morning at the police court.

The case of Cummings *vs.* Cummings was enlarged, the understanding being that the case had been settled and the charge of assault would be withdrawn in the meantime. The complainant lives in Ennismore and charged his son with assaulting him. And thereby hangs a tale. Had the case come to trial it would likely have furnished some racy developments. There was said to be a woman in the case.

DICK THE MIND READER.

Richard McBride, the "phrenologist," was up on a charge of drunkenness. Dick in his wanderings struck the town last night with a "jag" on. He went into Mr. Hilliard's place to get warm, but not caring for such an undesirable guest, "Dick" was handed over to the police. This morning he told the magistrate he did not think he was doing anything wrong, and on promising to leave town at once he was allowed to go. "Dick's" face lit up with joy as he lit out for Gore's Landing, his home.

WILL BE TRIED NEXT WEEK.

Matthew Wynn was next disposed of. He was charged with having, on the 15th September last, unlawfully and maliciously wounded Walter Kerr. The prisoner elected to be tried by jury, and pleaded not guilty. At the instance of the County Crown Attorney the preliminary investigation was postponed for a week, when the Crown will be ready to proceed.

A LARCENY CASE.

The charge of larceny against Mrs. Margaret Mitchell was then proceeded with, Mr. Wood, C.C.A., prosecuting, and Mr. E. B. Stone conducting the defence. Mr. W. S. Scully, who, with his wife (formerly Mrs. Sutherland), runs a small grocery and boarding-house at the corner of Aylmer and Simcoe streets, was the complainant. Mrs. Mitchell, the witness stated, had been in their employment for a week as domestic. On Sunday morning last he was standing in the dining room picking dead leaves off some geranium plants. Mrs. Mitchell was in the room also. Mrs. Scully came in and asked for some money for church collection. His hand being full of leaves, he put his other hand down in his pocket and pulled out his purse, which he laid on the table. The purse contained a little over $22. There were two fives, six ones and some silver. His wife picked up five cents and went out. A few minutes afterwards he went into the kitchen to throw the leaves away, and when he returned a few seconds later the purse, which he had left lying on the table, was gone. There had been no one in the room but Mrs. Mitchell, and no one else could have been in during his brief absence. He did not say anything about it just then, but when his wife returned he told her. She asked Mrs. Mitchell and Mrs. Crouter, another servant, about it, but both denied it. Witness was sure Mrs. Mitchell took the money, and denied Mr. Stone's insinuation that he had kept the purse himself and robbed his wife. He said she managed the business, but he worked also and gave her the money, and he carried the purse on Sunday for safe-keeping, therefore the money belonged to both of them.

Mrs. Scully was the next witness examined. She stated that the prisoner, when she accused her of the theft, offered to withdraw her claim for wages if Mrs. Scully would not prosecute; and subsequently, though not confessing the crime, said she would go and get enough money to make good the loss if no more was said about it. But she failed to do so, and consequently was arrested.

The court then adjourned till two o'clock.

Footballers on the Run.

A team of football players from the Business College went down to Norwood to-day to play the village team. Rather than break their engagement they went down with only eight men. To-morrow the Lindsay Collegiate Institute team will play the Peterborough Institute team on the P. A. A. A. grounds. Ball will be kicked off at 3 p.m. It was found impossible to get together a Rugby team to go to Port Hope, and an effort is being made to bring the Trinity College School team to Peterborough tomorrow.

Fair Play and the "Times."

With reference to the communication appearing in yesterday's EXAMINER, in which the editor of the *Times* is dealt with, we have to say that the EXAMINER is not responsible for the allegations of the correspondent, inasmuch as he could only infer that the criticism of a public official's course by the *Times* was not influenced by a sense of public duty. The use of the word "fraud" by the correspondent referred to, is to be regretted, for he cannot be in a position to prove that the *Canadian Agriculturist* prize competition was not regularly and fairly conducted.

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summery of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,421,372.84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.60
Cash income for year ending 31st December, 1890	889,078 87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,222.68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07
" " " " 1886, "	89,452 97
" " " " 1890, (four years)	232,175 69

TOO MANY ENQUIRIES.

The ex-Treasurer of Kent Wants the County Judge Restrained.

TORONTO, Oct. 24.—Before Chief Justice Galt at Osgoode Hall yesterday, Mr. Wilson, Q.C., of Chatham, moved for an injunction to restrain the county council of Kent and Judge Bell from proceeding with an investigation into certain alleged irregularities and defalcations of funds by Syd. Arnold. In May last Arnold was quietly deposed from office by the Kent county solons, who appointed a new treasurer. The audit of Arnold's books showed that he was $9000 in arrears. Suit was entered against him, and an investigation was also started before the County Judge. Mr. Wilson wants this enquiry stopped. He contends that the municipal act does not authorise an inquiry into the conduct of persons who have ceased to be officers of a corporation. Judgment was reserved.

MAINTAINS HIS POSITION.

Chief Justice Galt Is Still Unswayed by the Court of Appeal.

TORONTO, Oct. 24.—The Local Option cases of the townships of Wellington and Essex were up before Chief Justice Galt yesterday morning when quite a discussion ensued as to whether or not the Chief Justice should quash the by-laws or declare them valid. The judge decided that he would not take any action upon the matter until he had again read the judgment of the Court of Appeal and had a talk with the justices of the court who delivered a finding which they claim is adverse to his rulings on the validity of the act.

The judge intimated that the fault lay in the individual bylaws and not in the act, and that the bylaws called for total prohibition while the act of Parliament had several restrictive clauses pertaining to the sale of liquor in the original packages.

No doubt there will be no further judicial action upon these bylaws until the Court of Appeal interprets its own judgment, by which the Ontario legislation is declared constitutional.

CENTRAL BANK

Creditors Will Be Asked to Take Less Than 100 Cents on the Dollar.

TORONTO, Oct. 24.—An attempt will be made to-day to bring to a close the liquidation proceedings in connection with the Central Bank.

At Osgoode Hall the liquidators will take their leave of the courts. They propose asking for permission to pay the creditors about 6 cents more on the dollar and take the remainder of the cash for their services. From this it would seem that after realizing upon all the property of the bank and calling in from the shareholders a double liability upon their stock sufficient has not been recovered to pay the creditors in full. Already the liquidators have been allowed over $46,000 for their services. And they propose to retain $17,080 in addition for their services and to meet contingencies. Their contingencies practically amounted only to the claim of the Canada Shipping Company against the bank for about $5000, which was dismissed and the company has appealed. The probabilities thus are that if the liquidators succeed in retaining the $17,080 there will be no substantial contingencies to provide for and the liquidators will be paid in all over $63,000 for remuneration. The creditors will not be paid in full and the shareholders will lose all their double liability.

After the Lottery Officers.

SIOUX FALLS, S. D., Oct. 24.—Yesterday the grand jury returned 18 indictments against the officers and directors of the Louisiana lottery. The evidence was all [illegible] before the jury in the form of [illegible]. The department at Washington brought the charges before this court for the reason that its efforts in other states before United States grand juries had been frustrated. The United States marshal and his deputies leave this evening for New Orleans to arrest the president, vice-president, secretary treasurer and directors of the lottery company. The grand jury also reported 11 separate indictments each giving 18 counts against the officers of the Louisiana lottery. The indictments are for transmitting lottery advertisements through the mails, which is a violation of the lottery laws passed last winter by Congress. The extreme penalty in cases of conviction is five years' imprisonment and $5000 fine.

Married His Mother in Law.

LOUISVILLE, Ky., Oct. 24.—However anxious a man may be to marry it is seldom that he will take for his life partner his own mother in law. Yet this is what Thomas A. Cook, who resides near Mount Carmel, Fleming county, did yesterday. Cook is about 40 years of age. About 15 years ago he married Miss Proctor, and they lived happily together until Mrs. Cook died some months ago. Several children were the result of the union, and the eldest is now a boy of 14. Mrs. Cook's mother has lived with the family for years, and shortly after his wife died Cook began paying court to her mother, a woman of nearly 60 years. After five months courtship he proposed and was accepted.

How Richardson Got a Wife.

PENDLETON, Ore., Oct. 24.—G. W. Richardson, who has kept a restaurant here for many years, advertised for a wife, and out of 70 correspondents selected Mrs. Henry C. Scott of Greenfield, N.J. She arrived here Tuesday night and the couple were married last evening.

THE ONTARIO EXPRESS COMPANY AND THE G.T.R.

McGreevy and Murphy Leave for the States—Fire at Jarvis—Traces of a Mail Robbery Discovered at Ottawa—General Ontario News.

MONTREAL, Oct. 24.—The Ontario Express and Transportation Company, which reorganized last spring with the intention of doing business over the Grand Trunk lines, are still waiting. They say that they have made application to the Railway Committee of the Privy Council for a hearing on the merits of their case, the Grand Trunk Railway being still inclined to discriminate against them, refusing a rate of $6000 per week, the same as paid by the company now covering the line, unless paid half yearly in advance and on the condition that the railway can remove the express company at pleasure without recourse. Mr. Wainwright, assistant general manager of the Grand Trunk, says the terms offered the new company were the same as those under which other express companies were working and that in fact there was no discriminating in the case referred to.

What did the Grand Trunk intend doing? He thought that within a very short time the railway company would take over the whole express business carried on over their lines and do it themselves as they did the other work of transportation. It would solve the present difficulty. It was likely that this change will be made soon.

To-day the Ontario Express and Transportation Company registered their act of incorporation at the court house in this city, the registration stating that Mr. J. M. Kirk of Montreal was president and that their head office was in Toronto.

CONSPIRATORS GUILTY.

McGreevy and Murphy Flee the Country—The Bondsmen Must Pay.

OTTAWA, Oct. 24.—The Connolly-Murphy-McGreevy conspiracy was concluded this morning in the Criminal Court. The jury after five minutes' deliberation returned a verdict of guilty against both O. R. Murphy and Robert McGreevy. Long before the verdict was rendered, however, both the defendants had fled, and are now in United States territory. Mr. Tarte was a bondsman for Mr. Robert McGreevy. When he learned that McGreevy had skipped his face grew livid and he exclaimed, "Mon Dieu!" [My God.]

Judge Rosse declared the bonds forfeited and the bondsmen will have to pay.

Two valises containing some valuable documents were carried off from the court house to-day. The valises contained documents referring to the above mentioned case. A bailiff had been appointed to watch over them and seize them the moment they were removed, but defendants managed to carry them off while the bailiff was at dinner.

Beaulieu Will Do Penance.

SHERBROOKE, Oct. 24.—The verdict in the Beaulieu case, acquitting the prisoner on a charge of murdering Bouchard, is still a subject of discussion here. Beaulieu's first action upon leaving the court room was to enter into the church for thanksgiving. Without delay he is going to execute the solemn promise he has made before the verdict, that if it were favorable he would make a pilgrimage on foot from Quebec to Ste. Anne's, as partial atonement for his misdeeds.

Mortuary Statistics.

OTTAWA, Oct. 24.—The official bulletin of mortuary statistics for September was published to-day. It shows the deaths in the chief cities as follows: Montreal, 473, or 2.18 per thousand; Toronto 297, or 1.63 per thousand; Quebec 222, or 3.51 per thousand. Hamilton 38, or 1.67 per thousand; London 28, or 1.18 per thousand; Ottawa 64, or .81 per thousand; Hull 27, or 2.13 per thousand.

PACAUD'S GOLD MINE.

HE TELLS HOW HE MANAGED TO WORK IT.

He Provides Electoral Pamphlets—Money Sent Mercier Not Boodle—Accounts and Checks Mixed—The Plunderer Builds a House for

QUEBEC, Oct. 24.—Ernest Pacaud went on the stand yesterday and resumed before the Royal Commission his story of how he came to secure $100,000 in the Baie des Chaleurs affair, and what he did with the money.

He stated that he expected only to receive $5000 for his services, but when he was offered $75,000 he thought he had a gold mine and held out for $25,000 more. His transactions with the Cabinet were carried on with Messrs. Langelier and Robidoux. He did not deal with the older ministers, because his influence with them was not so great.

Pacaud produced every one of his accounts, with explanations as to what he had done with the money. The first item of importance was a check of $5000 for a note endorsed by Mercier, Charles Langelier, P. C. Pelletier and Francois Langelier. His explanation of this note was that having charge during the elections of the greater part of the organization in this province he was obliged to go to great expense, especially for pamphlets. He had some money for this purpose but the balance was subscribed. When more money was wanted he had no time to see the subscribers. He presented the matter to his friends and got the gentlemen named on the back of the note to endorse it on the promise that he would take it in after the elections, when there was lots of time to collect the money. Next came his account with the Hon. Mr. Mercier. Before going to Europe Mr. Mercier placed with him a check of $5000 and one for $3500, the first, if necessary, for expenses on his trip, the other for personal expenses. Mr. Mercier had written him to send a draft for $5000. When he went to the Banque Nationale to cash one of the $25,000 checks he was told they could not let him have that much money at once, and it was with the aid of Mr. Valliere that they agreed to give him a draft for $5000, which would not come back to them for payment for a month as part payment of the $20,000 check. In addition to this Mr. Pacaud stated that he never touched the $5000 given in his charge by Mr. Mercier; as a matter of course Mr. Mercier was somewhat put out when he returned at the rumors about the transaction, but it was all explained afterwards. Next came a draft drawn by him for $250 by Mr. C. A. Beausoleil; a check for $1000, paid May 18, to L. J. Sirois was used for part payment for the house he bought.

Then came several small checks for personal use expenses of Mr. Barthe, insurance money, money lent, then again a check for $1000 for contestation of the election of Sir Adolphe Caron, and one for $500 for services rendered by Mr. Geoffrion in a similar case, also one for $555.40 to Mr. Charles Langelier. This account, together with many others, was explained by Mr. Pacaud as follows: Mr. Langelier wanted to build a new house, and spoke to Mr. Pacaud about it, who was one of his greatest friends, and asked his opinion. He said he was earning $3000 a year as a lawyer, and $4000 more as a minister. Any one who knows Mr. Langelier, Mr. Pacaud said, knows that his requirement and wants, as well as personal expenses, are very modest. He, Mr. Pacaud, told him that he could save about $6000 a year for the building of a fine house, and that if he would follow his advice, he, Mr. Pacaud, would furnish the money necessary for the present. The reason he made the generous offer was that for 20 years Messrs. Pacaud and Langelier had been the closest of friends, sailing together through all kinds of weather. This and much more to the same effect Mr. Pacaud said as an explanation of the majority of his money transactions with Mr. Charles Langelier.

At the re-opening of the afternoon sitting, Mr. Pacaud continued his testimony. His statement is altogether a funny thing. It shows that Mr. Pacaud has used the Baie Chaleurs money in a way that suggests a keen desire of getting rid of it. He went as far as paying his friends' contribution in one of Quebec's best clubs. Mr. Duhamel was thus treated. Mr. Duhamel did not care about the club, but Mr. Pacaud would have him and he did have him in spite of Duhamel's objections. Shares were also taken by Mr. Pacaud in the Fortress Hotel, a proposed building to be erected here. Pacaud gave an account of the money now possessed by him out of the $100,000 of the Baie Chaleurs:

Bank Du Peuple,	$447.85.
Union Bank,	$91.41.
Union Bank,	$55.25.
Merchants' Bank,	$62.74.
National Park Bank of New York,	$20,000.

These sums, together with other amounts, make Mr. Pacaud a capital of $25,450.

In explanation witness said that he placed his money in the United States because some one advised Armstrong to take criminal proceedings against witness, and although Armstrong protested of his fair intentions and told witness he would never be so low as to commit such an action [laughter] he (witness) wanted to place his money in a safe place where criminal proceedings or any other proceedings could not deprive him of this property. [Laughter.]

Witness denied emphatically having told Mr. Armstrong that he had to give an account of the money to Mr. Mercier. Pacaud gave the conversation he had with Armstrong in the Windsor and said he never told Armstrong such things, nor would he, because he (Mercier) was in Europe.

Witness said he gave money to Mr. Langelier and spoke of it to Mr. Webb of the Union Bank, because he wanted to open an account for Mr. Langelier in the bank, but witness never gave a cent to Mr. Robidoux or the other ministers except Mr. Langelier. Witness was never called to appear before the Senate enquiry. He would not appear, although Messrs. Mercier, Laurier and Langelier wanted him to. Witness went to Europe contrary to Mercier's wishes.

Halifax Given the Go-bye.

MONTREAL, Oct. 24.—It was announced Friday that the Dominion and Allan lines would in future discontinue the steamship service to Halifax. The ships will run direct from Portland to Liverpool. The reason for this move is that the subsidy does not warrant them in calling at a Canadian port.

Peculiar Fatality.

NEWMARKET, Oct. 24.—Charles Stallard, aged 17, who was recently poisoned by handling sheepskins, has died from the effects.

For Stealing $858.

BRUSSELS, Ont., Oct. 24.—A. Glenn has been arrested on suspicion of having helped [illegible] $858 from a [illegible] of $1200 in [illegible] store.

Singular Law Suits.

LONDON, Ont., Oct. 20.—Medical men throughout the province are greatly interested in two cases which will be disposed of at the St. Thomas assizes this week. The first is that of Mrs. Donald Munro, St. Thomas, who sues Dr. Fulton of that city for damages for the loss of her husband, who died while under the influence of chloroform administered by the doctor and a student. The other is that of Jeremiah Donahue, St. Thomas, against Dr. McCallum of this city for alleged slander in circulating a report that he was afflicted with a certain disease. George Tate Blackstock, Q.C., will be counsel for the plaintiff in both cases, and it is understood W. R. Meredith, Q.C., will act for the defense.

Wurtemburg's New King.

STUTTGART, Oct. 22.—King William of Wurtemburg to-day opened the Parliament of his kingdom. The new king expressed warm satisfaction at the reunification of the kingdom of Wurtemburg with Germany under the late King Charles. King William also announced that bills would be introduced providing for the revision of the constitution and for reform in taxation.

Troops Quelling the Flames.

PESTH, Oct. 22.—A fire is raging in the village of Sovar. The buildings in several streets are all aflame and troops have been sent to the scene to render assistance.

BRITISH AND FOREIGN.

GLADSTONE SAID TO HAVE REVISED HIS HOME RULE BILL.

He Had the Assistance of John Morley Earl Spencer and Sir W. Vernon Harcourt—Morley Expected to Announce the Changes Next Week.

LONDON, Oct. 24.—Mr. Gladstone has revised his Home Rule bill. Matured during a long period of consideration by himself and discussed in detail by colleagues the measure has now assumed such definite form as to enable Mr. Gladstone at any moment to place it before the country. Earl Spencer, Mr. Morley and Sir William Vernon Harcourt have aided him in shaping political features, while Lord Herschell especially attended to the legal and constitutional form of the scheme.

As to what time the scheme in detail will be divulged depends upon the fate and character of the Government's Irish local government measure; but the scheme is expected to be announced by Mr. Morley next week.

Regarding the principles of the new measure enough has been officially ascertained to enable one to state that it gives the proposed Irish legislature fuller powers than did the bill of 1885. It retains the upper and lower houses of the Irish parliament, vests the appointment of the judiciary in the Irish executive and maintains a larger representation of Ireland in the Imperial Parliament. The complete questions of financial relations and the control of the police are also settled.

From all parts of the English provinces come reports of a tremendous amount of damage done by the flood. The Thames continues to rise and is now five feet above its normal water mark. A portion of the Royal Gardens and the Queen's drive at Windsor are flooded. There is an enormous gap in the bank of the River Parret in Somersetshire, Eng., and through this opening the water is rushing into and inundating the country for miles. The country in the neighborhood of Newport, Pagnall and the Ouse, Buckinghamshire, is submerged, and the inhabitants are compelled to seek refuge on the upper floors of their houses.

Blackthorns Are Scarce.

LONDON, Oct. 24.—Gen. Wolseley, commanding the forces in Ireland, who remained in Dublin during the Parnellite funeral, will be a frequent visitor to Cork until a successor to Parnell has been elected. It is reported from Cork that the stock of dealers in blackthorns and heavy sticks is almost exhausted and large additional supplies have been ordered, to be used, it is understood, as arguments in the coming election.

CORK, Oct. 23.—At a convention to-day of McCarthyites a local butter merchant, Martin Flaven, was selected to contest the seat against John E. Redmond.

The Conservatives of Cork have selected the deputy lieutenant of the county, Capt. Sarsfield, to contest the city against the Parnellite-McCarthyite candidates.

QUEENSTOWN, Oct. 23.—In an interview to-day Davitt said he could not tell whether he would accept the nomination for the seat in the House of Commons for North Kilkenny made vacant by the death of Sir John Pope Hennessy until he reached Dublin and had an opportunity of consulting with his friends. It is generally believed, however, that he will accept.

The supporters of Mr. Redmond are making vigorous house to house canvass, and declare themselves confident of victory. They have no lack of funds, part of the money coming from America.

William Lawies Jackson, whose appointment as Irish Secretary is definitley announced, has the reputation among the Treasury officials of being a good business man. Trained as a Wesleyan he joined the Church of England and has been conspicuous on church platforms. He worked his father's business in Leeds out of bankruptcy, paying all of the creditors. He graduated from the Leeds town council to Parliament, where his business aptitude soon made him the Conservative ministers' maid-of-all-work. Mr. Balfour's friends say that Mr. Jackson's appointment will enable him to obtain some leisure. Besides having a fondness for philosophical studies Mr. Balfour is a highly cultured musician versed in science of music.

Timothy Healy in passing through London to visit the dynamiter Egan in Portland prison asked for and obtained a guard of detectives.

DR. CARPENTER SUICIDED.

A Distinguished Scientist Voluntarily Ends His Life in England.

LONDON, Oct. 24.—Philip Herbert Carpenter, D. Sc., M.A., F.R.S., the distinguished scientist, whose death was announced yesterday, committed suicide.

[Dr. Carpenter will be remembered as having visited Montreal, Canada, at the time of the meeting of the Royal Society for the Advancement of Science, at which he read interesting papers. He was the fourth son of the late W. B. Carpenter, M.D., C.B., F.R.S., and was born in London, Feb. 6, 1852; educated at University College School, University College, at Trinity College, Cambridge, passing with high honors. He afterwards studied at the University of Wurzburg, and in 1877 was appointed assistant master at Eton College, being especially charged with the teaching of biology, a post he held at the time of his death. He was a member of the scientific staff of the deep sea exploring expedition of H.M.S. Lightning in 1868, and Porcupine in 1869-70, and in 1875 was appointed assistant naturalist on H.M.S. Valorous, which accompanied Sir G. Nares' Arctic expedition to Disco Island, and spent the summer sounding and dredging in Davis Strait and the North Atlantic. He devoted several years of his life to scientific work. He was the author of several works on scientific subjects.] Dr. Carpenter during a visit to Toronto examined the bay and gave his opinion as to its effect on the sanitary condition of the city.

Printers' Strike in Germany.

BERLIN, Oct. 24.—Meetings of the printers employed in Breslau and Leipsic were held yesterday in the cities, and preparations were made for the general strike of German printers, which seems to be determined upon for to-day. At the Breslau and Leipsic meetings the printers resolved to give their support to the resolution arrived at by the printers of this city yesterday. This resolution was voiced by 4980 Berlin printers, who decided to ask their union to order a general strike on Saturday in case of the refusal of the employers to grant them a working day of nine hours, and an advance of 35 per cent. in wages. It is generally admitted that a wholesale strike of printers throughout Germany will be immediately ordered.

Charged with Manslaughter.

BRACEBRIDGE, Ont., Oct. 24.—James Canning, who shot young Cleavely in mistake for a deer near Huntsville, has been jailed here on a charge of manslaughter.

Balmaceda Said to Be Alive.

CINCINNATI, O., Oct. 20.—Dr. Francis Rivers and Carlos I. de Rio, late of the military staff of President Balmaceda of Chili, arrived here yesterday morning for New York. They said Balmaceda was not dead, all reports of suicide to the contrary notwithstanding, and they expected to meet him either in New York or in Europe.

Josef Hardanck, a one-armed signal man who recently killed his wife at Brunn, has been sentenced to be hanged. The woman was idiotic and it was shown in the course of the trial that Hardanck had frequently expressed a wish to be rid of her. This fact led to his conviction, the evidence against him being wholly circumstantial.

Sylvestre, the man arrested on suspicion of being the person who attacked Miss Amy Smith in a railway coach recently and threw her from a rapidly moving train, has been liberated, it having been proved that he was in London at the time the outrage was committed.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

THE GREAT CONVENTION.

Closing Session of a Most Successful Gathering.

An Immense Mass Meeting in the George Street Methodist Church—The Resolutions Adopted—Eloquent Addresses—The Consecration Meeting.

The great convention of the Ontario Provincial Union of the Young People's society of Christian Endeavor came to a close last night. It is regarded as most successful in every respect. The numerous delegates evidently came to Peterborough for business and they stuck to business all through the sittings of the convention. Though, of course young heads were necessarily brought into prominence, yet there was the requisite balance of matured experience and wisdom of those who have had enjoyment of the benefit of having young blood infused. The convention shows that this society has come to stay—that it is a permeating and potent factor in the promotion of church interests, both spiritual and material. The convention in its methods was a model to, what would be called, graver and more important deliberative assemblages. The young folks had a programme and they adhered to it; they had work to do and they did it. Briskness, alertness, despatch and promptitude marked every sitting. The perfection of the organization and the maturity of the method were a strong feature of the convention, and the same principle applied in the thousands of local organizations must have a most beneficial effect on the interests represented.

NINTH SESSION FRIDAY AFTERNOON.

At 2 p.m. the convention assembled. The prayer and praise service, was conducted by Mr. Haultain, of Cardinal, Ont., followed by a Bible reading by W. H. Frost of the China Inland Mission, Toronto. The chair was taken by Mr Thos. Morris, jr., assistant secretary of the Provincial Union.

TO REACH THE YOUNG MEN.

Mr. F. M. Pratt, general secretary of the Y.M.C.A. Hamilton, gave an address on the subject, "How can the Y.P.S.C.E. best reach young men?" He indicated that the great want in the churches was the service of young men, and the Endeavor Society also needed them. The principles that underlay successful work for young men, were the great difficulty of reaching young men, involving earnest, definite and warm hearted work; secondly the employment of new, novel and attractive methods, that will commend themselves to young men; third, wideawake consecrated christian young men must be employed as the media of bringing young men within the sphere of wholesome influences, which needed courage and manliness of effort; and fourth, there must be direct personal effort, and there must be the divine power in the hearts of Christian workers, deep rooted Christian piety. Endeavorers to reach young men should make their meetings live, attractive, and earnest, as well as varied to meet special occasions. Emphasis was also laid upon the benefit of having social re-unions for young men at some Christian home, and within the sphere of Christian influences. The Endeavor Society should be as persistent in advertising its advantages as the sharpest business man. A good way again was to assign every young man in the Society some special young man, whose moral reformation should be made his special care. Endeavor work could be promoted in the matter of young men by co-operating with the Y.M.C.A., which could be done with mutual benefit. The key to the whole question involved in this topic was consecrated manhood.

CONVENTION WATCHWORDS

Mr. W. J. Baer, of Boston, was introduced, and spoke upon the subject of "Watchwords of Christian Endeavour Conventions," which were Christ, Co-operation, Conquest. The importance of adhering to the whole Bible was particularly emphasized. Co-operation was represented by the united work of all denominations, which, differ as they might in church names, they all had, in an Endeavour Convention, a better name—Christians. Endeavour work was co-operation mission work, and it represented the evangelistic spirit, and marshalling into definite work of the little ones. He closed by pointing out that 17,500 societies in Christian Endeavour, with 1,050,000 members were banded together for definite Christian work—the evangelization of the world. Earnest, consecrated, Christian Endeavourers would revolutionize the moral constitution of the world—conquest.

MISSIONS.

Mr. H. W. Frost, of the China Inland Mission Toronto, spoke upon the subject of "Missions" his address consisting chiefly of details of the China Inland Mission work.

QUESTION AND ANSWER.

Mr. Baer, opened the question drawer and dealt with the questions it contained. The answers involving the question were:—He thought a good thing to have quarterly meetings of unions. He approved of roll books at meetings. The office of a corresponding secretary was the most important one. Active members of the Christian Endeavor Society could not consistently attend theatres and card parties. Young men's prayer meetings should be conducted much as they are in Y.M.C.A. meetings. The best plan of enthusing members with the mission work was to recognize the fact that it is God's work and that the responsibility rests on Christians. "Worthy characters" for membership were hard to define, and no effort should be spared to make them better. A society should take time to instruct members in the doctrines of its church, every member should know all about his church. Epworth Leagues should always be welcomed with open arms. Hotel guests should be invited to attend church. A leader of a meeting should not retire without special reasons. He did not approve of oyster stews to raise money. A consecration meeting will conduct itself if proper preparation be made for it. It should be preceded by a prayer meeting. One of the best places in the world to organize a society was at a summer watering place, where there was no other service provided. It was unwise to introduce secular topics. Individual absences from consecration meetings should be visited and only dropped after every effort has failed. A lady might be a president of a society. A president of a society should be a devoted and consistent Christian. Active members who are not active, should be advised, and then if persistent, dropped from membership. The best method of Systematic Bible Study was Prof. Harper's. The revised pledge was adopted was to give the idea to members of the duty of loyalty to their local church—to make it preferred to the society meetings. Associate members should be placed on secular committees—give them some definite work to do—but they should not have full voting privileges. Union societies were recommended as workable for small places.

The time for adjournment came with still quite a sheaf of questions in Mr. Baer's hands.

The Closing Session.

The closing session of the Convention was held in the George street Methodist church Friday evening. The church was crowded to its utmost capacity.

The regular programme was preceded by a service of song of a very inspiring character. The singing of the lively and spirited Endeavor hymns was led by a full choir, conducted by Mr. J. W. Ketchum, and as the large congregation joined with heart and voice the volume of sacred song filled the church with swelling notes of praise.

Mr. R. J. Colville, ex-president, occupied the chair, and after singing, and prayer offered by Rev. A. McWilliams, of St. Andrew's Presbyterian church, the regular programme was entered upon.

A SERIES OF RESOLUTIONS.

The chairman of the Committee on Resolutions then reported the following, which were adopted:—

Resolved; that the thanks of this convention are due and are hereby, cordially tendered to the Christian Endeavor Union of Peterborough, and to the faithful committee of '91 for their indefatigable energy and wise arrangements; also to the pastors and trustees of the St. Paul's Presbyterian and George street Methodist churches, for placing their churches, so admirably adapted to all the purposes of the convention, at our disposal; to the bright and courteous boys who have proved themselves genuine Christian Endeavorers; to our beloved brothers Dr. Wells and Mr. J. W. Baer who have come so far to address us; to the other speakers and to the people of Peterborough for the cordial and generous hospitalities, extended to the delegates in their homes.

Resolved; that we express our grateful appreciation of the services of our devoted late president, Mr. R. J. Colville and the tireless efficient labours of our diligent secretary-treasurer, Mr. E. A. Hardy whose work has been so abundantly blessed to the convention.

A Man Thermometer.

Lean men make the best thermometers. Fahrenheit never invented better ones. If the weather is warm and sunny, they are cheerful. If cold and frosty, they are irritable and snappy. If damp and cloudy, they are downcast and gloomy. But if either lean or fat men are suffering from biliousness, headache, constipation, or indigestion, the weather will always be damp and cloudy in their locality, unless they use Dr. Pierce's Pleasant Pellets. These Pellets are small, sugar-coated granules, calculated to start the liver and digestive organs into healthy activity, and thereby raise low spirits, and dispel gloom. o

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

Never allow the bowels to remain constipated lest serious evil ensue. National Pills are unsurpassed as a remedy for constipation. dw

The Royal Rheumatic Remedy, taken internally, strikes directly at the foundation of the disease. At once relieves pain by removing the cause of disease. The cause removed a cure is affected. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the child bright and healthy. dw

If you are tired taking the large old-fashioned griping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them. dw

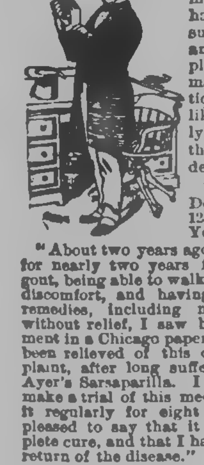
Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates tones and strengthens the entire system. dw

Milburn's Aromatic Quinine Wine fortifies the system against attacks of ague, chills, bilious fever, dumb ague and like troubles.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.



Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly! Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm. Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

"August Flower"

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. He finally, after trying everything, said stomach was about worn out, and that I would have to cease eating solid food for a time at least. I was so weak that I could not work. Finally on the recommendation of a friend who had used your preparations with beneficial results, I procured a bottle of August Flower, and commenced using it. It seemed to do me good at once. I gained in strength and flesh rapidly; my appetite became good, and I suffered no bad effects from what I ate. I feel now like a new man, and consider that August Flower has entirely cured me of Dyspepsia in its worst form. JAMES E. DEDERICK, Saugerties, New York.

Lakefield's Lady Laborers.

Christian Women Workers Meet—Annual Meeting of the W. F. M. S.

The Women's Foreign Missionary Society of the Presbyterian church Lakefield, held its annual and thanksgiving offering meeting in the church on Oct. 16th, Rev. Jno. McEwen, pastor of the church, in the chair. The President, Mrs. Duff, and the two Vice-Presidents upon the platform.

The meeting opened with the hymn "Arm of the Lord, Awake, Awake."

The Mission Band was represented by Miss Campbell, who gave an excellent report of their work during the past year, and spoke also of the increased interest in mission fields and mission studies of all kinds, and their increased consecration to the Master who gave the Missionary command, "Go ye," etc.

Miss Graham, as representative from the Christian Endeavour Society, read a paper on the "Relation between Christian Endeavorers and Mission work," in which Christian Endeavor work was spoken of as the home mission work, work in the fields close at hand, and the society was characterized as the training school for those who are to be our future church workers.

After thus setting before the audience the work the different departments of the congregation were doing, Miss Drummond, of Newcastle, was introduced and gave an address which it seemed must, without fail, stir all hearts to a sense of the claims of mission work. Her subject was "Our responsibility to ourselves, to those about us, to those our brothers and sisters in heathen lands, to the Lord Jesus Christ our Master." Miss Drummond's speaking was quiet but most effective. She gave a most telling illustration of the indifference so general in regard to mission work, by supposing a meeting of Christ's disciples in the upper room after the ascension of the Master. They had the command, "Go ye therefore and teach all nations." One moved that a committee be appointed to consider the matter and report, another said "he thought it was a good work and he hoped it would prosper, for his part he gave his good wishes and was quite willing to contribute at the rate of a farthing a day." John, the beloved disciple, would like to go to preach the gospel, but then he had the Lord's mother to look after so of course he could not go. The audience will remember Miss Drummond, and her clear, fair statement of the responsibility of every one—a responsibility which cannot be evaded — to obey the Lord's command, and that now, immediately.

The secretary's report and the treasurer's statement showed the Auxiliary in fairly good working condition, the funds at present on hand being entirely the result of voluntary giving, and amounting to over $54. The thank offering for the evening was $21.20, making altogether $75 20. Membership for the year, 90.

While the collection was being taken up Miss Maltina Nelson gave a solo.

The passages of Scripture sent in with the offerings were read by Mrs. B. Hunter, the treasurer.

The choir was in attendance and led the singing. The meeting was closed by singing "God be With you Till We Meet Again."

Makes Flesh and Blood.

When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Millers Emulsion of pure Norwegian Cod Liver Oil. It always works wonders because it is a flesh and blood maker, and contains all the constituents for nourishment found in wheat, in fact Millers Emulsion is a perfect "staff of life" and has saved and cured thousands. The Trade Outlook.

The trade outlook seems bright, but those burdened with bad blood, stomach or liver troubles, etc, the outlook is blue. This may be avoided and bounding health restored by the use of Burdock Blood Bitters, the most effective, rapid, and satisfactory medicine for all derangements of the stomach, liver, bowels and blood. dw

Butternut was well known and appreciated by our grand parents for its medicinal qualities. In fact the nuts in an unripe condition were largely used for habitual constipation, liver troubles and foul stomach. The great difficulty was the necessity of preparing from the fresh green nuts which could only be done in small quantities, as the medicinal strength weakened from keeping. McGale's Butternut Pills are prepared with a concentrated extract made from the Butternut held in combination with other valuable and purely vegetable ingredients, as the uniform strength is retained for any time in any climate. They are the best liver and stomach pills in the world. dw

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.

dw MRS. MOSES COUCH, Apsley, Ont.

For several years I was persistently annoyed with an excessive accumulation of Dandruff and although using various preparations recommended and shampooing regularly once a week, no material relief was realized until my attention was called to Anti-Dandruff, which has produced unlooked for results in my case, four applications removing every particle of Dandruff and as a specific for this trouble it certainly has no equal.

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

DR JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

Sold by druggists at $1.00 per package, or six for $5.00, or sent by mail on receipt of price. Address: The James Medicine Co., Canadian Agency, Montreal, P.Q. Sold in Peterborough by G. A. SCHOFIELD, 406 George St. Write for pamphlet. 1yd76w40

W. J. MORROW

THE BIG GROCER,

340 George St., Peterborough

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

A Female Prisoner for the Gaol.

At the adjourned session of the police court Friday afternoon Mrs. Margaret Mitchell was convicted of the theft of $22 from W. S. Scully, and sentenced to three months in gaol. Mrs. Mitchell is a buxom widow whose rubicund countenance denotes an extravagant fondness for the flowing bowl. It may have been this was the cause of her committing the theft. Another female servant in the same house stated that on Saturday evening last Mrs. Mitchell borrowed a quarter from her wherewith to get some liquid refreshment. She brought back a bottleful and before going to bed the witness had a few spoonfuls of it in water as a "night cap." In the morning the bottle was empty on the table, and Mrs Mitchell had to bear the blame for this delinquency also. Mrs. Mitchell laughed hilariously as she sat in the prisoner's box and heard the "give away."

Good Low Comedy.

Farce-comedy is a ruling element on the stage and is rising to still greater prominence. There is said to be more farce-comedy companies on the road than those of legitimate drama. Certain it is that Peterborough has been visited by more of the former class within the past year or two. J. C. Stewart's "The Two John's" is the last of these to visit us. The performance at the opera house Friday evening was quite satisfactory to lovers of low comedy. "The Two Johns" is a vaudeville in which some good singing and dancing is introduced. The dancing of the three girls was about the best ever seen here. The company appears to be made up of variety actors without regard to their dramatic ability. The play itself can scarcely be called such. The two Johns are cousins who resemble each other so much that their identity is constantly confused, and the difficulties into which they are plunged are ludicrous in the extreme. This affords a number of amusing scenes between which the specialties were introduced. The two Johns, fat and full of humor, were exceedingly droll. The audience was kept in continual laughter till the curtain fell. There was a very large audience present.

An Oddfellow Writer.

The *Dominion Oddfellow* this week publishes a paper on "The Symbolism of the Serpent," an instructive article from the facile pen of Mr. Thos. Workman, Peterborough. The paper was read in Otonabee Lodge and considered worthy of publication in the official organ of the order.

Association Football Notes.

The Business College footballers were beaten at Norwood yesterday. Numbering only seven in themselves they were obliged to take on four substitutes at Norwood to fill up their team. They were beaten by four goals to none. The Norwood football team promises to play a return match here on the 31st inst.

The Lindsay football team arrived at noon and is playing with the Peterborough Collegiate Institute this afternoon.

An Eagle Shot.

"Mr. James Morrison on Friday saw a large eagle at his place, in the tenth concession of Smith, and brought it down with a gun. The eagle measured from tip to tip of its wings, six feet, and weighed eleven and a half pounds. It was a beautiful bird." It is now in order for the *Empire* to denounce the Lakefield *Chronicle* which records the above fact as a traitor for daring to say that the "Yankee Bird of Freedom" is a beautiful bird.

Petroleum in North Victoria.

The *Warder* says:—While digging a well on the farm of George McFarlane in Baddow district, Somerville township, near Coboconk, a pronounced quantity of petroleum was found. The vein seemed strong and the substance was very crude and thick, yet on exposure to heat became liquid. The seam was only 20 feet deep, and was near the surface of the rock. Great interest is manifested in the "find" as it is deemed certain much more exists where the sample came from.

New Jewelry Store.

The reader's attention is directed to the advertisement in another column of Mr. W. H. Calder, who will open up in a few days a new jewelry store at 144 Hunter street. His stock will embrace a fine line of reliable watches, clocks, jewelry, silverware, optical goods, etc. Repairing in all branches will receive special attention. Mr. Calder has had a large practical experience, and can be relied upon to give the best of satisfaction to those who favor him with their patronage. The Examiner wishes him success.

Festive Foresters.

Court Peterborough No. 29, C.O.F., held a very successful "At Home" in their handsome lodge rooms last night. There was a good attendance and a pleasant social evening was spent. Various game and amusements were provided, and the flute band of the 57th Battalion, and Mr. F. W. Miller's orchestra supplied music at intervals. Refreshments were also served, and from eight until after eleven o'clock the Foresters and their friends kept up the merriment. More of these interesting events will likely be held during the winter.

History of a Coat and Vest.

Constable Stewart last night recovered a coat and vest and a watch which were lost by Wm. Peck, a son of Gil. Peck, about a month ago. Peck stated that while lying drunk in the Snowden House yard he was stripped of his raiment and robbed of his time-piece. It would appear, however, that Peck's clothes were either thrown over the fence as a practical joke by some of his comrades, or he got into a fight and threw them off himself to facilitate fistic operations. A lady who lives next to the yard found the clothing on her premises, lying as if it had been thrown over. Seeing no one to whom it belonged, she took the coat and vest (which had a watch in the pocket) into her house, but handed them over to Constable Stewart, when she learned whose they were.

Plain and Straightforward.

Three weeks ago Mr. J. J. Sheehy announced through the columns of this paper that he had just completed his sixth year as a caterer to the dry goods purchasing public of Peterborough and vicinity. Mr. Sheehy departed somewhat from the usual style of advertising and stated concisely and in a straightforward manner *just what his experience had been*; and at the same time requested a continuance of past favours from all friends and also a wish that in the next six years he might add a host of new customers to his list. It is evident from his new advertisement, which appears in to-day's Examiner, that his hopes as regards his increasing business are about to be realized. The 5 per cent discount sale to which he attributes his increased business during the present month, (notwithstanding the very mild weather) lasts just seven days longer and all who have not done so should certainly avail themselves of it.

Hymeneal.

On Tuesday evening last says the Lakefield *Chronicle*, Mr. Geo. G. Ogilvie, of this place, was united in wedlock to Miss Elizabeth Shannon, of Douro. The ceremony was conducted by the Rev. G. Warren, at the residence of the bride's mother in the presence of a large circle of friends. The bride was supported by Miss M. Isbister, of Lakefield, and the groom by Mr. Robt. Shannon. After the wedding supper the happy couple drove to Mr. Ogilvie's new residence "Hemslade."

The following taken from the Seattle, Washington, *Daily Press* has reference to a former resident of Sandy Lake, Harvey:—"Mr. Hugh McGuire, the popular real estate broker, was wedded yesterday to Miss Mary O'Brien, Rev. Father Seigel, of the North Seattle Catholic Church, officiating. The bride was attired in a pretty gray travelling suit and looked particularly charming. They went down the Sound on their honeymoon."

Dr. Sey's Remedy, (of Paris) is undoubtedly the best known remedy for the prevention of any derangement of the digestive organs and the curing of any affections to which they may be subject. It is a remedy composed of the purest aromatics which stimulate the digestive organs, and which, far from weakening, like most medicines, impart tone to and strengthen the system.

Further it contains a substance which acts directly on the bowels, so that in small doses, it prevents and cures constipation; and in larger doses it acts as one of the best purgatives.

It is important to note that *Dr. Sey's Remedy* can be taken in any dose without disturbing the habits or regime of those who take it. 1d

News From the North.

All Kinds of Luck Amongst the Hunters—A Missionary Effort Meets With Good Results.

The hunting parties are returning from the north and have the usual variety of luck to report.

Mr. R. A. Morrow's party arrived last night with nine deer—one for each man. They camped at Jack's Lake and report that they had to work for all the game they got. The worst part of the trip was the journey to and from their camp. The road was new and very rough. However, once seated they enjoyed their outing immensely. They lived on the best of terms with the settlers, and the story of their having two dogs shot was a *canard*. They did not have trouble with anyone and lost none of their dogs. The party actually shot ten deer, but a settler claimed one as his property and they gave it to him. The settler was in chase of the deer when it ran into the hunting party and was killed.

Mr. T. Fitzgerald and his comrades wear doleful countenances. They only bagged two small deer amongst the two men in the party. They camped at Ketchecum Lake. They claim that pirates have almost extinguished the deer in that vicinity by hunting before the season opens. The settlers begin hunting early in the fall, while larger parties of hunters come in from the south and clean out the game, and leave for home just as those who observe the law are arriving. Mr. Roy says he knows one man, who killed 20 deer out of season this fall. There is strong talk of forming an association here for the purpose of putting a stop to the illegal and wholesale slaughter of deer, which is so ruinous to sport, by ferretting out the guilty ones and punishing them.

There were in this party besides Messrs. Roy, Fitzgerald and Collins, two ministers—Rev. Messrs. Shorey and McWilliams. Both proved themselves to be true "men among men," and made themselves very popular. They turned their holiday to good account. Close to their quarters was a lumber camp, where on Sunday they conducted religious services amongst the twenty or more shantymen. Subsequently one of the hunters met a shantyman while traversing the forest and a conversation was struck up, in which the shantyman stated that the Sunday service in the camp was the first he had ever attended in his life. He had never before heard a minister preach and pray. "But," he added "you bet I'll go again every chance I get." The service had evidently made a deep impression upon his ignorant mind, and possibly also amongst his mates the seed was sown which shall blossom forth in the near future and bear fruit.

Intelligence received from Mr. Thos. Rutherford's party is to the effect that up till a few days ago they had three or four deer. They will not return till Tuesday.

No accidents occurred to any of the parties, and all report having had fairly good weather for their holiday.

Rescued From Death.

A Well-known Toronto Young Man was in Great Peril—His Brother-in-law Comes in With the Great Health Restorer!

"Poor fellow!" "It is too bad!" "He is in consumption!" Such expressions were frequently made by those who knew (we will call him) Harry Benton.

Harry was employed in the office of one of the largest public institutions in Toronto, and for years was a faithful servant and diligent worker. Special times made it necessary to employ extra help in the various departments, but as far as Harry's department was concerned, he assured the manager it was not necessary, as he felt sure of being able to keep pace with all increased work.

During the six or seven weeks of extra rush and work, Harry was equal to his promise, and faithfully kept his work. The work was done—done well, but Harry was obliged to work early and late. All connected with the institution were pleased and highly commended Harry for his devotion and assiduity.

There was one, however, who noted with alarm Harry's looks during the period of rush and activity—it was his wife. She noticed the traces of nervousness, the sleepless nights, the sallow look and the dull eye. She was aware that it was the result of overwork of brain and body. She pleaded with him, only to be put off in a kindly and affectionate manner by some excuse or joke.

His friends observed the sad change and freely commented on his serious condition.

He was soon stricken down, was used up, in fact his life was despaired of by all. Overwork, the enemy, had accomplished its designs.

His wife's brother, however seeing the condition of things, came at once to the rescue with comforting intelligence gained by personal experience, as well as bringing with him the true remedial agent for his afflicted brother-in-law. He came to the rescue with that God-given remedy, Paine's Celery Compound, which has once restored him to health and vigor.

Harry Benton's condition, desperate though it was, soon showed a marked change, strength was gradually returning, appetite increased, the bright eye and clear complexion once more appeared. In four week's time Paine's Celery Compound completed a most wonderful cure, and restored a valuable clerk to an office where his manager and fellow clerks gladly welcomed him.

They often speak there of Paine's Celery Compound, and owing to Harry's wonderful cure, recommend it at every opportunity.

Reply of the T. V. C. Superintendent.

To the Editor of the Examiner:

Sir,—Mr. Hazlitt asks me to explain my object in giving the information contained in my letter to you of the 20th inst. My object was (as stated in the letter referred to) to answer the several enquiries "lately made to me regarding the flow of water in the river." These enquiries, I might have stated, were made principally by the lessees of water power from the Dickson company, who complained that they had not water enough to run their machinery to the full capacity. My object was therefore to show them (as they apparently blamed me for the scarcity of water) that I was allowing much more water to pass at Lakefield than they required to run their machinery.

Yours truly,
Rich. B. Rogers.

THE GREAT CONVENTION.

Closing Session of a Most Successful Gathering.

(Continued from Second Page.)

Whereas the recent disclosures of dishonesty in our political life are a dishonour to any Christian nation and hurtful to our highest interests as individuals; therefore, resolved that the Christian Endeavourers of Ontario urge our societies to emphasize the teaching of honesty and integrity in all matters, and declare our conviction that the purification of our political life is impossible, if men are to be continued in places of high trust, about whose business integrity or morals there is justified doubt.

Resolved, that our thanks are heartily given to the choir, to Prof. Ketcham and his able assistants; also to Miss Nellie Wrighton and Mr. John Miller, the talented organist, and cornetist, respectively, and the several soloists, whose musical exercises have contributed so largely to making bright and interesting our services of song.

Resolved that we express our gratitude to the reporters and to the newspapers that have furnished such correct, complete and friendly reports of the proceeding of the Convention.

A series of other resolutions were adopted as follows:

Of fraternal greetings to the annual Provincial Conventions of Christian Endeavour throughout the Dominion.

Adopting the principle of forming junior societies.

Demanding the strictest observance of the Sabbath day, and pledging the Convention to strenuous opposition to the opening of the Columbia Exposition in Chicago in 1893 on Sunday, and requesting the executive to bring all possible pressure to bear upon our Dominion legislators to have the Canadian section closed upon the Sabbath day.

Commending the *Endeavor Herald* and the *Golden Rule* to the support of Christian Endeavor Societies.

Commending to the Societies the mission work as worthy of the warmest interest and support.

Commending the systematic study of God's Word, according to the plan of induction studies of Prof. Harper, or some similar plan, not as supplanting but supplementing prayer meeting topics.

A general resolution was agreed to adopting the platform of principles adopted at the Minneapolis Convention.

WORLD WIDE MOVEMENTS

Rev. G. H. Wells, D.D., of Montreal, gave an address on "World wide movements for Christ." After referring generally to the great and marvellous growth and development of the Endeavor movement, he pointed out that the world was never so fit for world wide-evangelistic operations as to-day, on account of the wonderfully improved facilities for travel and intercourse between every part of the world. All parts of the world were open to the ingress of the gospel and we had the Christian Endeavor Society, with its wide and liberal platform and its interdenominational push and enterprise giving stimulus and development to the missionary spirit. Its catholic spirit was shown by the fact at the Minneapolis convention thirty-two different denominations were represented. He urged every christian Endeavourer to be imbued with missionary spirit. After a most eloquent and thrilling plea on behalf of mission work, the speaker in conclusion spoke of his departure from Canada for Minneapolis after being in the beloved country of Canada for nearly 21 years.

Then followed a sacred quartette by Misses Cameron and Crane and Messrs. Crane and Nelson, "Praise Ye the Lord," by Thompson, which was sung in an exceeding effective and telling manner, with much sympathy and delicate shading.

CHRIST LIKENESS

Rev. Dr. Sutherland, of Toronto, gave an address on "Christ-Likeness, and how to attain it." After a few preliminary remarks he stated that the true aim of all Christian Endeavorers was to become like Christ in life and deed. The supreme feature of Christian hope was to become like Christ. Christ likeness should be regarded as a likeness in moral and spiritual character—the great outlines of Christs' character to be reproduced in his followers. It was both an inheritance and a developement—inheritance by virtue of our spiritual birth. The attainment of Christ, likeness involved, regeneration, aspiration, contemplation, and imitation. He pointed out that the attainment of Christ—likeness, was not a sudden bound but a steady, progressive and arduous development.

Miss Sophie Cameron sang with much feeling the sacred solo, "Unanswered yet"

POWER FOR SERVICE.

Rev. Prof. Du Vernet, of Wycliffe College, spoke on the subject of "Power for service," Christ was an abounding source of power which we might have for the receiving. The spirit of consecration was a willingness to do anything that Christ required us to do. Power for service was gained by faith and prayer, which fitted us for work. The Christian Endeavor Society emphasized the conjoined idea of prayer and work, power and service, and that was the secret of its wonderful success.

Then followed the introduction of the officers elect by Mr. R. J. Colville, the retiring President, for whom the President-elect, Rev. J. A. R. Dickson, B.D., Galt, responded.

A consecration meeting was conducted by Mr. J. W. Baer, Secretary, in which, owing to the lateness of the hour, the pledge of consecration was taken by the Convention rising to their feet, and also a pledge to individual members to bring one soul to Christ during the coming year, and the magnificently successful Convention of 1891 was brought to a close by the pronunciation of the Mizpah benediction pronounced by Rev. J. A. R. Dickson. "The Lord watch between me and thee when we are absent, one from another."

Personal.

Mr. John Craig, of the Fergus *News-Recorder*, was nominated on Friday to contest the vacant seat for East Wellington in the Ontario Legislature. Mr. Craig has several impartial qualifications for the position he seeks. He is a good Liberal, an old Peterborough boy, and above all a newspaper man. The Examiner wishes Mr. Craig the most complete success in his candidature.

The Rev. Frank Patterson, of Oklohoma, U.S., is paying a short visit to friends in town. His home was at Norwood where his father and mother still reside. After a successful course in Nashotah Seminary, he has undertaken what may be considered the most purely missionary work in the Episcopal church of the United States. His address last week before the Missionary Council assembled in Detroit was listened to with great interest.

Purify The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. **Your** There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. **Blood** Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

$5,000 Expended on Doctors and Medicine Without Avail—Gave Himself up to die.

Good Wife Suggests Cuticura Remedies—Used Them 7 Months, and is Entirely Cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the Cuticura Remedies, which were so extensively advertised and used. I followed her suggestion, and am happy to say by diligent application of your Cuticura Remedies for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.

JACK THE RIPPER AGAIN

HORRIBLE BUTCHERY IN A BERLIN LODGING HOUSE.

A Woman Carved to Pieces and Portions of Her Body Carried Away Heavy Rewards Offered for the Detection of the Slayer.

BERLIN, Oct. 26.—This city has been treated to a "Jack the Ripper" sensation. body of a miserable, wretched abandoned woman was found horribly stabbed in her lodgings in a squalid quarter of the town. The body was horribly slashed and mutilated. The assassin escaped.

The woman was seen to enter the house with a stranger at 1 o'clock yesterday and 10 minutes afterwards the man was seen to run away. The woman was found a little later lying on the floor fully dressed, even to the matter of her gloves. Her throat was cut and abdomen ripped open. A large reward for her murderer was promptly offered. The police suspect a well dressed young man who was some time before on the street.

The name of the victim was Hedwig Nitsche, and she lived in Holsmarket Gasse. Portions of the woman's body after being cut off were carried away by the murderer. The room where the body was found and the surroundings were entirely untouched.

The person in charge of the building where the body was found drove a good trade for a while by exhibiting the remains to the public for a small sum of money until police interfered.

Blood was spattered all over the ceilings and walls of the room, and it seems impossible to arrive at any other conclusion than that the deed was the work of a madman.

The police have already arrested several persons, but they have all been discharged for lack of evidence, and the authorities are still hopelessly without a clue to the sickening tragedy.

The body of the woman was nearly severed and was ripped from the neck downwards. It seems that another woman tried to enter the room before the crime was committed. Her attempt disturbed the assailant who suddenly rushed out pushing aside several who were in his way.

The weapons used by the murderer were two knives belonging to the landlady of the house, but the police are of opinion that the first wound, and which would have proved fatal, was inflicted by the assailant's dagger. The excitement in town has greatly increased to-night. The rewards reach 300 marks.

The League of Peace

PARIS, Oct. 26.—A dispatch to The Figaro from Copenhagen, published to-day, says that during the imperial and royal gathering at Fredensborg, the palace of the Danish royal family, where the Emperor and Empress of Russia have made long visits this autumn, the formation of a "League of Peace" was discussed at length among the titled notabilities there assembled. According to The Figaro's correspondent this league is to include Russia, Servia, Montenegro, Greece, Sweden, Denmark and France. He adds that it was agreed that the league should be formed and that its constitution will be publicly announced in January.

The League of Peace, should it turn out to be an actual fact, will naturally be regarded as a counter move to the renewal of the Dreibund agreements openly announced by the Emperor of Germany previous to his recent visit to England.

Rain Making in India.

MADRAS, Oct. 26.—A spectacle witnessed here yesterday shows the Indian ideas of rain making by propitiating the goddess to whose malignity the dearth of rain is attributed by Hindu superstition. The barbarous practice of "hook swinging" has been revived. Iron hooks are thrust through the muscles of a man's back, ropes are fastened to the hooks by which the fanatic is hoisted into the air to the end of a cross yard, and he is violently swung round and round, his agonies being regarded as a votive offering of propitiation to the offended deity. The victim is always a consenting party to this barbarous ceremony.

An Open Switch

LONDON, Oct. 26.—An accident which caused serious injury to a brakeman named George Burr and considerable damage to rolling stock occurred in C.P.R. yard here near the station about 10 o'clock last night through a switch being left open. Rev. Mr. Patton, a Presbyterian minister, had a narrow escape.

Better Tobacco for French Smokers

PARIS, Oct. 26.—The Minister of Finance is considering the serious reduction in the quantity of tobacco used in France, and finds it to be the universal opinion that the falling off is owing to the bad quality of the weed supplied by the Government, which has a monopoly of the trade. He has now resolved to improve the system.

Two Irish Centenarians Die

DUBLIN, Oct. 26.—Two Irish centenarians died yesterday: one, Dennis Conway of Mallow, county Cork, whose age was 106 years; the other, Daniel Leary of Killarney, county Kerry, aged 102.

The Pope on the Disturbances

ROME, Oct. 26.—The Pope has written a letter to the Archbishop of Aix, who is to be prosecuted by the French Government for disregarding the circular of M Fallieres, the minister of public worship, enjoining the Archbishops of France not to leave their diocese without the consent of the Government, an order which was issued as a result of the recent popular manifestations at Rome against the French pilgrims, who were said to have behaved in a reprehensible manner at the Pantheon. In this letter the Pope says that he deplores the fact that the Roman rioters were allowed "to indulge with impunity in every kind of license, profaning the church, insulting the pontiff and maltreating pilgrims." The Pope adds that he hopes these incidents will not lead "to something more lamentable."

AN AWFUL HOLOCAUST

THREE CHILDREN BURNED TO DEATH

And Their Mother Fatally Burned in Trying to Rescue Them—Gulled the Public—Supposed to Have Been Drowned General Canadian News.

PENETANGUISHENE, Oct. 26.—John Cummings, a farmer on the 13th concession of Tiny, was burned out yesterday and his three youngest children were burned to death and his wife was so badly burned that it is very doubtful if she can live. The fire was started by the children lighting papers at the stove and throwing them into the woodbox. Cummings had only just left the house on his way to Sunday School, taking the eldest boy with him, and his wife was out milking. She ran in to save the children and her clothes caught fire. Cummings noticed the fire and ran back and met his wife with baby and cradle coming out. Her clothes were on fire. He went in for the children, but the heat and smoke were unbearable and he had to retreat without finding them.

THE POWDER EXPLODED

Two Children at Birtle Set Fire to a House and Perish.

BIRTLE, Man., Oct. 26.—Mr. and Mrs. Robert Newshim, well-known residents of this place, left their residence for a short time Saturday, leaving their children, aged respectively three and five years, in the house. While absent the little ones found a package of gunpowder, which they ignited. The explosion set fire to the house and both children were burned to death.

HIGGINS' WICKEDNESS.

How He Was Unmasked by the Woman He Illegally Married.

WARSAW, Oct. 26.—John B. Higgins in the early part of 1888 was in business in Perry with John Olin. His partner discovered that he was paying his individual indebtedness with checks drawn upon the firm, but Higgins left for Canada before his arrest could be procured. He has been in regular correspondence with his family, they receiving letters from him postmarked Toronto and addressing him at that place in reply.

On Nov. 12, 1889, he was married to Miss Margaret Carroll of Brooklyn, a reporter on The Evening Post. On Oct. 13 she opened a letter which came to him from his first wife, and thus learning the true state of affairs went at once to Perry, only to find that her husband had not been there.

ANENT THE POPE.

Monsignor O'Brien Interviewed on the Subject in Montreal.

MONTREAL, Oct. 26.—Monsignor O'Brien, domestic prelate of the pope, who brought the beretta to Cardinal Taschereau, is now on a visit to this city. In a talk concerning the published interviews with an eminent cardinal at Rome he said he did not believe that the interview ever took place. He is certain the pope has no intention at present of leaving Rome. The Italian Government had declared the Vatican government property and the pope an Italian subject, but Monsignor O'Brien did not believe that the authorities would drive matters to extremes. The pope would certainly not leave Rome till he was driven out and at present there seems no prospect of such a contingency.

AGAIN VISITS THE SCENE.

The Man Who Crossed Niagara on a Ropewalker's Back.

NIAGARA FALLS, Oct. 26.—There is sojourning here a man who achieved a great degree of notoriety in his day. His name is E. D. Buck, and the way he sprung into prominence was by being carried across Niagara River on a rope by Blondin, the popular idea at the time and since being that he displayed more intrepidity by the act than the latter. The feat was performed in July, 1859. For many years he has been employed on one of the liners running from New York to Liverpool.

GOT AWAY WITH THE CASH.

A Slick Young American Who Has Been Swindling the Canadians.

TORONTO, Oct. 26.—Recently Postmaster-General Wanamaker announced the arrival in the United States from Canada of circulars offering to sell $8 worth of Louisiana lottery tickets for the October drawing for $5. An investigation has proved that the affair was a fraud and forgery, and it was intended to-day to arrest A. J. McCullough, a stylishly dressed young American, who for a couple of months past has been residing at a select private hotel at Avonmore, as the culprit, but he paid his bill this morning and took his baggage and escaped. The matter was reported to the county crown attorney, who put the whole affair into the hands of the police. It has been found that the swindler got rid of about $10,000 worth of forged tickets. The sale of forged tickets for the lottery has been going on for some time, but in this case a thoroughly new and remunerative scheme was invented.

THE FISHERMEN WENT OUT.

Since Which Time no Clue to Their Whereabouts Has Been Found.

WIARTON, Oct. 26.—Capt. Crawford of the A. V. Crawford picked up a boat near Hope Bay. He recognized the boat and towed it into McGregor's Harbor and left it there. It appears that on Saturday evening Frank Nogowan and Sylvester Keasick left the Cape for Smoky Island to set their nets, and since that time nothing has been heard of them. The boat was probably swamped in the gale on Sunday night and the men washed off. There were several articles in the boat, among them some fish and nets.

The Third Victim Dead.

WINNIPEG, Oct. 26.—David Buntin died at the general hospital yesterday, making the third victim of the railway accident near Brandon on Tuesday. Deceased was from Dundas, Ont. John Joll, brother of another of the victims, arrived here yesterday to look after his brother's affairs.

BRITISH AND FOREIGN.

BALFOUR SAYS THE UNIONISTS WILL REMAIN SOLID.

Speaks in Defence of the Opportunists, Scores the G. O. M. and His Newcastle Program, and Has Fun With the Proposition to Abolish the Lords.

LONDON, Oct. 26.—Mr. Balfour in a speech at Bury last night asserted that the causes that produced the Liberal split were still working and that there was every indication that the Unionist alliance was becoming still closer. Mr. Balfour spoke in justification of "opportunism." It was inevitably produced, he said, by the development and evolution of society, which wanted new changes to meet new conditions. It must be the policy of every wise statesman, and it had been the Conservative policy. Sir William Vernon Harcourt had accused the Conservatives of delaying measures of benefit to the people. The fact was, however, that vastly more sound, sober legislation could be placed to the credit of the Conservatives during the past half century than to that of the Liberals. The speaker likened Mr Gladstone's Newcastle program to that of "a musical variety show." In this connection he drew a humorous word picture, concluding with a representation of Sir William Vernon Harcourt wearing the cap of liberty, leading the attack on the House of Lords, which was to descend into an abyss of blue fire. It was absurd, he said, to talk of abolishing little anomalies in the electoral system while allowing the big anomaly of the over-representation of Ireland to continue.

In conclusion he condemned Mr. Gladstone's land reform proposals as raising vain hopes among half-educated people and said Mr. Gladstone's Newcastle speech had contributed nothing to the sober and rational treatment of complex land problems.

AFFAIRS IN RUSSIA.

Stomachs of Dead Children Found Filled With Rags and Earth.

LONDON, Oct. 26.—The St. Petersburg correspondent of The Standard says the approach of frost has caused a renewal of the cries of distress. The Novosti estimates that 20,000,000 of the people are without food. Statistics prove conclusively that in many places speculators get extortionate prices. Corn merchants and village koolaks, or usurers, are charged with the responsibility for the extortion. A Samara paper declares that the Jews are angels compared with the Koolaks, who are in the habit of reducing those in their power to the lowest stage of poverty. Incidents showing the terrible distress of the people continue to be recorded.

A poor woman of Ratchino, on returning home from a neighboring village, whither she had gone to try to purchase food, found all her children dead, and a post-mortem examination being made their stomachs were found filled with rags and earth.

Many villages are completely deserted in the district of Perm. One-half of the population of Reazan has died of hunger or disease. An odious traffic is carried on in women's hair, the best heads realizing a crown apiece.

BISMARCK AGAIN.

Opposition to the Emperor's Policy Openly Announced.

BERLIN, Oct. 26.—The Reichstag will reassemble on Tuesday, Nov. 17, and the session will be opened by Emperor William in person.

It has now been definitely determined that Prince Bismarck will again make his appearance in Parliament. He has been in communication with the leaders of the Conservatives and of the Reichsparten in regard to concerted action against both the internal and external policy of the Government.

The Hamburger Nachrichten (Bismarck's organ) declares that the Prince in entering upon a Parliamentary conflict will if he finds it necessary reveal the causes of the conflict between himself and the Emperor.

A Welsh Lord Mayor.

LONDON, Oct 26.—Preparations are being made on a vast scale for the Lord Mayor's show. Owing to the fact that the incoming Lord Mayor is a native of Wales, one of the triumphant cars in the procession will be made to represent the scene of King Edward presenting the Welsh with their first Prince of Wales. There will also be a goodly representation of industries peculiar to Wales, Welsh miners, bards, etc.

Bright's Moral Fervor.

LONDON, Oct. 26.—John Morley presided Saturday at the ceremony of unveiling a statue of John Bright at Rochdale. After the unveiling Mr. Morley delivered to an immense audience in the town hall an elaborate eulogy on the great commoner. He held that the secret of Bright's matchless oratory and of its power over the masses was the moral fervor beating like a pulse under the array of spoken words.

Boulanger a Morphine-User.

PARIS, Oct. 26.—It has transpired that Gen. Boulanger was terribly addicted to the morphia habit. The most dramatic incidents of his life were passed while under the influence of morphia injection. It is also ascertained that the General's mistress, Mme. Bonnemain, was as well a victim of the dangerous drug.

Killed in a Colliery.

LONDON, Oct. 25.—An explosion occurred to-day in the Laura pit at Beuthen. Sixteen of the men at work in the mine at the time were unable to escape, and six of them were taken out dead. The fate of the remaining 10 is uncertain, but it is thought they may be rescued.

Davitt Will Not be Opposed.

DUBLIN, Oct. 26.—Owing to the decision of the Parnellites not to contest the seat for North Kilkenny, Mr. Davitt, being unopposed in that district, is preparing to devote himself to the Cork campaign.

Mrs. Fitzsimmons Sent to Prison.

PITTSBURG, Pa., Oct. 26.—Mrs. Lucy Fitzsimmons, who was found guilty of murder in the second degree for the killing of Detective Gilkinson, has been sentenced to eight years in the penitentiary. Her husband, Frederick C. Fitzsimmons, while awaiting trial on the same charge, escaped from jail and has not yet been caught.

The Queen is Well

LONDON, Oct. 26.—In reply to an inquiry, Sir Henry Ponsonby telegraphs from Balmoral Castle at 7.03 p.m. that there is no truth in the rumors about the Queen's illness. Her Majesty is very well.

Brakeman Crushed.

HAMILTON, Oct. 26.—Charles Kievel, a brakeman employed on a gravel train on Toronto branch, was caught between two flat cars and was badly crushed about the [illegible]

Several Cottages Burned.

SANDWICH, Ont., Oct. 26.—Shortly after 1 o'clock Saturday morning an unoccupied house belonging to Joseph Boismier was found to be burning, and before the fire could be stopped it destroyed frame cottages owned by Miss Godfrey, Mrs. William Henderson and a two-story frame house owned by Frances Cleary, the latter occupied by Mrs. Senandre. The losses are: Joseph Boismier $400, Miss Godfrey $700, Mrs. Henderson $1000, Mrs. Frances Cleary $850.

Fifty Million For Public Works.

MELBOURNE, Oct. 25.—A bill will shortly be submitted to the Parliament of this colony providing for a loan of $50,000,000, the money to be employed in the construction of railways and other productive works. The maximum rate of interest which the Government will pay is 4 per cent. The first instalment of this loan, amounting to $15,000,000, will be offered for subscription in January next.

Austria's Danube Cruisers

BELGRADE, Oct. 26.—Great excitement has been caused here by the news that the Austrian Government has decided to keep three gunboats at [illegible] Danube cruisers, this step being taken as a precautionary measure against Servia's attempt to place the trade of the Servian river ports entirely in Russian hands.

OTTAWA NEWS.

Resignation of Mr. A. M. Burgess, Deputy Minister of the Interior.

OTTAWA, Oct. 26.—The report of the Cabinet Council, based on the report of the sub-committee of the council respecting irregularities in the Department of the Interior, having been approved by His Excellency, is given out. The resignation of Mr. A. M. Burgess, Deputy Minister of the Interior, is accepted, but he is offered the position of a first-class clerk. It is thought that he will not accept the degradation in rank. The report finds that no less than 60 officers, permanent clerks and extra clerks of the Department obtained money improperly or certified improperly to accounts, and a penalty of one month's salary is imposed on each of these 60. It is believed a new deputy will be appointed at once.

A Midshipman's Suicide.

COPENHAGEN, Oct. 26.—Suicide seems to be epidemic here. Baron Sergius Geradoff, an officer in the Life Guards and an intimate friend of Prince Christian, shot himself last month, and news has just leaked out that a very popular young midshipman in the Danish navy named Simonsen blew his brains out four nights ago in the presence of Prince Karl. Simonsen was the son of a celebrated singer of the Royal Theatre.

During the evening there was a farewell festival to honor two retiring masters of the Naval College and some midshipmen were present, including Simonsen and Prince Karl.

Shortly after 9 o'clock Simonsen, who was only 19 years old, left the party and went upstairs to his room. As he did not return Prince Karl went to look for him and found him in bed.

"What's the matter?" asked the Prince.

"Oh, only my nose bleeding!" answered Simonsen.

"Take one of my handkerchiefs," said the Prince.

"Thank you," was the answer, "I have some myself."

Simonsen got up and went to a cabinet, as if to get a handkerchief, instead of which he took a revolver, and, before the Prince could interfere, shot himself in the head and fell a corpse on the floor.

The Prince had the sad news broken to Simonsen's parents, who were both at the theatre, where his mother was singing in "William Tell."

No cause is assigned for this suicide.

A Notorious Murderess.

BELGRADE, Oct. 26.—The trial of a notorious female brigand named Milar has commenced at Posarevatz. She has been the terror of Servia for years on account of the torture which she inflicted upon her victims. She is charged with 14 murders and an endless number of robberies.

Sir William's Revenge.

LONDON, Oct. 26.—Sir William Gordon-Cumming, of baccarat fame, who is rusticating in the Highlands, has lodged a protest with the municipal council of Elgin against that body appropriating money to be used in tendering a public reception to the Duke and Duchess of Fife, daughter and son-in-law of the Prince of Wales.

Notwithstanding the fact that strenuous efforts have been made to induce Sir William to withdraw his protest, he remains firm in pressing it.

There are not wanting those who condemn Sir William for seeking to strike at the father through the daughter.

The Czar Invited to Paris.

PARIS, Oct. 26.—It is reported that Count De Montebello, who has been transferred from the French Embassy in St. Petersburg to that in Vienna, has been instructed to endeavor to induce the Czar to visit Paris and to assure him of the heartiest welcome.

Soldiers Killed by Bombs.

BUCHAREST, Oct. 26.—As a military train was passing through the town of Reni, in Bessarabia, on Wednesday last bombs were thrown by which 10 soldiers were killed and six seriously injured.

Has He Your Address?

NEW YORK, Oct. 26.—Central office detectives have just unearthed the headquarters of the "green goods" business in this city, together with the cypher code, books of references, lists of names and some 6000 letters received from people in reference to the purchase of goods from every state in the Union and Canada. They have also arrested Frank Brooks and Terence Murphy, the head operators and leaders in the business. They also learned the combination had just sent out 500,000 circulars and letters preparatory to the winter's work. Inspector Byrnes has the names of the people to whom these circulars were addressed.

Typesetting Machines.

CHICAGO, Oct. 26.—The second week of the typesetting machine contest closed Saturday. During the past six days the machines have been operated for public exhibition and several hundred newspaper men from all parts of the country have visited Chicago to look into the merits of the four machines in the contest—the Mergenthaler linotype, the Rogers typograph, the McMillan typesetting machine and the St. John typobar. The report of the committee which conducted the contest will not be ready until some time in November.

Dehorning as a Cure.

CINCINNATI, Oct. 26.—Spanish fever has broken out at the Cincinnati stock yards. Seventeen cattle have already died. The remedy now being tried is sawing off the horns of the affected animals.

Lake George Channel Clear.

SAULT STE. MARIE, Oct. 26.—At 11 a.m. yesterday the wreckers on the Peck succeeded in pumping out the hold sufficiently to cause her to rise and swing into the channel with the assistance of tugs. The Favorite towed her to the lower entrance of Lake George Flats.

Eaten by a Bear.

BAY CITY, Mich., Oct. 26.—A. C. Merchant from Linwood says a man came in from the Polish settlement, 8 miles away, last night and reported that a 6-year-old boy who was out gathering nuts was killed and eaten by a bear. A party of searchers found the bones and clothing.

Crucified a Cat.

KALAMAZOO, Mich., Oct. 26.—Three lads named Collins and Pfeiffer have been accused by the Very Rev. Frank A. O'Brien of St. Augustine's Church of crucifying a cat. The boys were playing "Oberammergau" and nailed the feet of the cat to a cross. The tail interfering was cut off and then nailed on.

Bishop Anson Badly Hurt.

WINNIPEG, Oct. 26.—Bishop Anson was thrown out of his carriage near Qu'Appelle yesterday by his horse shying. He alighted on his head and concussion of the brain resulted.

Trains to Run by Electric Power.

SPOKANE FALLS, Wash., Oct. 26.—Henry Villard, who is making a tour of the Northwest, to-day expressed the belief that all trains of the Northern Pacific would, before long, be operated by electric power.

The Light Shone on the Face of a Corpse.

PHILLIPSVILLE, Ont., Oct. 24.—Chester Haskins noticed that his wife was breathing heavily. He arose and procured a light, only to find on his return to the bedside that Mrs. Haskins was dead.

Rented Earnscliffe.

OTTAWA, Oct. 24.—It is understood that General Herbert has rented Earnscliffe for the balance of his term in Canada as commander of the militia.

Mr. Dibbs Forms a Cabinet.

SYDNEY, N.S.W., Oct. 24.—Mr. Dibbs leader of the Opposition in the New South Wales Legislature, has formed a new Cabinet. Mr. Dibbs succeeds Sir Henry Parkes, whose resignation was announced on Monday last as Premier and Colonial Secretary.

"Don't Care to Eat."

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

NEW TAILORING STORE.

THANKS, GENTLEMEN! Thanks for the hearty and liberal patronage bestowed on us already. We have had a far bigger "send off" than we expected.

Since we opened our doors and for a week or more before we have been flooded with orders from good old friends and well-wishers. Every day the rush continues, and our measure books tell the tale of our popularity. Saturday was a big bonanza for us, having taken thirty-nine measures during the day.

We take pleasure in asking an inspection of our stock of

Tweeds, Suitings, Overcoatings,

Pantings and Men's Furnishings.

Every garment cut and made by us is as pretty as a picture. A perfect fit always guaranteed when the "Old Reliable" Pete Simons bosses the job.

J. J. SHEEHY'S

SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS,

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfuly,

J. J. SHEEHY.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

THE DR. WILLIAMS' MED. CO.

Daily Examiner.

MONDAY, OCTOBER 26, 1891.

THE gold watch and chain presented to Mr. Davies, M.P., by his P. E. Island admirers at Charlottetown last week, is a handsome gift, costing something like $290. The watch is quite unique. It is a Swiss stem winding stop watch and contains a tinkling bell to enable one to tell the time in the dark. When a pin is pressed the hour is struck, then the minutes. On side of the case is Mr. Davies' monogram, on the other the following inscription beautifully engraved: "Hon L. H. Davies, a token of esteem from his constituents."

SPEAKING of the price of eggs, Mr. M. Haig, of the firm of Haig & McMaster, provision dealers, Ottawa, said: "We are selling eggs now at fifteen cents per dozen. At the same date last year the price was 20 cents; of course the figures received by the farmers are proportionately lower. We buy from country merchants, who, of course, make a profit when they sell to us. The price of eggs during the past summer did not average over 13 cents per dozen compared with about 16 cents in 1890. Many farmers killed off their fowls when they found the price of eggs falling, and the scarcity thus produced kept the price up a little."

THE *Canada Presbyterian* says that it is amusing to see Mr. Chapleau worrying himself with the fear that the Montreal Presbytery and Principal Grant may not have read the evidence in the cases recently investigated in Ottawa. What really does worry the honorable gentleman is that they have read the evidence too carefully. Unfortunately, it was not necessary to read the evidence in all the cases. In the meanest case of the lot—the meanest we should hope ever brought to light in an English-speaking community, the counsel for the defence practically admitted that Government positions had been sold for a small sum of money, though he contended the sale was not made by his client. In some of the other cases no evidence was needed but the story was told by the gentlemen who carried on the operations. Mr. Chapleau need not trouble himself about the neglect of the clergy to read the evidence. They know all about it.

The Condition of the Farmers.

The position of a large number of farmers, almost the entire class of renters, had become so critical because of short crops and low prices that nothing but this year's good harvest has saved many of them from the sheriff. For this they may give thanks. But their thanksgiving can be for little more than that there has not come upon them a finishing disaster. They could not have lived through another bad year. Under natural conditions when the yield is light the strain upon the farmer may be diminished by better prices, but this saving chance has been largely withdrawn from the Canadian farmer by the tariff wall which has been erected between him and his nearest market. It is because of this that in his farming now his only hope is that the yield may be large, and it is because of it that he is hopeless and desperate if the crops run light.

In Ontario last year many farmers did not pay a dollar of rent. They have lived through the twelvemonth working hard and living sparingly in order to be in a position to clear off the arrears. After that has been done there will not be much left for themselves. The land owners and the loan companies will get about all the profit there is in the harvest. They receive their rents and interest while the farmers have only the permission to continue for another year their untiring work and grinding economy. The stress of the past few years has not, of course, borne so heavily upon farmers who own land free of encumbrance, but they are in a large minority in Ontario. The farms along the lake front are now generally worked by tenants. The old owners have retired to live upon their rents in the towns and villages; they had grown aged, their children had left them and the land has had to be rented. The exodus of the young men and the operations of the farm mortgage have extended the sway of landlordism very considerably. This is true more particularly of the front counties. Back in the rear there are more farms in owners' hands, where the young people have remained to take the place of the old folks. But among these, too, there has been distress and deprivation wherever there have been mortgages. The loan companies have not cared to add to their embarrassments by taking stringent measures with delinquents, but in spite of this policy of leniency and waiting, which is likely to last until the price of farm lands begins an upward movement, they have been obliged to make a large number of foreclosures. In nearly every case the result has been that the farmer's margin or equity which represented the savings and pinchings of his lifetime, have been wiped out. In Clarke township recently a farm was sold under a mortgage held by a loan company for $3,700, which five years ago was bought for $6,000, and this is by no means an unusual depreciation. The condition of the encumbered farmer after this harvest is little better than that of the renter. By it he is enabled to pay off the arrears of interest and is allowed a year's respite. The rhapsodies of harvest home speeches are bitter with irony to a large majority of the farmers of the Province, and bitterest when they are delivered by men who advocate the restrictive policy that has done what it can, as in the case of barley, to nullify the effect of a heavy crop. The yield of barley this year was from 40 to 55 bushels to the acre in many localities; 45 bushels was not unusual. Multiply 45 by 30 cents and you arrive at the tax per acre which the barley-grower pays to the United States treasury. Take the McKinley duties and multiply them in the same way by the acreage of the different coarse crops and the total is a tidy sum, which, in the farmer's pocket, would help materially to set him on his feet.

The Proof of the Pudding.

Have you humors, causing blotches?
Does your blood run thick and sluggish?
Are you drowsy, dull and languid?
Is a bad taste in your mouth, and
Is your tongue all furred and coated?
Is your sleep with bad dreams broken?
Do you feel downhearted, dismal.
Dreading something, what, you know not?
Then be very sure you're bilious—
That you have a torpid liver,

and what you need is something to rouse it and make it active enough to throw off the impurities that clog it; something to invigorate the debilitated system, and help all the organs to perform the duties expected of them, promptly and energetically. That "something" is Dr. Pierce's Golden Medical Discovery, the great Blood Purifier, which its proprietors have such faith in that they guarantee it to cure. If it does not, your money will be refunded. But it will. Buy it, try it, and be convinced of its wonderful power. If the proof of the pudding is in the eating, the proof of this remedy is in the taking. a

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence, and is a life saver to consumptives. In big bottles, 50c. and $1, at Peterborough Drug Stores. dw

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as *Biliousness, Dyspepsia, Constipation*, Scrofula, Bad Blood cannot exist. dw

Never allow the bowels to remain constipated lest serious evil ensue. National Pills are unsurpassed as a remedy for constipation. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the child bright and healthy. dw

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion. dw

Turn the Rascals Out.

We refer to such rascals as dyspepsia, bad blood, biliousness, constipation, sick headache, etc., infesting the human system. Turn them out and keep them out by using Burdock Blood Bitters, the natural foe to disease, which invigorates tones and strengthens the entire system. dw

Milburn's Aromatic Quinine Wine fortifies the system against attacks of ague, chills, bilious fever, dumb ague and like troubles.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla. Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

EVERY day makes more apparent the fact that the town is going ahead rapidly! Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

ALLEN'S LUNG BALSAM.

NO BETTER REMEDY FOR

COUGHS, COLDS, CROUP, CONSUMPTION, &C.

"German Syrup"

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees.

A Germ Disease. The phlegm that is coughed up is those parts of the lungs which have been gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in, loosens them, kills them, expels them, heals the places they leave, and so nourish and soothe that, in a short time consumptives become germ-proof and well. ⊕

KILLED THEIR CAPTAIN.

Aleck Donnelly of the Coaster Greyhound Killed at Stokes Bay.

OWEN SOUND, Oct. 24.—Capt. Aleck Donnelly of the Greyhound, which sailed out of Kincardine, was killed in his coaster the other day at Stokes Bay. It appears he was in the hold and one of the truckers dumped a truck of cordwood down the hatchway upon him without any warning, killing the unfortunate man instantly. His widow is now in Detroit, who is left with five children.

The deceased captain was both an Orangeman and a Mason and was quite well known in Owen Sound.

STATE OF TAADE.

Collections Have Improved and Business is Fairly Active in Canada.

NEW YORK, Oct. 24.—Special advices to Bradstreet's by telegraph indicate a continuance of the moderate rate of increase in the volume of general trade

There is a fair volume of business reported in general lines at Toronto and prospects are bright. A similar report comes from Montreal also. Ocean freights are in good demand at the latter point and mercantile collections have improved. The Dominion reports 53 business failures this week against 50 last week and 33 this week last year. The total number January 1 to date is 1481 against 1302 last year. Dominion bank clearings (three cities) aggregate $19,417,093 this week, an increase of 5.9 per cent. compared with last week.

PRECOCIOUS BOYS.

A Venturesome Lad Sails Away in One He Manufactured.

HANOVER, Ont., Oct. 24.—Five small boys, of not more than 10 years of age, purchased several yards of factory cotton and had one of the tailors make a balloon for them. They repaired to the back yard of the Johnston property and dug a trench, started a fire in it and placed the cotton in position. Pretty soon it began to expand and a clothes basket was then tied to the bottom. Herman Wendorf climbed into the basket and called to the boys to let her go. Up she went with a rush over the barn and trees with the young aeronaut clinging to the basket for dear life. He was about to jump when he fortunately remembered his jack-knife. A long gash in the cotton was the work of an instant, the gas commenced to escape and the balloon began to descend. When still some distance from the ground the badly frightened boy jumped out but was not badly hurt.

INSECTS IN CIGARETTES.

Much Bronchial Trouble is Caused by the Little Pest.

ST LOUIS, Mo., Oct. 24.—Dr. Ohmann Dumesnil has discovered the presence of an insect peculiar to cigarets. He said today, as he displayed a number of the bugs under the microscope: "This singular bug is what we call a coleopterous insect. It crawls into a box of cigarets, bores a hole through the rice paper, lays an egg and then escapes. The larvae develops into a worm, and for the want of something better it eats tobacco. Many mysterious cases of bronchial affection are traced to this source."

Reprieved to Die.

KINGSTON, Oct. 24.—Alexander Newman, sentenced in October, 1887, to 20 years in the penitentiary for setting fire and destroying the Salvation Army barracks in this city, was released yesterday. Up[illegible] in the last stage of consumption, and the [illegible] General [illegible] him [illegible] share at the hands of his [illegible]. His accomplice, Anderson, is serving his sentence for complicity in the same crime.

The Remains of a Mail Bag Robbery.

OTTAWA, Oct. 24.—Yesterday in the aqueduct near the C.P.R. station, Policeman Thomas P. Graves found a water-soaked bundle of big blue official envelopes with the printed address on the outside to the Postmaster-General. They were all empty. Along with the envelopes was a Government savings bank deposit book with the name of John Shaw, Toronto, with entries to the amount of $90. Graves handed the parcel over to the Postoffice Department. It is supposed the articles are part of the useless contents of a robbed mail bag.

Held Up at His Own Hen Roost.

CHATHAM, Oct. 24.—Alonzo Crow of Raleigh heard a commotion in his hennery, and armed with a shotgun went to investigate, when he came upon three men depleting the roosts. He challenged the trio, one of whom responded by presenting a pistol in close proximity to his person and making him lower his gun. He practically had to "hold up his hands" until such time as the coops with their contents were loaded and driven away.

East Wellington Nomination.

FERGUS, Ont., Oct. 24.—At the Reform convention held here Friday John Craig of *The Fergus News Record* received the nomination on the first ballot to fill the vacancy for East Wellington in the Local Assembly.

Dr. Wylie Removing to Toronto.

STAYNER, Ont., Oct. 24.—The citizens of Stayner presented a suitable address and gold watch to Dr. Wylie, M.L.A., upon his departure to reside in the city of Toronto. The chair was occupied by Mayor Rogers. He has occupied many public positions here.

A Babe in a Box.

PORT HOPE, Oct. 24.—As Mr. George Salens was making some repairs on his house in Park-street yesterday, he discovered a box concealed in the cellar, and upon opening it was horrified to find the partly decomposed remains of an infant. The body must have been in the box for several months, as only a few bones were left to tell the story of somebody's shame.

Sir John Thompson's Affliction.

OTTAWA, Oct. 24.—Sir John Thompson's 12-year-old daughter Frankie is dying with hip disease produced by a fall. Her sisters have been brought home from Montreal, where they are at school, and the family is in great distress.

Will Have to Leave Life at Its Threshold.

OTTAWA, Oct. 24.—It is not likely the Government will interfere in the case of William Pattenden, aged 16, found guilty of murdering Mrs. Rodney, the housekeeper on the farm where he was employed, and sentenced to be hanged at Winnipeg on Dec. 17. Pattenden is an Englishman. He quarreled with Mrs. Rodney during the absence of his employer and shot her dead, then threw the body into an old well.

Freight Through the Tunnel.

SARNIA, Oct. 24.—Eastbound freight traffic on the Grand Trunk will to-day commence running through the tunnel. One of the Mogul engines was run through to-day and everything is in first-class shape.

Children Cry for Pitcher's Castoria.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19.500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

THE ENTERING WEDGE FOR PUBLIC TRADE!

WE SPLIT PRICES IN HALF.

The Big Star Clothing House is booming along, sending out the Goods to the distraction and mortification of the long established trades, who hate to see, what thev think, their reservations encroached upon.

We are here to encroach, and will drive out of sight competition, or know the reason why. We don't care how cheap any firm claims to be, or how thunderful their methods, we can pull the wool over their eyes and sell right under their noses to people they call their customers.

STACKS OF PANTS! STACKS OF COATS! STACKS OF VESTS! STACKS OF SUITS!

Every Line a Leader! Every Price a Killer for our Competitors!
Remember the Store—Opera House Block, George Street.

"German Syrup"

The majority of well-read physicians now believe that Consumption is a germ disease. In other words, instead of being in the constitution itself it is caused by innumerable small creatures living in the lungs having no business there and eating them away as caterpillars do the leaves of trees.

A Germ Disease. The phlegm that is coughed up is those parts of the lungs which have been gnawed off and destroyed. These little bacilli, as the germs are called, are too small to be seen with the naked eye, but they are very much alive just the same, and enter the body in our food, in the air we breathe, and through the pores of the skin. Thence they get into the blood and finally arrive at the lungs where they fasten and increase with frightful rapidity. Then German Syrup comes in, loosens them, kills them, expels them, heals the places they leave, and so nourish and soothe that, in a short time consumptives become germ-proof and well. ●

KILLED THEIR CAPTAIN.

Aleck Donnelly of the Coaster Greyhound Killed at Stokes Bay.

OWEN SOUND, Oct. 24.—Capt. Aleck Donnelly of the Greyhound, which sailed out of Kincardine, was killed in his coaster the other day at Stokes Bay. It appears he was in the hold and one of the truckers dumped a truck of cordwood down the hatchway upon him without any warning, killing the unfortunate man instantly. His widow is now in Detroit, who is left with five children.

The deceased captain was both an Orangeman and a Mason and was quite well known in Owen Sound.

STATE OF TAADE.

Collections Have Improved and Business is Fairly Active in Canada.

NEW YORK, Oct. 24.—Special advices to Bradstreet's by telegraph indicate a continuance of the moderate rate of increase in the volume of general trade.

There is a fair volume of business reported in general lines at Toronto and prospects are bright. A similar report comes from Montreal also. Ocean freights are in good demand at the latter point and mercantile collections have improved. The Dominion reports 53 business failures this week against 50 last week and 33 this week last year. The total number January 1 to date is 1481 against 1302 last year. Dominion bank clearings (three cities) aggregate $19,417,093 this week, an increase of 5.9 per cent. compared with last week.

PRECOCIOUS BOYS.

A Venturesome Lad Sails Away in One He Manufactured

HANOVER, Ont., Oct. 24.—Five small boys, of not more than 10 years of age, purchased several yards of factory cotton and had one of the tailors make a balloon for them. They repaired to the back yard of the Johnston property and dug a trench, started a fire in it and placed the cotton in position. Pretty soon it began to expand and a clothes basket was then tied to the bottom. Herman Wendorf climbed into the basket and called to the boys to let her go. Up she went with a rush over the barn and trees with the young aeronaut clinging to the basket for dear life. He was about to jump when he fortunately remembered his jack-knife. A long gash in the cotton was the work of an instant, the gas commenced to escape and the balloon began to descend. When still some distance from the ground the badly frightened boy jumped out but was not badly hurt.

INSECTS IN CIGARETTES.

Much Bronchial Trouble is Caused by the Little Pest

ST. LOUIS, Mo., Oct. 24. Dr. Ohmann Dumesnil has discovered the presence of an insect peculiar to cigarets. He said today, as he displayed a number of the bugs under the microscope: "This singular bug is what we call a coleopterons insect. It crawls into a box of cigarets, bores a hole through the rice paper, lays an egg and then escapes. The larva develops into a worm, and for the want of something better it eats tobacco. Many mysterious cases of bronchial affection are traced to this source."

Reprieved to Die.

KINGSTON, Oct. 24.—Alexander Newman, sentenced in October, 1887, to 20 years in the penitentiary for setting fire and destroying the Salvation Army barracks in this city, was released yesterday. [illegible] in the last stage of consumption, and the [illegible] General [illegible] to [illegible] the [illegible] of his [illegible]. His accomplice, Anderson is [illegible] the sentence for complicity in the same [illegible].

The Remains of a Mail Bag Robbery.

OTTAWA, Oct. 24.—Yesterday in the aqueduct near the C.P.R. station, Policeman Thomas P. Graves found a water-soaked bundle of big blue official envelopes with the printed address on the outside to the Postmaster-General. They were all empty. Along with the envelopes was a Government savings bank deposit book with the name of John Shaw, Toronto, with entries to the amount of $90. Graves handed the parcel over to the Postoffice Department. It is supposed the articles are part of the useless contents of a robbed mail bag.

Held Up at His Own Hen Roost.

CHATHAM, Oct. 24.—Alonzo Crow of Raleigh heard a commotion in his hennery, and armed with a shotgun went to investigate, when he came upon three men depleting the roosts. He challenged the trio, one of whom responded by presenting a pistol in close proximity to his person and making him lower his gun. He practically had to "hold up his hands" until such time as the coops with their contents were loaded and driven away.

East Wellington Nomination

FERGUS, Ont., Oct. 24.—At the Reform convention held here Friday John Craig of The Fergus News Record received the nomination on the first ballot to fill the vacancy for East Wellington in the Local Assembly.

Dr. Wylie Removing to Toronto

STAYNER, Ont., Oct. 24.—The citizens of Stayner presented a suitable address and gold watch to Dr. Wylie, M.L.A., upon his departure to reside in the city of Toronto. The chair was occupied by Mayor Rogers. He has occupied many public positions here.

A Babe in a Box.

PORT HOPE, Oct. 24.—As Mr. George Galens was making some repairs on his house in Park-street yesterday, he discovered a box concealed in the cellar, and upon opening it was horrified to find the partly decomposed remains of an infant. The body must have been in the box for several months, as only a few bones were left to tell the story of somebody's shame.

Sir John Thompson's Affliction.

OTTAWA, Oct. 24.—Sir John Thompson's 12-year-old daughter Frankie is dying with hip disease produced by a fall. Her sisters have been brought home from Montreal, where they are at school, and the family is in great distress.

Will Have to Leave Life at Its Threshold.

OTTAWA, Oct. 24.—It is not likely the Government will interfere in the case of William Pattenden, aged 16, found guilty of murdering Mrs. Rodney, the housekeeper on the farm where he was employed, and sentenced to be hanged at Winnipeg on Dec. 17. Pattenden is an Englishman. He quarreled with Mrs Rodney during the absence of his employer and shot her dead, then threw the body into an old well.

Freight Through the Tunnel.

SARNIA, Oct. 24.—Eastbound freight traffic on the Grand Trunk will to-day commence running through the tunnel. One of the Mogul engines was run through to-day and everything is in first-class shape.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

THE BIG GROCER,

340 George St., Peterborough

FOR INTERESTED PARTIES!

An Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

New Salvation Army Barracks.

The Salvation Army barracks on Bond street, Fenelon Falls, says the *Gazette*, is rapidly approaching completion, and will be formally opened on Hallow E'en, though the building will not be quite finished by that time. The lathing of the inside is nearly done, the plastering will be begun on Monday and the novelty siding for the exterior is all on the ground. The building measures 30 x 56 feet, and is two stories high. As several members of or sympathisers with the army have worked gratuitously, it will not cost as much as might be expected.

A Galway Gold Mine.

On Wednesday morning says the Fenelon Falls *Gazette*, Messrs. Joseph McArthur, Daniel Kilrain, Wm. A syndicate in this village own two or three claims in that township or vicinity, and specimens of the ore from the one about to be worked were assayed some time ago and yielded gold at the rate of $8 per ton, and it is said that $5 per ton will pay expenses and afford a moderate profit.

This road was constructed to carry pilgrims to this celebrated healing shrine, and there is an immense passenger traffic done. During the four months of the past season the road carried to St. Anne's de Beaupre, the great total of 131,000 passengers, almost exclusively pilgrims, and in one day as high as 6,000 passengers were carried. The pilgrims come from every part of the continent, pilgrimages being organized from points beyond the Mississippi river. Mr. Russell states that whatever the nature of the maladies healed there is no doubt that many miraculous cures are effected.

A Great Telephone Improvement.

Mr. G. L. Schaefer, manager of the local Bell Telephone agency, has invented a device which greatly simplifies the use of the telephone. The user of the telephone does not need to ring up the central or ring off. Mr. Schaefer's device operates in this way:—the simple lifting of the telephone from its hook rings up the central, and all the user has to do is to apply the telephone to his ear and talk. The restoration of the telephone to the hook does the ringing off. The cost of device Mr. Schaefer employs is very trifling, and it can be easily applied to any instrument. It is understood that Mr. Schaefer has applied for a patent for his invention.

A False Fire Alarm.

At least the fire was abortive. The brigade turned out on Saturday evening to put out a fire which consisted of a burning chimney on Murray street. In this connection it must be firmly impressed upon the public that in ringing a fire alarm the number of the ward must be given and the name of the street also given. This would simplify and facilitate matters very much. The operators at the telephone station cannot notify the fire brigade of the locality of the fire unless these precautions are observed. In ringing an alarm always give the number of the ward, and the name of the street, stating whether it is east or west, north or south. This is a simple thing to do and will tend to save valuable time, and consequently valuable property.

Level Headed Ticket Agents.

The Canadian Ticket Agents' Association, which held its last annual meeting in Montreal, had the good taste and judgment to select Peterborough as the place of their next annual gathering—about a year hence. Mr. J. P. Hurley, of the Grand Trunk up-town agency, has been appointed a member of the Executive Committee, and to him will largely fall the task of making local arrangements for the accommodation of the delegates, and there is no doubt this part of the programme will be well attended to. There will be about 200 delegates for the town to entertain, and Peterborough will certainly maintain her hospitality, and the delegates will have no reason to regret that, after a hard fight, Peterborough was selected instead of London for the place of the annual gathering of the Association.

A Policeman's Poetic Justice.

Sunday a policeman in plain clothes was taking a walk at the usual rapid pace the blue coats affect. On Lake street he heard from a vacant house with broken windows the words: "It's my trick!" "No, it isn't—it's mine by ——. The money's mine!" etc. Getting gently up to one of the windows the cop put his head in and genially saluted the group of four players and one spectator. They were having a quiet game of euchre, at about a cent a corner. At the sight of the minion of the law, the group scrambled through the window, leaving cards and money behind. The policeman collared the pot, and to make a moral balance, gave the six cents that constituted the pot to two young boys going to Sunday School, to be put in the missionary box. The gamblers may get their cards by applying at the police station.

EPPING, N.H., November 1888.

M. S. LACHANCE,
Montreal,

DEAR SIR,

Please receive as a token of gratitude, the following testimony, which I hope may be useful to some of those who, like myself, are suffering from the pernicious effects of intoxicating liquors.

I had been using alcoholic liquors to excess for 30 years (I used to drink on average, one gallon every week) and I tried at different times, and by different means to get rid of such a noxious habit; but I always failed in my attempts. One day I read your advertisement of the *Father Matthew Remedy* and I resolved to try it at once. A few days afterwards I received a bottle of that Remedy, which you had sent me by express, and as soon as I had taken the first dose, I felt an astonishing relief. Encouraged by this fortunate outset, I went on taking the Remedy until the whole bottle was emptied, following with a *strict regularity* the directions given. For the last four months I am using this bottle of *Father Mathew Remedy*, and I am now quite another man; my appetite is excellent and do not feel the least desire for intoxicating liquors. This Remedy has done me so much good in every respect, that I believe it is my duty to recommend it whenever I have opportunity to do so. Some persons to whom I have recommended your invaluable Remedy, and who wished to give it a fair trial, asked me to order some for them; therefore you will find herein enclosed five dollars ($5.00) for six bottles of *Father Mathew Remedy*, which you will kindly send to me as soon as possible.

Your obedient servant.

Sunday's Sermons and Services.

Two Distinguished Divines in Local Pulpits—Dr. Sutherland in George Street Methodist Church—Dr. Wells' Last Canadian Sermon in St. Paul's—Large Congregations—Eloquent Discourses.

On Sunday two of the distinguished divines, who came to Peterborough to attend the Christian Endeavor Convention, remained over Sunday—Rev. Dr. Sutherland of Toronto, and Rev. Dr. Wells, of Montreal, who is *en route* to Minneapolis to take the pastorate of a church in that city, and he did Peterborough the honor to preach here the last sermon he will deliver in Canada, at least for some time to come.

On Sunday special services were conducted at the George street Methodist church in celebration of the completion of the church tower. At the

MORNING SERVICE

there was a large congregation. The choir was out in good force and Miss Wrighton presided at the organ, in the absence of Mr. Seward from illness.

The pastor announced that the services of the day would be in celebration of the completion of the church tower, and he solicited liberal contributions to meet the indebtedness remaining.

Rev. Dr. Sutherland took for his text: St. Matthew, xvii, 1-5.

And after six days Jesus taketh Peter, James and John, his brother, and brought them up into an high mountain apart, and was transfigured before them; and his face did shine as the sun and His raiment was white as the light. And behold there appeared unto them, Moses and Elias talking with Him. Then answered Peter and said unto Jesus:—"Lord it is good for us to be here, if thou wilt let us make here three tabernacles; one for Thee, one for Moses and one for Elias." And while he yet spake, behold a bright cloud overshadowed them; and behold a voice out of the cloud, which said, "This is my beloved Son in whom I am well pleased, hear ye Him."

The Transfiguration mentioned in the text was, the preacher said, a distinct epoch in Christ's mission and teaching—a distinct disclosure to the disciples of the dignity of Christ as the Messiah; yet clouded with the shadow of his approaching sufferings. It was needed that the exaltation of Christ should be placed alongside his humiliation and suffering, and the disciples must have passed through many sore mental conflicts at this time. Christ's transfiguration, connected with his sufferings taught the lesson that God never sends special sufferings without accompanying it with special blessing. It was in the darkness of the solemn night, and on a solitary peak, that Christ's glorification came, teaching the lesson that if we would expect special spiritual grace we should pray in secret. There were both earthly witnesses—the three apostles, Peter, James and John—and heavenly witnesses—Moses and Elias—teaching that in the coming of Christ law and prophecy give place to the kingdom of grace—the fulfilment of the law. We had in this miracle a remarkable illustration of the effect of communion with God. Christ himself gave an example of much prayer. Among the great truths of the Bible that of prayer has been most cavilled at, but God had ordered that he would do for men for prayer what he would not do without. The Power that worked through the law could alter or change the law according to His will and purpose. Prayer to God was a force as much as light or heat, but it operated in a higher sphere, which controlled and dominated natural forces. Diversity of prayer could result in no confusion, for God's will was the balance wheel that regulated events in this connection. It was not given to men to have just what was desired, yet if it were given of God to ask for the recovery of a sick person that prayer would be answered. But it was a mistake, a grotesque burlesque, on this special grace for a man to expect to use it for the gratification of his unlimited desires or for worldly gain. The text taught that our beloved ones are living still. This belief was generally accepted; but if it were really believed in the heart it would hush the outbursts of grief over the loss of friends by death and be a joy instead. If our beloved ones still live in bliss, why should we indulge in frantic grief? To us our friends die, but to them we and the world die, while they rise to a higher, holier life. It is due to this fact that the truths of the Bible are so great a comfort to the dying. The text also showed that when we died we did not lose our personal identity—we remained the same persons. As to the resurrection of the body, there was no ground for this phrase, though it was found in certain creeds, but there was, the preacher asserted, no authority for it in the Scriptures—the Bible taught the resurrection of the dead. The speaker indicated from the text that the inhabitants of the happier world knew of and took an interest in the affairs of earth; and that we should know our friends on the other side. This belief was a powerful force to lift our thoughts and aspirations heavenward. St. Peter spoke a great truth when he said "It is good to be here"; it was good for the follower to be always where his Master is, and if it were good to be in communion with Christ, what would it be to be with Him forever face to face, in his heavenly kingdom forever?

THE EVENING SERVICE.

In the evening there was again a large congregation to listen to Dr. Sutherland. He took for his text I Corinthians, 11-15 "For other foundation can no man lay, etc." He pointed out that Jesus Christ was the only foundation, and he showed the divers materials—"gold, silver, precious stones used by very many persons; wood, hay, stubble," and the want of method and haphazard effort employed by men in the endeavour to build up spiritual and moral structures was very happily illustrated. He showed that those who used the right foundation, Jesus Christ, though they might build badly and weakly, would be served as by fire, and that it was the work and not the people that did the work, would be destroyed.

During the service, in addition to the usual anthem, a sacred duet was sung by Messrs. Manning and Louns.

The special collections taken for the tower fund amounted to about $50.

DR. WELLS AT ST. PAUL'S.

On Sunday evening there was a large congregation assembled in St. Paul's to hear Rev. Dr. Wells.

Rev. Mr. Torrance conducted the preliminary services and Dr. Wells read the scripture lesson giving a running comment and exposition that contained more spiritual meat than the average sermon.

The preacher began by saying that his text consisted of two short words, "Come" and "Go." "Come" stands first as the keynote of Christ's ministry, and was often used by Him—the first time in His official ministry to two of the disciples of John the Baptist—"Come and see." Their obedience to the command "come" resulted in the conversion of these two disciples, and the same invitation to-day, responded to, finds Christ ready to meet the obedient and bless them. The time when Christ began His work was a time of spiritual darkness and famine in Israel, and there was many a longing heart among the people thirsting for the water of life—and to them Christ's invitation came:—"If any man thirst let him come unto me." Jesus went forth in other places and gave the great invitation, but Judea and Galilee slighted the invitation. "He came unto his own and his own received him not," but in the face of all rejection and persecution we hear still the invitation, "Come unto me all ye that labour and are heavy laden and I will give you rest." Christ began and closed his ministry with the invitation "come." But He also says "go." He first asks the sinner to come, that they may go and spread the light and truth he has received. He sent forth the apostles and disciples with an insistent urging to go and spread the truth. Throughout all His life Christ taught that we should make immediate and earnest use of the privileges we have received through acceptance of the Gospel invitation. He has no sympathy with the apathetic, restful type of piety. The peace and blessing that Christ sometimes gives in special manner to His children, is not an end, it is a trust, a gift to fit us for going forth to work for Him. Christ only called men unto Him in order to send them forth to do His work, and the most humble was not excused. The harsh criticism that sometimes is visited upon inexperienced workers for Christ, was, the speaker said, not in consonance with the teaching and practice of Christ. The apostles and disciples were sent forth by Christ's personal command, and they were not as well versed in theology and Biblical knowledge as many a Sunday school scholar of to-day. The preacher took this occasion to justify the existence and methods of the Christian Endeavor Society of to-day, and also to justify the active work of women in the cause of spreading the word of Christ. The universal application of Christ's invitation embraced the whole world and all time. His invitation and command were "come" and "go." The speaker then pathetically described the Christ of Thorwalden as the marble embodiment of Christ's prominent characteristic—"come unto me." And Christ uttered that invitation, "come," through His ambassadors as insistently to-day as in the days of His earthly pilgrimage. But only obedience to the invitation to come, was a very incomplete phase of Christian Character. He wished all who come unto Him to go forth as the disciples went. No Christian could be at ease and be the faithful disciple of Jesus Christ, especially when the fields were white unto harvest. We should best illustrate the spirit of Christ when we were filled with a burning desire for the spread of the Gospel. In the last great day Christ would again say the words:—"Come, ye blessed," and to the disobedient and obdurate the awful word "go." "Come and go."

Sunday in St. Luke's was devoted to special intercessory services on behalf of Sunday schools. Rev. Mr. McCleary, rector, preached special sermons morning and evening.

On Sunday morning there was an exchange of pulpits between St. Andrew's and St. Paul's Presbyterian churches, Rev. Mr. Torrance preaching in the former church and Rev. Mr. McWilliams in the latter.

Mr. L. Seward, organist of the George Street Methodist Church, is prostrated with a terrible attack of his old enemy, neuralgia. He is confined to his room and since Wednesday has suffered the most intense pain—his only relief being derived from the use of anaesthetics hypodermically administered. He is slightly better to day.

Y. M. C. A. Notes.

On Saturday evening the young men's rally was well attended, several delegates to the Y.P.S.C.E. convention being present, who added much to the interest of the service by their bright testimony. The orchestra led the singing very acceptably.

The recent attack on the Jews in Storodub, Russia, arose from the dissatisfaction of the peasantry and townspeople because the Government did not stop the Jews from trading on Sundays. A mob took possession of the town, pillaging, wrecking and setting fire to the houses of the Jews, and held their ground against the local authorities until nightfall. The rioters were peasants from the surrounding country, and when the day's plunder was finished they departed for their homes laden with spoil.

Intercollegiate Football.

Lindsay Wins in a Hard Fought Struggle.

On Saturday afternoon the football teams representing the Lindsay and Peterborough Collegiate Institutes, faced each other on the P.A.A.A. grounds to battle for supremacy. After a stubbornly fought contest the Lindsay boys were declared victors by two goals to none. The teams lined up as follows:—

LINDSAY C. I.		PETERBOROUGH C. I.
Hallet	Goal	Dodds
Houghton	Backs	H. Burnham
Flood		Deppe
Blain	Half backs	T. Burnham
Cathcart		Torpey
		Cowan
Peel	Right forwards	Heap
Elliott		Craig
Ritchie & Hamilton	Centre	McNulty
Flood	Left forwards	Goldsmith
Elliott		Porter

In the first half time no goals were scored, although the play was slightly in favor of the home team. In the second half Ritchie scored the first goal from a long kick, and shortly before time was called, after a brilliant run up the field, scored the second. For the visitors, Ritchie, Elliott, Blaine and Hallet did the best work. The last mentioned, by the way, is not a member of the Lindsay team, and had a different man been stationed behind the posts, the result might have been different. Some of the home team played very well, but their weakness seems to be in that they are not fast enough. Considering that this is the first season that football has been played at the Collegiate Institute, our boys have no reason to be discouraged at their defeat. The Lindsayites have been playing football for years, and in time our Collegiate may be able to send out a team which will reverse the result of Saturday. A return match will in all probability be played next Saturday in Lindsay. Mr. Geo. Locke acted as referee, and gave entire satisfaction.

The Late George Bick.

The EXAMINER is indebted to the *Independent* for the following obituary of the late George Bick, whose death at Bobcaygeon was recorded in a recent number:—

"Mr. Bick was born in Gloucester, England, and came to this country when sixteen years of age, coming to Verulam in 1836 with the Dunsford family. In 1843 he married, and has had a family of six sons and two daughters. Two of his sons and one daughter died, and some four years ago Mrs. Bick departed this life. For fifty-five years he has been identified with the public affairs of Verulam. He was the second assessor of the township, and was clerk of the council for 25 years. In 1858 he was appointed a Justice of the Peace, and several times occupied the position of reeve of Verulam and the village of Bobcaygeon. He also for some 25 years held the position of Government wood-ranger, and was an authority in estimating the value of timber lands. In 1886 he contested the East Victoria seat in the *Local Legislature*, in the Liberal interest, but was defeated by the present member, Mr. John Fell. Had he lived until the 20th of this month he would have completed his 71st year. He possessed the happy tact of remaining on friendly terms with all men, and, as one of the few remaining links with the early days of the district, his removal will be a loss to a great number of friends. Being a member of the Masonic fraternity, he was borne to the grave by the members of that order, the usual Masonic ceremonies following the Methodist service, by the Rev. T. Snowdon and J. Megahay. The Orangemen also marched in procession, and the funeral was very largely attended not only by neighbors but by many officials and friends from a distance."

Beauty is said to be only skin deep; but to possess and preserve a beautiful skin, pure, vigorous blood is essential. This is best secured by taking Ayer's Sarsaparilla in small but frequent doses. It is the most reliable of blood-purifiers.

DIED.

FEE—At the family residence, Emily, on Saturday, the 24th October, 1891, James Fee, Esq., aged 86 years.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. *It built me right up, and gave me an excellent appetite.*" ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly *attend to my business. I took one bottle of* Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good *health. Indeed, I might say truthfully it* saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Insist upon having

SUN LIFE
ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	3,431,372.84
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,588.60
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,938.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,100,922.65
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$54,524 37
" " " " 1885, "	88,452 37
" " " " 1890, (four years)	232,175 69

EXCITEMENT IN DUBLIN

BOMB-THROWING CHARGED TO PARNELLITES.

The Office of The National Press Wrecked — French Railway Horror — Fifteen Killed and Many Injured — France in Egypt — Important Statement by Mr. Ribot.

DUBLIN, Oct. 26. — Great excitement was caused in this city last evening by an attempt to blow up the office of The National Press, the organ of the McCarthyites. The members of the staff or the paper were just at the point of [illegible] the night's work when a bomb [illegible] in the area in front of the windows in Abbey street, where the editors' rooms are situated. The bomb exploded with a tremendous report, but fortunately there was no one in those particular rooms at the time and consequently no one was hurt. [illegible] the missile had been intended to injure any one in the editorial rooms there is no doubt the effect would have been [illegible] Every pane of the window glass was broken, the [illegible] shattered and the furniture in the [illegible] badly damaged. The offices in the basement were also badly damaged and indeed windows in all the adjacent houses were broken. The wildest rumors were spread and an enormous crowd quickly collected. For a time there was much excitement. Notwithstanding every effort was made to search out the miscreant, the authorities thus far are without any clue whatever.

Almost universally the credit for the outrage is given to the Parnellites.

Many Killed and Injured.

PARIS, Oct. 27. — A passenger train was derailed near Moirans yesterday, and ran over an embankment. A number of the carriages were telescoped.

The train, which was running at a high rate of speed at the time of the accident, was drawn by two locomotives. The accident occurred on a steep incline and curve and is supposed to have been due to a defect in the brake of the second locomotive.

The embankment over which the train rolled is 45 feet high. A dozen carriages lie in a shapeless heap at the foot of the bank.

Fifteen persons were killed and [illegible] injured. Three of the injured are not expected to survive the night and [illegible] others are in a critical condition, one person having both legs broken. The bodies of two of the victims are crushed and mangled beyond recognition.

A relief train has arrived at the scene and the work of rescuing is being carried on with the aid of torchlights.

The sight is a sickening one. One of the rescued is a little girl who was found crying piteously for her dead mother.

J. J. SHEEHY'S

SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a great success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

Daily Examiner.

TUESDAY, OCTOBER 27, 1891.

THE Canadian Pacific Railway Company has been awarded $579,000 as compensation for defects in that portion of its road which was handed over to it by the Dominion, and the money is to be expended in remedying these defects. What the people of the country would like to know is, says the *Mail*, whether the contractor for the construction of the work was paid to build the line properly in the first place. If he was, the $579,000 went into his pocket over and above his honest profits.

THE policy which was to increase our exports and decrease our imports has worked with just the opposite effect for many years, and the return of the volume of Canada's trade for the first quarter of the fiscal year shows no exception to this rule. Yesterday's *Canada Gazette* shows that there is a decided falling off in the exports for September, which were $12,225,596 against $12,649,528 the same month last year. For the first quarter of the fiscal year the total exports were $34,017,012, compared with $35,200,528 for the same quarter last year, a decrease of nearly $1,200,000. The imports, on the other hand, showed an increase for September from $10,700,006 to $11,030,075, but the duty collected is less than last year by $280,000.

WHEN Greek meets Greek then comes the tug of war. And when the boodling ministers come into contact with the Gospel ministers, then the former are in trouble. As a rule, though there are some erratic exceptions, ministers of the Gospel are not politicians, and therefore grasp the political situation fairly, and regard it with a single eye. First we have the Presbyterian ministers denouncing the boodling, and now the Baptists are down upon the boodling ministers. Among the resolutions adopted at the General Baptist convention in Toronto on Thursday was one pointing out that the corruption of political life in Canada is a stain on the national honor and an injury to the highest welfare of our people, and declaring "that this convention would impress on the churches and pastors the need of emphasizing honesty in all the relations of life, and also declares its conviction that the purification of our public life is impossible if important Government positions are or continue to be filled by men who are lax in morals or corrupt in principle." Will Mr. Abbott take the hint?

THE report of Messrs. Haggart, Dewdney and Foster, the ministers appointed to inquire into the interior department boodling, has been submitted to the Governor-General in Council. The ministers find that sixty clerks in the interior department were concerned in the illegal or fraudulent practice of obtaining money by means of accounts for alleged extra work—which system was exposed by Mr. Somerville before the Public Accounts committee last session. The ministers are of opinion that the permanent clerks know they were acting illegally in using the names of outsiders or extra clerks to get accounts for extra work passed, and each of the clerks implicated is to be fined a month's salary, and one man is reduced to the minimum of his class. With respect to Mr. Burgess, the deputy-minister, the ministers think his case differs in some respects from the others and they therefore recommend that he be reduced to the rank of chief clerk, with a loss of $400 a year salary. Three civil service employes and some outside parties have been handed over to the department of justice to be prosecuted. It is doubtful if Mr Burgess will consent to remain in the interior department after being degraded from his old position. The recommendation of the ministers that he be reduced in rank and salary amounts to a verdict of guilty so far as the charges against him are concerned.

A Mighty Army of Doctors.

They are Always Busy—It Will Ever be so While Canadians Live Improperly, The Condition of Our People is Serious and Alarming.

A king of Persia once sent to a tribe of Bedouins the caliph Mustapha, a very celebrated physician, who inquired on his arrival how they lived. "We never eat till we are hungry, and then not to repletion," was the answer. "I may retire then," said the doctor, "I have no business here."

How many cities, towns or villages on this North American continent could to-day give the same remarkable answer to the question, "How do you live?"

From north to south and from east to west we find one or two medical men existing comfortably in the smallest settlements; while in the larger towns and cities they form a mighty army. Why is this? Simply because people do not live properly. They disregard the plain and truthful laws of nature, and therefore bring upon themselves suffering and disease. Many eat and drink when nature does not require it, and many would eat, but owing to imperfect digestion they cannot do so. It is for this reason that we are a nation of dyspeptics, and continually require the services of physicians. This dyspepsia in every case begets weakness of body and great nervousness. Unrest, sleeplessness, a dejected state of mind, melancholia and morbidness are generally attendant evils. The condition often becomes so serious and alarming that life is positively in danger.

To the mighty army of sufferers in our land, who are daily imploring for that relief which the ordinary remedies of physicians cannot give, we would ask, have you heard of Paine's Celery Compound and its wonderful results? Have you read of its almost miraculous cures, when all other remedies failed? There is hope for you, sufferer, if you have but faith enough to try. This great modern remedy has a record of most remarkable success, and still retains its power to overcome disease and suffering. Try one bottle of Paine's Celery Compound, and then you will be enabled to see the light of a new life, new hopes and new ambition.

A Little Fatherly Advice.

"If ever you marry," said an old gentleman to his son, let it be a woman who has judgment enough to superintend the getting of a meal, taste enough to dress herself, pride enough to wash her face, and sense enough to use Dr. Pierce's Favorite Prescription, whenever she needs it." The experience of the age has shown the Favorite Prescription" to be the best for the cure of all female weaknesses and derangements. Good sense is shown by getting the remedy from your druggist, and using it whenever you feel weak and debilitated. It will invigorate and cannot possibly do harm. b

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excelllent effect. All druggists sell it at 50c. and $1 a bottle. dw

Harsh purgative remedies are fast giving way to the gentle action and mild effect of Carter's Little Liver Pills. If you try them, they will please you. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side, guaranteed to those using Carters Little Liver Pills. One a dose. Small price. Small dose. Small pill. dw

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Self Application of Electricity

FOR MEDICAL PURPOSES

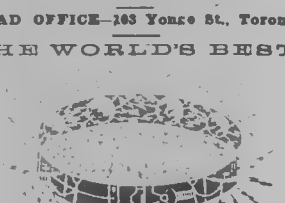
BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough eod-w

"August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of clear matter. Sometimes a deathly Sickness at the Stomach would overtake me. Then again I would have the terrible pains of Wind Colic. At such times I would try to belch and could not. I was working then for Thomas McHenry, Druggist, Cor. Irwin and Western Ave., Allegheny City, Pa., in whose employ I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa. Signed, JOHN D. COX.

A SECRET ENVOY'S REPORT

He Will Recommend that Emigration of Women Be Restricted.

VANCOUVER, [illegible] Oct. 27.—Among the passengers [illegible] Empress of India, which [illegible] Yokohama and Hong Kong was [illegible] Japanese emissary [illegible] of information [illegible] women.

Mr. [illegible] the coast cities and some [illegible] evidence to take back to [illegible] character that [illegible] will be at once taken by the Government to restrict the emigration of women from Japan.

There are, [illegible] over 3000 Japanese women of a low class [illegible] America, who send home from $500 to $700 every six months, nearly all of which is used to aid others [illegible] to come here.

[illegible] recommend that the United States Government be asked to put an embargo on Japanese women.

Is It a Clue?

HAMILTON, Oct. 27.—Yesterday a man called upon Mrs. Heslop in Ancaster township and told her that the Freelton constable had something important to tell her. The latter, it seems, had followed two suspects [illegible] Dundas [illegible] on suspicion of having stolen property in their possession. The parties, it is alleged, had some buttons and jewelry which they could not satisfactorily account for. Mrs. Heslop and her daughter drove to Freelton this morning with the view of examining the articles of jewelry. It will be remembered that some jewelry was stolen from Heslop's house after the murder of Mr. Heslop.

Burned At the Stake

QUEEN CITY, Tex., Oct. 27.—The negro Lee Green, who murdered the family of Farmer Horne, near here, was jailed Sunday. Yesterday a mob took Green from jail and escorted him to the scene of his crime, where he was fastened to a tree by a trace chain, fagots piled up around him, and he was burned to death. A crowd of 1000 whites and blacks witnessed the lynching.

The Skirmish with Police

OTTAWA, Oct. 27.—The authorities of the mounted police have no further information regarding the shooting affair near Calgary. There were six Indian smugglers who fired on the police, wounding Constable Alexander slightly in the [illegible]. The police fired and wounded one Indian mortally. No arrests are reported, so far and the country is quiet.

THE QUEBEC SCANDAL

Pacaud Tells How the Money Was Raised for Mercier

QUEBEC, Oct. 26.—The [illegible] met again yesterday [illegible] and [illegible] Mr. Mercier [illegible] to send [illegible] $5000 [illegible] Senator [illegible] company with Hon. [illegible] Langelier [illegible] $5000, which was done there and endorsed by Mr. [illegible] Langelier. He gave the note to Mr. Webb [illegible] July 30 he wanted [illegible] He discounted the $5000 note at the [illegible] du Peuple. [illegible] $5000 in the manner explained yesterday [illegible] would not like to [illegible] $14,000.

The British Gale

LONDON, Oct. 29.—The gale has been raging [illegible] Queenstown [illegible] small coasters [illegible] damage has been [illegible] and other property [illegible] the sea has been so [illegible] many parts of the town are flooded. The Black Water River has overflowed its banks and much damage has been done. Many sheep and cattle have been drowned.

Despatches from Holyhead state 200 vessels, many of them much damaged, have sought refuge at that port from the storm. The gravest apprehensions are felt by the inhabitants of Sandgate, a small town on the English channel two miles from Folkestone. Storms have caused a most abnormal tide and this, combined with the hurricane which is blowing, is destroying the sea wall. Many houses situated near the shore have already been washed over by the angry waves, and the highroad leading to Hythe and Folkestone is submerged and destroyed in many places.

The River Thames at Windsor, Eton and other places is overflowing its banks and inundating the lower parts of many towns.

The severe stormy weather which has prevailed in England for a week past still continues. The Irish Sea has been principally the sufferer.

The River Shannon has burst its banks in County Limerick, inundating large tracts of land. The reclamation works near Ennis in County Clare, which recently cost the Government £120,000, have been nearly ruined. Many villages in the Trent Valley are submerged. The Rivers Usk, Ebbw, Rumney and Taff have overflowed their banks. Many thousand acres of land are covered with water and the roads are impassable. The loss of live stock is very great.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

The Trade Outlook.

The trade outlook seems bright, but those burdened with bad blood, stomach or liver troubles, etc., the outlook is blue. This may be avoided and sound health restored by the use of Burdock Blood Bitters, the most effective, rapid, and satisfactory medicine for all derangements of the stomach, liver, bowels and blood. dw

Cure for Chapped Hands.

DEAR SIRS,—I think it is a privilege to recommend Hagyard's Yellow Oil as a sure cure for chapped hands, swelling, sore throat, etc. I recommend it to all.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence, and is a life saver to consumptives. In big bottles, 50c. and $1, at Peterborough Drug Store. dw

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240.229, or $60.05 per member, and there remained besides $19.500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

Death of an Old Resident.

On Monday evening Mr. William Wareham, of Water street, town, passed away to rest at the age of 87 years. He has been for many years a resident of Peterborough and for many more a resident of the county and was worthy of the high respect and esteem in which he was universally held. The funeral takes place from the family residence Water street, on Thursday at 2 30 p.m.

Belleville's Sunday School Orchestra.

An orchestra is being formed for Mr. F.E. O'Flynn's bible class in Bridge street Methodist church, Belleville. There will be ten pieces and the members have been under training for the last two years. They are now taking a course under Prof. Riggs, and it will likely be, the *Ontario* rather sanguinely thinks, one of the best amateur musical organization in Ontario.

R. L. Kidd, the Evangelist.

A much noted and distinguished evangelist is coming to Peterborough, having many great gifts giving him much success in the evangelistic field. We see from reports of work a showing of 16,661 souls added to the church from January, 1888, to June, 1891. Doubtless, the secret of his success is in the fact, as said of him, he is a wonder as regarding his great knowledge of the oracle of Divine inspiration, as well as his many other marked and distinct abilities as a revivalist. We see by his book of clippings that he has the greatest memory in the evangelical field, achieving a most most wonderful feat. He can positively quote the entire Bible in four ways, giving book, chapter and verse as well—all from memory, without note, book or line of subject. We consider this a marvellous thing and a wonder in our midst. Arrangements are being made for meetings here.—COM.

Mechanics' Institute Catalogue.

The directors of the Mechanics' Institute have issued, a neatly printed, handsomely got on up, comprehensive and compact catalogue of the books on the shelves of the Institute Library up to June 1st, last. The book was printed at the EXAMINER book printing rooms. It is a pamphlet of 160 pages and contains a complete classified list of books, available for the use of members. The classes are arranged in alphabetical order, beginning with biography and continuing with essays, lectures, etc; fiction; history; natural history and sports; standard works; miscellaneous; philosophy; poetry; periodicals; religious works; science and art; voyages and travels; works of reference. The catalogue closes with a list of authors alphabetically arranged with reference to the class and library number. This catalogue will be a very great convenience to patrons of the library and should induce the reading public to become members. The great advantages of the Institute are not as highly appreciated as they should be or the membership would be much larger than it now is.

Wednesday of last week William Sullivan, says the *Post*, a well-known and highly respected farmer residing in Emily, near the Ennismore boundary, was brought into town by his relatives and handed into the custody of Chief Bell, he having developed symptoms of insanity of a dangerous nature. His friends had telegraphed Chief Bell to send a constable to aid in bringing him in, as it was expected that he would prove refactory, and Constables Reenes and Short at once set out, but in the meantime the unfortunate man was prevailed upon to take a ride, which terminated only at the lock-up, Lindsay. He was brought before P. M. O'Leary later and committed to gaol on a charge of lunacy pending an examination by Judge Dean. Arrangements are being made for the unfortunate man's admission to a lunatic asylum.

Sad Drowning Accident.

Mr. David Hazlitt Drowned in the Otonabee.

Monday evening Mr. David Hazlitt, the youngest son of Mr. John Hazlitt, Jackson's Corners, Otonabee and a nephew of Mr. T. G. Hazlitt, was drowned in the river near Crawford's Grove. About two o'clock the young man, after having disposed of some farm produce in town, went to Mr. Peter Glover's, Ashburnham, and borrowed a sheep rack for the purpose of conveying home some lambs from a farmer's near Crawford's Grove, agreeing to return the rack at ten o'clock Tuesday morning. He went to the farm, loaded his lambs, and about 4 30 started for home, intending to go by the Locks bridge. At the "watering place," which is well known, it is thought that he drove into the river to water his team. It is known that at this place the bottom shoals gradually for some distance, and then drops suddenly. It is probable that the unfortunate young gentleman drove in and attempted to turn about before watering his team, and that the "off" wheels of the wagon went down into deep water, overturning the wagon into the stream, the team getting out safely, but leaving the young man struggling in the water. At any rate, the box and crate containing the lambs float away, the young man clinging to the crate, and he must have kept his hold for about two hundred yards, for that is about the distance from the spot where the accident occurred, the body was found. It appears that no person saw the accident, but a short time after Mr. Hazlitt left the farm with the lambs, the farmer saw the horses, with the boxless wagon coming up the lane. Investigation showed the young man was drowned, and, as soon as possible, the alarm was given and a party, consisting of the employees of the Dickson Company, with boats, torches and grapnels, organized to search for the body. The party left town at eight o'clock and near ten succeeded in finding the body in about twelve feet of water and, as stated, two hundred yards below the point where the accident took place. The body was brought to town to Mr. D. Belleghem's undertaking establishment, prepared for interment, and taken, this morning, to the family residence in Otonabee. This sad home-coming will be a grevious blow to the family. Young Mr. Hazlitt was about twenty-five years of age, and the youngest son—the only son remaining at home—and his loss, sad enough under any circumstances, will be more keenly felt under the sad circumstances of his sudden death. He was a young man highly respected, and his family and friends will receive the heart-felt sympathy of the entire community. The funeral will take place on Wednesday afternoon at one o'clock.

Celebrating the Sixtieth Wedding Anniversary.

On Tuesday, Oct. 20th, Mr. and Mrs. William Lynn, of lot 17 in the 4th concession of the township of Asphodel, celebrated the sixtieth anniversary of their wedding. A large number of their friends were present and joined in the festivities of the occasion, and offered the aged and happy couple their hearty congratulations. A very pleasant evening was spent. Mr. Lynn is 93 years of age, and Mrs. Lynn is 83 years old. Both are hale and hearty, and apparently likely to live many years yet.

Prohibition and Politics.

Dr. Sutherland Advocates Prohibition—No Help to be Had from Either Party—Prohibition the Political Issue.

There was a fair sized audience assembled in the George Street Methodist Church on Monday night to listen to Dr. Sutherland's address on "Prohibition and Politics."

The chair was occupied by Rev. A. McWilliams, of St. Andrew's Church. Prayer was offered by Rev. J. E. Trotter, of the Murray Street Baptist Church, followed by the singing of the 912th hymn of the Methodist hymn book—"a national confession."

The chairman in a few opening remarks said he had complete sympathy with prohibition and it gave him great pleasure to be present in testimony of his interest in the subject. He concluded by asking those in the rear of the church to come forward and occupy the vacant front seats, and then introduced the speaker of the evening.

Dr. Sutherland began his address by stating that the state of public opinion did not permit of the separation of politics and prohibition of the liquor traffic. He added that the tendency of some persons to become faint-hearted, as to the progress of prohibition sentiment, was not warranted by the circumstances for a cause that had righteousness as its foundation, must ultimately triumph. To keep pegging away was better than despondency. The speaker referred to the progressive stages of temperance; moderate drinking, total abstinence, the movement for regulating the liquor traffic, followed by movements to restrict the traffic. This was followed by the local option movement, then high license. It was admitted on all hands that there must be law affecting the liquor traffic. The last stage was the plea for prohibition. It was a wonder that a traffic

THAT ALWAYS HAD EVIL RESULTS

and never good results should be for one moment tolerated, not to say protected. If the traffic was right, why not have free trade in liquor as in other occupations? The object of license was ostensibly to restrict and regulate the traffic, but the real object, the speaker said, was to raise a revenue, and if it were not for the revenue there would not within twelve months be another license issued. To license any business was not only to endorse it but to share the profit. Liquor was sold for profit, and they who licensed it shared the profit, and were bound to protect the traffic thus endorsed and licensed. The liquor traffic could not be licensed without sin. License, the speaker declared, was vicious as a principle and powerless as a remedy. He did not underrate the value of moral suasion, but you might as well try the effect of moral suasion upon the pestilence as upon the strongly entrenched liquor traffic. Moral suasion on the drunkard appealed to a debased morality. The speaker had grave doubts that the politicians of to-day were susceptible of being influenced by moral considerations. If temperance men were to do effective work, they must lay the axe to the root of the tree. The basis of prohibition was the right of society to destroy whatever was *inimical* to its interests. To-day the power of the saloon made and unmade the laws of the United States, and the speaker could not forget that we were not much better here. It was a law of civilization that private right must give way to public safety. Every town had a fire limit, within which no wooden building could be erected, and a fire brigade pulled down, without asking leave, any building to prevent the spread of fire, and the owner would not think of asking compensation,

AND IT WAS JUST AS LOGICAL

for the saloon keeper to ask compensation for the loss of a business which was a curse to the country. Referring to loss of revenue, involved in prohibition, Dr. Sutherland, in order to show the difference between a seven by nine politician and a statesman, said that at the last election the only cabinet minister who was regarded as a prohibitionist (Hon. Mr. Foster) said that the loss of revenue made prohibition practically impossible, while Gladstone, had met the argument of loss of revenue from prohibition, by saying "give me a sober nation and I will look out for the revenue." This was the difference between a little seven by nine politician and a statesman. The speaker said he had not intended to mention names but if one thing more than another, made him indignant, it was to see a man climb into power by the temperance ladder and then kick it from under him, (applause), and it was time the people kicked him out. Continuing the speaker said of the revenue derived from the liquor traffic, some went into the coffers of the Provincial Government and some went into the Dominion and thence into the pockets of boodlers (applause). It had better have been kept in the pockets of the people who paid it (applause) Dealing with the stock argument that the people were not ripe for prohibition, Dr. Sutherland said that the carrying of the Scott Act in 70 cities, towns and counties by 60 000 popular majority showed that the people were ready for prohibition. While it was necessary to educate the people, it was more important to educate the politicians, and that could be done the best through the ballot.

THE ONLY HOPE FOR PROHIBITION

was a cabinet pledged to prohibition, backed by a popular majority. The speaker said that we could not look to either of the two great parties of the Dominion, because they were so much under the domination of the saloon. "We are," the speaker said, "going to have prohibition if we have to walk over both parties." Prohibition was the issue. Electors could not be got to break away from party alliances to vote for a prohibitionist of the opposite political stripe, but they would come out and vote for a candidate on an independent issue. He who voted for a candidate of either old party voted for the policy of that party, and the policy of both parties was in favour of liquor license. It remained for the friends of prohibition to force it as an issue on the politicians. Another way to get prohibition was this:—"Give women the ballot" (applause). It was shockingly illogical to give the man whose traffic desolated women's homes a franchise privilege that was denied to women. Unless women is given the ballot to protect her boy she must continue to give her boy to support the saloon. The duty of the hour was to spread information, educate the people, to organize the independent vote, and force prohibition as an issue on the politicians of the day. There are enough good men in both political parties to carry prohibition if they were only united—if they would show the political wirepullers that principle was of more importance than party.

Council Meeting.

Council met on Monday, Oct. 19th. On motion, Councillor Nelson was appointed to have a survey made to define the quarter line road allowance between lots 6 & 7 con. 9, A. W. McIntyre agreeing to pay half the expenses of survey. Mrs. Barry made application for relief. Councillor Nelson was appointed to make enquiry as to her circumstances, and to grant what assistance he deemed necessary. Robt. Mitchel, of Dower's Corners, wished to know if the council would have any objections to his putting a wire fence six feet on the road allowance north of his lot. The council has no objection to it if he gets leave from the Ashburnham council, in whose municipality the said road allowance lies. The following accounts were passed: Robert Orde, cedar, $2 25; Dennis O'Brien, gravel, $6 38; W. Connell, $1 for repairing culvert opposite lot 21, concession 5; John Breckenridge, cedar, $8.32; Joseph Hastie, repairing scraper, 75 cents; R. Barnes, work on Asphodel boundary, $15; Jas. Robertson, $18 for work on Asphodel boundary; Joseph Elmhirst, damages drawing gravel, $3.50; John Rahally, cedar, $3; Geo. Schneider, gravel, $11.10; S Armstrong, gravel, $2.50; J. Redmond, gravel, $10. Council adjourned to 16th November.

The British Columbia Section

Never was a gift horse rated so low by the recipients as the British Columbia section of the Canadian Pacific. The railway company declared that to make it worth their acceptance they ought to have a bonus of $6,000,000, and this sum was claimed under the agreement by which the road was handed over to the company by the Government. After a long and expensive arbitration by able men, $579,000 is awarded. The award justifies the assumption that something was due on the agreement, owing to the defective condition of the road, but the amount found is not much over a tithe of what was claimed. By the terms of submission the money has to be expended in the improvement of the road under Government supervision. When we have another railway costing many millions to give way, perhaps we may take care to see that the transfer does not involve the granting of a bonus in addition.—*Monetary Times.*

A Brush With Indians.

An encounter between Mounted Police and Blood Indians at Stand Off, a point twenty miles south of Fort MacLeod, is reported to have occurred on the 19th inst. Two constables, Alexander and Ryan, were patrolling in search of a whiskey outfit and were fired upon in the growing darkness, by Indians whose numbers have not yet been learned. The policemen promptly returned the fire, and as soon as one of their companions dropped the other warriors fled. The wounded Indian is not likely to recover. Constable Alexander was slightly wounded. Supt. Steele, of the Mounted Police is holding an investigation. It is thought the Indians were on a cattle stealing expedition, as fresh beef was found in the possession of the wounded Indian. Further details are expected This is all the information received thus far by the comptroller of the Mounted Police.

Norwood Park to be Enlarged.

The Ratepayers Decide in Favour of Adding Two Acres to the Park.

A meeting of the ratepayers was held in the town hall on Monday evening to consider the advisability of enlarging the park by the addition of two acres. The meeting was not very largely attended, although there was a good representation of the principal property holders in the village.

Mr. John Finlay, Reeve, was appointed chairman, and Mr. Jas. Pengelly, secretary.

Mr. W.E. Roxburgh was the first speaker. He opened by stating the object of the meeting and said that every one who attended the fair on Wednesday and Thursday of last week could not but acknowledge that the present show grounds were far too small. If the show was to be allowed to expand, more room would have to be provided. He said that Mr. Grover had offered a strip of land, which he (Mr. Grover) claimed comprised two acres, but which other persons said comprised hardly two acres, for $400 an acre. This, the speaker stated, was a very high price, but when everything was considered it might prove the best to buy. Mr. O'Reilly, said Mr. Roxborough, stated to the council that the East Peterborough Farmers' Institute would give a bonus of $100 to the council on condition that the ground was purchased.

Mr. Chas. O'Reilly was then called upon, and remarked that he supposed it was because he was a director of the agricultural society that he was asked to speak. He said that before the show was permanently located in Norwood an agitation had been going on for years to have it centralized, so that buildings could be erected, which could not be done if it was continually moved from one place to another. He said that when the exhibition was held at Westwood no money was made and scarcely any at Keene, but that the receipts have increased every year since it was permanently located in Norwood. He stated that grounds could be obtained for nothing at Westwood if the show was removed to that place.

Mr. J. McMillan asked if the grounds, along with the additional two acres, would be sufficient for all time to come.

Mr. O'Reilly replied that ten acres would not be too large.

Mr. Roxburgh said that if the exhibition outgrew the grounds they could be sold for what they are worth.

After the matter had been discussed in all its various lights, it was

Moved by Mr. Robt. Metcalfe, seconded by Mr. T. Rork,—That this meeting recommend the council to buy the additional two acres for agricultural exhibition purposes, the same to be added to the present park; and also recommend that in the event of the High School Board wishing to purchase one or more acres therefrom, that the council be instructed to convey the same to the High School Board.

Moved in amendment by Jas. Pengelly, seconded by John McMillan, that this meeting recommend the council to provide proper accommodation for the agricultural society, either by purchasing additional grounds adjoining the present park lot, or by putting the present grounds on the market and purchasing a park elsewhere.

After the matter had been discussed for upwards of an hour the resolutions were placed before the meeting and the original motion was declared carried.—*Register.*

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. *I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then*

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

BRITISH AND FOREIGN

FIERCE FIGHTING BETWEEN A MOB AND POLICE.

Dillon and O'Brien Hissed — Police Charge the Mob With Sabres and Many are Stretched Bleeding and Wounded On the Ground.

CORK, Oct. 28.—Messrs. Dillon and O'Brien arrived here yesterday and were met at the train by a procession. As the procession passed through the streets there was considerable hissing and booing and several stones crashed through a large portrait of William O'Brien which was carried in the parade.

Upon arriving at the assembly rooms Dillon and O'Brien were given an enthusiastic reception during which several speeches were made.

While the speech-making was in progress a body of Parnellites attacked the bandsmen of the McCarthyites and tried to demolish their instruments. A free fight followed but the police soon put an end to it.

Dillon and O'Brien subsequently attended the Cork County Convention where Dillon presided. In his address Mr. Dillon complained of what he termed the "organized violence" of the Parnellites and made other allusions to the political situation which were loudly applauded.

Mr. O'Brien said he was willing to give fair play to his opponents, but he would not yield "to brickbats and dynamite mobs." [Loud applause.] The Parnellites might blow up the offices of the newspaper representing the views of the McCarthyites, but they could not destroy the spirit which animated that party. [Tremendous applause, mingled with hooting.]

At another part of his discourse Mr. O'Brien amid cheers called upon John E. Redmond, the Parnellite candidate for Cork city and the new leader of the Parnellite party, to repudiate all responsibility for the violence noted in connection with the dynamite incident at Dublin last night.

After the county convention had adjourned there was a serious fight in the streets between the McCarthyites and the Parnellites. As soon as the convention had closed its proceedings Messrs. Dillon and O'Brien passed through the city, still accompanied by the procession which met them at the railroad station. Suddenly the McCarthyites were attacked by a large mob of Parnellites, and both sides fought desperately with sticks, clubs, shovels and pikes. A detachment of mounted police was sent for and they spurred their horses in between the two lines of combatants, striking right and left with the flat of their sabres. The mob replied with showers of stones and bricks. A large number of wounded were stretched bleeding and groaning in the streets before the troopers restored order. The neighboring hospitals had to find accommodation for many wounded persons by the time hostilities were suspended. There is great excitement in Cork this evening and danger that the battle will be renewed.

Mr. O'Brien further declared that it had become his duty to drive the followers of Parnell from Parliament. The convention thereupon called upon Dr. Joseph E. Kenny to resign his seat.

In the evening troops formed in the square for protection of the open air meeting which is to be addressed by Messrs. Dillon and O'Brien.

Strong Language of a Priest.

CORK, Oct. 28. There were several affrays last evening at the close of the various political meetings. Sticks and stones were freely used by both parties. The result is that a number of members of the two opposing parties are being nursed in the hospitals and elsewhere for severe wounds incurred during the frays. A sermon preached last Sunday at Kilkenny by Father Fidelis of the Order of St. Francis is much commented upon. Father Fidelis bitterly denounced the late Charles Stewart Parnell, saying that "The most depraved monster who ever lived was now swept off the face of the earth." The reverend gentleman also said that the women who were supporting him were "limbs of the devil," and the local workingmen's club was a "synagog of hell."

To Shoot With Healy.

DUBLIN, Oct. 28.—The National Press declares that after the explosion of the bomb in the Abbey-street area 50 or 60 men supposed to be part of the gang of Parnellites, to whose credit the explosion is placed, poured into The National Press offices shouting "To hell with the Healy murderers, Is Tim dead," etc.

New Parnellite Newspaper.

DUBLIN, Oct. 28.—The £60,000 in shares of Parnellite National Independent and Evening Herald are being subscribed for fairly well. League branches are pushing the paper, which will appear in a fortnight.

Mrs. Parnell's Life Struggle.

BRIGHTON, Oct. 28.—Mrs. Parnell continues in about the same condition, there having been no noteworthy change since Saturday. The gravest fears are still entertained regarding the outcome of the struggle between life and death.

LONDON, Oct. 27.—At the particular request of Mrs. Parnell the papers of the late Mr. Parnell have been placed in sealed boxes and deposited in the vaults of the Bank of Briton.

Starved Peasants Capture a Train

ST. PETERSBURG, Oct. 28.—Owing to the famine robberies of unheard of boldness are becoming frequent. On Thursday night last, near Rostor, on the Moscow-Caucasus Railway, a band of starving peasants pursued and captured a freight train. Troops from the fortress went in pursuit and overtook the robbers, who will be summarily dealt with.

The Son Succeeds His Father.

LONDON, Oct. 28.—Frederick Smith, Conservative, son of the late William Henry Smith, was to-day elected member of Parliament for the Strand division, in succession to his father. Mr. Smith received 4952 votes and Dr. Gutteridge (Liberal) 1946. In the last previous election W. H. Smith (Conservative) received 5054 and Hilary (Home Ruler) 1509 votes.

THE LOCOMOTIVE'S EXIT

EDISON'S MOTORS TO BE USED ON STEAM ROADS.

Trains to Run at the Rate of One Hundred Miles an Hour—The Wizard Says That Steam Engines Must Give Way to the Electric System.

OGDEN, N.J., Oct. 28.—Steam locomotives have had their day, and electric motors will take their place. This new device for whirling trains of railroad cars at a minimum speed of 100 miles an hour is the invention of Thomas A. Edison. The Wizard of the electric fluid has completed his motor, tested it, and is assured of its completeness, and backed by Henry Villard, the well-known New Yorker, will operate a railroad between Milwaukee and Chicago with electricity. Thus the era of steam locomotives, those tremendous machines that have been the wonder of this age, will end on the 400th anniversary of the discovery of America.

Mr. Edison talked freely of the electric motor yesterday and said it would displace the locomotive for three reasons, viz., it was speedier, safer and cheaper.

"It will get one-horse power," he remarked, "out of from one to two pounds of cheap coal, whereas six pounds of expensive coal are used to make one-horse power in a steam locomotive.

"It will carry a train at 100 miles or even 200 miles an hour, while it strains a locomotive to cover 60 miles in that time.

"The motor will be safer for the reason that by means of an indicator in the power-houses which supply the electric current the exact location of every train on the road will be known at every movement. That will be an absolutely perfect 'block system,' and will insure perfect safety so far as collision of trains is concerned. This will also be a saving of expense in maintaining the road."

Stationary Power-Houses.

Mr. Edison said the trains would be run by electricity furnished the motors from stationary power-houses. "The current will pass from the stationary engine to a central rail between the tracks, thence through the mechanism attached to the bottom of the cars or motor. A freight train, of course, would need a motor because of the number of cars, although a single passenger car could be run carrying its own motor beneath it—thence to the wheels, and thence back by the side rails to three power-house or stationary engine. Thee stationary engines, each with a horse-power of 10,000 or 12,000, would run the whole Pennsylvania Railroad system between here and Philadelphia.

"For practical purposes I feel sure that a 100-pound rail on a rock ballasted track would stand the speed of 100 miles an hour. The train will be stopped by air brakes, the same as now. On the road between Milwaukee and Chicago we will run trains every 20 minutes at the lightning speed of not less than 100 miles an hour."

Cheap Street Railways.

The Wizard said the new motor could be used for street railway purposes to great advantage. He continued: "The system will be the cheapest known. The plant will not cost half as much as the cable, and there will be no tearing up of the streets. Why, under pressure I could lay a mile of track for this system in a night.

"A pressure a little heavier than the one I use would make a horse lift his foot so," and Mr. Edison raised one of his own feet about half an inch from the office floor, "but the pressure I do use a horse wouldn't feel at all, nor would a man. You see, I employ the heavy current with the low pressure. That is the whole secret of safety. The principle is this, that a stream of water 100 feet wide which falls a foot gives the same power as a stream one foot wide which falls 100 feet. The wide stream is my way."

The third rail for street railways will be discarded. Mr. Edison says the difficulty of picking the current out of the mud has been solved. There is absolutely no danger to vehicles, pedestrians or horses.

Mr. Edison said that if the Chicago road was the success anticipated Mr. Villard would undoubtedly put the electric motors on the Northern Pacific for carrying freight and passenger traffic. He said he offered to run all the Pennsylvania Railroad's trains between New York and Pittsburg.

FIRE AT PARIS.

Gillies Brothers' Saw Mill Burned—The G.T.R. Freight Sheds Also Destroyed.

PARIS, Ont., Oct. 28.—The worst fire that has happened in this town in a long time took place yesterday morning. It originated at the boiler-house in Gillies Bros.' saw mill, and fanned by a stiff north wind quickly demolished the saw mill and the lumber lying in the immediate neighborhood and then took Gillies Bros.' coal shed, which contained 1000 tons of anthracite coal. The wind then carried the fire across the roadway and attacked the G.T.R. freight shed and water tank, both of which were destroyed. Five cars which were standing alongside the freight shed were burned up. One of them contained staves, one coal, one general merchandise and the other two were loaded with canned vegetables. Captain Milloy had 230 barrels of apples lying outside the freight shed ready for shipment.

The loss to the Messrs. Gillies Bros. is very large, probably $10,000 to $12,000, and they carry little or no insurance. The freight shed is insured for $2000, but the contents, valued roughly at from $5000 to $6000, are not insured.

Relief Designs on Wood.

The process by which a relief design is made upon basswood is remarkable for its ingenuity. The wood is very soft, and when the die is brought to bear upon it the design is in reality sunk into the basswood. The piece is then planed until the stamped portion is on a level with other portions of the wood. Now, by steaming the piece of wood the compressed portions swell and the design appears in bold relief, the work appearing equal to that of expert carvers.

POLITICAL SITUATION.

CONTINUATION OF THE QUEBEC INVESTIGATION.

Chapleau Said to Have Commenced an Action for $10,000 Against The Globe—The Pot Bubbling Both at Ottawa and Quebec.

QUEBEC, Oct. 28.—Calm and smiling as usual, Mr. Pacaud entered the box yesterday morning. Judge Jette took him in hand.

Almost at the beginning of his enquiry it came out that Mr. Mercier received in all $10,000 through Mr. Pacaud's intervention, $5000 by draft on May 15 and $5000 cabled over on July 2.

When asked where the other moneys came from, it was stated by Mr. Pacaud that he made about $5500 by another private transaction about this time.

The judge wanted to know why he had not included this last sum sent to Mr. Mercier in his personal account, and the reply was that it was entirely foreign to the Baie des Chaleurs business.

In all, according to the judges' reckoning, Mr. Langelier received about $15,000 advance from him during the summer, and the honorable commissioner wanted to know very much whether Mr. Langelier was not anxious to know how or through what transaction he was enabled to lend so much money.

Mr. Pacaud stated that there had been some joking about the sudden manner in which he had become rich, but no explanation was given. He had always kept the matter religiously secret even from such an intimate friend

The most sensational point raised was about the discounting of the third $2000 note, which was realized upon at the Banque du Peuple in Montreal. Mr. Pacaud told how in the course of his visit he met a gentleman who asked him why he was in Montreal, and being told that he was there for the purpose of negotiating a check the friend offered to aid him, as he was more familiar with houses and financial matters in Montreal than he was. The gentleman aided him in successfully discounting the note.

Judge Jette naturally was anxious to know who this kind friend might be, and after a hurried consultation with his colleagues quietly but firmly insisted on knowing his name.

There was a momentary hush, and then Mr. Pacaud replied, "Hon. Mr. Robidoux."

Mr. Pacaud made a little additional statement to the effect that this transaction was made for his own benefit, but was made to understand that the transaction was made by him on Armstrong's behalf.

Who Were the Subscribers?

Mr. Pacaud was next examined as to a certain letter written by Mr. Webb to Mr. Bousquet in Montreal and which was attached to the $20,000 check, which Pacaud sought to discount in Montreal. Witness said that he was not aware that the note went to a Mr. Lefebvre in Montreal to be discounted. He expected to raise his election money by means of subscriptions.

Witness' objection to state the mode by which he hoped to raise the subscriptions was sustained by the commission.

Mr. Casgrain wanted to know since when witness distributed the amount granted by him for political purposes to newspapers and for election contestations.

This was objected to by Mr. Irvine.

Mr. Casgrain wanted witness to withdraw from the court, and commission granted the request.

A Vast Conspiracy.

Mr. Casgrain then explained his pleas, which purport that a vast conspiracy was got up by witness and by Messrs. Mercier, Langelier, Duhamel, Robidoux and probably by Mr. Garneau.

Mr. Irvine ridiculed Mr. Casgrain's plea of conspiracy and claimed that witness could not be questioned on matters so equivocal.

The Commission allowed the question, however, and witness was recalled and answered. I think it is since 1878, at the general election. Witness lived then in Arthabaska, subsequently he was prothonotary in Three Rivers until 1887. Then he edited The Concorde, after which he came to Quebec, where he was the financial secretary of the party. Friends well knew that when something was required they had to go to L'Electeur, where he (Pacaud) kept his office. The funds distributed were raised by subscription.

Mr. Mercier asked of witness the $5000 in the beginning of May. It was by letter and not by telegram. Witness left for Europe on Aug. 10. Mr. Mercier gave witness the $5000 check at his (Mercier's) house. The check of $3500 was given witness on March 4, also at Mr. Mercier's house. Witness knew that he owed Mr. Mercier $3500, but did not keep any account of it in his books. He had not many transactions just then. When he received the $5000 check it had been accepted by the bank. Witness declined to say if he had any other checks from Mr. Mercier. Mr. Mercier only left him verbal instructions as to the disposal of the sums left witness. He cashed the check at the Union Bank himself. He could not say whether he always had in bank sufficient money to cover Mr. Mercier's $8500. Mr. Pacaud mixed Mr. Mercier's money with his own absolutely. Mercier did not take a receipt from witness (Mr. Casgrain) then, he was not so particular as when he wrote you to keep his letter in case of death?

Had Confidence in the Commission.

Referring to a letter from Mr. Mercier telling him to send $5000 witness said that he destroyed the letter because he feared Mr. Casgrain would press on him too heavily. [Laughter.]

Hon. Judge Jette: Then you had no confidence in the commissioners?

Witness: I beseech your honors not to consider the matter in this wise, for I have acted since the beginning of the proceedings in a way to show your honors my respect and great confidence in the commission.

Continuing, witness said he got the $5000 note at the Union Bank and discounted it at the Banque Du Peuple. Witness had $7500. He deposited $2500 to his own credit and cabled the balance of $5000 to Mr. Mercier. Witness thought he had the receipt given him on payment of an insurance premium of $300, which he will produce to-morrow.

Mr. Tarte Secures a Little.

Pacaud offered Mr. Tarte to pay the expenses of Mr. Geoffrion in the Tarte-McGreevy enquiry. He gave Mr. Geoffrion a check of $500 which would pay him his first 10 days of the enquiry, Geoffrion charging $50 a day. Witness never considered himself as not being the proprietor of L'Electeur. He and Charles Langelier bought and paid for L'Electeur by dint of hard work and sacrifice and also by subscription from friends. He couldn't say how much he gave Mr. Langelier.

Witness wrote of his own accord to devoted political friends about the revision of the electoral lists telling them to push the work—that he was sending a small sum which would defray part of their expenses.

This refers to $30 given in Pacaud's statement.

There was considerable fun when Mr. Casgrain asked witness for an explanation as to a check of $1000 which had been discounted for a "voyage to the Senate." Mr. Pacaud said he never went to the Senate, but in writing his statement he put the word "Senate" to show that the check was in possession of the Senate. The $1000 was to pay his voyage to Europe. Witness could not say if his paper, L'Electeur, was the principal organ in this province—but he was sure it was the most devoted one. (Laughter.)

Adjudged a Lunatic.

TORONTO, Oct. 27.—Mr. Justice Meredith yesterday made an order declaring William McCaffery, formerly a saloonkeeper of Ottawa, a lunatic. It will be remembered that a short time ago the Court of Appeal gave judgment in an action by the brothers and sisters of McCaffery to set aside a conveyance of property to his wife on the ground that he was of unsound mind at the time the conveyance was given. At the trial judgment was given in favor of the plaintiffs, but this the Court of Appeal reversed and held the conveyance to the wife. Mr. McCaffery has been for some months an inmate of the Toronto Asylum

A DOG AND DONKEY DUEL.

Two Brutes As Furious As Bloodhounds Laid Very Low.

MEADVILLE, Pa., Oct. 28.—A fierce duel was fought a day or two ago at the Valloria Distillery between an innocent-looking, sleepy little donkey and two big and furious dogs that had been for days seeking an opportunity to tackle his donkeyship. The donkey was running loose in the large, high-fenced bullyard at the brewery. His owner, seeing the dogs growling and eagerly showing their teeth at the bullyard gate trying to get in, concluded that he would give the dogs a chance.

If they had been Siberian bloodhounds, the barking brutes could not have rushed with more pertenacity upon the seemingly stupid little beast with long shaggy hair and ears. Prancing around him on both sides and watching their chance to grab him by the throat both together, the dogs like a brace of ravenous wolves, encircled the donkey.

Squinting lazily out of his off eye, the donkey appeared most oblivious to his danger. The dogs grew fiercer. As both were about to catch his throat in their teeth the donkey, with the speed of a lightning flash, lowered his head and dashed toward the nearest dog, as if with the long-eared head to bunt him. A buzz-saw could not revolve more quickly than did the little jackass at this point. He fairly flew around as if on a pivot.

Both heels flew out. They landed squarely amidships on the body of the nearest snapping and snarling cur. At the same instant 150 pounds of dog went spinning through the air and struck the earth ten yards away, a whining, yelping, whipped canine.

The fate of dog No. 1 was only an aggravation to No. 2. He snapped and growled more ravenously at the donkey than before. In two minutes more, however, the second savage assailant was cavorting over the turf in somersaults, and the donkey had closed his eyes again and retired on his laurels. Neither big dog can be coaxed near the distillery bullyard now.

Buried Alive.

ERIE, Pa., Oct. 27.—Farmer George Heffdecker of Green township apparently died suddenly of what was supposed to be heart failure two weeks ago. The body was four days later temporarily interred. It was transferred yesterday, and when the casket was opened it was found that the body had turned round, and the interior of the casket bore traces of a terrible struggle. The distorted and blood-covered features bore evidence of the agony endured. The clothing about the head and neck had been torn in shreds, as was likewise the lining of the coffin. Bloody marks of finger nails on the face, throat and neck told of the despair of the doomed man, who tore his own flesh in his anguish. Several fingers had been bitten off and the hands torn with the teeth until they scarcely resembled those of a human being.

Dean Geddes Dying.

HAMILTON, Oct. 27.—The venerable Dean of Niagara, John Gamble Geddes, is lying at his home, No. 92 Catharine-street north, in a very low condition and cannot live but a few hours. The dean was in his usual health—excellent for a man of 81 years—on Sunday and took part in the evening service at Christ Church Cathedral, of which church he was rector for 45 years. Yesterday he was up and about, meeting and passing a pleasant word with many of his friends. This morning about 1.30 o'clock he was seized with an attack of pneumonia and his lungs soon became choked.

A Veteran's Body Stolen.

KINGSTON, Oct. 27.—John McCabe of Emerald, Amherst Island, aged 90, died last week and was buried on Saturday. On Monday the grave was found in a disturbed state, with the shirt and socks of the deceased lying on the ground. The body had been stripped and stolen. He was a veteran of 1812.

Morley on Chamberlain.

LONDON, Oct. 28.—John Morley, M.P. for Newcastle-on-Tyne, spoke at Manchester last night. Proceeding to criticise Mr. Chamberlain's speech, Mr. Morley asked what John Bright would have thought of his assertion that the credit for good legislation belonged to the Conservatives. How was it that Chamberlain worked heart and soul in 1880 to oust the Salisbury Government, which he denounced as those who neither toil nor spin. Not so very long since Earl Salisbury dubbed Chamberlain as the modern Jack Cade. This reconciliation was very wonderful, and Chamberlain must repent as he looks back at the errors of his mis-spent political life. [Laughter.] He earnestly recommended this sad spectacle to the Unionists as a warning of the steep incline they were hurrying themselves to. Then if Mr. Gladstone's cabinet had made such an awful mess of it, why did not Chamberlain resign?

He concluded by denying Chamberlain's assertion that he advocated handing Egypt over to either France or barbarism. He was certain Lord Salisbury did not desire its permanent occupation, and would not thank Chamberlain for his language about Egypt.

Effective.

BERLIN, Oct. 28.—At Agram an infantry soldier shot himself for the purpose of committing suicide with a Mannlicher rifle, the bullet from which passed through his body, pierced his shoulder-blade, went through the ceiling of his room, wounded a man in the floor above him and lodged in the wall of that apartment.

"The Devil-Mouthed European Pigs."

SHANGHAI, Oct. 28.—The anti-foreign movement continues in the Hunan Province. Among the rebel chiefs are many of the viceroys, magistrates and generals. The following is the substance of a document which has been displayed on the walls everywhere:

"We, the inhabitants, who are desirous of preventing the violation of our country, let us prepare a plan of defence, so that every district may take up arms and assemble its forces. Let us chase from the Province the devil-mouthed European pigs."

Panic in a Church.

LONDON, Oct. 28.—A panic, caused by a singular incident, occurred last evening at St. Edmund's Church, Lombard-street. About the middle of the sermon a tremendous noise was suddenly heard by the startled congregation, followed by a crash. Women screamed and fainted, and a rush was made for the doors. Fortunately no one was injured.

On investigation it was found that a weight attached to the church clock by a wire, and weighing 300 pounds, had fallen, crashing through the porch above the church door.

Waterloo Veteran Dead.

LONDON, Oct. 28.—Lieut. Col. Howlett, one of the survivors of the British officers who fought at the battle of Waterloo, died at Southampton to day.

DEAF MUTE ASYLUM BURNED.

All the Inmates Succeed in Escaping—A Lack of Water Supply.

WINNIPEG, Oct. 28.—Fire started to-day in the new provincial deaf mute asylum and owing to a lack of water supply the building was almost completely gutted. The deaf mutes escaped without injury. The damage is covered by insurance.

Prefer Canadian Clothes.

WASHINGTON, Oct. 28.—Special Customs Inspector Sessions has informed the Treasury Department of the seizure of several lots of clothing, valued at $401, which had been smuggled into Troy, N.Y., from Canada. His report shows a systematic method of smuggling on the part of certain Canadian tailors having customers in Troy and other cities in New York. He says an agent of the foreign tailors visits this country for the purpose of taking orders and then smuggles in the clothing.

MANTLE CLOTH
REMNANTS.

Owing to our very large sale of MANTLE CLOTHS during the present season, there have accumulated a quantity of REMNANTS which we have placed on our Bargain Table in the centre of the store and in many instances have been marked down to nearly half their original price. The lengths vary from 1 to 3 yards, and among them are our Choicest Goods. Every customer should ask to see them.

We are also showing a line of
BARGAIN MANTLES
that are selling like hot cakes owing to their lowness in price.

Buy Now, If at All.
EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erie property, at the west end, owned lately by Mr. Wm. Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property [illegible]. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring lost vigor and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN Who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

Peterborough Cheese Board.

A Slow Sale—Large Attendance of Salesmen—The Prices Below the Last Meeting's Offers—Higher Freight Rates Neutralize Higher Cable Quotations.

At the fortnightly meeting of the Cheese Board held on Tuesday, there was a large attendance of salesman and the buyers were represented by Messrs. Cluxton, Wrighton, Fitzgerald, Cook and Browers. The cable quotations were 47 6, but there had been a brisk advance of freight rates and insurance rates, the former having advanced from 50½ cents to 63, and the insurance rates from 2½ to 5½d. The following factories boarded:

	Sept.	Oct.		Sept.	Oct.

Standard	230	170	Spring Valley	225	200
*North Star	170	100			

*Roseneath boarded 70 boxes of August, Otonabee Union 40 and North Star 100.

The bidding opened with 9½ cents for selections offered by Fitzgerald, followed with 9⅝ by Cook for selections, which Fitzgerald raised to 9⅝. The factories were called off and refused the figure offered. After some little delay and discussion as to adjournment, Wrighton advanced the bidding to 9 11/16 which was accepted by Keene, Warminster, Cherry Grove, Peterborough and Pine Grove. Bidding was resumed at 9½ which Cook advanced to 9⅝ cts. This figure was accepted by Central Smith, Oakdale, Warsaw, Lakefield, Maple Leaf, North Dummer, Bensfort, Frazerville, Trewerne and Lakeview. Fitzgerald again started the bidding at 9½. Wrighton went a 1/16 better, taking Stony Lake, Myrtle, Ida and Cedardale. Cook's bid of 9 9/16 took Hope, Orono, Newtonville and Kirkfield. The remaining factories, would not accept the 9½. The factories unsold are Shearer, North Smith, Missing Link, Melrose Abbey, Otonabee Union, Lang, Roseneath, Millbrook, Mount Pleasant, Fleetwood, Scotch Line, Downeyville, Minden, Stanhope and Reaboro. The board adjourned two weeks with privilege of selling off the board.

The Ottawa Disclosures.

What a Former Peterborough Baptist Pastor Thinks of Them.

At the regular fortnightly meeting of the Baptist Ministerial Association, Toronto, Rev. P. C. Parker, formerly of Peterborough, thus spoke regarding the scandals recently investigated at Ottawa:—He referred to their far-reaching influence, and declared that there was a tendency on the part of the Government to pull the guilty through the best way they could. The old country papers were laughing at the position assumed by the Dominion Government. It was apparent that there was a great deal of insincerity about the statement and the denial of Sir Hector Langevin. He alluded to the fact that bribery and corruption had been tolerated so long that they had become respectable. Their baneful effect passed down through all stages of the community, and was seen in ordinary life. He gave instances of grants of timber limits being made to private citizens in Norfolk county for no other reason except as a consideration for their personal influence in certain townships. The Government seemed to forget that it was giving away the property of the country. There seemed to be a certain kind of philosophy which said that to take money out of a man's pocket was stealing, but that to filch it from the country was not stealing. The effect of the system was seen in commercial life, when business men offered commissions and bribes in order to secure contracts. This was the effect of the example set in high places. Mr. Parker also condemned the practice of members of Parliament accepting railway passes. The companies, of course, had some selfish motive in giving these passes. They expected members to use their influence on behalf of them. He declared that the country could not be blamed, although some might be disposed to do so. The country had been debauched by the leaders of political life, and it was they who were responsible for the state of public morals.

"Cheap John."

prices won't buy the genuine medicines. Dr. Pierce's Golden Medical Discovery (for the liver, blood and lungs) and Dr. Pierce's Favorite Prescription (for women's weaknesses and ailments), each cost $1.00 per bottle, and his Pleasant Pellets (the original little Liver Pills), 25 cents a vial, and no discount.

These genuine medicines are now sold only through druggists, regularly authorized as agents, and at the above long-established prices. But if you get the genuine, they're the cheapest medicines you can buy at any price. They're sold on a peculiar plan—"value received or no pay." In every case they're guaranteed to benefit or cure, or the money is refunded.

Unauthorized dealers may offer spurious imitations or substitutes at lower prices than above.

Beware of all such.

A perfect remedy for scrofula, in all its forms—something that purifies the blood, as well as claims to. That, if it's taken in time, will cure consumption.

As a strength-restorer, blood-cleanser, and flesh-builder, nothing equals "Golden Medical Discovery." For every form of scrofula, bronchial, throat, and lung affections, weak lungs, severe coughs, and kindred ailments, it's the only remedy so sure that it can be guaranteed. If it doesn't benefit or cure, in every case, you have your money back.

Election Petitions.

There are no less than twelve election petitions before the Supreme Court, which will be proceeded with to-day. The first on the list is that of Lingar, in which the petitioner appeals from the judgment setting aside his petition against Ross, the sitting member. Informalities in the petition were alleged. The other cases are:—Prince County, P.E.I., Perry and Yeo; King's County, N.S., Borden v. Bartcaux; Glengarry, Ont., McLennan v. Chisholm; Stanstead, Que., Rider v. Snow; Shelburne, N. S., Mills v. Roy; Lunenburg, N.S., Kaulbach v. Eisenhauer; Antigonish, N.S., Thompson v. McGillivray; Pictou, N.S., Tupper v. McColl; Inverness, N.S., McDonald v. Cameron. All the cases are in regard to preliminary objections.

Among the counsel to take part in the proceedings of the Supreme Court, which opens to-day at Ottawa, are Hon. Mr. Laflamme, Q.C., Hon. Joseph Martin, Q.C., and Messrs. Fred F. Congdon and W. B. Rescoe, Halifax; Premier Peters of Prince Edward Island and Mr. W. A. O. Morson, of Charlottetown, P.E.I. Nearly all are engaged in the election cases.

Little, But Lively.

"Little drops of water,
Little grains of sand,
Make the mighty ocean,
And the pleasant land."

And dropping into prose, we would say, that Dr. Pierce's Pleasant Pellets are mild, but prompt in relieving constipation, sick headache, bilious attacks, pain in the region of kidneys, torpid liver, and in restoring a healthy, natural action to the stomach and bowels. 25 cents a vial. One Pellet a dose. Little, but lively. The use of the old style, drastic pills is an outrage on the human system. e

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

Harsh purgative remedies are fast giving way to the gentle action and mild effect of Carter's Little Liver Pills. If you try them, they will please you. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side, guaranteed to those using Carters Little Liver Pills. One a dose. Small price. Small dose. Small pill. dw

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

Self Application of Electricity

FOR MEDICAL PURPOSES

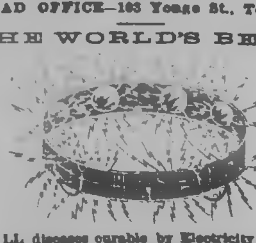
BY THE

DORENWEND ELECTRIC BELT

And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM, but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. eod-w

GOUGH BROTHERS

Are Fitting out the Feet of Thousands who have only their Soles between them and Mother Earth!

ANOTHER $10,000 STOCK of Splendid Boots and Shoes have arrived for GOUGH BROTHERS. The Goods are opened out and on sale at their Two Big Stores, 375 and 377 George Street.

Positive proof has been given, in the case of several responsible parties who have taken in the Town and compared prices, that Gough's in every case give the best value. One customer stated: "I looked at a pair of boots down town for $1.25, and Gough's price for the identical goods was a little over one-half." Make a note of this, and when you want boots don't buy until you give Gough's a look.

The sensation for October will be Gough's Overcoats and Suits, Cardigans, Shirts and Drawers.

GOUGH BROTHERS carry Five Times as much Ready-made Clothing as all the other dealers in Town, and their prices are 50 PER CENT. LOWER. When you want Clothing don't buy until you see the Big Stock kept by

"German Syrup"

A Throat and Lung Specialty.

Those who have not used Boschee's German Syrup for some severe and chronic trouble of the Throat and Lungs can hardly appreciate what a truly wonderful medicine it is. The delicious sensations of healing, easing, clearing, strength-gathering and recovering are unknown joys. For German Syrup we do not ask easy cases. Sugar and water may smooth a throat or stop a tickling—for a while. This is as far as the ordinary cough medicine goes. Boschee's German Syrup is a discovery, a great Throat and Lung Specialty. Where for years there have been sensitiveness, pain, coughing, spitting, hemorrhage, voice failure, weakness, slipping down hill, where doctors and medicine and advice have been swallowed and followed to the gulf of despair, where there is the sickening conviction that all is over and the end is inevitable, there we place German Syrup. It cures. You are a live man yet if you take it. ●

MARRIED HIM TO GET RID OF HIM.

And Has Run Away from Him Three Times Since Their Wedding Day.

WAKEFIELD, Mass., Oct. 27.—Waldo E. Cowdrey, Democratic nominee for Senator in the Sixth Middlesex District, returned home to-day with his wife, whom the police of New York detained on Friday. He is a bookkeeper in the South End National Bank in Boston, and on Thursday abandoned a close watch that he had kept upon his wife for a month. She at once removed all their furniture and started for her mother's home in Shrewsbury Park, near St. Louis, taking with her their baby and dog.

Her maiden name was Helen Pope. She has been Mr. Cowdrey's wife three years and has run away from him three times. Cowdrey is 30 years old and his wife is but 24, and she declares that her mother and brother forced her to marry him. "I only married him to get rid of him," is her frank confession. When rebuked for entering into such a serious obligation with such a flippant spirit, she replied, "Well, if you got two proposals a month for a year you you would have done the same thing." She is tall, handsome and highly accomplished, and comes of an aristocratic Kansas City family.

In the summer of 1887 she met Mr. Cowdrey at Cottage City. With him it was a case of love at first sight. She did not reciprocate his feelings. There was a swell wedding, but Mrs. Cowdrey's only pleasant recollection of the event is that her wedding dress cost $600. On their honeymoon, three days after being married, she deserted him in Denver, but he found her and a reconciliation took place. Her second escapade occurred a year ago, when she went to her mother's. The only evidence that Mrs. Cowdrey is insane is the way she spreads the stories of her married life.

ON HIS KNEES TO THE MAID.

His Wife Came Home and Caught Him and He Shot Himself.

INDIANAPOLIS, Oct. 26.—There was a suicide at Hazlewood this morning. William Barnes, a retired capitalist of that place, with a wife and three grown children, remained home while Mrs. Barnes with her eldest son, went to church. On their return the wife and mother discovered her husband on his knees in the kitchen pleading with the pretty capped maid to elope with him.

The girl, true to her mistress, repulsed him. He could not stand the disgrace and beat a retreat to his room, where he seized his shot-gun, bent his forehead over the barrel and pulled the trigger with his thumb, blowing out his brains.

FIVE WERE KILLED.

Freights Collide with Frightful Results in a Minnesota Town.

GLENWOOD, Minn., Oct. 28.—A terrible accident happened at Thorson station, eight miles east of here on the Soo road last night by which five persons were killed and seven seriously injured.

The dead are: O. E. HOLMES, travelling salesman of St. Paul

FRED KENN.

CONRAD PRINCE.

BRAZIL LYLE.

JOHN COFFIN.

The four last named all belong to Monticello, Minn. The regular west bound freight train was switching at the station when it was run into by a west bound extra running at a high rate of speed. The caboose of the regular train was completely telescoped.

No Consecrated Ground for Suicides.

STRATFORD, Oct. 28. Valentine Allandorf of Gadshill, who cut his throat one day last week while in a delirium brought on by typhoid fever died yesterday. Allandorf was a member of the German Lutheran Church and owned a plot in the church cemetery. A child of his is buried in the plot, and it was the intention to inter the deceased in the same spot. The church elders, however, have taken action in the matter and say they refuse to allow him to be buried in his own plot, claiming he is a suicide. The elders propose to bury him in a far away part of the burying ground. The friends of Allandorf claim that he is not a suicide, inasmuch as he was delirious and did not know what he was doing when he committed the deed. The matter is still in dispute, and the issue will be looked for with interest.

Killed by Grapes.

FORT WAYNE, Ind., Oct. 28.—John L. Porter, a prominent real estate agent, after eating a quantity of grapes early this week was taken very sick and yesterday was operated on for strangulation of the bowels. Death resulted at 4 o'clock this evening.

The Berlin Reichsanzeiger (official) by order of Emperor William comments editorially to-day upon the deplorable immorality prevalent in Berlin. Continuing, The Reichsanzeiger enjoins the local authorities to adopt energetic measures for the suppression of men who live upon the earnings of prostitutes. The police, the newspaper adds, must act without scruple.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

Born Behind the Bars.

Margaret Martin Gives Birth to a Child in the Police Station.

This morning about three o'clock a young woman who gave her name as Margaret Martin gave birth to a child in the female cell of the police station. Her statement is that last night after tea she started from Springville, where she said she had been a *domestic servant* with Mr. James Biptie. She walked the whole way to town, being compelled, she stated, to frequently stop in the lonely darkness of the night and rest at the roadside. About 2.30 this morning she called at Dr. Brennan's surgery, and he seeing that she was about to become a mother, telephoned to the police station requesting her removal. Police Constable McGinty was detailed on this delicate mission, and accompanied the young woman to the cells, and placed her in the female ward, where within a few minutes after her arrival she was delivered of a

HEALTHY, WELL NOURISHED FEMALE CHILD.

Dr. Yelland, town physician, was at once summoned and rendered the needed obstetical services. After considerable delay admission was secured for the mother and child to the Nicholls Hospital, whither she was removed at five o'clock, the child wrapped in newspapers, over which was bound an old shawl. The girl told the Chief of Police that her name was Margaret Martin, that she is 22 years of age, and a widow, her husband having died about four months ago. She was decently, cleanlily and comfortably clad. In her condition it was thought indiscreet while she was at the station to urge many questions upon her, and she has not been more communicative since she was admitted to the Hospital. She and the child, at last reports, are doing, as the current phrase goes, "as well as could be expected"—in fact much better. The Peterborough police court and cells have run the whole gamut of social surprises. More than one person has died in the cells, a couple of years ago a wedding was celebrated in the court, and now in logical sequence we have a police cells birth to chronicle.

Mr. Mulholland Remembered

At a Complimentary Banquet by Cobourg Citizens.

At Cobourg on Tuesday evening Mr. Robert Mulholland, of the banking firm of Mulholland & Roper, was entertained by the citizens of Cobourg at a banquet at the Dunham House on the occasion of his removal to Peterborough, where he will henceforth reside, he having leased the elegant new dwelling in LeBrun's terrace, Simcoe street west, No. 243. Mr. Mulholland has been an active and useful man in Cobourg and riding for the past 25 years, and the citizens appreciated his efforts to such an extent that they tendered him a public banquet as an expression of regard, and to express their well wishes for his continued prosperity. The dinner took place at 9 o'clock, and was attended by the representative men of the town, about 60 being in attendance, including William Kerr, Q.C., ex-M.P., chairman; J. Hargraft, M.P., C. C. Field, M.P.P., Mayor Battell and Town Council, representatives of the School Boards, professional men and business men.

After a splendid bill of fare had been done justice to, the toast list was proceeded with. "The Queen" and "Governor General and Lieutenant-Governor" were received in the usual loyal manner.

"The Army, Navy and Volunteers" was responded to by Lieut.-Col. Gravely and Capt. Harley in patriotic speeches.

The chairman then proposed the health of "Our Guest," and referred to Mr. Mulholland's long and faithful service in connection with the town. He had been an honourable citizen for many years, had done good service in the Town Council, on the Harbor Commission, and had been an efficient representative of this riding in the Legislature. He had acted as president of the proposed Cobourg, Northumberland and Pacific railroad, and had worked faithfully to bring Cobourg into communication with the C.P.R. He expressed the regret of the citizens at Mr. Mulholland's departure.

Mayor Battell then read a complimentary address to Mr. Mulholland, passed at the meeting of the council upon the occasion of its acceptance of his resignation of the office of harbour commissioner.

Mr. Mulholland was received with cheers. He expressed his exceeding regret at having to leave Cobourg, but being an active man, and finding no opening for him in this town, he had opened a private bank in Peterboro.' He had resigned the chairmanship of the Harbour Commission, but would continue to act in connection with the proposed railway, and would do his best towards furthering that object. (Cheers.)

The toast list was then proceeded with. "The Dominion Parliament and Ontario Legislature," were replied to by Mr. Hargraft, M.P., and Mr. C. C. Field, M.P.P. "The Municipal Corporation," "Learned Profession," "The Press" and "The Ladies," closed the toast list, and the pleasant gathering broke up about one o'clock.

The Examiner cordially welcomes Mr. Mulholland as a prominent addition to the citizens, who contribute so much to the importance of the town. Mr. Mulholland's family will remove to town next week.

Norwood.

A Football Victory.

(From Our Own Correspondent.)

The Norwood High School Football Club opened their seasons' matches on Saturday last by defeating the Trinity Medical Football Club of Toronto by a score of 2 to 0. The play was decidedly in favour of the local players from the commencement of the game—though Trinity made several fine rushes towards the end of second half-time, which, however, lacking combination, were not successful. For Trinity, Jory was a tower of strength, while White on left wing made some clever runs. For the home team every man played a good strong game; if there is any weakness in the team it is in shooting on goal. The combination is good, and with an improvement in shooting the boys will make a strong aggregation to beat. Following were the players:—

Peterborough Protestant Home

Annual Meeting—Reports Presented—Officers Elected—Statistics of the Home.

The twenty-sixth annual meeting of the lady patrons of the Peterborough Protestant Home was held on Tuesday afternoon. There were present—Mrs. Vernon, Mrs. McWilliams, Mrs. Dunlop, Miss Nicholls and Miss Roger.

The election of officers resulted as follows:
President—Mrs. Vernon.
Vice President—Mrs. W. B. Ferguson.
Second Vice-President—Mrs. J. McKee.
Secretary-Treasurer—Miss Roger.

THE ANNUAL REPORT.

The annual report of the acting secretary, Miss Roger, for the year ending Sept. 30th, 1891, was read and adopted as below:

In once more presenting to the public the annual report of their proceedings the committee of the Peterborough Protestant Home desire with thankful hearts to acknowledge the good hand of God in the measure of health granted those in their charge and in the bountiful provisions supplied for the needs of the Home. Annexed is a summary of operations, from which it will be seen that the calls upon our benevolence are increasing, thirty-seven persons, old and young having received shelter in the Home for a collective period of 7,776 days, as against twenty-five persons for a period of 6,955 days in the year previous. The expenditure necessarily shows a somewhat corresponding increase, with which fortunately the receipts have kept pace. The cost of maintenance was 23 39-100 cents per inmate per day as against 21 6-10 cents last year, the slight increase being attributable largely, no doubt, to the increased amount of illness prevailing amongst the inmates from la grippe and other causes. There is only one death to record, that of a man who had long outrun the allotted span, he being about 97 years of age at the time of his death.

Thanks are tendered to the friends who have contributed to the support of the home and have so kindly relieved, its pressing wants and to whose generosity their need may from time to time appeal. The government grant and the interest on the late Mrs. Nicholls' handsome bequest, though a great boon, are not, as will be seen from the financial statement, sufficient in themselves to meet the growing requirements of this institution.

The thanks of the committee are due to the clergymen of the town for their visits to the inmates which are much prized; and to the medical men who so kindly look after the health of the inmates month after month and to the indefatigable secretary of the Young Men's Christian Association as well as to the other members and laymen who so kindly visit the poor people and hold the weekly meetings who are always looked forward to with so much pleasure, also to the editors of the papers in town who kindly insert all notices free, besides furnishing a copy daily of each paper.

Isabella Roger,
Acting Secretary.

Appended to the report was the following:

Y. M. C. A. Notes.

The Ladies' Auxiliary held an enthusiastic meeting yesterday afternoon, Mrs. H. S. Griffin, president, in the chair. After a full discussion re furnishing new rooms, the ladies present resolved to make a personal appeal to the ladies of the various churches to provide funds for the purpose of furnishing the parlour in new rooms. A committee of ladies will act in each of the churches and will gladly receive any sum for this object. The ladies will meet again on November 17th and make returns at this meeting. We rejoice that our ladies are so willing to help us so grandly at this time, and we are satisfied they will provide the cosiest and safest place in town for our young men. We thank God for the desire manifested, and which will, by His blessing, be a real fact ere long.

The week of prayer for young men in all lands begins on Sabbath, November 8th, and closes on the 15th. On Sabbath, November 8th, special sermons to young men will be preached by the town pastors or others in the different churches in town, and "thank offerings" will be taken for the local work, when we hope for a liberal response. Rev. Alexander McAuley, Woodville, Ont., who is particularly adapted for work among men and who has been greatly owned and blessed in this work, has kindly consented to come and conduct the services during the week.

Beauty is said to be only skin deep; but to possess and preserve a beautiful skin pure, vigorous blood is essential. This is best secured by taking Ayer's Sarsaparilla in small but frequent doses. It is the most reliable of blood-purifiers.

The Old Fobert Hotel Building Burned.

This morning about a quarter after four o'clock fire was discovered in the old Fobert hotel building (which was unoccupied) in this village and the building was burned to the ground. For a time the residence of Mr. Ed. Mann, opposite, was in great danger, but by the exertions of the neighbours it was saved, as well as the sheds and stables. Mr. Fobert lost about fifty dollars worth of goods remaining in the house. The building, which is a wooden one and owned by Mrs. Geo. Rickey, town, was insured in the Royal and Mercantile insurance companies, divided equally, for $1 200. The fire is supposed to have been originated by tramps sleeping in the building.

Matrimonial.

A Peterborough-Paris Bridal-Wedding of Mr. J. J. Sheehy and Miss Raland.

This morning Mr. J. J. Sheehy, the popular and prosperous young Peterborough merchant, was married at the church of the Sacred Heart, Paris, Ont., to Miss Emma Raland, eldest daughter of Mr. John Raland, of that town, and formerly well known here as the organist of St. Peter's Cathedral. The wedding mass was celebrated at 8.30 o'clock by Rev. Father Keough, V.G. The bride was assisted by Miss Davina Thompson, of Paris, and Miss Birdie Raland, who performed the duties of bridesmaids, while Mr. 'Gus Gough of Peterborough supported the groom. At the conclusion of the ceremony the bridal party repaired to Mr. Raland's residence, where the wedding breakfast was served to the guests, who extended the newly wedded couple the heartiest congratulations and admired the numerous bridal presents the occasion had called forth. Mr. and Mrs. Sheehy come to-morrow to Peterborough where Mr. Sheehy has had prepared, ready furnished for occupation on Gilmour street, a handsome new residence, which will henceforth become a home.

This marriage will be the occasion for the most cordial congratulations. Mr. Sheehy is one of our most prosperous, as well as progressive and successful business men. In the short space of six years he has built up by square dealing and judicious enterprise a flourishing drygoods business, and personally deserves the success he has met. Miss Raland is a young lady of rare musical abilities and acquirements, and during her residence in Peterborough by her many graces of character and disposition she won a wide circle of warm friends, whose friendship will by no means be lessened now that she has become Mrs. Sheehy. The Examiner heartily joins the long list of friends in congratulations to Mr. and Mrs. Sheehy, and cordial wishes for very many years of happy wedded life.

As a family medicine, Ayer's Pills excel all others. They are suited to every age and, being sugar-coated, are easy to take. Though searching and thorough in effect, they are mild and pleasant in action, their use is attended with no injurious results.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

A BAD HUMOR CURED

$5,000 Expended on Doctors and Medicine Without Avail—Gave Himself up to die.

Good Wife Suggests Cuticura Remedies—Used Them 7 Months, and is Entirely Cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the Cuticura Remedies, which were so extensively advertised and used. I followed her suggestion and am happy to say by diligent application of your Cuticura Remedies for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. C. L. PEARSALL,

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355.92
Increase over previous year	2,421,373.34
New Applications received in 1890	6,371,599.15
Increase over 1889	2,268,888.60
Cash income for year ending 31st December, 1890	889,078.87
Increase over 1889	325,928.35
Assets at 31st December, 1890	2,473,514.19
Increase over 1889	687,691.47
Reserve for Security for Policy-Holders	2,109,232.68
Increase over 1889	567,733.71
Surplus over all Liabilities and Capital Stock	232,175.69
Increase over 1889	75,649.06
Death claims fallen in during 1890	143,961.65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$84,324 07
" " " " 1886, "	80,462 97

THE QUEBEC SCANDAL.

MR. MERCIER ON THE STAND YESTERDAY.

The Count Tells His Story to the Commissioners—He Wanted No Intermediary Between the Government and the Contractors.

QUEBEC, Oct. 29.—Mr. Pacaud was to-day subjected to a searching cross-examination by Mr. Casgrain about the various items in his accounts, and the counsel made use of the item of $1000 paid by Armstrong to demand that an expert accountant be appointed to go through Mr. Pacaud's books.

The commissioners decided that all confirmation of Mr. Pacaud's accounts had to be obtained from the bank officials.

Amongst other accounts Mr. Casgrain *went into the $3000 paid* to Mr. L. J. Demers. After the refusal of Mr. Pacaud to tell what value he had received from Mr. Demers the judges ordered him to do so, and it came out that Mr. Demers gave him a draft for $3000 on the Government, payable two months from date, and endorsed by *the Provincial Government*, the whole thing being in the shape of an order for work done, which was merely cashed by Mr. Pacaud.

Mr. Casgrain asked again about the third blank note left by Mr. Mercier on his departure for Europe.

Mr. Pacaud refused to answer and after Judge Jette had asked him if this was the note he had explained in the morning to the commission, the latter sustained him in his refusal.

Judge Davidson said that the reason he agreed to this was because they, the judges, did not desire to have, and would not have, anything to do with purely party business. The note referred to, the commissioners were certain, had nothing to do with the $100,000 affair. He also thought they were not justified in bringing before the public the names of innocent persons unless it was shown they were directly interested in the Baie des Chaleurs matter.

The last question was for an explanation about a check of $7,500 on the Bank of Montreal, but the judges wanted to convince themselves first whether it had anything to do with the Baie des Chaleurs matter before they would order Mr. Pacaud to answer it, and Mr. Casgrain gave him up.

John J. MacDonald, who came next, stated that he once had to pay Pacaud $4000 commission to get through an estimate of $30,000.

The Count in the Box.

Hon. Mr. Mercier was then called. The Premier was attired in a black suit and wore a print necktie and on his breast the scarlet rose of the Order of Leopold of Belgium. He carried with him a large satchel filled with documents.

Mercier took his place in the box at the request of the judges and composedly arranged his papers about and then looked at the commissioners in a way that meant, "I am ready."

Hon. Judge Jette: Was there any agreement between yourself and Mr. MacDonald previous to your departure for Europe?

Witness: Yes, your Honor. The correspondence referring to the question will, perhaps, show more clearly the state of affairs at the time, and if you allow me I will read it. On Nov, 15, 1890, witness received from Mr. Macdonald the letter which he read. In his letter MacDonald says that he has visited the road (Baie des Chaleurs) and that he is of opinion an addition to the subsidy should be voted, viz., to make the line a good one $10,000 per mile for the remaining 60 miles of the road, and that if immediate measures were not taken the works begun would be deteriorated by the action of the weather, etc. Hon. Mr. Mercier replied to MacDonald that he would take his letter into consideration. This was about the middle of November. He submitted the matter to the council. On Dec. 5 Mr. Hector Cameron sent him a letter, which witness read. Mr. Cameron had studied the Baie des Chaleurs question in the interest of Mr. MacDonald and asked to have the statement given in a clearer manner. Mr. Cameron then treated of the difficulty that had arisen between Messrs. MacDonald and Macfarlane and that $150,000 had been deposited to settle the different claims.

Mr. Mercier's answer was: "Sir, I have the honor of acknowledging reception of your letter of date, which will be taken into consideration. The matter was submitted to the council. The result of the labor of the council was the statutes which were voted by the House."

Mr. Mercier then related as to his meeting Mr. MacDonald in the Speaker's room. Mr. MacDonald was not pleased with the $60,000 voted. But then Mr. Mercier found out that the amount, $60,000, was an error on the part of certain officers. He had the estimates changed to $80,000 by authority of the Lieut.-Governor. Mr. MacDonald was apparently under the impression that this was intended to cover everything, but he (Mr. Mercier) explained to him that it was only a portion of the subsidy. However, this did not convince Mr. MacDonald, who wanted to have more.

On Feb. 7 Mr Mercier received a letter from Montreal which purported that Mr. Riopel was seen the day before and asked to have a certain agreement, which MacDonald had proposed, sanctioned before the House and promised, in case it was agreed, that the parties concerned would not participate politically on any side. The letter was signed Hector Cameron. Mr. Mercier answered him thus:

DEAR SIR,—Our Government cannot give a cent more than the estimates which have been statuted. Yours truly,
HONORE MERCIER.

Mr Laflamme Makes a Call.

Witness never heard any more about it until his departure for Europe. On March 12 while in Montreal he received a visit from Hon. Mr. Laflamme, Cook and perhaps Mr. Thom. The question of accepting Mr. MacDonald's contract was brought up again. Mr. Laflamme questioned Mr. Mercier lengthily as to the result of the outcome of the different bargains contemplated. Witness then proposed to Mr. Laflamme to put his questions in writing and he would submit them on board the cars with his colleagues while going to New York on his way to Europe. The letter was received. Mr. Mercier's answer to it was written on board the steamship Gascogne in New York, where Mr. Mercier stopped on his arrival in New York, and was mailed by his secretary the next morning, just before the sailing of the steamship Gascogne. Mr. Mercier gave Mr. Laflamme letters which contained the different estimates for the construction of the road per mile and also of iron bridges on the Baie des Chaleurs Railway, and the interpretation given to the statutes by the company as to the payment of the subsidies.

Mr. Mercier's reply was that the Government would pay the whole of the subsidies voted by the House as soon as the work would be completed to the satisfaction of the Lieut.-Governor in council. These are all the documents referring to this affair from the summer of 1890 until his departure for Europe, but it may be that Mr. Mercier had *mentioned* MacDonald's name elsewhere, he was so anxious about the affair.

To Judge Jette witness remembered that on the cars going to New York, Mr. Pacaud asked him if he had received any reply from Mr. Laflamme and if he (witness) would see Armstrong. Witness refused to see Armstrong on the cars in reference to the Baie des Chaleurs Railway. He could not remember having mentioned there Mr. MacDonald's name. After having read Mr. Laflamme's letter to his colleagues on the train Mr. Mercier said: "Now, gentlemen, I want to be left alone about this Baie des Chaleurs Railway affair. I want to pass a few moments with my family, and the first one that brings the subject before me will go out of this" (the palace car). Mrs. Mercier, Mr. Mercier's daughter, Mr. and Mrs. Dreaze and others were accompanying the Premier to New York. Witness never spoke to any one of the letters referred to, although they were only shown to his colleagues and to his lawyers. He thought that Mr Pacaud went to his office with Messrs. Armstrong and MacDonald, but he never spoke to Mr. Pacaud about this affair, and if the commissioners asked Pacaud the reason why he would be able to tell. "I let him understand that I didn't want any intermediary or mediatory between contractors and the Government. I meant to keep the Government respectably and free from the shadow of doubt."

In reference to Mr. Langelier's nomination as commissioner, Mr. Mercier said: "On Jan. 8th I received a letter from Mr. Theo. Robitaille giving the position of the company and the state of the road. I answered him that I could not do anything further for the railway with the present company. This was during the session of 1888. I received at that time a great number of petitions from citizens, mayors and priests of Bonaventure, to settle with the old company and form a new one because the people were not paid their due.

Besieged With Their Claims.

During the summer I went to Carleton with my family and Mr. Langelier and his family. While there I was assailed with claims from people. I sent for Mr. Riopel and asked him why these people were not paid. Riopel said that he could not pay because he had been robbed by the new arrangements of the Government. Then I said: If you don't pay these people I will wire immediately to Quebec and have your works stopped. The men to whom I alluded were paid subsequently, however. The same order of things continued and there were strikes and troubles down in Bonaventure. The rest is known. An act in council was passed cancelling the company's charter. Mr. J. C. Langelier was named commissioner to settle the claims of the people of Bonaventure. Eight thousand dollars was [illegible] to the amount voted to settle the claims. According to an order in council this sum was kept as a guarantee on hand to ensure the payment of claims which might be refused through some cause or other by the new company. The sum thus paid amounted to $28,000, which was taken from the Baie des Chaleurs Railway subsidy. Witness went down to Bonaventure in 1890 and saw that the claims were all paid and the people were happy. A great number of claims were filed with the Government since the commissioner had finished his work. This Baie des Chaleurs Company would have swallowed the estimates of a whole department to itself.

Commission adjourned at 4 p.m.

A Libel Suit for The F.P.

QUEBEC, Oct. 29.—It is stated on the best of authority that Lieut.-Governor Angers has asked Sir John Thompson to take action against The Ottawa Free Press for intimating that $1800 of the Baie des Chaleurs Railway money was spent in buying a necklace for Madame Angers.

LIFE'S DRAMA ENDED.

Alexander M. Denison of the Kendal Company Kills Himself.

NEW YORK, Oct. 29.—Alexander M. Denison, a well-known English actor and one of the most prominent members of the Kendal Company, committed suicide yesterday morning at his lodgings in the Hotel Arno, corner of Broadway and Twenty-eighth-street.

For more than a week Mr. Denison had been confined to his rooms by reason of illness. The nightwatchman at the hotel, Frank Keith, yesterday morning knocked at the door, and receiving no answer entered. A hideous gash across his throat and a razor clutched in his right hand told of the manner of his death. A pool of blood had stained his night clothes where he fell and spots and spatters of blood on the side wall seemed to indicate that he stood up when he drew the razor across his throat.

"Denison was a very reticent man and talked very little about himself. His own name was Alexander Dixon, and his father was a wealthy shipbuilder of Glasgow, where, I believe, he was born. His brother John is manager of Hawtree's Comedy Theatre in London. He was considered one of the best 'old men' on the English stage and was formerly with the Bancrofts. He has been associated with Kendal for about 12 years. Some of his best known parts were Parson Dormar in 'The Squire,' Col. Daunt in 'The Queen's Shilling,' Lord Gillingham in 'The Weaker Sex' and Dunbilk in 'Still Waters Run Deep.'

MANITOBA SCHOOL ACT.

The Law Pronounced *Ultra Vires* of the Local Legislature — The Five Judges Unanimous in the Finding — Separate Schools Legal in Manitoba.

OTTAWA, Oct. 29.—The Supreme Court Ottawa yesterday which declares the Manitoba school appeal. They unanimously condemn the act of the local Legislature in abolishing the separate schools in that province as ultra vires, and assert the rights of Catholics to have their children educated in separate schools if they so desire.

I was in the Supreme Court this morning and heard the five judges on the bench unanimously knock out the Manitoba School Act, which abolished separate schools, and gave the appellants full costs. The substance of all their judgments was that the Roman Catholics had by law and practice the right of denominational schools before the province was created, and that therefore no Act of the Legislature could deprive them of these rights.

Mr. Justice Patterson was especially strong on this point.

Mr. Samuel Blake, who ably argued the case of the Roman Catholic appellants, happened to be in court, and he seemed quite satisfied to have his arguments so fully endorsed. To-night he speaks at the Sunday school convention going on here.

One witty gentleman remarked to-night that the French-Canadians ought to be satisfied with this victory far more than a set-off to the refusal of the Railway Department to Chapleau.

[The Manitoba School Act was offered to the Legislature of the prairie province in March, 1890, by Premier Joseph Martin. It provided for the total disestablishment of Separate schools in Manitoba, all teaching institutions to be maintained by the Government being non-sectarian.

The Roman Catholic clergy preached against it, but at last on March 18 it was carried. The Roman Catholics decided to bring the bill before the Manitoba Court of Appeal, which was done. The court upheld the bill, and the Catholics decided to refer to Ottawa, and to bring the Act before the Supreme Court. To-day's judgment shows the result of the appeal. The case will certainly be carried to the Privy Council.]

Manitoba Will Appeal.

WINNIPEG, Oct. 29.—Premier Greenway says the Manitoba Government will appeal from the decision of the Supreme Court at judges yesterday gave judgment in the Manitoba law abolishing Catholic Separate schools unconstitutional. He says the case will be called to the Privy Council in London and be brought before Queen Victoria.

SUING THE CONSPIRATORS.

Michael Connolly the First to be Served With a Summons.

OTTAWA, Oct. 29.—At midnight this morning Michael Connolly, of Larkin, Connolly & Co., contractors, was served by Commissioner Sherwood, of the Dominion Police, with the summons ordering him to appear before Police Magistrate O'Gara at the Ottawa Police Court on Wednesday next, to answer to the charge of conspiracy in defrauding the Public Works Department.

The service of the warrant upon Connolly gives confirmation to certain rumors which had been current in the city to the effect that the Government's action in proceeding against all the parties implicated by evidence given before the Parliamentary Committee last session would not be long delayed. As the Government of course stand committed to institute these proceedings, the only question has been: "Who are to be proceeded against?"

It is reported here that Commissioner Sherwood of the Dominion Police left for Quebec this afternoon to serve summons on Hon. Thomas McGreevy and others connected with the Larkin-Connolly affair.

The Junta Doesn't Scare.

SANTIAGO, Chili, Oct. 29.—The Chilian Government has replied to Minister Egan's demand for an explanation of the recent attack upon American sailors. The reply is couched in very strong language, and it is understood that it amounts to a refusal to accept responsibility for the affair. The State Department at Washington has been notified. Minister Egan, Commander Schley and Consul McCreelry are consulting together and it is thought that decisive action will be taken soon.

Found Dead on the Road.

CALEDONIA, Ont., Oct. 28.—William Moore went for a drive shortly after 11 o'clock. The next thing heard of him was that his body had been discovered lying on the side of the road badly disfigured, life being entirely extinct. How the accident occurred will never be known, no one being near at the time. The colt which deceased was driving has been known to run away on more than one occasion. Mr. Moore had only been married about a year and leaves a wife and young son.

The Canadian Egg Trade.

MONTREAL, Oct. 29. The Canadian egg trade is making wondrous strides. The high prices enabled one shipper to make £1000 profit on a single shipment. Cheese importers are generally handling the eggs. One shipper alone expects to handle 35,000,000 before the season ends. If prices are maintained dealers say that eggs from Ontario and Prince Edward Island will gradually replace the inferior classes of foreign eggs in the Liverpool and other markets.

Thought of His Family to the Last.

SARNIA, Oct. 29.—Walter Slocum was coming home from Point Edward, where he had been to purchase bread, and had just entered the quarantine grounds when he sank down with a cry. The keeper of the range light saw him fall and immediately ran to his assistance. Mr. Slocum drew his keys from his pocket and, handing them to the keeper, said: "Give these to my family, as it is not likely I shall see them again." Thirty minutes later he was dead.

Carter Not In It.

MILWAUKEE, Oct. 29. The billiard match to-night between Eugene Carter and Frank Ives for $700 aside resulted in an inglorious defeat for Carter. The totals were: Ives 600, Carter 188.

A Bogus Lord on Trial.

ROME, Ga., Oct. 28.—The trial of Walter S. Beresford, alias Lascelles, who posed as an English lord here last winter is in progress. The charge brought is forgery. His wife, who was a Miss Maude Lilienthal of New York is present.

A Capitalist Killed.

LOS ANGELES, Oct. 29.—C. K. Griffiths, a prominent capitalist, was shot and killed this evening by a man named Burke, who almost immediately committed suicide.

Express Train Robbed.

ATCHISON, Kan., Oct. 29.—The express car of the Central Branch Railway train No. 403 was robbed at Leonora just after midnight this morning. When the train arrived at Leonora at 12.25 this morning Express Messenger Garner hurried out to help switch the train. When the train was ready to proceed on its way again he discovered that the safe was missing. It was in its place all right when he left the car, he says. It is supposed that while the car was being switched robbers entered it and threw out the safe carried it to a wagon which they had in waiting and made off with it. The safe is supposed to have contained a large amount of money. There is no clue to the robbers.

Sudden Death of a Salvationist.

GUELPH, Oct, 29.—Mrs. Robinson, a well-known resident of the city for the past six years, and recently better known from the fact that she sold the Salvation Army War Cry on the streets, died very suddenly about half-past eleven on Monday night at her residence in Durham-street. She was all alone with the exception of her granddaughter, Helen Brand of Toronto, aged about 17. The young woman was awakened by the coughing of her grandmother, who was then sitting on the side of the bed. Miss Brand heard her grandmother fall to the floor and jumped out of bed. Two minutes later the woman was dead. The deceased leaves one daughter, Mrs. Brand, Toronto.

BRITISH AND FOREIGN.

FRIGHTFUL WORK OF A JAPANESE EARTHQUAKE.

Three Hundred Persons Killed in a Single City—The Disturbances Extend Over an Immense Extent of Territory—General Foreign News.

LONDON, Oct. 29.—Despatches were received here last evening from Japan announcing that the telegraph wires beyond Hiogo and Osaka were down. It was added that there had been an earthquake at Hiogo and the rumor was current that a great amount of property had been destroyed.

A severe shock was experienced at Osaka and the destruction of both life and property was very great. So severe was the shock that a number of houses were thrown to the ground and many of the occupants were caught in the falling buildings and crushed to death. A large number of persons succeeded in escaping from their tottering homes only to meet death in the streets. There is no means at present of estimating the total loss of life, as all the telegraph wires in the districts affected were broken by the falling of the poles, which were thrown down by the seismic disturbance.

It is known that in Osaka alone the death list contains the names of 300 of the residents of that city.

Hiogo is a seaport town of Japan on the island of Houdowith. It has a population of over 40,000 and is situated about 22 miles from Osaka. Osaka in point of size is the third or fourth city in Japan, having over 330,000 people, but in social affairs, fashion, commerce and industry it takes the lead.

A HORRIBLE STORY.

The Wolf in Sheep's Clothing Outrivals Dickens' Illustration.

DUBLIN, Oct. 29.—Startling testimony was given to-day in the trial of Rev. Samuel Cotton, a rector at Carvagh, County Kildare, who was charged with criminal neglect and ill-treatment of the children in Carvagh Orphanage. Rev. Mr. Cotton, who has conducted the affairs of the orphanage for many years, has made many appeal to the public for financial aid and has received large sums of money by subscriptions for the maintenance of the orphanage. Owing to numerous complaints against that institution the Society for the Protection of Children recently made an investigation into the manner in which the orphanage was conducted. It was ascertained that the children were in an emaciated, filthy and ragged condition. A girl had been chained by the legs to a table-leg. The rooms of the orphanage were in the filthiest possible condition. In the kitchen was found a baby six weeks old, covered with dirty rags and dying of cold and starvation. Other children were found in the same apartment crowded around a small fire almost frozen and half starved. All were weak and sickly and their growth had been stunted by the treatment received. The sanitary condition of the establishment was perfectly horrible. The walls and floors were in a beastly condition and some of the beds used by the children were old bags and packing cases filled with stale hay. All the children were kept in a state of terror by Mr. Cotton. He was committed for trial.

Tommy Atkins at it Again.

LONDON, Oct. 29.—Another mutinous outbreak is reported upon the part of the Grenadier Guards. The third battalion, stationed at Windron, complained of the food furnished to them, and the complaint not being heeded by the officer of the day they threw the food out of the windows of the barracks into the public streets.

The commanding officer ordered the offenders of Company No. 1 to be confined to the barracks for a day, and placed the corporals under arrest, pending an enquiry into the mutinous conduct of the privates. The enquiry showed that the Grenadiers had upon a previous occasion complained of the quality of the bread served out to them, and that the justness of their complaint not being admitted the men threw the bread out of the barracks windows. The adjutant of the third battalion declared he was not aware the men had acted in the manner mentioned.

Bismarck on Irish Home Rule.

BERLIN, Oct. 29.—An article inspired by Prince Bismarck on the subject of Irish Home Rule appear in to-day's issue of The Hamburg Nachrichten. It strongly reproaches the Parnellites for their childish obstinacy in postponing the settlement of the question and characterizes Home Rule without Gladstone's help as a veritable utopia.

To Prohibit Wheat Export.

LONDON, Oct. 29.—The English Board of Agriculture has received information which is regarded as convincing of an intention on the part of Russia to prohibit the exportation of wheat. The St. Petersburg correspondent of The News says that the prohibitory decree was postponed on the advice of the Russian Finance Minister, who feared that it would jeopardize the new Russian loan, but that the decree has been sent to Copenhagen for the Czar's signature and will probably be issued after Nov. 5, when the second payment of 20 per cent. on the new loan is due. The prohibition is likely to include barley and maize.

The Czar and Emperor to Meet.

BERLIN, Oct. 29.—The Austrian Ambassador in Berlin has telegraphed to his Government that a meeting between the Russian and German Emperors has been arranged to take place in Berlin.

ROUGH WEATHER AT SEA.

The State of Indiana Sights an Apparently Abandoned Vessel.

LONDON, Oct. 29.—This morning the body of a sailor, having a life-belt around his chest and waist, floated ashore near Yarmouth with a quantity of wreckage. It is feared that this furnishes evidence that a ship has been wrecked near that port.

A Yarmouth fishing lugger, with her entire crew, foundered during the gales.

LIVERPOOL, Oct 28.—Incoming steamers report having experienced fearful weather between this port and the Island of Madeira.

HALIFAX, Oct. 28.—The steamer State of Indiana, which arrived from Boston yesterday, reports sighting off Seal Island an apparently abandoned vessel, with a steamer and an American schooner alongside. The names of the vessels were not learned.

Australian Postage.

OTTAWA, Oct. 29.—The Postoffice Department here has been officially notified that the Australian colonies have entered the postal union. Postage from Canada to these places will hereafter be five cents per half ounce for letters, with other rates to correspond. The rates to Australia were formerly 15 cents per half ounce, via Brindisi.

Fire at Virden.

WINNIPEG, Man., Oct. 29.—A despatch from Virden says: A big fire occurred here yesterday; flames broke out in the Ottawa Hotel stable, over 20 horses just arrived from Ontario were cremated. The fire also burned the building and stocks of Ramsay & Clingan, general store; Frame & Miller, hardware; Ottawa Hotel, Huston's stables and McLelland's dwelling. The flames then crossed to the east side of Nelson-street, where a number of buildings were damaged. Loss $50,000.

"Just as Good."

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is peculiar to itself.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfuly,

J. J. SHEEHY.

Edison's Latest Inventions.

The Latest Conquests of Mind Over Matter—Another Link in the Chain that Binds the Electrical Giant for Industrial Service.

We reproduce from the *Globe* the following interesting article upon two of the wonderful Edison's wonderful inventions :—

Mr. Edison, who has been well-named the electrical wizard, has for some time been hard at work on two inventions so prodigious in their scope as to put some of his greatest previous discoveries into the shade. It is announced that as usual he has conquered the difficulties in his path and achieved another scientific victory, or two of them. The new inventions, which, however, will not be fully before the world for some time, are, briefly, the practical application of electricity to great railway lines and the propulsion of street cars by electricity without the use of dangerous, unsightly and inconvenient overhead construction.

The general principle of the street car invention is that the electric current passes down through one line of rails is picked up by the car, passes through the motor beneath it and goes out on the other side and returns through the other line of rails to the central power station. At the first thought the bare idea of this is paradoxical. The question will naturally occur why the electric current does not dissipate itself in the ground. To this no positive reason can be assigned except the bare statement that it does not. In general terms the effect is accomplished by having the current one of low voltage, or pressure. It is a well settled principle of electrical research that the higher the voltage the greater must be the insulation, and that the lower the voltage can be brought the less need of insulation. Mr. Edison's experiments have all been in this direction—that is to say, in the endeavour to construct a motor sufficiently powerful to do the work in which the voltage was reduced to so low a point that the natural tendency of the electric current to fly off to the ground and be dissipated would be overcome, and the passage through the motor to the opposite rail would be easier for the current than to pass through the ground to the central station. The plan of having a central rail for the return current was experimented on for a long time, but when the motor had been perfected so that it would work efficiently Mr. Edison found that he could dispense with the central rail and return the current directly to the station through the opposite rail.

The experiments which are reported to have resulted so successfully were conducted at Mr. Edison's great laboratory at West Orange, New Jersey, where an experimental track a quarter of a mile long was constructed through the laboratory yard down to the yard of the Edison phonograph works. In its length it presented all the various kinds of difficulties that actual use would encounter. A part of it was laid on a heavy grade of nearly 300 feet to the mile. There are several sharp curves in the road and a portion of it runs through a sunken spot where the track could be flooded with water or covered with mud. In this way all the varying conditions of actual use were provided. The voltage of the current employed will be, as has been said, very low, less than 100, while the average voltage of the overhead trolley system is in excess of 500. From this it will be seen what a great revolution this will effect in the whole matter of electric traction. Several prominent horse railroad systems have offered their lines to the Edison General Electric Company for the introduction of the invention, and it is probable that a selection will be made in the near future and arrangements made to put the first practical experimental line in operation. The most remarkable feature of the invention is in the "pick ups" that take the current from one line of rails. A novel and ingenious mechanism has been so arranged that it will work with perfect certainty and effect through six inches of slush or water.

Mr. Edison's other discovery is to obviate the difficulty met in the attainment of high speed on the ordinary steam railway, which is the interference of steam. The injection and exhaust of the steam into and from the cylinders is so rapid in its alternation that beyond a certain limit it is impossible to work, and this is an inherent defect in all steam propulsion because of the necessity of the conversion of reciprocating motion into rotary motion. In the new electric motor this difficulty vanishes, and the limit of speed in only that of the endurance of the machinery and the strength of the tracks. With this invention of Mr. Edison, a speed of 100 miles or more an hour will be more easily obtainable than the ordinary speed of 50 to 60 miles an hour. As announced in yesterday's despatches, Mr. Henry Villard, the celebrated railway magnate of the Northern Pacific believes the trains of that system will be operated entirely by electricity before long. Both inventions open out wide vistas of change and improvement in civilized communities.

Custom a Treacherous School-Mistress—She Sends Thousands to the Grave Every Year.

"Custom is a violent and treacherous school-mistress," says Montaigne. "She little by little, slyly and unperceived, slips in the foot of her authority ; but having by this gentle and humble beginning, with the benefit of time, fixed and established it, she then unmasks a furious and tyrannic countenance, against which we have no more the courage or the power so much as to lift up our eyes."

Thousands of men and women, who ought to know themselves in sickness as well as in health, have surrendered to the dictates of custom, or fashion, as it is now called ; and make yearly contracts with a physician for his services.

Intelligent men and women, who should be as able to do their own doctoring as they do their own eating and praying, must submit to the whims and dictation of medical men for the simplest ailments, just because it is fashionable or customary.

Custom has ordered that directly the slightest symptoms of disease are experienced, the subject must swallow just as many pills or powders as have been agreed upon by the faculty.

Custom has ordered treatment and established formulæ for the cure of certain diseases that are directly contrary to the laws of nature, and at variance with ordinarily common sense. Blind adherence of the sick to custom is the means of sending to the dark and dismal tomb more humanity than any form of epidemic.

To-day we thank God that matters look brighter for the sick and afflicted. The slavish chains of custom have, to a large extent, been sundered ; and the bright light of heaven and of common sense experience is now diffusing its welcome beams on our people who suffer. Paine's Celery Compound has come to the rescue of the nervous, the sleepless, the irritable, the morose, the rheumatic, the morbid and the dyspeptic. It has in thousands of cases proved its power over disease and suffering. It has given new life to sufferers who were sinking into black despair, and who had dosed for years from ordinary formulæ and prescriptions. Paine's Celery Compound is the great modern agent that is annihilating false customs, and breaking up old superstitions. It is nature itself working in nature, it is common sense and success opposed to dark and obscure Latin formulæ.

Weak, nervous, overworked and used up men and women in all parts of Canada have reason to bless the discoverer of this great medicine. It is still within the reach of sufferers, and will assuredly bless him or her who partakes of it.

Children Cry for Pitcher's Castoria

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

INDISPENSABLE.—One spoonful of *Persian Lotion* used with the water when washing every morning is indispensable if you wish to retain your color fresh and rosy. The sun and wind crack the skin and render it more difficult to return to its natural gloss if you neglect this precaution. 1d

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies :—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.

"August Flower"

Biliousness, Constipation, Stomach Pains.

"I have been afflicted with biliousness and constipation for fifteen years; first one and then another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower. I took it according to directions and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benefaction to humanity, and its good qualities and wonderful merits should be made known to everyone suffering with dyspepsia or biliousness

Lakefield.

(From Our Own Correspondent.)

Our collector of taxes reports that he is doing better than he expected, being ahead of his collections of this date last year.

The roadmaster is engaged getting the sidewalks, roads and drains in shape for the winter and early spring.

The Lakefield Band of Hope meet every second Friday night in the old English Church. There is a good attendance, and those in charge are sparing no pains to make the meetings interesting for the young people.

The Dominion fishery inspector and his able assistant have been spending the last week or two up at the head of Stony Lake watching the salmon beds, while the people along the Dummer shore have been having great fun at their expense. Bright lights will flash for a few moments at different points of the lake, guns are fired off, horns blown, so that the officials get but little sleep, and are kept constantly on the move earning their salaries.

During the summer months we were favored with two mails a day, and the service was appreciated by our business men, but since the new train arrangement came into effect our morning mail has been cut off, causing no little grumbling. We have a train at 9 a.m., and might just as well as not have our mail and the Peterborough daily papers; and our correspondence could be answered the same day. As it is we do not get our mail until about 3 30 p. m., and the mail is closed at the same time. Will the post office authorities make a move in the matter? We would respectfully call the attention of Mr. Burnham, M.P., to this matter, and ask that he point out to the Postmaster General the injustice being done this portion of his constituency. If Mr. B. will take the matter in hand we will have two mails as heretofore. We await results.

SPORTING.

The woods in the back country are full of hunters at present, our village being well represented. Messrs. L. Steele, W. and Geo. Baptie and S. Preston went up to Eagle Lake Saturday. Messrs. L. Payne, J. and G. Balsdon, S. Boyce and D. Miller went to Crane Lake the same date Mr. R. C. Strickland, W. H. Casement and party are in Stony Lake, while several others will leave the end of this week or early next. Venison should be plenty in the village in a short time.

MISSING.

A well known character, Peter McGee, better known as "Pete," who has followed the occupation of shantyman for years, has no doubt come to a sudden end by drowning. He left Young's Point some ten days since to come to Lakefield in a canoe, but never arrived. The canoe being found several days after at Henderson's Narrows, half full of water, and containing a trawling line and a bottle half full of liquor. His hat and paddle have since been found a short distance from where the canoe was. Quite a number from town, Young's Point and Lakefield have been engaged searching for the body, but, so far, without success, and it is hardly likely now it will be recovered until spring.

STONY LAKE.

Stony Lake is by no means deserted yet. The fine weather of the past two or three weeks has enticed quite a number up to their cottages, and they are taking advantage of the low water to clear up the shores of their islands and otherwise improve them. The Mary Ellen and Golden City are still running, being engaged in bringing down lumber and wood.

The temperance people are going to start a crusade against the "root of all evil" and have secured the services of Mr. and Mrs. Bremen who will commence a temperance revival under the auspices of the Royal Templars of Temperance in their hall on Reid street on Thursday, Nov. 5th.

The following officers will preside in Court Lakefield, No. 43, C. O. F. for the ensuing term and will be installed at the next regular meeting, Nov. 12th:—

Omemee,

(From Our Own Correspondent.)

W. C. Tully who has been in charge of Isaac McNeely's general store for the past eight years has resigned his position, and he and his estimable wife left for Carberry, Man., on Wednesday where they expect to make their future home. On Monday evening his friends tendered him a farewell supper at the Bradburn House. The Omemee band was present and rendered some fine selections, after which fifty of his old friends gathered around the tables which were well loaded with all the delicacies of the season. After the tables were cleared, John Morrison acted as master of ceremonies, and after the usual toasts that of "Our Guest," brought forth well timed remarks from Mr. Tully. This was followed by a song by J. Parsons, which was well received. "Education" was responded to by Teacher Swain and "Medicine" by Dr. J. F. Cochrane. James Tully, of Peterborough, responded for the "Ladies." This was followed by many impromptu and informal remarks, after which the boys took leave of their old friend, wishing him all kinds of success in his new home.

GENERAL NOTES ABOUT TOWN.

The burnt district is being cleared of the rubbish.

Ivory Bros. are completing a large store on Main street.

Mr. A. Thorton, of Bradford, Pa., is visiting old friends and relatives in the village.

Mr. Sam English is going to rebuild the Windsor House, and work has already commenced.

Mr. James Fee, one of the pioneer residents of Emily, died at his home on last Sunday. A large concourse of friends followed the remains to the Emily cemetery, where interment took place on Tuesday afternoon.

Keene,

From Our Own Correspondent.

Rev. Dr. Smith of Kingston preached a sermon in the Presbyterian church last Sunday and was very well received. He is now soliciting subscriptions for Queen's College, Kingston.

The Patrons of Industry held a meeting in the town hall on Tuesday night.

Mr. H. J. English has gone to the back country for a few days' hunting.

There is some talk of starting a Christian Endeavor society in Keene.

There is quite a number camping on the lake duck shooting at present.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not. CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. [illegible]

W. J. MORROW

THE BIG GROCER,

340 George St., Peterborough

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

A Little Fatherly Advice.

"If ever you marry," said an old gentleman to his son, let it be a woman who has judgment enough to superintend the getting of a meal, taste enough to dress herself, pride enough to wash her face, and sense enough to use Dr. Pierce's Favorite Prescription, whenever she needs it." The experience of the age has shown the Favorite Prescription" to be the best for the cure of all female weaknesses and derangements. Good sense is shown by getting the remedy from your druggist, and using it whenever you feel weak and debilitated. It will invigorate and cannot possibly do harm. b

A Pastor's Work Appreciated.

The Mount Forest *Confederate* has an elaborate report of an address and presentation to Rev. Jos. Munt, on the occasion of his leaving his pastoral work in the village of Farewell to remove to Kinmount. The address referred in the warmest terms to Rev. Mr. Munt's fidelity as a pastor and preacher of the Word, and was accompanied by a purse of $50 Rev. Mr. Munt will be remembered in Peterborough, as at one time prominently associated with the Saved Army movement in Peterborough, as Captain Munt, and his many friends here will be pleased to learn that his zealous labours in the Gospel meet with so high appreciation and so cordial recognition.

A New Woollen Mills Proprietor.

Mr. Robert Mann has purchased the woollen mills business lately conducted by Mr. E. B. Wilson, on Hunter street, at the iron bridge, and he will continue the business in all its branches—carding, spinning, weaving, fulling, dressing, and the manufacture of tweeds, flannels, blankets, yarns, etc, etc. Special attention given to custom work and to the washing of blankets, bedticks, carpets and other similar heavy goods. Mr. David Mann, the manager of the mills, is a young man of active business habits and has had seven years experience in Western Ontario in some of the best woollen mills. He has a thorough knowledge of the custom woollen mills business. The staff and equipment of the woollen mills under the new management are of the best; and preparations are being made to manufacture for the wholesale market in addition to supplying in the fullest manner the demands of the local trade.

Did not Come From Springville.

Mr. Jas. Baptie, of Springville, called at police headquarters to-day, and stated that there is no truth in the statement of the woman Margaret Mather, who gave birth to a child in the police cells, that she came from his place to town on Tuesday night. He says that a girl of that name was at his place two years ago for a couple of months, during the busy season in the spring, but he never saw or heard of her since, till he came to town to-day. The police say that the girl had been in the employ of a family on London street, and that she left there of her own accord on Tuesday evening.

An Elegant Suite of Club Rooms,

The Handsome Home of the Edison Amateur Athletic Club.

The complement of the Edison General Electric Company's Works in an industrial sense, is the athletic club of the employes, in the field of sports, involving the general features of athletics. This club, in order to keep alive the social as well as athletic element, have had prepared for their use and occupation an elegant and complete suite of club rooms on the second floor of the Opera House block. The rooms of the club comprise a parlour, reading room and billiard room, with necessary adjuncts, cloak rooms, lavatory, coal bunks, etc. These three rooms are of large size, well provided with both natural and artificial light; all rooms are elegantly papered both walls and ceilings and have a cosy and home-like appearance. The parlor is provided with an excellent piano, is comfortably carpeted an makes a most pleasant gathering ground for the musically and socially disposed members of the club. Adjoining this is the reading room where are to be found a large variety of newspapers and periodicals, writing facilities, etc. etc. The next room *en suite* is the billiard parlor where are found three pool tables, with plenty of spare room for other purposes, such as a table games and amusements, chess, draughts, cribbage, etc, etc. Altogether the rooms of the club are commodious, cheerful and inviting and will give members a most elegant place of meeting with cheerful surroundings, and facilities for spending pleasant and profitable evenings, with the entire absence of temptations that beset so many young men. The nightly association of the members will serve also to keep up the *esprit du corps* of the club and keep alive the athletic spirit upon which it is founded. The rooms are in an advanced stage of completion and when this work is fully done it is understood there will be a formal opening, when, doubtless, the club will give their friends an opportunity of seeing how pleasantly and, in some respects, luxuriously, they are housed. The EXAMINER wishes the club much prosperity and enjoyment in their new club rooms.

Thanksgiving Service and Tea.

A thanksgiving service and tea in connection with the North Smith Methodist church will be held on Thursday, Nov. 12th, when a sermon for the occasion will be preached at 10 30 a m. by Rev. D. S. Houck, Bridgenorth. In the afternoon tea will be served from four to seven o'clock, by Rev. Messrs. Houck, Bridgenorth, McEwan, Lakefield, Magahay, Bobcaygeon, Barker of Smith and others, interspersed with readings, recitations and music by the choir. Admission to tea and entertainment 25 cents, children 15 cents.

South Monaghan.

(From Our Own Correspondent.)

CENTREVILLE:—It is quite a while since Centreville has been heard from. But the correspondent is alive all the same.

Mr. John Byers, proprietor of the general store, has been getting in his large fall stock. Mr. Byers is a live business man and our friends may feel assured of getting things as cheap as elsewhere.

Your correspondent saw Mr. A. C. Maycock, Bailliebor's Insurance Agent in Millbrook on Saturday last. Alfred looks hearty and well.

HYMENEAL:—On Wednesday, Oct. 21st at the residence of the brides father, by the Rev. Mr. Pilkey, Miss Theresa second daughter of Mr. J. C. Bernard was united in wedlock to Mr. Porter White, of Lindsay, (formerly of South Monaghan) The bride was the receiver of many very fine presents. An elaborate feast was partaken of, and the young couple left on the 5 o'clock train for Lindsay with good wishes for their future prosperity.

Mr. James Devell, one of our popular young farmers left for Toronto on Oct 19 h, to study for a veterinary surgeon. We wish Mr. Devell every success.

Mr. John Mouncey and Mr. Geo. Lackey have been drawing their fancy peas to Port Hope lately.

We learn "No Surrender" has been humming again. Mr. David Wood had a yield of 300 bushels of oats to 3 acres. Who can beat this?

Mr. Wm. Lang has leased Mr. Samuel Jameson's farm for the term of seven years. We wish Mr Lang every success with his new undertaking.

On Tuesday afternoon Oct 13th, the Rev. Jas Drummond was inducted to the charge of the Presbyterian congregation here, the church being handsomely decorated for the occasion. Prominent among the ornamentations there stood out the words, "Welcome to our Pastor," the depth of the meaning of which was fully demonstrated by the large audience and hearty participation in the proceedings by all. Moderator Bennett of Springville presided over the ceremonies and the Rev. Mr. Brown of Havelock preached the sermon. Rev. Messrs. Torrance of Peterborough and Hayes of Cobourg, assisted in the proceedings. At the conclusion of these interesting services, tea was served in the town hall by the ladies—and it was such a tea as the ladies of this vicinity can serve. The table was so abundantly provided with tempting viands that it was with extreme reluctance that we at last left them. This part of the proceedings over an adjournment was made to the church, where short addresses were delivered by the above-named rev. gentlemen and by the Rev. Mr Pilkey of Bailieboro. The choir most admirably rendered several very excellent selections. The proceeds netted nearly $100. The Rev. Mr. Drummond is a very able gentleman and has a very impressive delivery with his sermons.

A New Railway Enterprise.

Mr. Geo. W. Ramsey, C. E., is home from Belmont where he has been engaged in locating a new line of railway—the Belmont, Northren and North Western, to connect the Ledyard mine with some point of the Central Ontario railway. The company is evidently in earnest in pushing the road, for they are following the location of the line with the work of construction About 150 men are now employed and about a mile and a half of the road bed is graded. This road will, it is expected, have a great effect in developing, not only the Ledyard mine but other iron mines as well as gold mines in the vicinity, and will also stimulate farming operations by giving farmers a market outlet, and in a similar manner it will stimulate the lumbering industry.

A Cordial Card of Thanks.

From the Christian Endeavor Union to its Peterborough Friends.

On behalf of the officers of the local union of the Y.P.S.C.E., I desire to express sincere thanks to all the friends who lent us such valuable aid in making our third Provincial Convention a decided success in every particular.

We are very grateful to all who so kindly opened their homes, or offered to do so, to entertain the visiting delegates; and also to those who gave us financial assistance in providing billets. The work was thoroughly appreciated by the visitors, and to-day in all parts of the Province the genial hospitality of the Peterborough people is being well spoken of. The billeting committee appreciate the inconvenience many were put to, and sympathise fully with those who prepared for delegates that were disappointed in getting here.

On behalf of the Social Committee we wish to thank Messrs. F. Mathews, W. J. Mason, P. Connal & Co, Hawley Bros, T. W. Robinson, M. T. Ostrom, Frank Mercer, The *Review* Co'y (for paper) and the many kind friends for provisions. The response to the request for provisions was a generous one, the supply was ample, the social tea of Thursday night was a decided success and a striking feature of the Convention.

The Music Committee are especially thankful to Mr. Ketcham, who, assisted by Mr. John Miller and Miss Wrighton, made the music such a pleasing part of the meetings.

It is impossible for me to mention specially all who gave us their willing support, but we are grateful to everyone who, in any way, gave us such assistance. Our prayer is that our Heavenly Father will, in His own good time and pleasure, reward those who have so nobly upheld our hands at this time; and we hope that the fruits of our convention will be seen and felt in all our churches.

On behalf of the local union,
A. E. SCOTT, President.

St. John's Winter Work

Workers in Council—A Cordial Conference on Methods and Manner of Prosecuting Work in all Church Departments—No Dread of New Methods—A General Call to Enterprise and Activity.

A large meeting of workers belonging to the congregation of St. John's church was held in the school house last night. This was the first meeting in connection with the dedication festival of the church. At the door a secretary's table was placed and as each one entered their names were entered under the different departments of church work. The Rector presided and opened the meeting with a stirring address upon the objects of the meeting. He first briefly sketched the past history of work in the church of England. It had already passed through two stages and was entering upon a third. Work had, in happily by-gone times, been relegated to the clergy alone—the one man work epoch. Following this a faithful few rallied round the clergyman—the epoch of work by the few. But a new era was demanded by circumstances, and, in England especially, had been encouragingly inaugurated. It was felt that religious work, could not be done by proxy, either in the interest of the worker or of the work. Every member of the church of England was now summoned to be a co-worker with the clergy, and the call was being responded to on all sides. An appeal was then made for more sympathy between church workers and all striving to live a religious life, a practical exemplification of the "communion of saints." The address closed with the suggestion that the meeting should be governed by this principle and be animated by an informal sympathy. A stirring hymn was then sung, a short prayer prayer offered, followed by the reading of St. Matthew's parable of the Labourers in the Vineyard. This was followed by reports of work from the different branches, given from all parts of the room—and were in general of an encouraging character, and accompanied with valuable suggestions. The devotional part of the evening then followed, the rector drawing attention to our Lord's dealing in calling his apostles apart from active work to enjoy refreshment and invigoration in personal communion with Him—"Come ye apart into a desert place and rest awhile." He therefore urged that now work should be interspersed with frequent seasons of similar personal communion and urged workers to frequent prayer, reading of the Scriptures and regular communion at the Lord's table. Workers were earnestly enjoined in all their work to never lose sight of the person of the Great Worker, who was seeking by their work to lead them closer to Him. Then was sung the hymn "Come ye apart," followed by prayers in harmony with the spirit of the address.

The whole meeting was unique in its character, and gave clear evidence of the disposition of the members of St. John's congregation to unite more vigourously in enterprising work for Christ and the Church.

COUNT MERCIER'S STORY

KNEW NOTHING OF THE ARMSTRONG OR PACAUD BUSINESS.

There Was to Have Been No Intermediary Between the Government and the Contractors—It Is Purity Personified and Did Nothing Wrong—Got No Swag.

QUEBEC, Oct. 30.—At the commission yesterday Mr. Mercier commenced by stating that the first time he heard of the new syndicate was the 12th of March. The ministers knew his feelings with regard to the affair, and also knew that he was anxious to have the matter settled one way or another. He had no special instructions regarding the matter whatever. In Europe he received two letters on the subject of the railway affair, one from the Hon. Mr. Garneau and one from Hon. Charles Langelier. Unfortunately he had destroyed both. The first he heard was through a telegram received from Armstrong by Chevalier Drolet, which said that the matter had been settled, but when the Chevalier told him he replied that it was impossible or he would have received official notification. This was about the 20th of April. Drolet then asked permission to introduce him to a syndicate of well known French capitalists who had ten millions ready to take hold of the road, but he (Mr. Mercier) could not make them any promise. He produced a type written copy of the letter which he sent to Mr. Charles Langelier on the 19th, which stated amongst other things that the Premier hoped the Ministers would follow the letter of the law in every respect, though he admitted that they ought to be better judges than he of the situation. It also begged them to be very prudent in whatever they did.

Speaking about the blank notes left by him he brought in Mr. Laurier's name for the first time. Mr. Pacaud had spoken of three blank notes; he thought there were four. About the time of the Federal elections he had extended the freedom of his house to Mr. Laurier, and when the latter asked him how about election expenses he offered to leave notes signed in blank for that purpose as he had often done before. It was understood by Mr. Tarte and all the others present that no matter whether they endorsed the notes or not they all were to bear equal shares.

The cross-examination by Mr. Casgrain was very disappointing and only lasted 20 minutes. Nothing new was brought out in it.

At the opening of the afternoon session Mr. Angus was examined. He corroborated the statement given by Mr. Mercier as to Thom and Laflamme's visit to the Premier's house in Montreal in March. He gave a detailed account of his visit to New York. At the Brunswick Hotel he spoke to Langelier and Pacaud about the Baie des Chaleurs Railway and Mr. Robidoux told him that unless he (witness) would give good securities the syndicate represented by Mr. Thom would not get its charter. He always understood that Pacaud was a go-between with the Government and Armstrong. Subsequently witness met Pacaud in Quebec and he gave witness introductions to Mr. Garneau and Mr. Ross. He also introduced witness to Mr. J. C. Langelier, commissioner. He had several interviews with different members of the Government after. Witness then related his connection with the company and the agreements with the Government and contractors, the whole of which was given in Ottawa. Several letters were asked of him by Judge Davidson, but he did not have them. He was told by Mr. Beique that they were before the commission. Mr. Beique said that he did not think witness referred to particular letters. Witness then gave the number of shares owned by himself and the other members of the company. The shares were $50 each. When all transactions were closed witness had suspicion that something was wrong—that there had been boodling—but he had not that suspicion in New York where he should have had it. Witness received $74,000 and paid Armstrong $14,000; $60,000 went to the old company shareholders; $60,000 was borrowed from Mr. Armstrong.

THAT QUEBEC ROBBERY.

The True Story of the Attempted Steal From Pacaud's Lawyer.

SHERBROOKE, Que., Oct. 30.—About Oct. 1 there was a robbery, or rather attempted robbery, in Mr. Pineault's office in Quebec. Mr. Pineault, being Pacaud's lawyer, there was great excitement over it and many insinuations were made as to its being the work of political parties. Yesterday a boy named Alfred Healy, just brought to Sherbrooke from Quebec on a sentence of five years' imprisonment in the reformatory, made an affidavit before Mr. Roux, district magistrate, that he and two other boys were the burglars, their object being to get money, which they failed to find.

THE FOURTH VICTIM.

Mrs. Cummings Dies from the Effects of Her Injuries.

PENETANGUISHENE, Ont., Oct. 30.—Mrs. John Cummings, who was so frightfully burned in attempting to rescue her children from her burning house, died from the effects of her injuries 48 hours later. The funeral took place on Wednesday afternoon, when her remains, together with her three little ones side by side, were deposited in the Union Cemetery. Mrs. Cummings, it will be remembered, rushed into the flames to endeavor to save her children. The poor mother's efforts to save her babe proved fruitless, as one hand and one foot were burned off, and it gave only a few gasps after being rescued, while Mrs. Cummings herself was terribly burned about the hands, shoulders and breasts, in fact almost to a crisp. Only the charred remains of the others, two boys aged 3 and 4 years respectively, were found.

Burned To Death in a Prairie Fire.

WINNIPEG, Oct. 30.—At Moosomin yesterday Mrs. Alexander Dallas and her two children, while returning home from a neighboring house were overtaken by a prairie fire. All three were badly burned. Last night one child died, and the other is not expected to live.

BRITISH AND FOREIGN.

THE LATE MUTINY IN THE GRENADIER GUARDS.

Several Steamship Wrecks Reported—Lord Lorne for Parliament—The French Railway Accidents and Directors Responsibility.

LONDON, Oct. 30.—A report sent to the official headquarters in regard to the recent trouble among the Grenadier Guards says that only two corporals were arrested, as it was impossible to discover who threw the food out of the window. The report denies that there was any mutiny and declares that the trouble was merely a childish refusal on the part of the men to eat the food provided for them because their complaint that there was too much bone in the meat rations was ignored. There has been no trouble since the incident referred to.

The Japanese Earthquake.

YOKOHAMA, Oct. 30.—There has been a terrific earthquake along the southern coast of Nipon (Hondo), the principal island of Japan. The shocks were most severely felt in Osaka and Koebe, where most of the foreign merchants, etc., of Hiogo have their homes. The shock traversed the island in a westerly direction along the shores of the Bay of Osaka, at the head of which Hiogo is situated. These two suburbs of Hiogo (Osaka and Koebe), which are connected by railroad, and whose houses are mostly lightly built, have suffered considerable damage. Hundreds of houses have been destroyed, but the extent of the fatalities is still unknown and may remain so for some time to come, owing to the destruction of the telegraph lines. It is known, however, that in addition to the loss referred to there has been considerable damage done along the coast.

A Dictator Resigns.

APIA, Samoa, Oct. 30.—Baron Senft Von Pilsach, President of the Municipal Council and adviser to King Malietoa, has resigned. The reason he assigns is that certain white residents of Samoa have been writing letters to the King and that the King wrote direct to them in reply. Pilsach claimed that no one should either write or speak to King Malietoa before first securing the President's permission, thereby actually assuming the position of dictator of the Island.

Joseph Replies to John.

LONDON, Oct. 30.—Joseph Chamberlain, in a letter replying to Mr. Morley's recent criticisms, repudiates the idea that Cabinet responsibility precludes an admission that mistakes of policy have been made. He says that as a matter of fact he did present his resignation when a member of the Cabinet, and only withdrew it at the earnest request of Mr. Gladstone in view of the national interests involved in connection with the Franchise Bill.

After King Stork Comes King Log.

LONDON, Oct. 30.—W. L. Jackson, Chief Secretary for Ireland, has stated that he completely approves the policy and methods of Mr. Balfour and believes that he has done much to conciliate the peoples of Great Britain and Ireland. Mr. Jackson charges Gladstone with having run away from the issue raised by the Irish disunionists.

Two Vessels Lost.

SAN FRANCISCO, Oct. 30.—The steamer Alameda arrived to-day from Sydney. The vessel brings particulars of the loss of the ship Fiji. Twelve of the Fiji's crew were drowned. The scene of the wreck is three miles east from Calleband River.

The steamer Wallarat of Tund's Anchor Line was also wrecked recently at Dassen Island. No lives were lost. The ship and cargo were valued at £150,000.

Dr. Kenny Punished.

DUBLIN, Oct. 30.—The Maynooth Trustees have resolved by a vote of 24 to 6 that the public utterances of Dr. Kenny, M.P., were grossly offensive to the clergy. Dr. Kenny, apparently astonished at the charge, demanded to know upon what evidence such a declaration was grounded. The trustees thereupon voted his instant dismissal, along with a quarter's salary in lieu of notice.

Turkish Marauders Killed.

CONSTANTINOPLE, Oct. 30.—A conflict between Turkish troops and an armed band under command of Chiefs Zaulas and Mauris, champions of the Cretan Christians has occurred near Milopotomos. Thirty of those engaged in the fight including Chiefs Zaulas and Mauris were killed.

Postoffice Record Beaten.

LONDON, Oct. 30.—The mail brought by the White Star line steamship Teutonic which arrived at Queenstown yesterday, after having made the best eastward passage, was distributed in this city before 9 o'clock this morning, thus beating the best previous postoffice record for such work.

Directors Held Responsible.

PARIS, Oct. 30.—The Chamber of Deputies to-day adopted a resolution holding the railway directors responsible for the numerous accidents which have occurred recently on their various lines.

A St. Thomas Fire.

ST. THOMAS, Oct. 30.—Fire was discovered in Howard Hughes' tin shop, Talbot-street east, Thursday, about 3 o'clock. The building is a one-story brick, owned by Mr. Thomas Wooster. Mr. Hughes' stock, which includes besides tinware a few stoves and some light tinware, is completely burned. It was insured for $700, which will fully cover the loss. The building is probably damaged to the extent of $200.

Alleged Incendiaries Jailed.

SARNIA, Oct. 30.—Grant Van Valkenburg and George Morphy, young men, have been arrested on a charge of incendiarism and two boys named Bullyment and Carroll have been taken into custody on suspicion of knowing something concerning the several incendiary fires here lately.

THE BATTLE OF CORK.

M'CARTHYITES WIN A VICTORY OVER THE PARNELLITES.

John Dillon Hurt in the Row—Black Thorns, Bricks and Stones Make Lively Times—William O'Brien Talks Until the Women Want to Hug Him.

CORK, Oct. 29.—The faction fight which took place here last night proved a very serious affair. After their preliminary defeat the routed Parnellites sought around for reinforcements and with these additions to their strength they made another onslaught upon the McCarthyites, charged into the square with vim, slashing right and left with their blackthorns, and splitting many a McCarthyite head as they tried to force their way up to the car upon which stood O'Brien and his supporters.

The McCarthyites were driven back, and with howls of triumph the Parnellites overturned the blazing tar barrels and kicked and rolled them into the river. Then for a time the Parnellites with exultant cheers of victorious political battles held the market place. Defeat, however, only seemed to heighten the McCarthyites' appetite for battle. Following the example of the Parnellites they also sought for and found strong reinforcements, and thus strengthened they again mustered in a compact body, and with thundering shouts made a dash at the Parnellites on the market place. Then music of the clashing blackthorns once more filled the air. It was give and take on both sides, with no question of quarter or hope of mercy. After a most desperate battle the Parnellite force was routed.

Many on both sides were injured, in addition to those already reported as having been taken to the hospital to have their wounds attended to. The Parnellites had to relinquish possession of the market-place and were driven helter-skelter down the neighboring streets, and then the once again triumphant McCartheyites made the old market-place re-echo with their cheers of victory.

Mr William O'Brien addressed a meeting composed of 5000 McCarthyites, who vigorously applauded the telling points made by that orator. The market-place presented a most picturesque and animated scene. The square was illuminated by scores of blazing tar barrels and a small forest of torches. To such a degree was the enthusiasm of the multitude aroused by Mr. O'Brien's glowing words that many of the women, who plentifully besprinkled the throng, were worked up to such a degree of excitement that they climbed upon the jaunting car from which O'Brien was delivering his impassioned address and tried to embrace the speaker.

The city to-day is full of echoes of the election fights of last night. The angry passions aroused have not by any means calmed down. As an example of the feelings prevailing it is noted that a boy who was cheering for Mr. Redmond, the Parnellite candidate, was struck in the face with a stick handled by a priest with such terrific force that one of his eyes was destroyed.

Detectives Guard Dillon.

In spite of his doctor's orders Mr. Dillon drove out this afternoon and addressed several meetings.

Mr. Redmond in a speech to-day said he regretted the attack made last night on Mr. Dillon. Mr. Redmond denied the truth of Mr. O'Brien's statement that he (Redmond) had broken the Boulogne pledges. It was not he but it was Mr. Parnell who proposed that Mr. O'Brien be made temporary leader of the Irish party.

Eight detectives accompanied Messrs. Dillon and O'Brien throughout the day.

Dillon declared this evening that opponents placed a party of roughs behind a wall constructed to attack him yesterday while on his way home.

Late this afternoon it seemed as if a collision between the persons present at two opposing meetings was imminent. The threatened melee was averted, however, by the action of John O'Connor, who forced his way through the excited crowd to the car containing Mr. O'Brien. Arriving at the car Mr. O'Connor held a hurried and whispered conversation with Mr. O'Brien, and finally the two men linked arms, and in this manner passed through the crowd and walked away in the direction of the hotel. This had the desired effect.

Armed With an Assegai.

At a Parnellite meeting held this evening Mr. O'Connor produced an instrument which he described as an assegai and said he had wrested it from the hand of a McCarthyite. Mr. O'Connor indignantly declared that he would never speak to Mr. O'Brien again, for when he interfered to preserve peace at the afternoon meeting Mr. O'Brien had the audacity to say: "Come with me, John, and I will protect you!"

Late to-night a force of Parnellites marched out and made an attack on an anti-Parnellite meeting. A terrible fight ensued, Mr. O'Connor receiving a serious wound behind the car from a police truncheon, he says. Showers of stones were thrown and many persons were injured, including William Redmond. The police used their batons freely.

Parnellite adherents this evening broke all the windows of the committee room of the anti-Parnellites.

Davitt to Enter Parliament.

DUBLIN, Oct. 30.—Michael Davitt announced at Killarney yesterday that he would be a candidate for Parliament at the general election, in order to have the honor of assisting in the passage of the Home Rule bill. He said that it was the universal feeling in America that the strife in Ireland must cease, and he appealed to the common sense and patriotism of the country to insist upon peace.

The Freeman's Journal says it is rumored that if Mr. Redmond is defeated in Cork all the Parnellite members of the House of Commons will resign their seats.

The McCarthyite Elected.

DUBLIN, Oct. 30.—Patrick McDermott, the McCarthyite candidate, has been elected without opposition to the seat in the House of Commons for North Kilkenny left vacant by the death of Sir John Pope Hennessy.

Chinamen Cross the Frontier.

WASHINGTON, Oct. 30.—Special Agent Moore at Ogdensburg, N.Y., has reported to the treasury department the arrest of four Chinamen who had attempted to unlawfully enter the United States from Canada near Philadelphia Junction. He says a number of Chinamen are on the frontier between Montreal and Toronto watching their opportunity to cross the line, and that the four men arrested went from Montreal to Brockville.

A Watch, a Compass and a Jackknife.

DETROIT, Mich., Oct. 30.—The body of a man was picked up in the river off Amherstburg by a marine reporter Thursday. It is supposed the body is that of George D. Edmondson of Delray, drowned Oct. 11. In his pockets were found a silver watch, a compass and jackknife bearing the engraved letters "G.D.E."

A Sad Case.

TORONTO, Oct. 29.—Friends of Edward Faye, the demented railway contractor, whose terrible affliction was referred to yesterday, have arranged to have the unfortunate man removed to the asylum. His is a peculiarly sad case. He was engaged constructing a spur line of the G.T.R. between Waterloo and Elmira last April and stopped at the Zimmerman House in Waterloo. One night he retired, leaving the gas burning in his room, according to his usual custom, but during the night employes of the gas company shut off the supply in order to repair the main. After completing the job the gas was again turned on. Mr. Faye was nearly asphyxiated and his feet were so badly blistered with heated iron stove lids that he sustained permanent injuries. The shock has since impaired his intellect.

His Eye Blown Out.

KINGSTON, Oct. 29.—Mark Sprague, aged 17 years, and a son of Forest Sprague, a farmer of Chestnut Ridge, Jefferson county, was shot in the left eye while out hunting with his brother, yesterday afternoon. The boys had fired one shot and had just reloaded the gun, when Mark's finger slipped from the hammer and the gun discharged. The eye was torn out by the shot. The wound is a dangerous one, but it is expected that the life of the young man will be saved.

OTTAWA SENSATION.

Sir Adolphe Caron's Former Private Secretary Sued for Alimony.

OTTAWA, Oct. 30.—The sensational alimony suit of Aldrich v. Aldrich was commenced in the Chancery Court before Chancellor Boyd yesterday morning. The plaintiff, Mrs. Jessie E. Aldrich, testified that she married her husband, G. E. P. Aldrich, in London, England, in 1876, and assigned to him some thousands of pounds which had been left her by her parents. He speedily went through the money and came to Canada in 1880, settling in Montreal. Five months later he received the position of private secretary to Sir Adolphe Caron and removed to Ottawa. His intemperate habits resulted in his losing the position. Aldrich shamefully treated her, and became infatuated with other women.

B. T. A. Beel, a boarder at Mrs. Aldrich's, corroborated the plaintiff's story of ill-treatment. On one occasion Aldrich turned his wife out of doors and she was obliged to sleep in the police station.

Mr. Fairweather and Mr. Boardman, the co-respondents, were both examined. They denied any undue intimacy with Mrs. Aldrich and testified that to their knowledge she had been badly treated by Mr. Aldrich on several occasions.

Mr. W. Ball and Dr. Shillington, who were boarders at the house, testified to the same effect as the previous witnesses.

Martha Skinner was called as the first witness for the defence. She was employed as a servant girl. She swore that she saw Mrs. Aldrich coming out of Mr. Fairweather's room several times, and on one occasion she saw her coming out of his room with her night dress on. She had also seen her with Mr. Fairweather in a tent in their yard. Under cross-examination of Martha Skinner she said she never had acted improperly with Mr. Aldrich.

AGE CONQUERED BY CUPID.

Marriage of a Couple Aged 80 and 76 Years Respectively.

NEW YORK, Oct. 30.—A most remarkable marriage was celebrated yesterday at the home of the Rev. and Mrs. Aaron Peck, No. 698 Madison-avenue. The story of the marriage is a somewhat unusual one, inasmuch as the groom is over 80 years of age and the bride at least 76.

The groom, the Rev. B. W. Chidlaw, D.D., is one of the best known pioneers of the Presbyterian Church. At present his home is at Cleves, Ohio. The bride, Mrs. Manning, is said to be worth a million. She is an unusually gifted woman.

BURNED TO THE WATER'S EDGE.

Thirteen of the Passengers and Crew Roasted or Drowned.

MEMPHIS, Tenn., Oct. 29.—The steamer Olivia Beirne, one of the finest and largest excursion boats upon the river, which left St. Louis for New Orleans a week ago, was burned to the water's edge near Vicksburg. She carried 708 bales of cotton and 100 tons of other freight. Fire was discovered in the hold at 3.30 a.m. and the flames spread so rapidly that many of the crew and passengers had very narrow escapes. The list of those burned to death or drowned runs up to 13: A daughter of J. Adams of Omaha, Mrs. Fraser, nurse; five cabin boys, two colored chambermaids and a number of rousters who are missing.

A despatch from Milliken's Bend states that at least 20 people perished in the Bienne disaster.

PAID $250 FOR LIBERTY.

How a Canadian Crook Escaped From a St. Louis Jail.

ST. LOUIS, Oct. 30.—Watt Jones, the bank sneak, who with nine other prisoners escaped from the city jail on the afternoon of Oct. 2 and was re-captured in Kansas City shortly afterwards, was brought before the grand jury yesterday. In consideration of receiving a light sentence when he comes up for trial he made a full confession. He said that Jail Guard Fitzgerald for $250 permitted him the use of keys, and that one of them, which was made outside, was smuggled into the jail in a pie. Fitzgerald also delayed giving an alarm.

Jones served a five years' term in Kingston Penitentiary for robbing the Molson's Bank in St. Thomas some years ago, when Mollie Matches, Clutch Donohue and Joe Dubuque were his partners.

BOYCOTT FROM THE ALTAR.

Maria Kullburg Sues a Priest for $5000 Damages.

BOSTON, Oct. 30.—A suit has been begun in the Superior Court by Maria Kullburg, a storekeeper of East Boston, against Rev. Hugh R. O'Donnell, a Catholic priest of that section, to recover $5000 damages for the ruin of the plaintiff's business by a boycott placed on the store by the priest.

Mrs. Kullburg refused to send her children to the parochial school, and alleges in her charge that, because she did so refuse, defendant from the altar "publicly and officially issued an interdict forbidding all his parishioners and his congregation to trade or deal or in any way associate with the plaintiff."

NO WRIT CAN REACH HIM.

Edwin E. Marshall Gives His Wife Her Freedom by Suicide.

CHICAGO, Oct. 30.—Edwin E. Marshall, the wealthy Philadelphia merchant who traced his eloping wife to this city and attempted to kill her committed suicide in the Hotel Parker yesterday by shooting himself in the head.

Marshall was married at Germantown, Pa., last January, and in March his wife ran off with another man. The husband has been searching for her since the elopement.

The dead man was worth $20,000 and yesterday Mrs. Marshall applied for a divorce on the ground of cruelty. Last night she sought a writ of ne exeat republica, fearing that he would leave the county before her suit reached a hearing.

DEATH AT THE BREAST.

An Infant Fatally Poisoned by Its Mother's Milk.

PHILADELPHIA, Oct. 30.—The death of the 2-weeks-old baby of Mrs. Mary Magee on Sunday is surrounded with circumstances of a most peculiar character. The infant's death has been found to have been directly due to the grief of the mother, while nursing, over the demise of an old friend.

On Sunday last Mrs. Magee, with her infant, went to No. 2057 Pemberton-street to attend the funeral of Miss Matilda Pattison, an old maiden lady who had long been a close friend of hers. The sight of the dead face of her friend threw Mrs. Magee into a state of great excitement. While in this condition she nursed her baby, and afterward laid it on a lounge to sleep. An hour later it was dead.

The doctor closely questioned the poor mother, and learning from her and from those present the great grief under which Mrs. Magee had been laboring at the time she last nursed the child, he came to the conclusion that the infant had been thrown into convulsions by its mother's milk. The nervous excitement of the mother had produced a chemical change in the milk.

German Printers Strike.

BERLIN, Oct. 27.—The defeat of the German printers' strike is expected. The public generally believe that the men have no real grievance and that the strike has been promoted by Socialists to create discord between capital and labor.

All on Board Perished.

LONDON, Oct. 28.—One of the effects of the great storm was seen to-day in the washing ashore near Gorleston of the stern of the ship Margaret John from Little Hampton. Four bodies were recovered from the wreck.

A Judge on Chewing Gum.

TORONTO, Oct. 28.—Chief Justice Galt made an order quashing the Local Option bylaw passed by the village of Wellington.

A motion in the action of Adams & Sons against Summerville & Co. of London, Ont., for an injunction to restrain the defendants from manufacturing alleged tutti frutti gum came up before Mr. Justice Meredith, but was enlarged for two weeks.

What Does it Mean?

"100 doses one dollar" means simply that Hood's Sarsaparilla is the most economical medicine to buy, because it gives more for the money than any other preparation. Each bottle contains 100 doses and will average to last a month, while other preparations, taken according to directions, are gone in a week. Therefore, be sure to get Hood's Sarsaparilla, the best blood purifier.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm. Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

A Bold Attempt to Stuff a Voters' List in North Wellington.

LAUREL, Oct. 27.—The final revision of the voters' list for North Wellington for the year 1891 was completed at Laurel in the township of Amaranth, where the last court was held, on Friday, the 23rd instant. Mr. Kington, Q. C., was counsel for the Conservatives, and Mr. Elgin Meyers, Q. C., looked after the Reform interests. About 100 applications to strike off names in the township of Amaranth had been made by the Reformers, who found that a bold attempt had been made by the Conservatives to stuff the lists; and a large number of the applications made related to the names of young boys between the ages of fifteen and twenty years, whose names had been placed upon the lists through the instrumentality of an active Tory worker. After some of the applications had been disposed of, the case of one Joseph Bowes was called, being an appeal by the Reformers on the ground that Bowes was not of age. After being sworn the witness stated that he could not say what his age was, but thought himself to be 21 years of age. It was evident from the manner of the witness that he had been tampered with, and was trying to evade the questions put to him by Mr. Myers, who, after a keen examination, elicited from the witness that he had been told to swear that he did not know what his age was, but to say that he thought he was 21, thinking thereby to defeat the attempt to prove that he was under age. The witness afterwards admitted that he was but eighteen years of age. The revising officer thereupon expressed himself in very strong terms at such an attempt being made to mislead the court, and gave the witness a severe lecture. The exposure had the effect of putting a stop to any further attempts of a similar kind, and the majority of those whose cases had not been disposed of, and who had come to answer to the summons issued by the Reformers, beat a hasty retreat and failed to answer when their names were called, and the revising officer struck their names from the list. It also transpired that some of the residents of the adjoining townships of Amaranth and East Garafraxa had been induced to interchange deeds of their respective farms to enable each of the parties to vote in the two ridings of Centre and North Wellington, but this attempt was also unsuccessful. A number of the Conservatives present were disgusted with the attempts that had been made and so expressed themselves. When the proceedings were closed it was found that the Reformers had succeeded in 58 of their applications in Amaranth, and this number of names was removed from the lists. The Conservatives had twenty applications to remove and succeeded in nine.

A BANKER'S SUICIDE.

He Flings Himself from One of the Top Windows of His Club

FARENZA, Italy, Oct. 29.—A great sensation was caused here this morning by the suicide of Signor Giuseppe Salomini, one of the best known bankers in the city. He was about 53 years of age and supposed to be very wealthy.

As the deceased was one of the directors of the People's Bank his suicide has given rise to alarm among the people that the bank is in difficulties. During the absence of his family from the city he had been living at the Cittadina Club, of which he was one of the committee. He breakfasted at the club, went to the bank, remained a short while there, then returned to the club and sat awhile in the smoking room. He then started up nervously, walked to the fire place and suddenly went to the window and leaped out, falling to the ground from a height of four stories.

The members of the club knew nothing about what had happened until they heard the outcry in the street. They then looked out and saw Salomini's body lying on the sidewalk. It was taken up and carried into the club, where, on examination, the skull was found to be fractured. Death had evidently been instantaneous.

A run on the bank began at once and the true situation is not yet known; but Salomini has been in a troubled state of mind for some time past, and is known to have been embarrassed by the prevailing financial crisis.

Sailor Mann Charges Capt. Fish With Almost Incredible Inhumanity.

SAN FRANCISCO, Oct. 29.—Harry Mann, a sailor on the whaling schooner E. F. Herryman, which arrived from Kediak, Alaska, on Saturday, says that a companion named Jim and himself were kept in irons for 51 days by Capt. Fish on a charge of mutiny. Mann says the captain ordered the vessel under way with the apparent intention of deserting the small boats and the crew who were in pursuit of a whale, and that he (Mann) and his companion were chosen as spokesmen for the crew to protest against this. The abandoned seamen were picked up by the Rush.

Down Go Sealskin Sacks.

VICTORIA, B.C., Oct. 29.—Sealing men are very blue over the condition of the market for sealskins. Sales at London, which determine the prices for the year, were held Monday, and instead of sealskins being in strong demand at high figures the market proved to be overstocked, and purchasers considered 60 shillings excessive. The ruling quotation was 37 shillings, or about $13, and at this price only was business executed. Eighteen dollars was the standard price last year, and owing to the closing of Behring Sea and the consequent light catch those interested in sealing have been expecting that the price would be at least $20. When the report of the sale was received expressions of dismay were loud. The loss to all in any way connected with sealing will be heavy, and to not a few the low prices will mean financial embarrassment.

Children Cry for Pitcher's Castoria

The Proof of the Pudding.

Have you humors, causing blotches?
Does your blood run thick and sluggish?
Are you drowsy, dull and languid?
Is a bad taste in your mouth, and
Is your tongue all furred and coated?
Is your sleep with bad dreams broken?
Do you feel downhearted, dismal,
Dreading something, what, you know not?
Then be very sure you're bilious
That you have a torpid liver,

and what you need is something to rouse it and make it active enough to throw off the impurities that clog it; something to invigorate the debilitated system, and help all the organs to perform the duties expected of them, promptly and energetically. That "something" is Dr. Pierce's Golden Medical Discovery, the great Blood Purifier, which its proprietors have such faith in that they guarantee it to cure. If it does not, your money will be refunded. But it will. Buy it, try it, and be convinced of its wonderful power. If the proof of the pudding is in the eating, the proof of this remedy is in the taking. a

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

INDISPENSABLE.—One spoonful of *Persian Lotion* used with the water when washing every morning is indispensable if you wish to retain your color fresh and rosy. The sun and wind crack the skin and render it more difficult to return to its natural gloss if you neglect this precaution. 1d

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

"August Flower"

Biliousness, Constipation, Stomach Pains.

"I have been afflicted with biliousness and constipation for fifteen years; first one and then another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower. I took it according to directions and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benefaction to humanity, and its good qualities and wonderful merits should be made known to everyone suffering with dyspepsia or biliousness.

Simon Crabtree's Poetic Epistle.

(From Our Own Correspondent.)

How do you do, readers' my kind honored friends,
I hope the cold weather hasn't froze your nose ends,
I did not have time to write you last week,
As I was helping a neighbor a stray porker to seek.
Perhaps you'll feel anxious to know our success;
Well, we didn't get it—the rest you may guess,
But I must tell you friends of a trip that I had,
As I always liked roaming e'en when but a lad,
I took early train to Lindsay one day,
As it seemed a long time since I had been out that way.
I met many friends in that smart little town,
And they all looked quite pleased because I went down.
When I got of the train I skipped like a mouse
Down to the corner to the Waverley House;
I stayed there for dinner then started again,
For I saw a nice girl get aboard of the train,
When the train started off I was watching quite sly—
Eager to catch but one glance of her eye.
And as I sat watching that figure so neat,
The chills would keep running from my head to my feet,
But we didn't go far, till we started to chat,
And how it just ended, I'll say nothing of that.
I went to Toronto before I cried halt,
Intending next morning to go on to Galt,
But you see this young lady got off at the city,
And I thought if I left her, she'd think it a pity,
So I stayed for a while, just for company's sake,
And take her as a friend for a sail on the lake.
But I guess I won't tell about buying a ring,
For Julia might think it a very mean thing.
Of course that's a secret between Julia and I,
And Julia, you know, is most awfully shy.
I know she'd feel vexed if I gave it away,
So just on that subject no more will I say,
But I stayed there three weeks, and then I went west,
And now I am back and taking a rest.
I arrived back in town by the C.P.R. line,
And then took a 'bus for the Morgan House sign,
I always stop there as I find it first class,
And as long as I'm travelling, that house I'll not pass;
The table is supplied with all the very best,
And when you are through there's no wrinkles in your vest.
But now I must go, some one wants me, Oh blow it,
I remain, yours truly, Simon Crabtree, the poet.

The Keene School Matter.

To the Editor of the Examiner:

DEAR SIR—I was greatly surprised in reading a communication from Keene about school matters. The writer must have had strange opinions of the meeting, or must have a very vague idea of the meaning of "fair play." The facts are these:

1st. Mr. Mark did not know the decision of the trustees until two or three weeks previous to the circulation of the petition.

2nd. The reputation of Mr. Wm. Campbell and Mr. Jas. McNeil is too well established to suffer any loss by the "unfair" insinuations of "Fair Play." It is also rather hard on the ratepayers, as if they have no mind of their own, but have to get others to think for them. However, everyone signed the petition did so readily and willingly.

3rd. Did "Fair Play" intend to convey the impression that one hundred ratepayers were at the meeting and that only twenty-seven (27) voted in favor of the resolution to retain Mr Mark as teacher, and then only claim three-fourths of a majority? He knows this is incorrect. But perhaps in "fair play" he does not mean all that he says. Why did he not state that the two trustees were the only ones who voted against the resolution thus asking themselves not to re-engage Mr. Mark? "Fair Play" also makes another mistake in saying that the signers were warned to be on hand. This is incorrect, as there were notices put up in public places, so that everyone could see them. At the meeting the trustees were called upon to give their reasons for not re-engaging Mr. Mark. One of them had none, the other stated his, and in return were explained by Mr. Mark to the entire satisfaction of the meeting.

Was it intentional or ignorance of social custom to speak of a minister of the Rev. Mr. Andrew's standing as a "local preacher?" And as for the person with the big knife he is capable of looking after himself. However, the trustees are not our masters but our servants, put their by us to carry out the wishes of the people, and if they cannot conscientiously do so let them resign like honorable men, and we will have a new election.

Children Cry for Pitcher's Castoria.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

The Trade Outlook.

The trade outlook seems bright, but those burdened with bad blood, stomach or liver troubles, etc., the outlook is blue. This may be avoided and bounding health restored by the use of Burdock Blood Bitters, the most effective, rapid, and satisfactory medicine for all derangements of the stomach, liver, bowels and blood. dw

Cure for Chapped Hands.

DEAR SIRS,—I think it is a privilege to recommend Hagyard's Yellow Oil as a sure cure for chapped hands, swelling, sore throat, etc. I recommend it to all.

dw MRS. GEO. WARD, Josephine, Ont.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

Rough Skin,

Caused by cold weather, is made perfectly smooth by one application of Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it., W. A. Dyer & Co., Montreal. 6399

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence, and is a life saver to consumptives. In big bottles, 50c. and $1, at Peterborough Drug Stores. dw

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

Chapped Hands,

Made smooth, soft and white, by using Dyer's Jelly of Cucumber and Roses. Try it. Druggists keep it., W. A. Dyer & Co. Montreal. 6399

Victoria Carbolic Salve is a wonderful healing compound for cuts, wounds, bruises, burns, scalds, boils, piles, pimples, &c. dw

Certificate of Merit.

DEAR SIRS,—This is to certify that my husband had asthma for about 8 years, combined with a bad cough, and that his lungs also were badly affected, so that he could not rest or work. I then got Hagyard's Pectoral Balsam, which has greatly relieved him. After taking six or eight bottles it has entirely cured his cough, and done a great deal of good to his lungs.

THE BIG GROCER,

FOR INTERESTED PARTIES!

AN Assessment Society was organized in Indiana, in 1869, called the Masonic Mutual Benefit Society. Its business has been confined to the Masonic fraternity for the benefit of the familes of deceased members, and has been conducted at a low rate of expense. The operation of the inevitable law of mortality has, however, caused steadily increasing assessments during the past four or five years, until last year the aggregate assessment on the 4,000 remaining members was $240,229, or $60.05 per member, and there remained besides $19,500 unpaid death claims. The new policies have from time to time been reduced in amount to $2,000 and to $1,500, so that the probable average to each member is less than $2,000, showing that the cost has become considerably more for this waning, precarious term insurance than the level premium charge for a whole life policy at age 40, without profits, and nearly twice as large as a fifteen year term policy taken at the age named. Thus, as we pointed out in our last issue in connection with the experience of the United Brethren Mutual Aid of Pennsylvania for 21 years, assessment life insurance, under the most favorable circumstances, is the dearest kind known.—Insurance and Financial Chronicle.

The Public Schools.

Dr. Tilley, inspector of schools, has been in town the past week inspecting the schools. He has arranged for grade conventions to be held Monday and Tuesday afternoons. These conventions essentially consist of all the teachers of our particular grade in the several schools assembling in some designated room of the same grade in one of the schools and witnessing and profiting by the teaching methods of a teacher engaged in the same grade of work as themselves. At the conclusion of the teaching exercises the inspector gives a short talk on the subject of the occasion, notes are compared and suggestions made by the several teachers. Thus any idea or improvement in teaching or disciplinary methods adopted or originated by one teacher in this grade becomes common property. Conventions of this kind must necessarily have a beneficial effect upon the teachers, giving them new ideas, new inspirations, new impulses to improvement in their work, relieving the monotony of routine and preventing them from falling into the ruts, into which everyone, in any calling, is sure to fall in pursuing the same methods and routine day after day. The conventions are held once each term, being distributed in turn among the several grades of the several schools. This time part I and II of the first book teachers meet in the South Ward School building, the third book teachers in the West Ward School, and the fourth in the Central.

Board of Health.

A meeting of the Board of Health was held in the committee room of the council chamber last night. There were present Mr. W. Lech, chairman, Edg. Pearse, Dr. Brennan, Dr. Fife, H. Denne, B. Shortly the secretary, and the chief of police, sanitary inspector.

A letter was read from the Medical Health officer:—

WM. LECH, ESQ., Chairman of the Board of Health:

DEAR SIR,—I regret that it is impossible for me to be at the meeting to-night. As it is so near the end of the sanitary year I have prepared no report but may say that the town is comparatively free from infectious disease. One case of scarlet fever and one of typhoid are all that have been reported for several weeks. I am

Your obedient servant,

There was considerable informal discussion respecting several sanitary matters, and among other things the fact of the Edison General Electric Company using their sewer as a discharge pipe for their water closets, with the alleged result of injuriously affecting the public health, and it was

Moved by Mr. Pearse, seconded by Dr. Brennan, that the matter of the Edison sewer be fully investigated, and if its present use be found without the pale of the law, that the parties be liable, and be prosecuted under the Public Health Act.—Carried.

The board adjourned to meet at the call of the chairman.

County Police Magistrate Edmison, at the court house yesterday, heard the case of Brummell vs. Levery, in which both parties are of the township of Smith, and the defendant's dog was charged with killing sheep. The result was that the dog was ordered to be shot.

Belleville's Bonanza.

The Belleville *Ontario* states that a valuable mineral water has been struck in Belleville at a depth of 280 feet, and which probably contains more medicinal properties than any other water in Canada. The shareholders are jubilant, and state there is a mint of money in the well.

Water Shut Off.

Church organists, whose organs are supplied with wind by water motors, will note that the water will be shut off the waterworks mains on Sunday, Nov. 1st, from 7 a.m. till 8 p.m., and make provision accordingly. House-holders who use city water will also lay their plans accordingly.

The Water Famine.

The continued dry weather is not only running the supply of drinking water low but it is becoming unwholesome. But the water can be made both palatable and wholesome by using it to steep hawley bros.' *incomparable teas*, the purest, best, cheapest, most fragrant in the market, George street Peterborough.

Ashburnham Notes.

James Tobin, who was hurt so severly some time ago on the steamer "Golden Eye," whilst she was engaged dredging at the mouth of the Otonabee river, is slowly recovering, but will lose the sight of one eye.

Mrs. W. H. Mitchell, of Ashburnham, met with a painful accident a few days ago by stumbling on a bad place in the sidewalk, therby falling and loosening the patella or knee cap. She will be confined to the house for some time.

Crossley and Hunter.

During the past week, Messrs. Crossley and Hunter, the evangelists, who visited Peterborough some time ago, have been holding union evangelistic services at Owen Sound. Every night large audiences have greeted them, gradually increasing, until Knox church, one of the largest edifices, has been packed to its full capacity. *This*, the result of six days' meetings, is looked upon as an indication of still greater work during the incoming week, when Division street Presbyterian church will be the scene of their labors. *Every minister* connected with the evangelical denominations is earnestly working in conjunction with the revivalists.

"True Irish Hearts" To-Night.

The New York *World* says:—"Dan McCarthy, a popular Irish comedian, began a week's engagement at the Windsor Theatre last night. He appeared in a play with which he has travelled rather extensively, "True Irish Hearts." It is an Irish drama of the approved style. Some of the situations were received with much favor in the cast. Mr. McCarthy did good work, and he was assisted by Miss Kitty Coleman, and little Danny McCarthy. There will be an excellent matinee of "True Irish Hearts" Memorial Day." In Bradburn's Opera House to-night. Seat plan at Greatrex's drug store. Tickets 75c. 50c. and 25c.

Port Hope Y.M.C.A.

The 25th annual meeting of the Port Hope Young Men's Christian Association was held in their rooms, John street, last Wednesday) evening. The attendance was fair. Very gratifying reports were handed in by the chairmen of the various committees, showing the work done in the different departments during the past year. Especially encouraging was the report of the Devotional Committee, which had in charge the spiritual work of the Association. This after all is the main object, that young men may be saved, and so it is a source of comfort and great thankfulness, to know that during the past year Divine blessing has accompanied labors in this direction, and that several young men have been brought within the fold of God's love through the instrumentality of the Y. M. C. A. there. Mr. G. R. Rud is General Secretary.

Support Home Industries.

The Coughlin Monumental Company Hunter street, 209, announce an important matter in their advertisement in another column. They are offering marble monuments at a reduction of from fifteen to twenty per cent. to make room and permit of the extensive alterations they are preparing to make in their works and show rooms. They have on hand a beautiful and varied stock of monumental goods, and the public should take advantage of the opportunity of procuring these artistic goods at such reasonable figures. These works are well equipped, the workmen have artistic tastes, and the public should have no trouble in procuring what they require with this Company. There is no need for people to go out of town to procure inferior work at higher prices. Besides it is not fair to give the go-by to our citizens who are of the town, help build up the town, pay taxes and have an interest in the town and its citizens. It is the honest and fair thing, and in this case it is the paying thing to patronize the Coughlin Monumental Company.

Personal.

Mrs. Paton is representing Peterborough at the convention of the Provincial W. C. T. Union now in session at Ottawa.

The many friends of Mrs. Jos. Redmond, "Elm Grove," Otonabee, will regret to learn that she is dangerously ill with congestion of the heart.

Mr. and Mrs. J. J. Sheehy returned home from Paris yesterday and occupied their handsome new residence, Vatican Park, No. 19 Gilmour street.

As a family medicine, Ayer's Pills excel all others. They are suited to every age and, being sugar-coated, are easy to take. Though searching and thorough in effect, they are mild and pleasant in action, their use is attended with no injurious results.

News Nuggets.

—"Old inhabitant" says that the water in the river was never as low as it is at present.

—The Millbrook Dramatic Club will play "She stoops to Conquer" on Thanksgiving Day.

—The beech nut crop is a good one this fall, and the small boy is correspondingly happy.

—Millbrook is agitating for street lighting. Millbrook is too pretty a place to be obscured even by the shades of night.

—That tired feeling now so often heard of, is entirely overcome by Hood's Sarsaparilla, which gives mental and bodily strength.

—When the atmospheric conditions are favourable, the sound of the Edison whistle can be heard quite distinctly at Millbrook, a distance of thirteen miles.

—On Sunday and Monday next, Dr Sexton preaches and lectures in the Methodist church, Port Hope. Subject of lecture on Monday evening, "Does death end all?"

—There appears to be something of an epidemic of mendicants and tramps in some parts of the town at present. Several residents of Ashburnham report four and more calls at their houses yesterday.

—Mr. W. Coulter, of the G. T. R. freight office, Port Hope, was united in marriage to Miss Janes of that town on Thursday. The happy couple were made the recipients of many useful and valuable presents.

Hymeneal.

Nuptials of Mr. Bert Bradburn and Miss Sarah S. Winch.

An interesting social event took place last evening at the residence of Mr. R. J. Winch 248 George street—the marriage of his second youngest daughter, Sarah S., to Mr. H. H. Bradburn, son of the late William Bradburn. The wedding was of a comparatively quiet character, only about twenty five guests having been present—the immediate relatives and friends of the contracting parties. The wedding ceremony was celebrated by Rev. Jos. Locke, in the drawing room of the residence, which had been beautifully decorated for the occasion. The bride and groom stood under a floral canopy of the typical lucky horseshoe shape, with a beautiful floral heart of nephetos roses and chrysanthemums depending from the centre. As the bridal procession entered the drawing room, Mr. Seward, organist of the George street Methodist church played Mendelssohn's wedding march. The bridesmaid's were Miss May Winch, sister of the bride, Miss Phoebe Fife, Otonabee, cousin of the bride, and Miss Aileen Chamberlen, town, and the groom was supported by his cousin, Mr. Will Bradburn. The fair young bride was charmingly dressed in pearl satin with French lace trimmings and girdle of white satin, the train being trimmed with heavy satin cord. The jewels were turquoises and pearls. The traditional veil and orange blossoms, and a bouquet of cream roses, completed the costume. Of the bridesmaids, Miss May Winch was attired in blue cashmere, trimmed with white satin ribbon and cream lace and a shoulder knot of "French wheat." Miss Fife wore pink cashmere, with trimmings of heavy silver cord, cream lace and cream satin. Miss Chamberlen was attired in cream cashmere, with trimmings of white lace. All the bridesmaids carried beautiful bouquets of roses. At the conclusion of the ceremony an elaborate wedding breakfast was enjoyed by the assembled guests, after which the large array of beautiful and valuable bridal presents was duly admired. The bridal pair left the house amidst a friendly fusilade of old shoes and rice, to take the nine o'clock G.T.R. train south for about a week's wedding journey, followed by the good wishes, for a happy wedded life, of their hosts of friends.

Salvation Army Self-Denial.

The Approaching Week of Prayer and Self-Denial—What This Means and What it Does.

It is learned that the Salvation Army is on the eve of a special week of Thanksgiving, Prayer, and Self-Denial, and that the dates fixed upon are from November 8th to 14th. This has now become an annual ordinance in every country where the Army works, and is productive of much financial result. Testimony of the spiritual benefits resulting therefrom are also borne from many quarters, in and outside the ranks. This year the money raised is to be expended in the country itself, none being sent out to feed the ever hungry exchequers of the heathen lands.

They tell of $148,810 being raised in 1890 by this special means, in the various countries opened up by the Army. That is pretty good for one week! Of this Great Britain her self raised $86,347; Australia, $26,766; Sweden, $11,356; Canada, $6,063, and twelve other countries amounts of a lower order. As the Army has grown in size and power year by year, so has the proceeds of this special institution grown likewise, there being an increase of $51,478 between 1888 and 1890.

Doubtless there are many outside sympathisers with the Army, who are in total darkness as to what such phraseology as "Self Denial," when applied specially to the Army and this week, means. For enlightenment we would say that the whole Army's force, officers, soldiers and friends, unite in special acts of self-denial for this particular week, giving the results of that act in a practical form to the work. For instance a woman who is bent upon a new bonnet, mantle or dress, would decide to go on wearing the old one, and give what the same would have cost to the Army's funds; a man will walk his morning and nightly *two miles*, instead of taking the usual car, and this will swell the sum, etc., etc. It is a universal matter, every officer, from the highest in rank to the lowest, joins in the undertaking; some give up their week's salary, (such as it is!), while others make sundry other sacrifices. The very poorest contribute their might, and nothing is despised.

There are also special meetings held in all the Army barracks during this week, and much public interest and sympathy enlisted.

Whatever criticism may visit the Army's methods of work, the object and results of their work are worthy of all encouragement and gratification, and the hope is indulged that the Army will have greater success this year than ever, and that the public will show some amount of practical appreciation of the work done by contributing to the funds at such a special time. The money will go to help the Prison Gate work, the Rescue Homes, the Children's Shelter, and and various other branches of Army labor in the Dominion.

It will be of interest to many to have a look at a "field state of the Salvation Army," as the following conspectus is officially called:

Police Court.

This was picnic morning at the police court, though there was a good deal of business about it. The usually prompt Cadi was behind time this morning, and a large crowd assembled in the vicinity of the porch of the temple of justice, and it was no ordinary crowd either. There were business men, men in legitimate business, and men in legal business—to wit, lawyers, men engaged in great moral and philanthropic business—newspaper men—the usual grist of reporters, who make everybody's business their business, and men with no business at all, except to fight shy of work.

The Magistrate ascended the bench, and business began.

Matthew Wynn, lying under remand on the charge of stabbing Walter Kerr, was arraigned. After a *sotto voce* colloquy between Wynn's counsel, Mr. Stone, County Attorney Wood and the police magistrate, Wynn was remanded for another week, and removed to the cells where he had interviews with his friends who had come to town to see him.

The Chief lifted up his voice and called in stentorian tones the three legal times "Henry Christmas!" There was no response, and the Chief took a blue paper blank from the stationery cabinet, and the magistrate filled it in and loaded up a policeman with authority to investigate Mr. Christmas' whereabouts.

Mr. W. H. Robertson was charged with publishing an advertisement of Carslake's sweepstakes in the *Morning Times* of Oct 24th, in contravention of the Lottery Act. Mr. Edwards appeared for the prosecution, and Mr. Hatton for the defendant. Several witnesses were examined, and the matter turning upon the point of law as to whether the offence charged came under the provisions of the statute, the magistrate reserved decision till Tuesday next. Mr. Robertson admitted another charge, that of printing raffle tickets and judgment in this case was also reserved.

Ballyduff.

Interesting Induction Services.

Tuesday Rev. Mr. Oswald was formally inducted into the pastoral of Ballyduff, Presbyterian church, Cavan. There was a large attendance of the congregation, Rev. Wm. Bennett was moderator. Rev. Mr. Drummond of South Monaghan, addressed the people, and Rev. Mr. Torrance, town, addressed the pastor

ELECTION TRIALS.

South Perth Election Voided by the Act of Mr. Trow's Son—The South Norfolk Petition Dismissed.

STRATFORD, Oct. 30.—South Perth election trial was conducted here before Justices Rose and McMahon Wednesday and yesterday. The petitioner was represented by B. B. Osler, Q.C., and Mr. Trow, the Reform whip, who was the respondent, by A. B. Aylesworth, Q.C. Several charges were enquired into but not much was accomplished until an alleged offer of money to one Nicholas Schillenberger of Fullarton was reached. He swore that James Trow, jr., son of respondent, canvassed him for his vote and asked, "Would you take a little money to vote?" This statement was corroborated by two other witnesses but denied by Trow. On court resuming to-day Justice Rose said that their Lordships were prepared to deliver judgment with respect to the Schillenberger case. He held that the charge was proven that it constituted an offer of money and that James Trow, jr., was an agent of respondent. Justice MacMahon concurred. After a lengthy consultation of counsel an agreement was arrived at by which the petitioner agreed not to press the personal charges and the respondent consented to pay costs and to the voiding of the election.

The petition against Mr. James Grieve, M.P. for North Perth, has been set for trial to-morrow.

South Norfolk Petition Dismissed.

SIMCOE, Ont., Oct. 30.—The trial of the election petition of William Morgan against the return of William A. Charlton, the member of the Legislative Assembly for the South Riding of Norfolk, was heard here yesterday before Mr. Justice Osler and Mr. Justice Street. On the opening of the court Mr. W. E. Tisdale, counsel for Mr. Morgan, stated that the evidence against Mr. Charlton being insufficient to unseat him in the opinion of counsel he did not intend to offer any evidence. On this statement being made the court dismissed the petition without costs. The cross petition of Charlton against Morgan was also dismissed without costs.

The election was held on Jan. 27 last, when Charlton was elected by 97 majority.

Hon. C. F. Fraser in Poor Health.

BROCKVILLE, Oct. 30.—The health of Hon. C. F. Fraser, Commissioner of Public Works, is such that his medical advisers deem it imperative that he should spend the coming winter in a milder climate. Mr. Fraser will leave this week for Denver, Colorado, where, if the climate proves suitable, he will remain during the winter, but, if unsuited to his condition, he will probably go on to Southern California. He will be accompanied by Mrs. and Miss Fraser.

To Recall Egan.

WASHINGTON, Oct. 30.—The Chilian Junta having declined to accede to Minister Egan's request for a guarantee of the punishment of the assailants of the U.S. seamen in Santiago, Secretary Blaine will make a stern and formal demand for some immediate assurance of proper action on the part of the Junta, and if these are not forthcoming Minister Egan will take his passage on the Baltimore for the United States, thus severing diplomatic relations between the United States and Chili.

Baptist Foreign Missions.

LONDON, Oct. 30.—The Women's Foreign Mission Society of the Baptist Church opened its annual session yesterday. The finances showed receipts $4338.47, disbursements $4326.90. These officers were elected: President, Mrs. A. R. McMaster, Toronto; vice-president, Mrs. Humphrey, Toronto; second vice-president, Mrs. Barker, Ingersoll; corresponding secretary, Mrs. D. A. McGregor; treasurer, Mrs. John Alexander, Toronto.

She Left Two Husband.

TORONTO, Oct. 30.—The Toronto General Trusts Company applied at Osgoode Hall yesterday for administration of the estate of the late Mrs. James A. Gibney of East Gwillimbury. When she died, her husband, who is a farmer, thought the only process necessary was to take immediate possession of his wife's property, which consisted of a small farm and some land in Orillia worth about $2000. But serious difficulties arose when it was discovered that Mrs. Gibney left another husband named William Smith, who is now in the insane asylum at Hamilton. This made Mr. Gibney's position a very unpleasant one, when he found he had been innocently living with another man's wife. The order for administration was granted.

Dolly Gets Six Months.

TORONTO, Oct. 30.—When Dolly Beely, alias Mary Shaw, appeared in the Police Court yesterday she looked very ill. She is suffering with inflammation of the lungs. She was up on three charges of fraud. She evidently had designs on the purse of Rev. Mr. Hueston of Toronto Junction, as she had engaged herself in his house as a domestic. She could not speak above a whisper and Sergeant Reburn had to repeat her plea of guilty to the court in each case. She was sent to the Mercer Reformatory for six months.

A British Steamer Lost.

LONDON, Oct. .—Intelligence has been received here that the British steamer Moselle has been lost near Colon, Colombia.

The Coal Output.

NEW YORK, Oct. 30.—There was a long meeting of the representatives of the coal producing companies to-day, but the only action was to allow an output of four million bushels. This is practically unrestricted production, and is believed to be the maximum that the companies can produce. Each company will during the month go ahead and mine all the coal it possibly can. Prices are left unchanged.

A Self-Maimer's Martyrdom.

PORTLAND, Ore., Oct. 30.—John Curtis, one of the State Prison convicts at Salem, who about two years ago cut off one of his hands to avoid work, has just been released. As a punishment for maiming himself he and a convict named Howard, who also cut off one of his hands for the same purpose, have been required to drag a heavy piece of iron over a short distance of road back and forward continually for 10 hours a day during the past year and a half. Curtis said he could not have stood this punishment much longer, and if he had not been released he would have killed himself or gone mad.

OTTAWA NEWS.

The Premier to Take a House in Ottawa —Senecal's Successor.

OTTAWA, Oct. 28.—Premier Abbott returned from Montreal to-day and took up his old quarters at the Victoria Chambers. He is now looking for a house, with a view to bringing his family here for the winter and taking up his residence here. Apropos of this the genial Premier tells a little joke at his own expense. It appears that at the Victoria Chambers there is a small but sharp bell boy, who fell into conversation with a son of Hon. C. H. Tupper. "I think," said the bell boy, "that this Government won't last long."

"Yes it will," returned young Tupper, "my father is in it."

"Oh, your father is all right," replied the bell boy, "he has got a house, but the Premier boards here. It don't look as if he would last long."

"I thought," said the Premier with a laugh, "that after that it was time for me to get a house, so now I am looking for one."

It is learned that the question of Senecal's successor as Superintendent of Printing has been settled by the appointment of Mr. William McMahon, Assistant Superintendent, who has been acting since Senecal was suspended. Mr S. E. Dawson will assume the duties of Queen's Printer on the 2nd of next month, Col. Chamberlain being granted six months' leave of absence, at the expiration of which time he will be superannuated.

Senecal Shows Fight.

MONTREAL, Oct. 28.—Mr. Senecal has instructed his attorney to file an opposition to the suit for $15,000 against him by the Government. Mr. Senecal is determined to fight the matter out.

An Arm Sawed Off.

Arthur Furber, an employee in the Victoria Harbour Lumber Company's mills at Garden Hill had his arm taken off with a circular saw Thursday afternoon. Dr. Powers, of Port Hope, says the *Times*, attended the man's injuries.

Purify [illegible] importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,884 07

THE PROPOSED TORY ELECTION PLATFORM.

It Includes Compensation to Liquor Dealers, Cessation of Special Irish Legislation and Settlement of Strikes by Arbitration.

LONDON, Oct. 31.—The Council of the Conservative National Union have in process of incubation an electoral program which promises to outbid that adopted at the Newcastle Liberal Congress. Semi-officially the platform can be stated as follows.

Cessation, with the adoption of the Local Government bill, of special Irish legislation and the concentration of the attention of Parliament on British affairs.

Extension of popular local government by the creation of the district councils.

Allotment of small holdings for laborers administered by district councils.

Legislation for the arbitration of strikes.

A free breakfast table, meaning the lowest possible taxation on tea, coffee, cocoa and reduction of the duty on tobacco.

The vesting of the power of licensing in the county councils, with a proviso for the compensation of publicans deprived of their licenses.

And, the introduction of a bill providing for insurance against old age.

To these positive proposals must be added negative principles, naturally belonging to conservatism, including opposition to church disestablishment, maintenance of denominational schools, preservation of peers, privileges and rejection of local option, in the matter of an eight hour work day, in refusing to dally with which the party leaders will be firm.

The platform does not give the electors a comprehensive prospect of reform equal to that afforded by the Liberal program, but it is freer from fads and more immediately practical.

The Liberal organizers, convinced that the result of the election will be largely dependent upon the rural vote, will arrange a society of laborers' meetings culminating in a conference in December of agricultural delegates at which Mr. Gladstone will deliver a final address before starting for Italy. It is expected that the total number of delegates will be 800.

Will Now Be Brought to Justice.

LONDON, Oct. 31.—For some months past a great deal of gossip has been going on in society concerning the young and beautiful bride of a man of wealth and good family who has been detected in stealing at private houses where she visited. The family numbers royalty among its friends and is connected with the nobility. Among the people robbed was Mrs. Hargreaves, wife of Major Hargreaves, who lost £500 worth of diamonds last February, when the gentleman and his young wife were stopping at their house. These jewels were concealed in a secret drawer, the knowledge of which Mrs. Hargreaves confided to the bride and to her only. Detectives traced the jewelry, and proved beyond a doubt that they were stolen by the young bride, whose name, however, was studiously concealed.

The case came up this morning at the Guildhall Court. Major Hargreaves sued Spink & Sons, the well known jewelers, to whom the thief had sold her booty, for the recovery of the jewels or their value.

The judges instructed the authorities to proceed with the prosecution of the lady.

French Prelates to Appear in Court in Full Pontificals.

PARIS, Oct. 31.—A letter from Cardinal Richard, Archbishop of Paris, to the Archbishop of Aix has been made public, saying that the Cardinal has learned from the newspapers that His Grace has been summoned to appear before the First Chamber of the Court of Appeals on the 24th prox. An immense sensation has been caused by the rumor that all the archbishops and bishops of France will seize the opportunity of the accused prelate's trial to appear in full pontificals with their mitres and croziers to receive His Grace on his entrance to the court and to surround him during the trial. This action will be taken as an emphatic and formal rebuke to the authorities.

There is great agitation in official circles, as this proceeding, should it take place as projected, will be the greatest court sensation of the times ever known in France.

Irish Affairs

CORK, Oct. 31.—A report was circulated that a plot had been discovered to murder William O'Brien. The police, however, declare there is no foundation for the rumor. A woman who was returning from a political meeting at Mayfield reported that she had heard four men plotting to kill Dillon as he and a number of his followers were returning from a meeting. This report is likewise probably fictitious.

The infirmaries of this city have been busy since early morning attending to the injuries of persons hurt in Wednesday night's rioting. There are now 92 patients in the hospital suffering from wounds received during the fighting. The wounds, as a rule, are about the patients' heads, showing that the blackthorn had been getting in most effective work.

At the police court a number of McCarthyites were fined for stoning a Parnellite meeting. The magistrate stated that the behavior of the rival factions was worse than anything he had witnessed in Belfast. In consequence of the disturbed state of affairs the police of Fermoy and the constabulary from all the outlaying stations have been ordered to Cork. The whole force of mounted police at present in the city will accompany Mr. Dillon everywhere until the close of the political campaign.

Killed At Target Practice.

LONDON, Oct. 31.—There is great indignation among the fishermen of Plymouth because H. M. S. Sabrina has been engaged in wild and reckless target practice. The matter has been called to the attention of the admiralty. Two fishing smacks were sunk by the gunboat's fire. One fisherman was drowned. The Sabrina fired at a floating target though over a hundred fishing smacks were in the line of her fire. One shot struck the fishing boat's beam and sunk her immediately. In spite of this the Sabrina fired again and her next shot sunk another boat, drowning one of the crew.

GRAND TRUNK RAILWAY

SEMI-ANNUAL MEETING OF SHAREHOLDERS IN LONDON.

Low Rates the Cause of the Very Miserable Results of the Past Half Year—Arrangements With the Canadian Pacific Suggested.

LONDON, Oct. 31.—The meeting of the shareholders of the G.T.R. yesterday was crowded but fairly harmonious. Sir Henry Tyler was in the chair. The president's speech deplored the bad results of the very miserable half year. Low rates, he said, were the real cause. He regretted that the Washington negotiations had not been renewed on Oct. 12, but hoped they would be renewed shortly. As to the placing of coal on the free list he showed that the company would save £100,000 yearly.

The St. Clair tunnel has promised well thus far. The future prospects are bright.

The past year was one of unmitigated gloom for Canada and the company. There was a great commercial-political disturbance, and the politicians, not content with fighting each other, wanted to fight the company, but that all passed away. Whatever betide in the future the directors have done all they could do to take advantage of the improved general position of the country.

Sir Henry concluded by moving the adoption of the report, which another director seconded.

A discussion was opened by Mr. Baker, who led the opposition to the board at last meeting. He asked why Sir Henry Tyler said nothing about the Canadian Pacific. Low rates were ruining the Grand Trunk and the only remedy, he held, was an arrangement with the Canadian Pacific. Now that the Canadian Pacific guaranteed dividend is expiring that company, he held, must also feel the necessity of friendly relations. The directors should approach the rival company and thus secure good dividends for both companies.

Roasting Sir Charles.

Amid loud cheers Mr. Baker proceeded to attack Sir Charles Tupper for his article on "Imperial Federation" in The Nineteenth Century. Seeing the past attitude of the Government towards the Grand Trunk, the High Commissioner's duty, so Mr. Baker held, should leave such subjects alone and apply himself to assist the railways to earn dividends and thus restore Canada's credit among English investors. Mr. Baker stated those who opposed the board at the last meeting had decided not to renew the hostility, seeing that the board was meeting their views.

Six or seven other speakers strongly urged that the Canadian Pacific be approached to secure friendly relations and higher rates. These speeches were much cheered.

Sir Henry Tyler, replying, said he purposely omitted to refer to the Canadian Pacific in order to avoid the appearance of ill feeling. He had himself discussed the situation with Lord Mount Stephen and Mr. Van Horne on the most friendly terms. Personally all agreed that the two companies should maintain rates. [Loud cheers.] "We will," he added, "get all we can out of the Canadian people [Cheers.] The officials of the company have been instructed to do all that is possible for mutual prosperity of the two companies [Renewed cheers.] The American and water competition must, however, still be met, but I hope that cutting rates will be avoided."

Mr. Household repeated Mr. Baker's assurance that the former opponents of the board would [illegible] policy. There must be friendly relations and no amalgamation of other lines into the system.

The report was unanimously adopted.

Mr. Hubbard was unanimously elected director, Mr. Household announcing that Messrs. Hubbard, Alten and McIntyre were all nominees of the opponents of the board at last meeting.

A Boy, a Gun, $80.

HAMILTON, Oct. 31.—A bullet crashing through the window of J. W. Bowman's store at the corner of King and Catharine-streets frightened a couple of men who had just passed the store this morning. It was lucky for them that they were not in front of the window or they might have been killed. The accident was another case of "didn't know it was loaded." Percy Acres, a clerk in the store, was showing a customer a repeating gun. He pulled the hammer, not knowing that it was loaded and it went off. The bullet bored a large hole in the $80 plate glass.

Fell off the Dock.

KINGSTON, Oct. 31.—Thomas Thompson, aged 8, son of William Thompson, ship carpenter of this city, while playing around the dry dock here yesterday fell into the water and was drowned.

Fatal Results.

SIMCOE Oct. 31.—About 8 o'clock Friday morning the 2 year-old son of Frank McCall obtained some matches, which became ignited, and in a few moments his clothing was all ablaze. His mother, seeing the flames, snatched up the child and was badly burned about the hands and arms. The boy only lived a few hours. The father, who is working on the railway line between Waterloo and Elmira, was telegraphed for.

MONTREAL, Oct. 31.—Mary Carmichael, an inmate of the Protestant Hospital for the Insane, threw herself from the top story window and was killed.

Serious Blow to the Slave Trade.

LONDON, Oct. 30.—A despatch from Mombasa says the Lugard expedition has severely defeated the rebel Arabs of Uganda at Unyoro. This victory is regarded as a serious blow to the slave trade.

No Longer a Convict Settlement.

HALIFAX, N.S., Oct. 30.—St. Pierre is no longer to be a French convict settlement. The convicts there now, to the number of about 50, are to be sent to Guadaloupe, one of the French West Indies.

THE QUEBEC SCANDAL.

A FURTHER EXPLANATION FROM MR. MERCIER.

Mr. Laurier Was Not Present When the Count Signed the Notes in Blank—What Mr. Thom Had to Say About the two Companies.

QUEBEC, Oct. 31.—When the commission opened its sitting yesterday Mr. Hall made a written application for all the telegrams passed between Mr. Mercier and his friends. Mr. Mercier also asked to be allowed to make one or two corrections of certain points in his testimony. It had been recalled to him that he met Mr. Robidoux about two weeks ago at his own house and as far as Mr. Laurier went he was not present when the notes by Mr. Mercier were made.

A. M. Thom was the first witness. He stated that Armstrong was in possession of the last 40 miles, though there was a contract existing giving the right of the road to the company. The company, according to Mr. Thom, could not get possession without a law suit. After paying Armstrong, the latter gave him all the possession he could, MacFarlane's claim intervening of course. The new company obtained possession of the road on 13th June. Mr. Thom read a letter dated the 29th of June and written by him asking that the Treasury Department be instructed to put the necessary money at the disposal of Mr. Langelier, commissioner, for the payment of claims which had not yet been liquidated. He also produced letters from himself asking for the unpaid balance of the subsidy in the hands of Mr. Langelier, commissioner, and Mr. Garneau's reply. He could not say where he first heard the rumor that Pacaud was to receive money. He thought it was shortly after the closing of the contract; he could not positively say what was said, but he merely heard rumors to the effect that Pacaud was being paid in connection with the affair.

MacDonald Not a Favorite.

At the opening of the afternoon session Mr. Thom was again examined by Mr. Beique. Witness had been a shareholder of the Baie des Chaleurs Railway since June, 1886. He would not listen to Mr. Armstrong's proposal of forming a new syndicate, because he knew that Mr. Armstrong had an agreement with Mr. MacDonald. On one occasion Mr. Cooper and witness had an interview with MacDonald, and Cooper told him that since he was going out he would have to see about his own claims, and that Mr. Thom would form a new syndicate. Riopel would not have anything to do with MacDonald. Witness had an interview with Mr. Robidoux and Pacaud on the Baie des Chaleurs railway affair in New York which was very short. Robidoux told him to wait a few weeks and then write. This was the first time he met Pacaud. After his trip to New York he had interviews with the ministers in Quebec. The ministers were not anxious to close negotiations. They were rather anxious not to close them. Witness had interviews with ministers at a council meeting. They tried there all they could to make the best bargain possible. Nothing was noticed that was of a nature to create suspicions. He tried to persuade the ministers to conclude a bargain. Several drafts were made and destroyed before he could get one accepted. He urged the ministers to issue a letter of credit. He wanted Armstrong to get the money and he wanted to go on with the work. Messrs. Dawes & Cooper were able to build the road without the aid of a subsidy. There was an offer made for the road bonds at 75c. Witness never doubted Mr. Pacaud through past experience. This concluded Mr. Thom's examination.

Mr. Irvine made application to have certain papers, which his client was ordered to produce, deferred on account of their private character, and also because the documents referred to amounts negotiated previous to the occurring of the Baie des Chaleurs scandal.

Mr. Hall wanted the documents referring to the sums included in Mr. Pacaud's statements.

The Railway President's Story.

Mr. James Cooper, president of the Baie des Chaleurs Railway Company, was then sworn.

Witness owned 560 shares in the company, but he refused to say how much money he put in the enterprise. He would not listen to Mr. Armstrong's proposal of forming a new syndicate because Mr. MacDonald had then the enterprise in hand. In an interview Mr. MacDonald told him he would not follow the matter any more. Subsequently Armstrong called upon him. He turned Armstrong over to Mr. Thom, stating that if he could make any arrangement with him he would be satisfied. Witness then met MacDonald at the Windsor, where MacDonald said he was out of the Baie des Chaleurs Railway. Mr. Thom made arrangements with Armstrong and the works were begun. Witness made himself sure by sending Mr. Lonergan on the road to see that Armstrong was doing his duty, for he wanted to be satisfied as to the intention of the man. Mr. Laflamme went also down to examine the works. He was not aware that Armstrong was to get $75,000. He met Pacaud in Montreal, but he did not speak to him of this business, nor did he ever speak to him of the business, but he knew that Armstrong had used Pacaud a year or two before to negotiate with the Government. Witness became aware that Armstrong was working to get the new contract through an intermediary some two years ago. He did not know who it was. MacDonald asked witness what interest he would give him in the company. Witness told him he could not make him a director. The Board of Directors was complete, but he would give an interest in the scheme to the amount of $150,000. MacDonald had no money, as he had his funds locked up in the Temiscouata Railway. Witness wanted to have a good practical man with him.

Witness was then examined by Mr. Hall and by Mr. Amyot. Witness knew of no corrupt bargain between the Government and Armstrong. Mr. Mercier told him in Montreal that he was much pressed by time and if he put this request in writing he (Mr. Mercier) would attend to it. His contractor told him (witness) that the work on the road was progressing, the only delay was in the bridges. The bonds of the railway at the time he became president of the railway were worth about 20c.

Mr. Legare, inspector of the Caisse de Economie, produced the deposit slip of the sum deposited in the bank by Mr. Mercier's secretary. The deposit was made by check drawn on the Banque Jacque Cartier of Montreal.

The Count's Private Secretary.

Mr. Alexander Clement, private secretary, testified that the slip was made by him March 10. It was a check on Mr. Mercier's private account on the Banque Jacque Cartier, Montreal. The stubs read: "Deposit to cover the balance of $4000." Witness received a letter, dated March 10, from Mr. Marcoux, informing him that the bank would keep an account open for Mr. Mercier if he wanted to deposit any money. Mr. Clement answered Mr. Marcoux that a deposit would be made the same day or the day after the messenger had been given the money. Subsequently Mr. Clement received word in New York that the $4000 had been deposited all right.

Mr. Beique then read a certificate from Dr. Vallee to the effect that Hon. Mr. Robidoux is sick and unable to attend the commission and suggesting that the commission have Mr. Robidoux examined at his house.

At 4.10 the commission adjourned until to-morrow.

FOR FRESH FIELDS.

Boodler Murphy Said to Have Left for the Land of Dictators.

QUEBEC, Oct. 31.—A passenger who arrived in the city last night claimed to know that Robert McGreevy is at Mattawunkeag, a station on the C.P.R. short line in the State of Maine, a few miles from the Canadian border. Thither, it is said, his wife and son went on Monday to visit him.

O. E. Murphy went on to Boston to take steamer for Mexico or South America.

NEW YORK, Oct. 30.—The announcement yesterday that Owen E. Murphy, the Canadian "boodler," was hiding in this city stirred Chief Inspector Byrnes into action. He wouldn't admit that he had been in communication with the Canadian officials.

LASCELLES TO DON STRIPES.

The Bogus Nobleman Who Swindled St. Thomas People Pronounced a Forger.

ROME, Oct. 31.—Sydney Lascelles, alias Walter S. Beresford, alias Lord Beresford, was found guilty of forgery in the Floyd County Superior Court this morning, after a trial lasting several days.

Lascelles came here some time ago and introduced himself as Lord Beresford of England. He was well received and succeeded in victimizing several people. He went to New York, was arrested there and returned here upon a requisition.

The swindling games of Lascelles at St. Thomas, Ont. (the heaviest of which was the obtaining of $1000 from Manager Lockwood of the Molsons Bank on a bogus draft, are familiar.

SHOT THE DESPOILER.

William Corboy Discovered His Wife in Another Man's Apartments.

GANANOQUE, Oct. 31.—William Corboy, suspecting his wife to be too intimate with a bachelor storekeeper, watched her on Sunday evening and discovered her in the merchant's private quarters, and shooting through the door nearly made an end of him, the ball going through his shirt collar and making a flesh wound in his neck.

The affair was town talk, and the merchant declining to prosecute Chief Ryan summoned Corboy for carrying firearms and he was fined $20.

NORTH PERTH.

STRATFORD, Oct. 32.—The trial of the North Perth election petition against the return of James Grieve came on for hearing yesterday before Hon. Justices Rose and MacMahon.

The first witness was G. G. McPherson, the Reform organizer, in the course of whose testimony it came out that G.T.R. Special Officer Hanna visited him the day before the election and gave him a lot of tickets, 100 or more, worth between $200 and $300, which Mr. McPherson and others under him used to bring in outside Reform voters and to send voters from here to outside constituencies.

General Manager L. J. Seargeant, of the G.T.R., was put upon the stand. He said he knew nothing personally whatever about the arrangements by which these tickets were brought to Stratford, though he knew generally that arrangements had been made for tickets. He briefly stated his belief that the policy of the Reform party was more in the interest of the G.T.R. than that of the Conservative party, but he had not exerted any pressure in any way upon the employes of the railway to bring them to his way of thinking. Although no direct instructions were issued, his view of the policies of the two parties might have been inferred. He had had interviews with Sir Richard Cartwright and Mr. Laurier separately, but at those interviews the policy of the road was only discussed in a very general sort of way. He made a passing allusion to his interview with Sir Charles Tupper and for details as to the issuing of tickets he referred the court to the other officers of the company. He did not know whether those tickets were paid for or not, but understood that they were to be paid for. It was not in pursuance of his conversation with Sir Richard or Mr. Laurier that the tickets were issued.

Assistant General Manager Wainwright was the next witness. He said Hanna was general inspector of the road under his department and he was simply made the medium by which to send out the tickets. He had tickets to deliver to both Conservative and Reform associations as previously arranged, for the tickets were all got for money and were issued in a regular business way. W. T. R. Preston, secretary of the association, was the man who arranged for the sending of the tickets and paid for them and they were distributed through the various associations according to Preston's directions. The advantage to McPherson was that Preston got the tickets at wholesale rates. The arrangement was made through the passenger department. The tickets were made in blank and required to be filled in from point to point. Tickets were sent all over the country under these or similar instructions to organizations of both parties.

A Bigamist Dodges Women and Law by Suicide.

SCRANTON, Pa., Oct. 31.—When Warden Grimes of the county jail swung open the door of the cell occupied by Michael Hamle this morning he was startled to see the dead by of Hamle swing out against him. The man had committed suicide.

Hamle had tied a towel to the bars of his cell and had twisted the other end about his neck. He could not get the towel up far enough to swing himself clear off the door, so he had thrown himself forward, face downward and had strangled himself to death. Hamle was awaiting trial for bigamy.

Quebec Vessel Wrecked.

LONDON, Oct. 31.—A quantity of new deals are being thrown upon the shore at Wexford, and it is supposed that they are part of the cargo of some vessel which loaded them at Quebec. Vessels arriving lately report that they passed large quantities of deals and wreckage.

Unconscious for 40 Hours.

CHESTER, Pa., Oct. 31.—A thrilling experience befell John Wilsey on the Delaware River on Thursday night. He had brought a boat load of farm produce to this place from Floodgates, N.J., and when returning after dark a storm upset his little craft. They floated together to Chester Island. Wilsey wrapped himself in the canvas from the boat but was soon benumbed with cold into unconsciousness. After lying in the mud and water 40 hours he was rescued yesterday. His friends supposed him dead.

A Rumor That the Pair May Become Reconciled.

PARIS, Oct. 31.—Ex-King Milan of Servia and his divorced wife, Queen Natalie, are both in the city; and as King Milan is in want of money and the ex-Queen is rich, a reconciliation is thought to be within the probabilities, especially as both are still ambitious to figure in society.

A Desperate Battle Reported from Briceville, Tennessee.

KNOXVILLE, Tenn., Oct. 31.—One hundred and fifty convicts were released at Briceville to-night and the immense stockade burned. A battle has taken place between the guards and miners. Fatalities not known.

Prohibition on Pork.

PARIS, Oct. 31.—The Senate has agreed to the removal of the prohibition upon the importation of American salt pork. It has voted in favor of the imposition of a duty upon that article of food at 25 francs.

Another Floater.

DETROIT, Oct. 31.—Another body was recovered from the river at Amherstburg last night and was identified yesterday as that of William Cox of Delray, who was drowned with George Edmondson two weeks ago. Edmondson's body was also recovered.

Died En Route Home from the Doctor's.

PLATTSVILLE, Ont., Oct. 30.—Mr. G. Brutzka started with his wife to consult a medical adviser in Shakespeare. On the way back they stopped off at his sister's in New Hamburg. During a conversation Mrs. Brutzka suddenly fell from her chair and before any assistance could be rendered expired.

Men and Horses Killed.

NIAGARA FALLS, Oct. 30.—The Michigan Central train from Buffalo at 1.38 Thursday afternoon ran into Henry Ellenbaum's coal wagon near his coal yard in Eighth-street, instantly killing him and the horses.

Fireman and Tramp Killed.

ST. PAUL, Minn., Oct. 30.—In a wreck yesterday at Taopi, 16 miles south of St. Paul a fireman and tramp were killed.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Kris property, at the west end, owned formerly by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, the high payment at one time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS,

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.

ARE NOT a Purgative Medicine. They are a BLOOD BUILDER, TONIC and RECONSTRUCTOR, as they supply in a condensed form the substances actually needed to enrich the Blood, curing all diseases coming from POOR and WATERY BLOOD, or from VITIATED HUMORS in the BLOOD, and also invigorate and BUILD UP the BLOOD and SYSTEM, when broken down by overwork, mental worry, disease, excesses and indiscretions. They have a SPECIFIC ACTION on the SEXUAL SYSTEM of both men and women, restoring LOST VIGOR and correcting all IRREGULARITIES and SUPPRESSIONS.

EVERY MAN who finds his mental faculties dull or failing, or his physical powers flagging, should take these PILLS. They will restore his lost energies, both physical and mental.

EVERY WOMAN should take them. They cure all suppressions and irregularities, which inevitably entail sickness when neglected.

YOUNG MEN should take these PILLS. They will cure the results of youthful bad habits, and strengthen the system.

YOUNG WOMEN should take them. These PILLS will make them regular.

For sale by all druggists, or will be sent upon receipt of price (50c. per box), by addressing

SATURDAY, OCTOBER 31, 1891.

HERE is a London echo of the voice of public opinion in Canada so far as it has had a chance of finding expression:—"No country can prosper where public departments are in league with fraudulent contractors, where Ministers are open to offers, and parties will bargain their support for a mess of pottage."

IN a speech at Sarnia, Mr. Lister, the terror to boodlers, thus referred to Mr. Postmaster General Haggart's canal:—"John Haggart is a practical politician. This, as you know, is not the day of canals such as were built before the railways came into effect. John Haggart lives in the town of Perth. Three or four years ago they built a canal about six miles long running into Perth, costing the country $400,000. The whole receipts from that canal last year was $61. Half a dozen skiffs, a scow and John Haggart's own tow boat passed through, but Mr. Haggart said he wanted some money in his pocket, and so the wealth of the people is wasted so that a canal may be built in Haggart's county. He owns a mill 2000 yards from the basin of this canal, and the Government goes to work and builds a canal at a cost of $135,000 for the benefit of Hon. John Haggart. And so the fun goes on, the band keeps playing 'You are a jolly good fellow,' and while it is playing they are plundering you.

CURED AGAINST HIS WILL

After Ten Years of Suffering a Hamilton Man is Restored to Health.

A Case Rivalling the Marvellous Cure of John Marshall.

Hamilton *Times*, Saturday, Oct. 24th.

"A good name is more to be desired than great riches." The truth of this Scripture quotation is proven every day. Once a person, or a firm or an institution achieves a good name its road to success is short and sure, but to achieve a good name is quite a different thing. Not many months ago the *Times* brought to light one of the most marvellous cures that has ever been effected. Mr. John Marshall, after being for years afflicted with locomotor ataxy, supposed to be incurable, and after having been paid $1,000 from the Royal Templars as being totally disabled for life, was permanently cured by the use of Dr. Williams' Pink Pills. Mr. Marshall may be seen on the streets any day—a strong, healthy man, with no trace of his former trouble. The case gave Pink Pills a name throughout the length and breadth of the land, and vastly increased sales of the remedy followed. The results are being seen on all sides now in the wonderful cures wrought.

The *Times* came across two yesterday. At 96 York street, Mr. W. J. Clark, who is employed in Messrs. John Calder & Co's clothing manufactory, was seen at his residence and was pleased with the opportunity of saying a good word for the remedy that had put him in a position to enjoy life, after ten years of affliction. Mr. Clark is a young man of intelligence, and told the story of his case in an interesting manner. "Ten years ago," he said, "I got a very heavy cold, which settled in the small of my back, and has ever since, up to a short time ago, defied all the remedies I could hear of and the skill of many doctors. At times I was so bad that I could not work and was seldom free from pain, whether standing, sitting, walking or lying. The only thing that gave me relief was an herb I got from an herbalist. For two weeks it relieved me and then the pains returned. I got more herbs, but whether they were the same or not, or whether they simply ceased to operate I can't say, but I got no more relief from herbs. Turpentine applied on hot cloths and taken internally gave me relief for a little while, but I gave that up too. Several doctors examined me and said, "Oh, it's nothing!" They gave me medicines which they said would make it all right but which didn't. After almost ten years of doctoring I came to the conclusion I would never be cured, and tried to resign myself to my lot. Some months ago I went into the country to see my father. He said to me, "Will, I have something here I want you to take—a box of Pink Pills!" I replied to him:

'You might as well throw them out the door.'

'Take them for my sake,' Will, he said, and I said I would do anything for him, though I had no faith in them—'They are not worth that,' I said, snapping my fingers.

I took the box and really felt better. They gave me an appetite at any rate, and lessened the pain. So I resolved to continue them. After using three boxes I stopped. That is over three weeks ago, and I am now well and strong. The pain is all gone and I do my work like a new man. I am now working overtime until 10 o'clock, and stand it well. I have gained in weight and feel better every way. It was no case of faith cure with me, for I had no faith in the pills at all. My mate at work, at my advice, took Pink Pills to build up the system, and says he is much better; he certainly looks it."

"Yes," remarked Mr. Clark as the *Times* reporter was withdrawing, you may use my name, and if you see any one who has any doubts as to the curing properties of Dr. Williams' Pink Pills just send him to me."

Another Case.

Mr. James Wright, No. 129½ Bay street north, is another of the great army of witnesses. For a year he suffered from diabetes, but was restored to health under the attention of Dr. Anderson. The disease, however, left behind it a fearful state of nervousness, debility, lack of appetite, sleeplessness and ringing noise in the ears and head, which at one time drove Mr. Wright frantic. From weighing 180 pounds he came down to 118. He was well acquainted with Mr. John Marshall and knew of his trouble. Hearing of his cure he decided to try Dr. Williams' Pink Pills and did so in June last. After taking one box, all these troubles began to vanish, and eleven boxes completely cured him, appetite returned and sweet sleep was no longer a stranger to him. In two months he recovered eighteen pounds of his lost flesh and is still gaining. Mr. Wright is confident that the remedy will have the same effect upon any one who is afflicted as he was, if given a fair trial.

In connection with the wonderful cures resulting from the use of Dr. Williams' Pink Pills, it must be gratifying to Canadians to know that they are the discovery of a Canadian doctor, a graduate of McGill College and post-graduate of Edinburgh University. Hitherto the great discoveries in medicine have come to us from abroad, but Dr. Williams' Pink Pills have conquered diseases hitherto declared by the works of specialists as incurable, and have shed a new lustre on Canadian medical science. What is claimed for Dr. Williams' Pink Pills is that they are an unfailing blood builder and nerve tonic, supplying the wants incident to over-work, mental worry, or excesses of whatever nature. They stimulate the system, build anew the blood, and restore shattered nerves, removing the fruitful causes of premature decay and insanity. They are also a specific for the ills peculiar to women, such as suppression, bearing down pains, displacements, ulcerations, etc. They are a certain remedy for headaches, dimness of vision, palpitation, shortness of breath, and by restoring the blood to a healthy condition, bring back strength and the glow of health, where had been pale and sallow cheeks and broken down constitution. That these claims are not exaggerated is borne out by the remarkable cures investigated by the *Times*, as well as by hundreds of testimonials from all parts of Canada in the possession of the proprietor.

One thing in connection with the use of Dr. Williams' Pink Pills is the comparatively light cost of treatment. They are sold in boxes (never in bulk or by the hundred), at 50 cents a box, and may be had of all dealers or direct by mail, postpaid, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Morristown, N. Y.

Norwood's Gain.

Mr. Jas. H. Lennon and family, says the Lindsay *Post*, left town this week for Norwood, where Mr. Lennon intends engaging in the hotel business. In his departure the town loses an enterprising, go-ahead citizen—a class of which we have none too many representatives left, and his loss will be felt in more ways than one. As deputy-reeve and councillor for several terms he labored hard for the best interests of the town, and always took a straightforward and manly course on public questions. The village of Norwood gains a good citizen in Mr. Lennon.

Little, But Lively.

"Little drop of water,
Little grains of sand,
Make the mighty ocean,
And the pleasant land."

And dropping into prose, we would say, that Dr. Pierce's Pleasant Pellets are mild, but prompt in relieving constipation, sick headache, bilious attacks, pain in the region of kidneys, torpid liver, and in restoring a healthy, natural action to the stomach and bowels. 25 cents a vial. One Pellet a dose. Little, but lively. The use of the old style, drastic pills is an outrage on the human system. e

A Welcome Announcement.

Those who have tested it say that for the grippe, and especially for the cough that hangs on after the disease itself seems cured, there is nothing equal to Kemp's Balsam, the specific for all throat and lung diseases, and the best cure for coughs and colds. The first dose will convince you of its excellent effect. All druggists sell it at 50c. and $1 a bottle. dw

When Baby was sick, we gave her Castoria.

Harsh purgative remedies are fast giving way to the gentle action and mild effect of Carter's Little Liver Pills. If you try them, they will please you. dw

True Faith.

I have great faith in Burdock Blood Bitters as a blood purifier. I have taken three bottles for bad blood and find it a perfect cure. It is a grand medicine and I recommend it wherever I go.—Ida Sanderson, Toronto, Ont.

Women with pale, colorless faces, who feel weak and discouraged, will receive both mental and bodily vigor by using Carter's Iron Pills, which are made for the blood, nerves and complexion. dw

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

A Pleasant Herb Drink—A Spring Medicine.

The druggists tell us that people call daily for the new cure for constipation and sick headache discovered by Dr. Silas Lane. It is said to be Oregon grape root (a great remedy in the far west for those complaints) combined with simple herbs, and is made for use by pouring on boiling water to draw out the strength. It sells for 50c. and $1 a package, and is called Lane's Family Medicine. d

Worms cause much sickness among children. Freeman's Worm Powders prevent this, and make the child bright and healthy. dw

Prompt relief in sick headache, dizziness, nausea, constipation, pain in the side, guaranteed to those using Carters Little Liver Pills. One a dose. Small price. Small dose. Small pill. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of **Ayer's Cathartic Pills.** The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

"German Syrup"

For Throat and Lungs

Hemorrhage Five Years. "I have been ill for "about five years, "have had the best "medical advice, "and I took the first "dose in some doubt. This resulted in a few hours easy sleep. There "was no further hemorrhage till next "day, when I had a slight attack "which stopped almost immediately. By the third day all trace of "blood had disappeared and I had "recovered much strength. The "fourth day I sat up in bed and ate "my dinner, the first solid food for "two months. Since that time I "have gradually gotten better and "am now able to move about the "house. My death was daily expected and my recovery has been "a great surprise to my friends and "the doctor. There can be no doubt "about the effect of German Syrup, "as I had an attack just previous to "its use. The only relief was after "the first dose." J. R. LOUGHHEAD, Adelaide, Australia.

Collegiate Institute Literary Society.

Bi-Monthly Entertainment of a Flourishing Organization.

The bi-monthly meeting of the Collegiate Institue Literary Society was held in the Institute building yesterday afternoon. The entertainment was furnished by the pupils of the second and third forms.

After the reading of the minutes of the previous meeting, the president, Mr. Dodds made a short speech, and the following programme was rendered.

Reading	V. McWilliams
Recitation	Miss Howson
Reading	R. Dixon
Selection	Glee Club
Reading	Miss Adams
Reading	Miss Hogan
Impromptu Speech	Chas. Sheffield
Address	Mr. Jeffries
Critic's report	Mr. Drope
Selection	Glee Club

The Collegiate Institute Literary Society is in a flourishing condition, and the pupils are looking forward to the opening of the new building, where better accommodation will be afforded for the holding of the meetings.

At present owing to the lack of an assembly room, only half the pupils can be accommodated at each meeting, but this difficulty will be overcome shortly, as the new building contains a large assembly room.

In my endorsement of Anti-Dandruff I can say something that I never could before, which is that this preparation is a perfect remover of Dandruff not only in the first stages but even where the plague has become chronic and has merged itself into a disease. Years of experience as a hair dresser, during which time I have experimented with every recommended preparation, not one has (nor I might say, even all put together) given the satisfaction that Anti-Dandruff has.

It positively removes Dandruff. It stops falling of the hair. It cools the head. It makes an elegant hair dressing without leaving a trace of its use. I use it daily in my hair dressing place, at Balmoral Hotel, and have yet to find the first customer who was not pleased with it.

Gold Bearing Quartz.

MARMORA, Oct. 28.—An extensive belt of gold bearing quartz has been discovered lying along the first concessions of the township of Marmora and Belmont. The South African Mining and Exploring Company of London, Eng., have bought the east half of lot 20, in the first concession of Belmont, and have a large force employed in sinking shafts to better ascertain the character and extent of the deposit. At a depth of 30 feet, the veins have an average width of eight feet, enclosed in talcoid slates, with well defined walls of diorite. Practical tests of car loads are regularly made at the company's mill, New York, and have so far yielded an average of $27.50 to the ton. The quartz already "in sight" is estimated as having a net value of $100,000 after deducting all expenses of mining and milling. Two months ago the property was bought for $5,000.

A Cure for Constipation and Headache.

Dr. Silas Lane while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and herbs, and is known as Lane's Family Medicine. It will cure sick headache, and is the best spring medicine. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50c. and $1 a package. dw

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption, with the most astonishing success. It is the greatest blood and flesh maker in existence, and is a life saver to consumptives. In big bottles, 50c. and $1, at Peterborough Drug Stores. dw

A Corrupt System.

A corrupt system, whether political or pertaining to the human body, cannot do otherwise than work untold injury. Strengthen and purify the entire system by means of Burdock Blood Bitters, and such troubles as Biliousness, Dyspepsia, Constipation, Scrofula, Bad Blood cannot exist. dw

DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

The Street Railway Matter.

Last night a meeting of the special committee of the town council appointed to consider and report upon the applications for the street railway franchise, was held. There were present: Messrs. Moore, chairman, Langford, Hall, Davidson and Cahill. During the evening, the Mayor and Messrs. Dawson and Bradburn dropped in. The matter was discussed in all its bearings, and the report to be submitted to the council next Monday night, decided up. Among the recommendations of the report is one to grant the street railway franchise of the town to what is known as the Edison Syndicate, and that the town solicitor be instructed to draft a by-law to submit to the people granting or rejecting the said franchise, and also a contract with the said syndicate, founded upon the report of the committee. It is understood that one of these conditions requires the syndicate to construct and have in operation before the first of July next, 1892, about 2½ miles of street railway, that is from Hilliard's mills to Ware street (near the cemetery), to construct an additional mile within one year after—in 1893; in 1894 one mile additional, and in 1895 a half mile additional, making in all five miles. The report of the committee will be submitted to the council at its meeting next Monday night.

St. Luke's Church Notes.

The Ladies' Aid Society has commenced work for the fall, and will continue their meetings in the Bible class room on Thursday afternoons at 2 p.m.

The Band of Willing Workers has re-organized, and will meet next week at the rectory on Wednesday evening at 7.30 p.m.

Both these societies are making active preparations for the annual tea and sale, which occurs sometime in the first week of December.

The rector makes an exchange with the Rev. Geo. Warren, of Lakefield, on the 15th, the principal object of the exchange being a festival at the Warsaw church, where service is conducted in the afternoon.

St John's Church Notes.

In the early part of the summer a private subscription was made for the erection of a memorial of the late rector, Rev. J. W. R Beck, which, it was decided, was to take the form of a window. Workman were on hand to day to put this window in position, which is on the west side of the nave, next the pulpit. Unfortunately, the head of the central figure was broken in transit and, of course, the window cannot possibly be placed in position in time for to-morrow—it will have to be placed later on.

Rev. W. M. Loucks, is so far recovered in health as to be able to leave for his home in Picton for a month's recruiting.

Rev. C. B. Kenrick is obliged to leave town for a few days, but his Bible class will be held to morrow as usual.

There will be no afternoon children service to-morrow.

Rev. S. Daw, of Belleville, will be the preacher both morning and evening at the special services in celebration of the ninth anniversary of the dedication and restoration of the church.

Temporary Suspension of the "Times."

The publisher of the *Morning Times* prints a valedictory this morning in which he announces the temporary suspension of publication of the *Daily Morning Times* and *Weekly Times*. Mr. Robertson announces that he will devote his whole attention to the improvement and promotion of the *Agriculturist*, a monthly journal which he has been publishing for some time, a publication which is more remunerative than the issue of a daily newspaper in what be designates as "a field already well supplied, and not affording scope for so many publications of that class." Mr. Robertson's action in this regard is justified by the fact that Peterborough is not large enough for three daily papers, especially in view of the fact of the large expense involved in their production, which expense is necessary to make them worthy representatives of the commercial thrift, progressiveness and growth of the town. No other town in Canada has daily papers which gives as full reports and do as full justice to every department of civic interest, moral, social, educational and industrial, and Peterborough citizens generally owe a great deal to their newspapers for the prominence and good repute it justly enjoys all over the Dominion, as the best town of its size on the continent. We feel satisfied that the two remaining papers will meet the public wants in the matter of local news papers, in a manner which will leave nothing to be desired.

"True Irish Hearts."

There was what may be called a good house, to witness the production of the drama, "True Irish Hearts," and if the play had been as good as the house there would not have been the disappointment, which the presentation of the play produced. The company cannot be said to be a strong one, not such a one as the public pay first class prices to bear. The special scenery and stage fittings were good—as good as the limited stage room would admit of. The play is full of stirring situations and climaxes and, well performed, should furnish a bright sparkling entertainment. The most creditable characters were "Kitty Brady" capitally taken by Miss Lou Ripley, Mooney the villians' villian, well dressed and well played by W. C. Miller, and "Rakish Paddy the Tinker," well given by Mr. W. J. Cale. He was exorciatingly funny in make up and acting but there was too large an admixture of coarseness and horseplay in his work to suit a refined audience. The other players do not call for special mention, except those who had the bad taste to forget their place and break out into giggles at the wrong time. They may have thought they could take liberties in a country town, but they should know that a Peterborough audience that pays first class prices expects a first class show—at least the best the company can produce. Butcher's orchestra furnished music for the evening.

Y. M. C. A. Notes.

The Late George Fairbairn.

His Death in San Francisco the Result of an Accident.

Intelligence has been received of the death in San Francisco, California, of Mr. George Fairbairn, youngest son of the late Andrew Fairbairn, formerly of Smith. The deceased young gentleman about three weeks previous to his death was driving tandem, and in descending a steep grade some portion of the equipage broke; he was thrown violently to the ground, and the wheels passed over both legs, inflicting severe injuries, in addition to serious internal injuries, which proved fatal in twenty three days. The deceased gentleman left Peterborough for California about seventeen years ago, and has since resided in San Francisco. His death was a great shock to his relatives and many friends here, who will receive the cordial sympathy of the community in the sudden bereavement that has fallen upon them. He leaves behind a wife, to whom he was united in marriage fourteen years ago, but no other family. His mother, Mrs. Andrew Fairbairn, resides with her son, Mr. Andrew Fairbairn, jr., and afflicted as she is with paralysis and of the advanced age of 81 years, the blow of her son's death is a very trying one, and she will have general sympathy in her hour of affliction and disappointment. She had "hoped to see his face alive," her son having written that he and his wife would come to Peterborough for a visit next summer.

Reason and science admit that the irresistible craving for liquor, which causes a man to drink to excess, and makes him an habitual drunkard, is a periodical disease. The *Father Mathew Remedy* is the only specific that can cure such a disease. 1d

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." MRS. PHEBE MOSHER, 90 Brooks Street, East Boston, Mass.

A BAD HUMOR CURED

$5,000 Expended on Doctors and Medicine Without Avail—Gave Him self up to die.

Good Wife Suggests Cuticura Remedies—Used Them 7 Months, and is Entirely Cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience. C. L. PEARSALL,

NORTH PERTH ELECTION

FURTHER REGARDING THE FURNISHING OF TICKETS.

Four Boys Drowned by the Upsetting of a Boat—The Quebec Commission—A Series of Fires — Rowdy Toronto Students.

STRATFORD, Nov. 2.—The North Perth election trial was continued Saturday, but was not finished as the trial was adjourned till the 20th November. A number of charges as to treating, paying money, threatening letters, etc., were abandoned. The chief charge remaining is the furnishing of railway tickets by the Grand Trunk Railway. The counsel for the respondent stated that the evidence given by the Grand Trunk Railway officials was a surprise to them as they had understood the tickets were free.

Mr. McWhirter of Woodstock testified to the reception of railway tickets to be used by North Perth voters going from Woodstock. Mr. Dickie, Secretary Reform Club, Toronto, explained that Mr. Preston's office was in the club building, and he had heard of railway tickets being distributed at the time of the election, but was not concerned in it personally, it being done from Mr. Preston's office. Cyrus Hocking of Listowell had a hand in distributing the railway tickets.

G. G. Macpherson was recalled and produced a bundle of letters, scrutineers' books, etc. He remembered tickets being sent to Ingersoll, Brantford, Guelph, Point Edward and other places to bring in outside voters. He said he supposed up to yesterday, when the Grand Trunk officials gave their evidence, that the tickets used at election time were a free gift from the railway and that the railway was in this way giving its assistance to the Liberal party. He would not have used tickets had he known they were to be paid for. T. Winters of Stratford had a vote in Listowel, and was furnished by some one unknown to him with a ticket for Listowel the day before the election.

STILL DRAGGING ALONG.

The Quebec Commission Not Yet Through Its Labors.

QUEBEC, Nov. 2.—There was a very slim attendance at the Royal Commission Saturday, not one-quarter of the seating capacity being occupied. The judges have not quite decided when they will take Mr. Robidoux's testimony, but it will probably be either Tuesday or Wednesday. The Attorney-General is very ill indeed. He is able to sit up part of the day, but rarely capable of walking, and the indigestion which has aggravated the other symptoms of his disease prevents him from taking any nourishment but milk. The Robidoux family is living at St. Foye at present and the Attorney-General is being constantly nursed by Mrs. Robidoux personally. Chevalier Drolet is still showing himself on the streets of Quebec, and rumor has it that he is on a mission to form a Coalition Government.

Mr. Cephas Beausoleil, M.P., was the first witness, who merely corroborated Mr. Pacaud's testimony in regard to the draft drawn by him on Mr. Pacaud in pursuance of an order from the latter. C. J. Langelier, commissioner, came next. Judge Baby examined him. If he had been one of the earliest witnesses he would doubtless have been one of the most interesting ones, but at this stage his testimony was principally a repetition and corroboration of that of everyone else. He went over the entire (and by this time a well-worn) story of the conversion of the letters of credit and the wanderings of the anxious possessors amongst the various banking establishments of the city.

QUEBEC, Nov. 1. Hon. Mr. Robidoux, provincial attorney-general, is, if anything, worse to-day, and has decided to retire from public life. He will take a trip of one or two years either to Europe or to Florida. His resignation is already in the hands of Mr. Mercier.

It is reported that the Royal Commission will conclude its labors on Wednesday.

Philippe Vallieres has, it is said, offered to refund to the provincial treasury the sum he received from Pacaud for the use of his name on the Government checks, which was necessary to enable the toll-taker to get them cashed promptly.

MISCHIEVOUS TORONTO STUDENTS.

Disturb the Theatre and Afterwards Destroy Property.

TORONTO, Nov. 2.—The students of the several colleges in the city turned out Hallowe'en night to the number of 2500. They attended the Grand Opera House and made things lively during the performance. After the play they paraded the streets, serenaded several of the ladies' colleges, and concluded a noisy night and disgraceful proceedings by tearing down the fence that surrounded the Normal School. Such proceedings were altogether unlooked for by the police, and as a result there were not enough officers on hand to control the rowdy throng.

ALL WERE DROWNED.

Four Boys Start on an Expedition and Their Boat Overturns.

MIDLAND, Ont., Nov. 2.—A drowning accident occurred here Saturday night, whereby four boys, between the age of 12 and 15, lost their lives: They are: John Clarkson, son of A. E. Clarkson, Peter Hewis, son of David Hewis, Leo. Johnston, son of J. P. Johnston, and William Alliston, son of William Alliston, all of Midland. The boys left town yesterday afternoon in a sail boat to cross over to Present Island, and when returning about 5 o'clock p.m. were caught in a squall, upsetting their boat. Searching parties have been out all day. The boat was found Sunday afternoon, but no bodies as yet.

Destroyed the Schoolhouse.

BOWMANVILLE, Nov. 2.—The frame building occupied by Stephen Clemens and Richard Hoidge in Tyrone were destroyed by fire Saturday and also the schoolhouse. The schoolhouse was insured for $700.

24,000 PEOPLE KILLED.

FRIGHTFUL RESULTS OF THE JAPANESE EARTHQUAKE.

Whole Towns Wiped Out of Existence and Many Vessels Wrecked by the Seismic Disturbances—Fuller Details May Add to the Horror.

LONDON, Nov. 2.—A Yokohoma despatch announces that the lowest estimate of the killed and drowned by the recent earthquake is placed at 24,000. Nowhere were the efforts of the Japanese officials adequate and there is but little doubt that many thousand lives might have been saved had there been anything like a systematic relief service.

Despatches from Hiogo, Japan, say the terrible earthquake which occurred in that county Wednesday night destroyed the towns of Nagoya, Gifu and Okake. All the public buildings and most of the smaller structures in those places were thrown down. A fire which started among the wrecked buildings in Nagoya completed the work of destruction in the most crowded quarter of the town.

Many vessels are reported to have been wrecked in the vicinity of Hiogo and during the disturbance the waters of the lakes in the surrounding country were violently agitated. A few portions of the Niphon Islands escaped the earthquake and Kobo suffers comparatively little damage. The number of Europeans who lost their lives by the terrible visitation is small. The various wagon roads are blockaded by the immense heaps of debris. Traffic on the different railroads is suspended and all the telegraph lines are entirely prostrated, thus shutting off almost all communication with the devastated district. In consequence full details of the catastrophe cannot be obtained for several days to come.

A private despatch received here from Japan says that the loss of life by the recent earthquake, which shook the island of Hondo and other places, is estimated to be very great. Over 2000 persons were killed and about 1800 houses destroyed in the province of Nagoya on the island of Hondo, the capital of which is Nagoya, a city of 130,000 inhabitants. In addition to the foregoing, 5000 houses were destroyed and 5000 persons killed by the earthquake at Tifu. The towns of Kano and Kasamantsu are also reported to have been destroyed, together with 50 miles of railroad. It is presumed that the fire which started among the wrecked buildings at Nagoya may have had a great deal to do with the great loss of life. As the loss of life at Kano and Kasamantsu is not mentioned, and as these towns are said to have been destroyed, it is probable the total loss was appalling.

A number of European residents were engulfed, but Cook's tourist parties now in the country are safe.

The earthquake shock passed from east to west. The waters were cast up seething as if drawn from a caldron, and bursting upon the lowlands flooded whole districts. Many persons were drowned before they had even a chance to attempt escape.

Australia and the Seal Fisheries.

LONDON, Nov. 2.—The Melbourne Government has notified Lord Knutsford, colonial secretary, in response to his recent circular on the subject, that it is preparing an exhaustive report upon the decline of fur-bearing seal fisheries in the Southern hemisphere. Similiar information had been asked for from the other Australian governments. It is understood that the information is expected to prove of great value in connection with the negotiations now in progress concerning Bhering Sea fisheries. The Southern fur seal, or sea bear, industry was an important one in the early years of this century, but the lands where the animals once abounded are now reported almost entirely deserted by them.

A Sheep Farmer's Experience.

LONDON, Nov. 2.—Charles Nesbitt Frederick Armstrong, formerly a sheep farmer in Brisbane, Queensland, and now living at East Grimstead Park, East Grimstead, England, has filed papers of divorce against his wife, Helen Porter Armstrong, known on the operatic stage as Mme. Melba, and now singing in Paris. The action is brought on the ground of infidelity, and his Highness Louis Philippe, Duke d'Orleans, is cited as co-respondent. Mr. Armstrong asks for $100,000 damages against the Duke.

Jewesses Murdered.

ODESSA, Nov. 2.—A letter from Starodoub asserts that during the recent anti-Semitic riots there five young unmarried Jewesses were so barbarously outraged and maltreated that they have since died. According to this letter 20 Jews in all were killed during the disturbance. Rioting similar to that at Starodoub is reported from Balta, in Russian Poland, and its suppression was a matter of difficulty.

Advices received in Berlin state that 850,000 German colonists in the famine-stricken districts of the Volga, distributed among 29 parishes, are perishing unaided. In addition to the sufferings caused by the want of food, the Volga districts are being ravaged by epidemics of scurvy and typhus fever. The starving peasants attack houses and all other buildings in which they are likely to find plunder, in order to secure the means of obtaining food.

Horses Cremated.

BELLEVILLE, Nov. 2.—Donald McLellan's barn, front of Thurlow, tenanted by John McLaren, was burned Saturday. Three horses lost their lives. Loss $5000; insurance unknown.

Drowned off the Lakeside.

ST. CATHARINES, Nov. 2.—John Courtney, a farmer living on the Jordon road, a few miles west of the city, was over to Toronto Saturday and returned on the steamer Lakeside. Saturday his body was found in Lock 2, Welland Canal. The supposition is that he fell overboard off the Lakeside or after going ashore fell into the canal in the darkness.

DAMAGED BY FLAMES.

THE PRINCE OF WALES' RESIDENCE GUTTED BY FIRE.

The Loss £15,000 — Salisbury and the Russian Encroachments in Afghanistan—Renewal of the Disorders in Cork —A Pious Fraud.

LONDON, Nov. 2.—At 7 o'clock a.m. Sunday passers-by observed that the top floor of the Prince of Wales' residence was on fire. An hour later the whole upper part of the building was in flames and in a few minutes the roof collapsed with a tremendous crash. The reflection of the flames was visible for miles around. Several fire brigades were on the scene and were assisted by hundreds of volunteers, including an engine company sent by the Great Eastern Railway Company by special train.

The fire was under control by 11 o'clock. In the meantime all the valuable furniture in the lower rooms had been removed to the lawn. The second and third floors of the building were gutted and their contents destroyed. The lower rooms were greatly damaged by water. The total amount of damage is estimated at £15,000.

The Prince of Wales and his family were absent at the time, but were kept constantly advised as to the progress of the fire. The Prince will come home to-morrow.

The servants were preparing the house for the arrival of the family and it is supposed that the fire was caused by a spark from a flue which smouldered during the night.

PERSIAN PERSECUTIONS.

The Babis Giving More Trouble and Efforts to Exterminate Them.

LONDON, Nov. 2.—Advices received here from Yezd, Persia, describe cruel persecutions of the Babi sect. The Government is said to be bent upon exterminating the Babi sect, and the governor of the province of Yezd, who is a grandson of the Shah, had seven of that sect strangled or beheaded. In addition numbers are rotting in the prisons and many have fled to the deserts, probably to die there of starvation.

WHO THE BABIS ARE.

Said Muhammad Ali was the founder of the Babis. He was born in Shiraz about 1810. Adopting a life of seclusion and practising a kind of exaggerated Sufism, he followed for some time the calling of a dervish, and when at Kazimain, near Bagdad, he openly asserted his pretensions as a prophet. He said the authorities would have put him to death were it not for the Persian consul, who claimed him and sent him to his native place.

Followers spread his doctrines, and finally a decree was issued making it a capital crime to profess his doctrines. Since then fire and sword have been used by the Government to exterminate the Babis, but still the sect is very numerous.

A SANCTIMONIOUS RASCAL.

A Minister Who Goes Around Stealing Stoves and Surplices.

DUBLIN, Nov. 2.—Rev. Samuel Stanhope has been arrested in this city for theft and swindling. The particular offence for which he was first brought to book was the stealing of a stove. Immediately afterward charges were preferred against him of obtaining surplices and other clerical garments by false representations. Stanhope is the founder of a sect known as the Saviour's missionary army. Since his disgrace it has been learned that while he was preaching religion to his followers, he was swindling them out out of small sums of money, and many of these victims are now witnesses against him.

As he stood on the dock he assumed an attitude of prayer and martyrdom. He declined to make any effort to find bail, saying that prison walls had no terrors for a servant of the Lord. It is probable that he will have an opportunity to test the correctness of his theory for some time to come.

John Redmond Presented with a Huge "Persuader" by His Friends.

CORK, Nov. 2.—The Parnellite and anti-Parnellite meetings Sunday were again divided by a large force of police. Nevertheless the Parnellites managed to throw a good many stones over the heads of the police at Mr. O'Brien's meeting. The McCarthyites replied with similar missiles and a serious conflict followed. The police were utterly unable to keep order. Many persons were injured.

Earlier in the day an attack was made on a band of music in O'Connell-street. The instruments of the musicians were smashed and a number of persons were injured.

The Parnellites marched in procession. An American flag and a portrait of Parnell were carried at the head of their line.

Mr Redmond, in his speech, declared it impossible for Dillon and O'Brien to be independent. Gladstone was their master in England and Tim Healy their master in Ireland. During the meeting Mr. Redmond was presented with an enormous shillelah.

As showing the seriousness of the outbreaks here recently it may be stated that no fewer than 325 cases were treated at different hospitals and infirmaries during the election riot. There were four cases treated Sunday.

Imprisoned for Their Religion.

LONDON, Nov. 2.—The Chronicle publishes a despatch from Tiflis, in Russian Trans-Caucasia, saying that the procurator of the Russian synod has finished his career of persecution by arrest of four chief leaders in the Protestant movement; Messrs. Bagdasarianz, the leader of the Protestant Armenians; Kalriet of the German Bapitists; Mayayeff, the Russian, and Lerashoff, a Methodist, who were all torn from their families and sent secretly for a term of five years to a mountain district on the Russian frontier. Hundreds of members of these sects have also been cruelly banished and reduced to the condition of paupers. Their friends are afraid to leave for fear that they will be compelled to share the same fate.

La Grippe in Australia.

SAN FRANCISCO, Cal., Nov. 2.—Advices from Melbourne state that the epidemic of influenza shows no signs of abating. Nearly every family in the city is afflicted. In one large establishment 50 employes were attacked, and one physician reports 500 cases. Serious reports come from country districts and deaths are becoming alarmingly numerous. Among the prominent men who have died are Justice Webb, E. G. G. Smithers, old settlers, and J. C. Brown, a prominent merchant. The Premier of the colony is still a sufferer from the disease. His sister succumbed a few weeks ago.

An Engine in a Nutshell.

BERLIN, Nov. 2.—An engineer at Chemnitz claims to have constructed the smallest working engine in the world. The machine fits into an ordinary nutshell and is of sufficient power to drive a cotton reel.

An African Skirmish.

PARIS, Nov. 2.—The Portuguese mail boat from East Africa, which has arrived at Marseilles, reports a recent collision between British and Portuguese soldiers at Lorenzo Marques, in which two were killed and 15 injured.

Kicked to Death by a Horse.

WOODBRIDGE, Ont., Nov. 2.—Willie, the 5-year-old son of William Lidster, was instantly killed at noon Sunday by a kick from a horse. Mr. Lidster is at present in Manitoba.

Caught 21 Whales.

SAN FRANCISCO, Nov. 2.—The steam whaler Grampus, about which there have been so many startling stories of massacre of the crew by natives in Alaska, arrived here last night with a catch of 21 whales.

Lynched by a Mob.

ATLANTA, Ga., Nov. 2.—Larkin Nix, who had murdered the father of a girl he had ruined, for which he was under indictment, was taken from jail last night at Meiggs and lynched. All parties were white.

Bonus Bylaw Carried.

OWEN SOUND, Nov. 2.—The bylaw to grant J. G. and A. Hay of Woodstock a loan of $15,000 to establish a chair factory was carried here to-day.

Found Dead in the Barn.

BROCKVILLE, Nov. .—Richard Percival, who lives about three miles above Lyn, died very suddenly Saturday. He had got up apparently in good health and had gone out to his stable to look after the stock. Later he was found dead in the barn.

CAUSED BY A CALF.

Chicago's Cow Outdone at Guelph—Fires in Other Towns.

GUELPH, Nov. 2.—It was the kick of a cow that burned Chicago, and last night it was the bunt of a calf that burned George Wood's stable and barn, near the waterworks. Shortly after 6 o'clock he went out to have some hay thrown down from the loft, a little boy assisting, while Mr. Wood held the lamp with outstretched arm to let him see. When in this statue-like attitude a calf, which by some means had got loose, came running along on the soft bedding and bunted full in between Wood's legs, upsetting him and the lamp. How it happened exactly Wood cannot altogether comprehend. By the time he got to his feet the straw was on fire and the flames running to the loft. The barn was destroyed, involving a loss of $800.

Goldie's flour mill caught fire in the smut room yesterday, but the flames were extinguished after about $100 damage had been occasioned.

TENNESSEE CONVICTS FREED.

Bloodless Attack of Miners at Braceville and Coal Creek.

CHATTANOOGA, Tenn., Nov. 2.—Advices from Briceville at 4 a.m. state that the stockade was attacked from all sides. The magazine was blown up, the stockade demolished and the convicts released. They volunteered to assist their liberators in attack on the Chumless stockade at Thistle, which is near Coal Creek. The guards at Chumless had been apprised and were prepared against surprise. Bonfires had been placed around the stockade and continuous firing was kept up. The telegraph office at Coal Creek is in possession of the miners and no news is obtainable.

Governor Buchanan has been officially notified. The attack was made on the Briceville stockade six miles from Coal Creek. Then the Altics moved on Chumless. The casualties are unknown.

It is reported at Chattanooga, Tenn., that a secret understanding exists between the miners throughout the state to liberate all convicts working in the mines, and the demolition of the Bryceville stockade was but the forerunner of what is to follow.

Fifteen miners were buried by the collapse of a coal pit at Dombrowka, Poland, Saturday, and as yet the efforts to extricate them have been unavailing. It is feared that all will perish, if indeed they were not killed outright.

There has been a good demand for discount in London during the past week. The stock exchange presented few noticeable features during the week. Dealings were on a moderate scale and an uneasy feeling prevails regarding the outcome of the approaching Paris settlement.

Lord Coleridge presided Saturday at the ceremonies attending the unveiling of Bruce Joy's bust of Matthew Arnold in the Westminster Baptistry. There was a large and distinguished audience, conspicuous among whom was the widow of the late apostle of "sweetness and light."

At a largely attended meeting of London magnates Saturday it was decided to erect a bust of the late Conservative leader Rt. Hon. William Henry Smith, First Lord of the Treasury. The site selected for the statue is in the Town Hall of the Strand Borough.

Prince Czartoryski, Vice-President of the Upper House of the Austrian Parliament, is dead. Prince Czartoryski was born at Passy, near Paris, on April 9, 1822. He was a life member of the Austrian House of Lords and was a bachelor. The Czartoryski family is one of the oldest in Poland and is descended from the Jagelionians, who reigned in Lithuania in the 13th century.

Minna Rauhausar, a pretty 17-year-old girl, who lived with her widowed mother in a flat at No. 207 West Sixty-seventh-street, New York, was found murdered in her home yesterday evening. Her throat was cut from ear to ear. There was every evidence that the girl had met her death in a struggle to defend her honor. William Miller, a young German who lived with the family, is the man who committed the crime. He escaped.

James Walden, the son of Jeter Walden and the nephew of Wyndham Walden, two of the best known trainers of thoroughbred racehorses in America, was shot and killed in New York Saturday in a crowded street by his wife, to whom he had only been married two months. Young Walden's wife bears an unenviable reputation. She was known prior to her marriage as Kitty Delmare, alias Graham, and is said to have been the wife of a wealthy Philadelphia merchant, whom she deserted some years ago, and later became a frequenter of the race track, where she met young Walden. The woman was arrested and stated that she was very glad she had done it.

His remains went east by train for his late home in Truro, N.S.

Why It Is Popular.

Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS,

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

The Annexation Impossibility.

(*The Week*)

"Annexation is unnecessary, is undesirable and is impossible." To ninety-nine out of every one hundred readers of the *Week* the above quotation from a recent effusion of Mr. Wiman's, reprinted from the Brooklyn *Eagle*, will seem so much a truism that they will perhaps wonder that we should deem it worth while to repeat it. Yet it is well that Mr. Wiman, whose utterances no doubt command a good deal of attention in the United States, or at least in the vicinity of New York, should have been moved to dispel the illusions which Mr. Glen, a former member of the Canadian Parliament, albeit a citizen of the United States by birth and sentiment, has been striving so hard to create. To most Canadians neither Mr. Glen's attempt at an annexationist propaganda nor Mr. Wiman's reply will seem a matter of much practical importance, still they may serve to convey some useful information to a certain class of politicians in the United States. We have never seen any reason to suppose that the history or the destiny of Canada fills nearly so large a place in the thoughts or the imaginations of the great body of our Republican neighbours as many seem disposed to think. It is very likely that the vision of an ideal future, when the sway of the great Republic shall embrace the whole continent, has a place in the imaginations of very many of our neighbours, as a consummation sure to be realized some time in the dim future, but few of those best informed can even dream of its accomplishment in this generation. The Canadian who fancies that the people of the United States are longing to lay crafty or violent hands upon this broad Dominion is probably as far astray as the American who believes that Canada is bursting with anxiety to escape from the iron hand of British tyranny, and plunge herself beneath the folds of the star spangled banner. But with a certain class of politicians, some of them not without influence at Washington, whose minds Mr. Glen has been trying to fill with mischievous notions, Mr. Wiman's *expose* will probably have weight, and may, in consequence, tend to hasten the day when the two peoples shall by mutual consent, pull down, partially at least the customs walls which now separate commercially those localities which were clearly intended to trade freely with each other. Mr. Wiman points out that "Mr. Glen, like all other Americans, has never yet clearly apprehended the atmosphere which pervades the average Canadian home, either in British or in French Canada," and that "those who talk glibly of annexation hardly ever think how utterly inadequate are the constitutional means to achieve it." There is no appreciable desire for political union amongst any large section of the Canadian people. The great majority would view such a change with the strongest abhorrence. Apart from such desire on the part of the Canadians themselves, their country could not be taken from Great Britain by force of arms, and Great Britain would sacrifice anything in the world, but her honour rather than to sell a foot of her territory against the wish of her people. The direct aim of Mr. Wiman is to persuade the Washington statesmen that "the postponement of reciprocity with Canada is the most fatal mistake the United States can make." He talks, as usual, a good deal of nonsense about Canada being forty per cent. of the British Empire and so forth, which will convince no one. The premise which he lays down at the outset, and from which he works, is that "it is a conviction in the minds of annexationists that the surest preventive of annexation is reciprocity," whereas, as we all know, the staple argument against reciprocity in Canada is that it would lead to annexation. To our mind the weight of argument is altogether on Mr. Wiman's side, Mr. Blake's celebrated letter and the arguments of a hundred politicians to the contrary notwithstanding.

TROOPS TO THE FRONTIER.

Lord Salisbury Shows the Czar He Means Business.

LONDON, Nov. 2.—The Cabinet will hold the first council of the present recess on Nov. 7, preliminary to the Lord Mayor's banquet, to be held on Nov. 9, when Lord Salisbury will make the usual annual declaration of the policy of the Foreign Office. According to a forecast, Lord Salisbury will state that no new step has been taken by the French Government in relation to Egypt; that the reports of a proposed collective intervention by the powers are untrue and that no European conference on the subject has been proposed.

Anent Pamir he will state that nothing has occurred to cause the Indian Government any disquiet. It is not Lord Salisbury's place to refer to the aggressive energy with which India is acting. The Government, besides stationing a consul at Kashgar, has sent thither a military agent under the assent of China. The War Committee is sitting at Lahore to prepare a plan for the mobilization of the troops on the northwest frontier. An army railway corps has been formed to work the lines having termini at Pashawur and New Chamary. These lines are connected with the seaport of Kurrachee and linked at Forozepore, Umballa and Shazibad with the great railway systems of India. These preparations indicate active offensive operations in the event of war and not defensive operations as hitherto.

Instructions have been sent to the Russian forces in Central Asia to cease for the present any advance into territory claimed by the Chinese on the borders of Pamir. Russia, however does not admit the claims either of China or Afghanistan to the disputed territory and will urge the appointment of a commission to determine the boundaries.

The visit of the King of Roumania to the German Emperor at Berlin has some political significance. He is a Hohenzollern, a sort of sentinel set beyond Germany's frontier to watch over German interests in Southeastern Europe. German interests include in that part of the world Austrian as well as Prussian, and once more does the Triple Alliance appear menacing to Russia, shall Russia herself become a menace to peace? The King was received by the Emperor with much state and ceremony and honor, and treated to that best of all German spectacles, a military review. His visit was marked by every circumstance which could convey a civil hint to the Czar that the relations between the King and the Emperor were cordial and that Russia will do well to keep her hands off Roumania.

Ennismore.

Mr. Philip Crough's Barns Burned.

On Friday, about ten o'clock, the barns, sheds, stables and whole years' crop—every building except the house—of Mr. Philip Crough, of the south half of lot No. 4 in the sixth concession of Ennismore, was destroyed by fire. In addition to the crops raised on the farm where the barn stood, Mr. Crough had brought a large quantity of grain from his four other farms, so that his loss of farm produce is very heavy. There were threshing machine, grain crusher, large farm scales, and the usual quantity of other farm machinery burned with the buildings, which were unusually good—the best in the township. His total loss is quite $3 000, protected by an insurance of $1,000—$700 on building, and $300 on contents. The fire occurred about 10 o'clock, and was started, it is thought, by the children playing with matches in the neighborhood of the barn.

Such complexions as so many of our young ladies possess—dull, pimply, and covered with sores and blackheads, is enough to cool the ardor of the warmest lover. To such young ladies we would say, that you can never have a soft, fair smooth, attractive, kissable complexion, unless your blood is healthy and pure, for the condition of the blood decides the complexion. Dr. Pierce's Golden Medical Discovery will purify your blood, tone up your system, and drive away those distressing headaches and backache, from which you suffer periodically, and give you a complexion a lily or rose-leaf might envy. a

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

GOUGH BROTHERS

Are Fitting out the Feet of Thousands who have only their Soles between them and Mother Earth!

ANOTHER $10,000 STOCK of Splendid Boots and Shoes have arrived for GOUGH BROTHERS. The Goods are opened out and on sale at their Two Big Stores, 375 and 377 George Street.

Positive proof has been given, in the case of several responsible parties who have taken in the Town and compared prices, that Gough's in every case give the best value. One customer stated: "I looked at a pair of boots down town for $1.25, and Gough's price for the identical goods was a little over one-half." Make a note of this, and when you want boots don't buy until you give Gough's a look.

The Sensation for October will be Gough's Overcoats and Suits, Cardigans, Shirts and Drawers.

GOUGH BROTHERS carry Five Times as much Ready-made Clothing as all the other dealers in Town, and their prices are 50 PER CENT. LOWER. When you want Clothing don't buy until you see the Big Stock kept by

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, **Indigestion.** and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out **Constipation** of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ●

LOCAL OPTION BYLAWS.

Gosfield's Prohibitory Measure Quashed by Chief Justice Galt.

TORONTO, Oct. 31.—Chief Justice Galt yesterday had a number of Local Option cases to deal with.

Mr. Du Vernet moved to quash the Local Option bylaw in the township of Gosfield North, on the ground that in framing the measure they made it absolutely prohibitory, omitting the restriction provided by the statute which permits the sale of liquor by wholesale in its original packages. The bylaw was quashed with costs.

Mr. W. Blake moved to quash the Local Option bylaw in Essex on the same ground as the Gosfield measure was slaughtered.

A similar motion was made to quash the same sort of bylaw in Mersey, but the matter was enlarged for two weeks.

TRADE PROSPECTS.

Between the Autumn Business and the Holiday Season's Trade.

NEW YORK, Oct. 31.—In reply to special inquiry by Bradstreet's this week, telegraphic reports from the more prominent business centres confirm the analysis of the general trade situation presented last week and point to a widespread check in the movement of staple products. The volume of business on the whole appears of fair proportions, but smaller than it was two or three weeks ago. West and Northwest mild and at some points quite unseasonable weather has checked trading, while from other cities word comes that the bulk of autumn business is over. The present constitutes an interval prior to an expected rush in the holiday trade.

General trade reports from the Dominion of Canada are quite favorable. Toronto sends word that there is some activity in general lines with large dealings in peas. Montreal advices state that while business is fair the weather is too mild. Here, too, peas and oats are in active request.

Bank clearings at four cities aggregate $18,426,226 this week, a decrease of 8.6 per cent compared with last week.

The Dominion reports 37 business failures this week against 53 last week and 30 this week last year. The total number Jan. 1 to date is 1514 again [illegible] r.

SUICIDE BY DROWNING.

A Well-Known Character at Orangeville Commits Suicide.

ORANGEVILLE, Oct. 31.—One of the employes at Morrison's shingle mill in John-street found a hat, an overcoat and two undercoats on the bank of the pond above the mill about 9 o'clock yesterday morning. Through the thin coating of ice that covered the water, near by, was discernible the form of a man lying on his face. The water at this place is about six feet deep. A few minutes' grappling brought the body to the surface, when it was recognized as that of Jimmy Jones, a well known character around town. The face looked as natural as life, although the body must have been in the water for at least five or six hours. Jones was about 55 or 60 years of age and was an Englishman by birth. He spent ten years with the British army in India and came to Orangeville about 20 years ago. He formerly worked as a mason's laborer, but lately has been employed as a hostler and porter around various hotels in Orangeville and vicinity.

Massacred by Indians.

KANSAS CITY, Mo., Oct. 31.—A special from Huaymas, Mex., says: Information has reached this city of the burning of the Mexican village of Santa Rosa and the massacre of several of its inhabitants by Yaqui Indians on the night of Monday, Oct. 19. Santa Rosa is an interior village, with perhaps 200 inhabitants living in thatched jackals or huts. The Indians came down from the mountains and suddenly fired the village and killed several Mexicans who failed to escape. A detachment of soldiers were sent in pursuit, but the Indians have not been captured.

Collingwood's First Mayor Dead.

COLLINGWOOD, Ont., Oct. 31.—Yesterday afternoon the community was shocked by tidings of the sudden death of Mr. W. B. Hamilton. He had been working in his garden all the forenoon, and was preparing for his noonday meal when death came upon without warning. Deceased, who was 80 years of age, was Collingwood's first mayor.

Found Dead Under His Wagon.

BELLEVILLE, Oct. 31.—The dead body of William Jarman was found beneath his wagon, which had been overturned on the Hastings road near Umfraville. Mr. Jarman was for many years a mail contractor and municipal councillor.

The consciousness of having a remedy at hand for croup, pneumonia, sore throat, and sudden colds, is very consoling to a parent. With a bottle of Ayer's Cherry Pectoral in the house, one feels, in such cases, a sense of security nothing else can give.

A Sea Voyage.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys and removes all impure matter from the system.

Children Cry for Pitcher's Castoria.

Flogged at the Central.

TORONTO, Oct. 31.—[illegible] [illegible], a convict at the Central Prison from Guelph for an assault on a girl, was given twenty-five lashes yesterday.

Couldn't Prove the Writing.

BRANTFORD, Oct. 31.—Richard McComyn, editor of The Paris Times-Review, was tried before Judge Jones today for attempting to take his own life. Prisoner's contention was that he took the laudanum medically. George [illegible] of Paris was examined, and proved calling prisoner on the morning and finding him unconscious with a bottle of laudanum near him, and a paper written in pencil stating that he was tired of life. There was no evidence to show that the prisoner had not taken the drug merely as a medicine. The prosecutor was unable to have the handwriting on the paper identified, and the accused was acquitted.

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Across the Continent.

Wm. Renwick, M. D., M. R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

Sold by druggists at $1.00 per package, or six for $5.00, or sent by mail on receipt of price. Address The James Medicine Co., Canadian Agency, Montreal P.Q. Sold in Peterborough by G. A. SCHOFIELD, 466 George St. Write for pamphlet. 1yd76w49

SUN LIFE

ASSURANCE COMPANY OF CANADA.

The attention of our Policy-Holders is directed to the following summary of the leading items of the present report, which speaks for itself as to the progress and prosperity of the Company:—

Life Assurances in force, 1st January, 1891	$16,759,355 92
Increase over previous year	2,421,372 84
New Applications received in 1890	6,371,599 15
Increase over 1889	2,268,888.60
Cash income for year ending 31st December, 1890	889,078 87
Increase over 1889	325,938 35
Assets at 31st December, 1890	2,473,514 19
Increase over 1889	687,091 47
Reserve for Security for Policy-Holders	2,109,222 68
Increase over 1889	567,732.71
Surplus over all Liabilities and Capital stock	232,175.69
Increase over 1889	75,649.05
Death claims fallen in during 1890	143,961 65

The progress made by the SUN LIFE during 1890 was remarkable. The new business was the largest in the Company's history, and was equalled by but one other Canadian Life Company. The income for the year exceeds $2,000 for each day in the year, Sundays included. The Assets are large and rapidly increasing. They are, moreover, of the highest character, yielding an average interest of 6.04 per cent. The overdue interest is small, and the Real Estate owned under foreclosure is only four per cent. of the amount of mortgages. This is a remarkable showing. The SURPLUS accumulated during the FOUR years of the current quinquennium is nearly THREE TIMES as much as the amount earned during any previous FIVE years, and the profits to Policy-holders cannot fail thus to be highly satisfactory. The following are the figures:—

Net Surplus, 31st Dec., 1881, (five years)	$64,824 07

A Charge of Abduction.

At the police court this morning Arthur M. Brock, of Kingston, was charged with the abduction of Stanley H. Green, the infant child of Mr. John Green, and witnesses being absent the accused was released on his own recognizance to appear on Thursday when a hearing will be given. It appears that Mr. Brock lives in Kingston and that his sister, Mrs. Green, lives with him, having been for some time separated from her husband, Mr. John Green. It is charged that in August last Mr. Brock came to Peterborough and taking advantage of Mr. Green's absence in Lakefield, abducted the child and took it to Kingston to the mother. The details and facts connected with the charge will doubtless come out at the hearing in the police court here next Thursday.

St. John's Ninth Anniversary.

The Successful Sunday Services—The New Memorial Window—The Special Sermons—The Music and the Liberal Offerings.

Sunday, All Saints' Day, was the ninth anniversary of the opening of the restored Church of St. John the Evangelist. On Nov. 1st, 1882, the restored church was opened with elaborate ceremony, most of the clergy in the district having been present, and the Bishop of Toronto preaching the dedication sermon. The weather on that day was as warm as summer, and there were immense congregations present at both services.

Yesterday the church was again filled with large congregations, and most appropriate and successful services were held throughout the day.

The music had special reference to the occasion. At the morning service the chants were Anglican, and the *Te Deum* was that of Hopkins in G. The communion music was the "Missa de Angelis." In the evening the music began with the processional hymn:—"The Son of God goes forth to war" sung to music composed by Dr. Davies himself and constituting a free moving melody of high merit. The *Magnificat* and *Nunc Dimittis* were Tours' in F, and the offertory anthem was "Who are these that are arrayed?" by Sir John Stainer. This anthem was well produced by the large choir present, not the least pleasing feature of it being the singing of the soprano solo, in a very creditable manner by Master Max Davies, son of Dr. Davies. The music throughout was of an excellent character both in selection and rendition.

The special offertory was very gratifying to all who have an interest in the welfare of St. John's. As stated above, the morning offertory amounted to $780.00, and the evening added enough to make the total $950.25.

The dedication festival of St. John's for 1891 will be concluded by a congregational reception held in the school house on Tuesday evening next.

It is but simple justice to mention that the memorial window of the late rector was largely due to the energetic exertions of the members of the Girls' Guild of St. John's, who procured over half of the funds for the payment cost of the window.

Since the foregoing was in type information has been given that members of the congregation who had not been able to attend either of the services yesterday, had handed in contributions this morning amounting to $22, increasing the total to $972.25, and there are others to hear from, who will make the total still larger. The rector of St. John's has reason to be greatly encouraged by such practical evidence of the willingness of the congregation to co-operate with him in the arduous labors he prosecutes so energetically.

The beautiful interior of St. John's had been much improved for the occasion. The walls throughout—chancel and nave, had been excellently cleaned, looking as bright and neat as they did under the warm sunshine of *All Saints' Day* in the year of grace 1882, when the restored church was opened with due pomp and ceremony.

An interesting feature was the new memorial window, placed in the western wall of the nave, next the organ loft and the pulpit. This window, constructed by N. Lyon, Toronto, is an artistic piece of work. It consists essentially of a central figure, the conventional representation of St. Peter occupying the central pane of the window, flanked by figures of winged angels, one bearing a lute and the other a harp. The remaining window space is filled in with artistically arranged stained glass in rich colorings, the whole presenting a pleasingly harmonious picture. Across the base of the window extends the lettering, "In Memoriam J. W. R Beck, M. A.; Thirty-three years Rector of this Church: Erected by Members of the Congregation and Girls' Guild, 1891."

THE MORNING SERVICES.

At the early celebration at 8.30 there was a fair congregation.

At the 11 o'clock service there was a large congregation. The service was conducted by the rector, the hymns and lessons having special reference to the occasion and the day. During the service Rev. Mr. Davidson called attention to the beautiful new memorial window by which the late Rector would be permanently commemorated in the church which had been so dear to him, and in which he labored so long and faithfully. He referred to the fact that it was most appropriate that the window should be placed in All Saints Day, when we specially revive the memory of all good people who are now in the Paradise of God. The communion service was read by Rev. S. Dawe, of Christ Church, Belleville, the special preacher for the occasion.

THE MORNING SERMON.

He selected for his text Heb. xii, v. 22 24:

"But ye are come unto Mount Sion, and unto the city of the living God, the heavenly Jerusalem and to an innumerable company of angels, to the general assembly of the first born, which are written in heaven, and to God the judge of all and to the spirits of just men made perfect, and to Jesus the mediator of the new covenant and to the blood of sprinkling, that speaketh better things than the blood of Abel"

The preacher pointed out that "we *are* come"—not shall come—to the fullness of light and spiritual privilege, unto Mount Sion, unto the spirits of just men made perfect. The apostle in these words recorded the privileges to which Christians had come by virtue of baptism—incorporated into the body of Christ, the church of the first born. According to the teaching of the text, as truly as we had association with our friends on earth, so truly were we one in association and communion with the sainted dead who had gone before. We were too apt to forget that all around us lay the spiritual world. Defining the word "saints" the preacher pointed out that we were all by our baptism called to be saints. Though we might not all live up to this vocation wherewith we were called, there was an inner circle of those who truly and faithfully loved and served God, and these had communion with God the Father, God the Son and God the Holy Ghost, and, besides, communion with the angels—not in a visible manner, but no less real, as taught in many cited places in Holy Scripture, and the faithful who were called to be saints with the departed who had lived the life of grace on earth—they were not dead, but had entered upon a higher state of life and happiness. Our communion with the saints was taught not only in our creeds, but in the Holy Scriptures, upon which they were founded, and All Saints' day brought us naturally to a consideration of the condition of the departed saints. The popular idea that men and women when they died went directly to their final reward, be it good or bad, was a mistake. The teaching of Holy Scripture and of the Church was opposed to this; they taught that at death there was not an immediate entrance into a permanent state of bliss or misery, but at Christ's second coming the final rewards would be distributed according to the deeds done in the body—that there was a place of rest between death and the judgment, and numerous passages of Scripture were quoted to prove this—including our Saviour's assurance to the penitent robber on the cross—"This day shalt thou be with me in Paradise"—"I am not yet ascended unto my father," etc. These showed that there was a Paradise were the blessed dead rested in happiness, awaiting Christs' second coming. The preacher referred to the appropriateness of selecting All Saints' day for the commemoration of the dedication of the church, for doubtless many of the spiritual stones in the church had been translated to the paradise of God, who were in sweet communion with their friends still left on earth in the church militant—parents with children, children with parents, wives with husbands, husbands with wives, and friends with friends. Touching reference was made to the last occasion, the speaker met with the late rector, and to the solicitude he had shown for the welfare and promotion of the interests of the church and it was certain that he still from another sphere was taking an interest, in its welfare and was watching with sympathy those left to labor here on earth. The sermon was delivered with earnestness and effect and was listened to with great interest.

The Evening Service and Sermon

There was a very large congregation at the evening service, which was conducted by the Rev. S. Dawe. He prefaced his remarks with the announcement that the offertory at the morning service for the reduction of the parochial debt had amounted to the handsome sum of $780, and he was very glad to to see so liberal a response to the appeal of the rector. He approved of this spontaneous way of giving—it was God's way and would bring God's blessing. He had met with great success by this plan in his church in Belleville, and within two years had reduced the church debt from $8 000 to a little over $2,000—till it was in a form easily handled, and he wished St. John's the same success. The preacher took for his text the 9th verse of the second chapter First Epistle General of St. Peter:—

"Ye are a chosen generation, a royal priesthood."

He said that every baptized and confirmed person was a "king and a priest unto God"—more favored than the chosen people of God, the Jews, were in their day. But he also pointed out that the special blessings that came to Christians were associated with consequent obligations. After showing the extent and height of the privileges that came to Christians, by virtue of the rites of baptism and confirmation they were reminded that they had been ordained priests unto God, but he insisted that they were thus ordained to work and not to talk, and to be a living example of their belief. He said that the Church of England at the present time needed workers. Every member, male and female, had a special work to do. The equipment of all church workers must be founded on love for Christ constraining us, and love for humanity. By virtue of our priesthood we were "prophets" in the literal meaning of the word; prophet—forth-telling—telling forth the love of Christ—telling it forth by our lives. As "priests" we had something to offer—to offer ourselves a living sacrifice—and to offer at the Lord's table the symbols of the Great High Priest. As "kings" we must reign—reign over our own hearts—keep our souls by the grace of God pure and guarded from evil, the temple of the Holy Ghost. A realization of these things would form the highest incentive to earnest work for Christ and His Church.

"The Churches of Scotland."

Special Sermon on the Subject in St. Paul's Church.

At the evening service in St. Paul's church, the pastor, Rev. Mr. Torrance spoke specially on the subject of "The Churches of Scotland." The Presbyterian church was the church of the large majority of the people of Scotland; though in most of the important centres there were Episcopal, Methodist, Baptist and Congregational churches, but the combined influence of all these churches was small compared with the influence of the Presbyterian church—it was to it that the Scottish people were indebted for many of their greatest blessings and it occupied a high place in their affections. There were the preacher said, three Presbyterian churches in Scotland—the Free church, United Presbyterian church, and the Established church—affording the singular spectacle of three churches holding the same doctrine—all having their own assemblies, colleges and missions. The relation between the Free and the United Presbyterian churches was closer than a few years ago but there was still a wide breach between these and the established church. The existence of these three churches was due to the fact that on several occasions there had been secessions from the Established church. The origin, rise and progress of the churches were minutely and interestingly dealt with, and the various stages of separation, rise and progress clearly defined. There was now, however,

A MOVEMENT TOWARDS THE UNION

of these three branches of the Presbyterian Church, but it was difficult to say what the outcome of the movement would be. As to the spiritual condition of the church in Scotland, the speaker said that there were indications that it was not quite satisfactory. The rationalistic wave that had swept over Germany had broken upon Scotland's shore. The higher critics were attacking the validity of the great doctrines—discrediting the received opinions of the Bible, and seeking to eliminate the Messianic element from it, and disregarding the Atonement as the central truth of Christianity; and an increasingly large number of the younger members in the Free and United Presbyterian churches were inclining to the views of the higher critics. An instance was cited of two most popular and brilliant ministers being charged before the assembly with

TEACHING VIEWS AT VARIANCE

with the standards of the church—views of very advanced and radical character. After a hearing they were mildly reprimanded and acquitted. This showed the drift of public opinion, and while there were some in the Free Church who regard the situation with indifference, there were others who professed to tremble for the safety of the ark of God. The attendance at public worship had not kept pace with the growth of population, and was far short of what it was thirty years ago In conclusion Rev. Mr. Torrance said:

"As we contemplate the state of things in Scotland, it seems to me that there are several things for which we, who belong to the Presbyterian church in Canada, have reason to be thankful. First, We may be thankful that in Canada we have a united Presbyterian church. It is not so many years ago since the three Presbyterian churches in Scotland had their three representatives in Canada. The Kirk, the Free, and the United Presbyterians existed in Canada as distinct organizations having their respective synods, colleges and missionary societies. First came the union of the Free and Union Presbyterian churches in 1863, forming the Canadian Presbyterian church. Then came the union of the Canadian Presbyterian church and the Kirk in 1875, forming the Presbyterian church in Canada. These unions were accomplished without heart burnings and have tended to the promotion of brotherhood and good will. Since the union the church has made great progress at home, and her missionaries in the foreign field have increased with wonderful rapidity.

Secondly, We may be thankful that in Canada we are not disturbed by the views of the higher critics. No doubt some will attribute this to defective scholarship on the part of our ministers and professors. We think it a blessing, from whatever cause it may arise. Great as is the value of scholarship, it may become a curse instead of a blessing. Far better that our students should come out of our colleges fitted for the practical work of the ministry than they should be able to give valid reasons against the Mosaic authorship of the Pentateuch or in favour of the double authorship of Isaiah."

The Old Methodist Cemetery.

Meeting of the Plot Holders—A Basis of Negotiations Adopted

At a well attended meeting of those interested in the old Methodist Cemetery held in the Council chamber on Saturday afternoon Mr. T. E. Bell, chairman of the special committee representing the plot holders in the old Methodist cemetery, occupied the chair.

He said there were three things he hoped the meeting would result in—the raising of a fund to carry on, if necessary, legal proceedings. He had legal advice that the bylaw preventing interments in the town limits did not apply to this cemetery—it being outside the town limits. He went over the state of the affair.

Mr. Frank Bell read the statute fixing the town limits, which showed that the cemetery was within the town limits.

Mr. McKibbon pointed out that the trustees of the church not having met to consider the situation, this meeting could take no definite action.

Mr. Frank Bell said it might as well be admitted that the plot holders could only do what the church was willing to do.

Mr G E Elliott believed that if plotholders could not bury in the cemetery they could still hold their plots, and he thought that some proposition should be made at once.

Mr. Deane thought the meeting should arm the committee with a proposition to submit to church trustees.

After remarks by Mr. Campbell and Mr. Graham Weir, Mr. Bell said the church was responsible for the decrease in value of the lots and should pay for the use of the money. The discussion of the matter was generally continued and the discussion finally crystallized into a resolution, moved by Mr. Bell that the trustees ask the church trustees for the first cost of the plot with interest. After considerable informal discussion the following amendment was—

Moved by F. Bell, seconded by Mr. Vanolete that the church and plot owners make the cemetery a free gift to the hospital authorities on condition that it be properly maintained and that the church agree to give up its claim to the unoccupied portion. The amendment was carried.

Council Meetings.

There will be a meeting of the Town and Ashburnham councils to-night.

Life, Love and Death.

During October there were registered with the town clerk 19 births, 12 marriages and 11 deaths. It is pleasant to note that there is a superfluity of "coming," "to speed the parting guests."

Coming Meetings.

The first union quarterly meeting of the Women's Missionary Auxiliaries will be held in the Mark street Methodist church next Thursday, when reports will be read.

A union meeting of the Christian Endeavor Societies of the town will be held in the Charlotte Street Church on Thursday evening.

At the Endeavour Society meeting to-night in the Charlotte street Methodist church, Miss Kennedy will read a paper on "Are we blind also."

"Public"-ans vs. Collegians.

A game of football was played on the P. A. A. grounds on Saturday afternoon between teams taken from Mr. Smith's room in the Public School and a team from the Collegiate Institute, composed as follows:—

MR. SMITH'S ROOM.	INSTITUTE.
Davidson	T. Ferguson
Borland	Munroe
Nesbitt	Dobson
Ferguson	McWilliams
Nicholls	McGill
Grubbe	Galvin
Wynn	L. King
McFadden	Anderson
Bradburn	Adams
McWilliams	Henry
Hill	

The match resulted in favour of the Institute team by two goals to one, though the play was evenly divided throughout.

Personal.

Mr. Thomas Walters, of Lindsay, Ontario Government Inspector of Public Works, was in town to-day.

Mr. A. L. Anderson, of the *Globe*, is in town in connection with illustrating Peterborough in the Saturday *Globe* as other towns have been treated in former issues.

Mr. Hugh O'Leary Q. C., of Lindsay is in town to-day,

Mr. J. J. Bell, of Toronto, brother of Dr. Bell, and formerly of the Brockville *Recorder*, spent Sunday in town.

A Fatal Runaway Accident,

Edmund Frankish Meets With a Violent Death.

This morning about 8 o'clock Edmund Frankish, aged eighteen years, the son of Mr. Francis Frankish, Douro, met with an accident that brought him to a sudden and violent death. He had engaged as a farm hand with Mr. Philip Westlake, who lives about a mile and a half west of Bridgenorth, and this morning entered upon his duties. The first work assigned him unfortunately proved to be his last. He was sent with a team with a waggon containing some barrels and milk cans to draw some water from the lake for domestic purposes. To reach the lake he had to pass through a lane on the farm and through a ten-acre pasture. It would seem that the entrance from the lane to the field is a rather steep incline, and that by some means the horses ran away. A little girl on her way to school saw something of the occurrence and at once gave the alarm. Help was soon at hand and the poor lad was found lying senseless and breathing his last, near the hind wheels of the waggon. It would seem that he either held fast to the lines or was entangled in them or otherwise, for there were indications from traces of blood that he had been dragged some distance. The horses seem to have run in a circle, and that the wagon had struck some stumps for it was smashed to pieces, near one of which poor Frankish was found. He died within a minute or two of being found. All the wounds he received were about the face and head. No bones were broken nor were there found the marks of any injuries on his body. From the swollen condition of his left eye is is conjectured that he must have lived long enough after this injury to permit of the swelling, which would not likely occur after death. The manner in which the accident originated must forever remain a mystery. No person but the young man himself witnessed the beginning of it.

—The peculiar enervating effect of summer weather is driven off by Hood's Sarsaparilla, which "makes the weak strong."

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

NOVEMBER ELECTIONS.

PROBABLE WINNERS IN OHIO AND NEW YORK.

Both Parties Confident of Victory, Although McKinley is the Favorite in the Buckeye and Flower in the Empire States—Prospects in Other States.

COLUMBUS, O., Nov. 3. Never since the war has a campaign been waged in the Buckeye State which has attracted so much general interest, which has been so hotly contested and which has been so exclusively devoted to national issues as the one which draws to a close last night.

The outlook is not easy to determine. The opposition to Governor Campbell in his own party was so pronounced before his nomination that Republicans had no thought of possibility of his success and they placed McKinley's majority at from 20,000 upward, but as the campaign has progressed the voice of opposition has been stilled and its extent is less and less apparent. It remains a problem that can only be solved by election returns how far this disaffection will affect the result. So far as appearances go the fight in the state will not be seriously influenced by the people's and the prohibitionists' parties. They will probably draw from both the old parties in such a way as to give neither any great advantage.

CINCINNATI, Nov. 3. The stirring campaign in Ohio has practically been closed and the voters left to make up their minds according to the light they have obtained. From the headquarters of the Democrats it is claimed that Governor Campbell will receive a plurality of 10,000 votes. This is based on the assertion that the opposition to him in Hamilton County [Cincinnati], which was so pronounced in the beginning of the campaign, has largely melted away until now it is claimed he will carry even Hamilton County by 1000 plurality.

The chairman of the Republican State Committee claims a plurality for McKinley of 20,000. This estimate makes McKinley carry Hamilton County by 8508.

Massachusetts.

BOSTON, Nov. 3.—The campaign just closed has been one of the most vigorous ever fought in Massachusetts. The interest manifested throughout the state and the registration indicate that the total vote will approach, if not exceed, 300,000. The Democrats are confident that Gov. Russell will be re-elected. The Republicans practically concede this.

In Iowa.

DESMOINES, Ia., Nov. 3.—The most exciting campaign in the history of Iowa politics closed last night. The three salient issues in Iowa politics this year have been the temperance question, the tariff question and the silver question.

Maryland.

BALTIMORE, Nov. 3. Every elective officer in Maryland, from governor down to and including the very least, will be voted for to-day. The election of Frank Brown (Dem.) for Governor is conceded, and the Democrats are expected to carry the Legislature.

In Nebraska.

LINCOLN, Neb., Nov. 3. Great interest is felt in the election in this state to-day, not because of the high offices at stake, for only a supreme judge and regents of the university are to be elected, but because it is to determine whether or not the Farmers' Alliance or Independent party is to gain political supremacy in Nebraska. In one respect Nebraska this year presents a situation without parallel in the past 30 or 40 years of the nation's history. The Democratic party is without candidates and is allowing the state to go by default. This is all the more remarkable when it is remembered that but one year ago their candidate, Boyd, was elected Governor of the state and was only deprived of his high office on the grounds of non-naturalization.

New York.

NEW YORK, Nov. 3.—The election of Flower (Dem.) is claimed by Tammany by 15,000 plurality, although Fassett's friends still claim to have hopes of their candidate's success.

Fire in An Essex Village.

KINGSVILLE, Ont., Nov. 3. Fire broke out in McKay's hardware store, Main and Division-streets, about 12.10 Sunday morning, and as there is no fire department here the flames spread quickly to the adjoining stores, all of which were one story frame structures. McKay's hardware store, Pulford's meat market, a barber shop, Andrew Wigle's shoe store, a billiard hall owned by Edward Pulford, and a bakery were all burned to the ground. The total loss on building was about $12,000; insurance $5000.

A Mount Forest Blaze.

MOUNT FOREST, Nov. 3. Sunday evening fire broke out in the establishment of John Boos, merchant tailor. The building, which was a two-story brick, together with stock and the household furniture in the dwelling above the store, was completely destroyed. Loss about $4500, insured for $3500.

Sarnia Incendiaries Still Busy.

SARNIA, Nov. 3.—The Farmers' Exchange Hotel, owned by Joseph Ellison, was damaged Sunday by fire to the extent of probably $400. It was insured. An attempt was also made to burn an unoccupied house in Davis-street, owned by C. C. Chris. The fire was quenched. Oil was used starting the fire.

A Sad Interruption to a Wedding.

VICTORIA, B.C., Nov. 3.—A wedding to have taken place yesterday was indefinitely postponed owing to the receipt of a telegram from Glasgow, Scotland, announcing the death of the father, mother, brother and sister in-law of the prospective groom, John Ritchie. The marriage feast had all been provided, the guests invited and all the arrangements made for a happy time. On receipt of the cablegram Mr. Ritchie fainted, and on being restored retained consciousness only a few minutes. He is now delirious and may not recover. The guests had not been notified of the facts of the case and as they arrived were turned away.

BENCH WARRANTS FOR THE QUEBEC BOODLERS.

A Number of Fires in Ontario Towns—A Steamship Saved by a Woman's Wit—The Ottawa Free Press and its Necklace Story—Two Fatal Shooting Accidents.

QUEBEC, Nov. 3.—Judges Bosse and Blanchet sat in the Criminal Court yesterday to hear the motion for a new trial in the case of the Queen vs. R. H. McGreevy and O. E. Murphy, found guilty of conspiracy to defraud, but as the accused did not appear the motion was not argued. Defendants were then called pro forma to receive sentence and not answering to their names bench warrants were issued for their apprehension.

The case against the Connollys, Hon. Thomas McGreevy and Mr. P. Larkin for defrauding the Harbor Commissioners of Quebec and the Government will come up in the Police Court before Magistrate O'Gara Wednesday. Mr. B. B. Osler, Q.C., and Mr. Christopher Robinson, Q.C., will have charge of the prosecution, while Mr. Stewart of Quebec will represent the Connollys, and most likely Mr. Fitzpatrick will appear for Mr. McGreevy and Mr. Hector Cameron for P. Larkin.

THEY SAW THE GHOST.

Boys Went to Burn Their Cards and Saw an Apparition.

MONCTON, N.B., Nov. 3.—Investigation into the origin of the fire in the Allen property, supposed to be of incendiary origin, was resumed last night, when some rather remarkable testimony was given by a lad named Woodworth, 15 years old. Mr. Allen, owner of the property, who lives in Shediac road, being examined said he had been in town on the night of the fire, but had not been at the barn burned that day or evening.

Woodworth, said he, with other boys, had been in the habit of playing cards in the barn, but on this night of the fire had concluded to burn the cards and quit playing. Going to the barn for this purpose, after dark, they were proceeding to burn the cards one at a time when one of the boys named Cushing sang out: "There's a ghost!" They dropped the whole pack on the floor and ran out. Shortly after they heard an alarm but, being frightened, they kept dark with reference to it, but finally resolved to own up. Woodworth was arrested.

SAVED BY A WOMAN.

The Cabin Set on Fire by Lamps Thrown from Their Places in a Storm.

KINGSTON, Ont., Nov. 3.—A terrific gale blew on the Canadian side of the lakes Sunday night. The propeller Alma Munro, bound from Montreal to Toronto with a cargo of merchandise, including many barrels of coal oil, would have been lost near Presque Isle, Lake Ontario, but for the courage and skill of Capt. Brown and the crew.

At midnight, when the storm was at its height, and when the boat was many miles from land, the captain tried to turn her about in order to run back here. This was a difficult task. The steamboat rolled in the trough of the seas for a long time. Gang-planks and part of the cargo on deck were washed overboard.

The cabin coal oil lamps fell out of chandeliers and set the carpets on fire. Flames burst out of the windows and it looked as if the craft was doomed.

Nellie Gray of Hamilton, the ladies' maid, saved the steamer by smothering the flames with wet blankets. Finally the boat was got about and reached here.

Aberdeen Establishes a Jam Factory.

VANCOUVER, B.C., Nov. 3.—As previously telegraphed, Lord Aberdeen has purchased a large farm in Okanagan district, on which he has already spent considerable money in improving. Hon. Mr. Majoribanks, brother of the Countess of Aberdeen, came from Dakota to take the management of it, and now extensive improvements are under way or contemplated. The branch of agriculture toward which it is proposed to give most special attention on this farm is the raising of fruit, to which he thinks the soil and climate well adapted. Not only apples, pears, peaches and plums will be grown, but the smaller fruits as well, so that the land between the rows of trees may be utilized as a matter of economy. He also contemplates establishing a jam factory to aid fruit culture in that vicinity.

Accidentally Killed Himself.

CORBETTON, Grey Co., Nov. 3.—Three young men, one of whom was James Markle, got on the track of a deer and decided to separate, each going in a different direction. Not more than an hour had elapsed when the other young men heard the report of a gun. Shortly afterwards they came upon the lifeless body of the young man lying beside a log with three large buckshot wounds in his arm and two in his head. It is surmised that he was attempting to go over the log when the gun accidentally discharged.

A Terrible Fall.

HAMILTON, Nov. 2.—Saturday afternoon a young man named William Robertson, employed by David Brown, 16 Mulberry-street, was engaged in shingling the roof of the Morrison engine works in Caroline-street north. In some unexplained manner he lost his hold and fell from the roof to the ground, a distance of 25 feet. He landed on his head and was picked up unconscious and suffering from concussion of the brain. It is not yet known whether his injuries will prove fatal.

Col. O'Brien Safely Seated.

BRACEBRIDGE, Ont., Nov. 2.—The petition against the election of Col. O'Brien, M.P. for Muskoka and Parry Sound, was Saturday dismissed with costs to the petitioner, no evidence being submitted. The session opened at 10 a.m., and lasted five minutes, Justices Street and Falconbridge presiding.

IRISH POLITICAL NEWS.

REDMOND DENOUNCES PRIESTLY INTERFERENCE.

Michael Davitt Arrives in Cork to Assist the McCarthyite Candidate—The Fire at Sandringham Hall—General Foreign News.

CORK, Nov. 2.—Mr. Redmond, in a speech yesterday, denounced the extensive intimidation of the people by the priests. He also demanded that Mr. O'Brien publish the Boulogne documents in full.

Michael Davitt was received on his arrival here yesterday with mingled cheers and hisses. He was met at the steamer by Messrs. O'Brien, Flynn and Tanner and was driven to a hotel. In an address to anti-Parnellites he said that his life-long service to Ireland justified his interference in the present contest and that Cork would not be true to itself unless it gave a verdict against the Parnellites.

Dozens of broken heads are being mended at the hospitals, though no more serious results of Monday's hostilities are reported.

A noticeable feature of yesterday was the absence of political harangues from the Catholic pulpits. Scarcely a priest referred to the campaign. It was stated that this was due to the intervention of Messrs. O'Brien and Dillon, who urged the priests to drop politics from their exhortations.

William Redmond announced at a meeting yesterday that he had challenged Dr. Tanner to fight, but that the doctor had declined.

A wreath from the grave of her son has been sent to Parnell's mother.

Mrs. Parnell is much weaker.

Dillon Not a Favorite.

DUBLIN, Nov. 3.—The Municipal Council of Drogheda, by a majority of two, has rejected a motion to present an address to John Dillon.

At a meeting of the Municipal Council of Waterford to-day the Mayor of Waterford refused to put a motion that the council present an address to Messrs. Dillon and O'Brien.

Parnellites Accused of Cowardice.

LONDON, Nov. 3.—In an address at Longford yesterday Timothy Healy was more vituperative than ever. He accused the Parnellites of cowardice. The Parnellites, he said, talked of English dictation and resorted to dynamite. Healy imputed to the Parnellites the dynamite explosion in Glasgow some time ago.

Dillon Scared Out of Kilkenny.

KILKENNY, Nov. 3.—Some serious rioting occurred yesterday between the Parnellites and the McCarthyites at Callan and several people, including one police constable, were hurt. John Dillon spoke at the Callan meeting, but he received a hostile reception in Kilkenny, so that he did not return in the evening.

PERISHED IN A HOTEL FIRE.

Two Firemen Lose Their Lives in Trying to Rescue Three Minstrels.

BERLIN, Nov. 3.—At Bergedorf, a suburb of Hamburg, the Hotel Schwerin was burned last night and five lives were lost. Many inmates had narrow escapes, and owing to the construction of the building and the rapidity with which the flames spread the firemen's work was full of danger.

Some negro minstrels who had been playing in Hamburg were lodged in the upper story. Three found escape shut off. Two brave firemen volunteered in the face of almost certain death to go to their assistance.

Just as the two rescuers reached the floor upon which the three minstrels were hemmed in by flames the building collapsed, and all five were plunged into the blazing mass and perished.

Attacked on a Train.

PARIS, Nov. 3.—A man sleeping on a train running between Paris and Havre was attacked last night by another man, who tried to chloroform and then to shoot him. In the struggle that ensued the man who was attacked caught the cord of the alarm bell, stopped the train and his assailant was arrested. The latter said he was Carolo Boulaverd, a trader of Buenos Ayres, but he refused to answer any further questions. It is surmised that he meant murder and robbery.

Collided in the Elbe.

LONDON, Nov. 3.—The steamer Inchborva, which recently arrived at Hamburg from Baltimore, and the steamer Northgate, which sailed from Ibrail Oct. 9 for Hamburg, were in collision to-day in the River Elbe. The Northgate's bows were stove in and the damages she received were so extensive that her captain was forced to run her ashore to prevent her from foundering in the river. The Inchborva's bows were also damaged.

Emin Pasha Again.

BERLIN, Nov. 3.—A letter dated April 20 has been received from Emin Pasha. In it the explorer said he was upon the point of starting to visit the King of Rubranda, a territory hitherto unexplored by European or Arab. Emin did not mention any design to go to Wadelai. His project at that writing appeared to be to march westward from Rubranda and to cross the continent to the Cameroons.

Not So Bad as Reported.

LONDON, Nov. 3.—A despatch from Yokohama says that according to an official estimate 4090 persons were killed by the recent earthquake, 5000 were injured and 50,000 houses were destroyed. No Europeans were killed.

KILLED BY SAVAGES.

Three Missionaries, Two Sailors and a Trader Murdered.

SAN FRANCISCO, Nov. 3.—Sydney advices states that the English ship Lord of the Isles had arrived there with important news from the South seas. Reports reached New Britain before the Lord of the Isles sailed for Sydney that three missionaries in German Guinea had been murdered by natives. Another white trader was murdered by blacks on the north coast of New Zealand. The man's name was Alexander Gunderson. He was in charge of stores. The natives made a raid on the place, killed Gunderson and set fire to the building. The magistrate at New Britain had gone to investigate the affair and punish the murderers if possible. Two of the crew of the schooner Glide were murdered by natives at New Hanover. While trading at New Hanover a boat was sent ashore, but was seized by the natives and run on a reef. All the goods on board were lost and the crew killed.

His Wife a Termagant.

CAYUGA, Ont., Nov. 2.—At the assizes to-day an action brought by Charlotte Lyons to annul her marriage, on the ground of her husband's impotence, was dismissed, medical testimony disproving the charge. The husband swore that failure to consummate the marriage contract was due to plaintiff's ill-temper.

MR. MAYBRICK'S INSURANCE.

The Insurance Co. Declines to Pay Over the Sum Insured.

LONDON, Nov. 3.—In the Court of Appeals the Maybrick case was continued yesterday. Sir Charles Russell, Q.C., in opening his argument said the appeal raised a most important question. The plaintiff for whom he appeared were the executors of the late Mr. Maybrick, who had effected an insurance of $10,000 with the defendants, an insurance company, in favor of his wife, Mrs Florence E. Maybrick, now confined in Woking jail. The defendants' counsel had paid $1000 of the amount claimed, but they refused to pay the remainder. In support of this refusal he said the defendants submitted that the conviction of Mrs. Maybrick was not conclusive. Sir Charles said that on the contrary the plaintiffs submitted that the fact that the sentence was commuted was not evidence of innocence. The real question was whether Mr. Maybrick had effected a policy in favor of his wife, and whether, assuming that he died at her hands, this was any answer to the executors' claim. The ex-Attorney-General then proceeded to cite authorities in favor of his contention.

Sir Edward Clarke, Q.C., contended, appearing for the insurance association, that the executors of Mr. Maybrick's estate were only the trustees of that property, and that they had nothing to do with the insurance, which did not belong to Mrs. Maybrick. If the trustees obtained possession of the insurance money they could not part with a penny of it without the wife's consent. He added that it would be in the highest degree unusual and contrary to public policy for a murderer to get the benefit of a murder.

The Master of the Rolls, Lord Esher, here interposed, saying he did not think much of a public policy if any insurance company can pocket annual payments without paying the insurance. After a long argument on this subject the court rose.

WILL SETTLE IT IN COURT.

A Quarrel Between Catholics and Protestants Likely to Be Determined.

MINNEAPOLIS, Minn., Nov. 3.—The great quarrel between the Catholics and Protestants regarding the public schools is about to come to a head. The Minnesota Division of the Patriotic Sons of America met here in Secret last night, three hundred delegates being present from all parts of the State, and resolved to call in the aid of the courts to stop the turning over of parochial schools to public school boards.

Those of Faribault and Stillwater and part of those of St. Paul had already become part of the public school system. Eugene Rooks, the attorney of the order, was instructed to begin legal proceedings with the service of an injunction upon the financial officials of the state, county and city, restraining the payment of any money to the school boards of Stillwater or Faribault.

A subscription of $1000 was raised to carry on the work. This action is taken on the report of Rev. G. L. Morrill that the Catholic religion was still part of the curriculum in the old parochials."

The Board of Police Commissioners met yesterday afternoon. Mr. G. B. Gordon was present to prefer his complaint against Inspector Stephen for alleged indignities suffered by him on the occasion of his arrest recently as a material witness. The board will also be asked to investigate a rather peculiar case, in which a woman named Mrs. Brogan, residing in the East End, charges the paternity of her illegitimate child upon a young constable.

Death of Inspector Blight.

TORONTO, Nov. 3.—Mr. William Blight, whose death occurred at the family residence, 28 North-street, at 7 o'clock yesterday morning, was born in Devonshire, England, in the year 1815. In 1850 Mr. Blight came to Toronto and formed a partnership with Mr. Morkil. In 1857 he went to the Western Assurance Company and subsequently to the Lancashire Fire Insurance Company, with whom he remained until his death, occupying the position of inspector. As a underwriter Mr. Blight stood high, his opinion being much sought after in all matters appertaining to fire insurance. He was a most valued member of the Toronto Board of Underwriters. In politics Mr. Blight was a Liberal. During the Gavazzi riots in Quebec and Montreal in 1849 Mr. Blight was the treasurer of the Gavazzi fund which was raised to fight for liberty of speech in those cities.

Dugald J. MacMurchy Dead.

TORONTO, Nov. 3.—Dugald J. MacMurchy died at the General Hospital at 1.55 this afternoon. He was the second son of Mr. Angus MacMurchy, M.A., the rector of the Toronto Collegiate Institute. He was 27 years of age and a promising lawyer. Two weeks ago, while shooting near Dunnville, Mr. MacMurchy's gun was accidently discharged. The right foot was badly shattered and the young man was brought to Toronto. The physicians at the General Hospital last Tuesday amputated part of the leg, but gangrene had set in, and death resulted as above stated.

Fifteen Cents on the Dollar.

TORONTO, Nov. 3.—Notwithstanding the efforts that are being made by the friends of Sam Davison, the absconding Front-street merchant, to adjust matters at the Custom House it is not likely that the form of that "Napoleon of Finance" will be seen in Toronto for some time, if ever. That this fraudulent passing of goods had been going on for a long time before being discovered is without doubt. The creditors met yesterday afternoon at 14 Colborne-street. Assignee Bryant presented a statement showing liabilities about $33,000 and assets about $19,000. Solicitor Sedgeworth on behalf of Davison made an offer of 15 cents on the dollar, cash, payable in 30 days. This offer was accepted by those present on condition that the creditors who were not represented would come in on the same basis.

Why It Is Popular.

Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses One Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

A Splendid Compliment.

Cobourg Citizens Tender a Complimentary Banquet to Robt. Mulholland, Esq., on the Occasion of his Departure for Peterborough.

(*From the Cobourg World.*)

When it was announced that Mr. Robt. Mulholland had decided to remove with his family to Peterborough, where he has established a private banking business, the idea of giving him a suitable "send off" instinctively and spontaneously occurred to a number of our citizens with whom he has been intimately associated during his long residence in Cobourg.

This fitting suggestion finally took the form of a complimentary banquet which was given to Mr. Mulholland at the Dunham House on Tuesday evening.

Shortly after 9 o'clock about 50 of our citizens, prominent in professional and commercial circles, took possession of the dining hall, which had been admirably arranged for the occasion.

Wm. Kerr, Esq., Q. C., was chairman, a position which he filled with his usual grace and dignity. The vice chairs were occupied by Col. J. V. Gravely, and John Fisher, Esq.

About 11 o'clock the toast list was taken up—the chairman proposing "The Queen, and the Governor General," which was received in the usual loyal manner.

The toast to the "Army, Navy and Volunteers" was responded to by Lt.-Col. Gravely, who referred with pride to the fact that the Canadian militia form an integral part of the British Army. He felt confident that Canada could hold her own should any foe dare to lay hands on her. Capt. Harley responded for the Navy, whose maxim was "deeds, not words."

In proposing the toast of the evening, Mr. Kerr recalled the remark made by the late Sir John A. Macdonald, speaking of Cobourg's ups and downs, "You can't afford to lose anything you've got." The town could not afford to lose a good citizen like Mr. Mulholland and he (Kerr) felt very much like getting out an injunction to restrain him from leaving Cobourg until Providence should call him to a higher sphere. (Cheers and laughter). They exceedingly regretted the cause that had led to this happy occasion. Their loss was Peterborough's gain. Mr. Mulholland was a eminent example of a successful Canadian, and of all the energetic business men in Peterborough not one was clearer headed than the guest of the evening. (Cheers). Mr. Mulholland had been successful as a candidate for parliamentary honors, notwithstanding that he ran against a strong candidate and a good Government. He was bound to say that Mr. Mulholland had done everything he could to prevent an injustice being done to the town on the College question. As a member of the municipal corporation he had also been successful, and the Commissioners particularly would miss him very much. He was emphatically a man of business and the embodiment of push, and they hoped the next push he made would be back to Cobourg. They desire him never to cease taking an active interest in the C. N. & P. R. project. The unfriendly action of the G.T.R. company in shipping the Harwood lumber at Port Hope instead of Cobourg harbor showed the necessity for another railway outlet, and should have the effect of redoubling their energies to secure the C. N. & P. R.

The toast was received with all the honors.

On rising to respond, Mr. Mulholland said he could hardly find words to express his grateful feelings at the chairman's kind words, in referring to his humble efforts on behalf of the town during the last 20 years. This magnificent banquet, coupled with the satisfaction which he had experienced in enjoying the confidence of his fellow citizens, amply rewarded him for any service he had rendered the town as Councillor Commissioner, or member of the Legislature. He and his family felt keenly the parting with so many friends and associations. They would miss their home with its beautiful view of the blue waters of Lake Ontario. They regretted leaving the church, in which they had worshipped for some 25 years. He also regretted parting with his political friends, with whom he had worked in many a close political contest, as well as many good Reformers, whom although differing with him in politics, he numbered among some of his warmest personal friends. He would also miss the regular meetings of the Commissioners and the Railway board; the beautiful walks and drives round town, as well as the salubrious weather for which Cobourg is noted, for Cobourg's reputation as a first-class residence town was now well established, and he was glad to see that the Council aided by the Board of Health so efficiently presided over by Capt. Harley, was determined to maintain that reputation. He had been able to render some assistance in materially reducing the debt of the town, and soon they would be able to get the interest reduced to 4½ per cent. and get on with a 2c. rate. He was leaving Cobourg because he could not resist the temptation of again going into business. Mr. Macnachtan would tell them there was no opening here in the hardware business. Mr. Osler would tell them there was no opening here for another bank. Mr. Hargraft and Mr. Field would tell them there was no opening in parliament. (Laughter.) So that when an old friend, Mr. Roper, asked him to join in establishing a private bank in that flourishing town of Peterborough, he (Mulholland) had accepted, and now the business had grown to such proportions that it was absolutely necessary he should be there to give it his personal attention. But he still had faith in the old town, and with the permission of Providence would come back to Cobourg and spend his closing days here. He would continue to maintain a deep interest in the town, and had no intention to withdraw from the C., N. & P. R. directorate, but would do all he could to further that project. He thanked the committee for their kindness in getting up such a handsome banquet, and wished them all increased prosperity individually and collectively. (Loud cheers.)

Col. Graveley, vice-chairman, presented the following resolution:—

Resolved—That the Council of the Corporation of the Town of Cobourg accept with unfeigned regret the resignation of Robert Mulholland, Esq., from the position of commissioner of the Cobourg Town Trust, which he has held for the past ten years with credit to himself and profit and advantage to the people of Cobourg.

The council feel that the wise and sagacious advice which Mr. Mulholland was always ready with when wanted will be sadly missed. In parting from him they desire to express their good wishes for his future welfare and success in [illegible].

Occupying as Mr. Mulholland has for the past seventeen years successively the position of Town Councillor, Commissioner and Chairman of the Board of Commissioners of the Town Trust and President of the Provisional Board of Directors of the proposed Cobourg, Northumberland and Pacific Railway Company, all in the service of this community and in which his marked business ability and tact has been conspicuously displayed, they wish to tender him the hearty thanks of the Corporation and the best of good wishes for his future welfare.

That a copy of this resolution be presented to Mr. Mulholland by his Worship the Mayor on behalf of this council on the most convenient opportunity.

JOHN SUTHERLAND, Town Clerk.
W. BATTELL, Mayor.

Mr. Mulholland made a suitable reply.

The terms of the resolution were appropriately emphasized by John Sutherland, Esq., Town Clerk.

"Woman's Suffer-age"

was what a witty woman called that period of life which all middle-aged pass through, and during which so many seem to think they must suffer—that Nature intended it so. The same lady added: "If you don't believe in 'woman's suffer-age,' there is one ballot which will effectually defeat it—Dr. Pierce's Favorite Prescription." This is true, not only at the period of middle life, but at all ages when women suffer from uterine diseases, painful irregularities, inflammation, ulceration or prolapsus, the "Favorite Prescription" so strengthens the weak or diseased organs and enriches the blood, that years of health and enjoyment are added to life. b

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of Ayer's Cathartic Pills. The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take—qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

"German Syrup"

Here is an incident from the South—Mississippi, written in April, 1890, just after the Grippe had visited that country. "I am a farmer, one of those who have to rise early and work late. At the beginning of last Winter I was on a trip to the City of Vicksburg, Miss., where I got well drenched in a shower of rain. I went home and was soon after seized with a dry, hacking cough. This grew worse every day, until I had to seek relief. I consulted Dr. Dixon who has since died, and he told me to get a bottle of Boschee's German Syrup. Meantime my cough grew worse and worse and then the Grippe came along and I caught that also very severely. My condition then compelled me to do something. I got two bottles of German Syrup. I began using them, and before taking much of the second bottle, I was entirely clear of the Cough that had hung to me so long, the Grippe, and all its bad effects. I felt tip-top and have felt that way ever since." PETER J. BRIALS, Jr., Cayuga, Hines Co., Miss.

White—Barnard.

Last Wednesday was the occasion of a very brilliant wedding at the residence of Mr. J. C. Barnard, when the latter's second daughter, Miss Letitia C. Barnard, was united in marriage to Mr. Porter S. White of Lindsay. The ceremony was performed at 11.30 a. m., by the Rev. Mr. Pilkey, of Hailliboro, in the presence of over sixty guests. The bride was assisted by Miss Emma Perrin, while the bridegroom was assisted through the trying ordeal by Mr. John McKnight, who by his cool and collected manner showed that he was equal to any occasion of this kind. The bride was given away by her father, Mr. J. C. Barnard. The bride and the bridesmaid were dressed in rich and beautiful costumes. The solemn yet interesting ceremony over, the guests preceded by the bridal party were led to the dining room, where a beautiful and elaborately arranged table spread with all the richest and most tempting dainties, met the eyes.

After every one had partaken most heartily of this sumptuous repast, Mr. and Mrs. White, with a heavy shower of rice and old shoes, departed for Frazerville station where they took the train for Lindsay in which place they will reside for the future. A large number of guests, but principally those whose intention it is to undergo, within a thousand years, a similar ordeal, accompanied the young couple to the train where they gave them a royal send off.

The many friends of the happy couple join with us in wishing them the greatest happiness and prosperity in their future home.

The bride was the recipient of many beautiful and valuable presents, such as would recall the return of the day when first she became a bride.

We might draw attention to the fact that at this wedding there were present four generations, an occurrence which as everyone must knows, is extremely rare.

Below wil lbe found the names of guests whose cards accompanied presents, as far as could be ascertained by your correspondent: Mr. and Mrs. Josiah Perrin, sr., Mr. and Mrs. Finnie, Mr. and Mrs. Joseph Byers, Mr. and Mrs. Josiah Perrin, of Pontypool; Mr. and Mrs. S. White, Mr. and Mrs. A. Barnard, of Smith; Mr. and Mrs. W. Robinson, of Beaufort; Mr. and Mrs. James Perrin, Mr. and Mrs. W. McKnight, Mr. and Mrs. H. Perrin, Mr. and Mrs. S. Rutherford, Mrs. Nurse, Misses Fanny Perrin, J. Robinson, Maggie Robinson, Emma Perrin, Maggie Thompson, Sarah Barnard, Minnie White, E. McAllister, Polly Barnard, Carrie Barnard, B. Porter, Messrs. A. Barnard, C. Perrin, John Perrin, Joseph White, James White, J. R. White, Wm. McAllister, J. McKnight, of Cavan; Jos. Porter, John W. White, Geo. G. Fitzgerald.

Unhealthy Weather!

Thousands Crying Out With Rheumatism—Wet and Cold Aggravate Sickness and Disease—The Safe Course to Pursue.

The autumn season, with its spells of cold and wet, is to many a time of agony and suffering. The doctors everywhere are looking after the rheumatic, and, as far as cure is concerned, are meeting with small success. At this particular time the men and women who are the victims of rheumatism are to be pitied. They dare not venture out unless the weather is fine. They shudder with fear when the icy winds blow and the cold rains pour down. They dread wet and cold limbs, and are continually in fear of increased sufferings. These sufferers should bear in mind that this dreadful malady often attacks the vital organs, and it is a well known fact that deaths from this disease are more numerous in the autumn than any other season. For all such sufferers there is a comforting assurance that Paine's Celery Compound is a complete eradicator of this painful and dangerous disease. No other known remedy has ever accomplished such wonderful results amongst our Canadian people. The prescriptions of doctors have failed in nearly every case, while Paine's Celery Compound has been triumphant. We kindly advise every reader who is a martyr to rheumatism, to procure a bottle of this wonderful preparation and give it a trial.

The consciousness of having a remedy at hand for croup, pneumonia, sore throat, and sudden colds, is very consoling to a parent. With a bottle of Ayer's Cherry Pectoral in the house, one feels, in such cases, a sense of security nothing else can give.

Smart Weed and Belladonna combined with the other ingredients used in the best porous plasters, make Carter's S. W. & B. Backache Plasters, the best in the market. Price 25 cents. dw

A Sea Voyage.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys and removes all impure matter from the system.

Children Cry for Pitcher's Castoria.

Y. M. C. A. Notes.

On Saturday evening the young men's rally was a season of refreshing and fellowship. The bright, brief testimony given by the young fellows was very helpful. The orchestra did good service leading the singing.

The Bible study and consecration service on Sabbath morning was conducted by Mr. Herbert Fife, and all present received a blessing. The interest and attendance at this helpful service is growing.

Mr. E. M. Russell gave a short, earnest and impressive talk at the personal purity meeting on Sabbath afternoon. It is wonderful what God's grace can do with young men who yield themselves fully to the Lord. The good seed has been sown and we are believing for the harvest. The band was present and added greatly in the song service.

The gospel and song service last evening was attended by many, and much interest was manifested in the work done by the Y. M. C. A. in India, also in the letter from Mr. F. G. Saunders, China, which contained much to enlighten and to stir our hearts to be much in prayer for our beloved brother in this time of danger, and interest us in the work God has called him to in that dark land, and that he may be enabled to cast his "care on Him who careth for him," whose promises are so sure.

The monthly meeting of the Board of Directors will be held on Tuesday evening at 8 p.m., at Mr. Early's residence, George street.

The week of prayer for young men will be observed here, beginning next Sabbath. Special sermons will be preached by the pastors and others to young men in all the churches (except the Episcopal and George Street Methodist church, who will observe it Sabbath, Nov. 15th.) Thank offerings will be taken for the local work. We have been fortunate in securing Rev. Alex. McAuley, Woodville, Ont., who has kindly consented to conduct the services on Sabbath next at 11 a.m. in St. Andrew's and St. Paul's at 7 p.m., and a special mass meeting for men only Sabbath afternoon at 4 15 in the Baptist church, and during the week Bible readings for all at 3 p.m., and each evening at 8 p.m. evangelistic services for men only in Y.M.C.A. Hall.

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Across the Continent.

Wm. Renwick, M.D., M.R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and can best be accomplished by using Burdock's Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood. dw

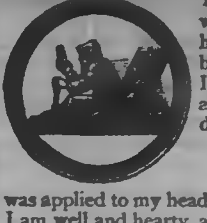
INTENSE SUFFERING!

Mr. William Buchanan, 24 years engineer in the Cunard Steamship Company's service, 8 St. John's Road, Kirkdale, Liverpool, Eng., writes: "I suffered two years of agony from an affection in the head which six physicians pronounced incurable.



They were divided in opinion as to whether it was acute neuralgia of the head or rheumatic affection of the brain, but all agreed that I could never recover. In my paroxysms of pain it needed two and sometimes three men to hold me down in bed. When at death's door,

ST. JACOBS OIL

was applied to my head. It acted like magic. It saved my life. I am well and hearty, and have had no return of the trouble."

"ALL RIGHT! ST. JACOBS OIL DID IT."

A GOOD

PICKLING RECEIPT

Is in many instances spoiled by using an adulterated spice or a poor quality of vinegar.

To prevent such an occurrence and have all annoyance of having pickles spoiled is to procure a pure article. This will cost you no more than the inferior compound.

The finest pickling spice that can be had is our Whole Mixed Spice, a combination of fine seeds and and spices properly blended possessing a peculiar piquancy not to be found in any other spice.

We have an extra fine article in Vinegars which are unsurpassed for strength and quality.

FLAX-SEED EMULSION COMPOUND

BRONCHITIS

136 Lexington Ave.,
New York City, Sept. 19, 1888.

I have used the Flax-Seed Emulsion in several cases of Chronic Bronchitis, and the early stages of Phthisis, and have been well pleased with the results.
JAMES K. CROOK, M.D.

CONSUMPTION

Brooklyn, N. Y., Feb. 14th, 1890.

I have used your Emulsion in a case of Phthisis (consumption) with beneficial results, where patient could not use Cod Liver Oil in any form.
J. H. DROGE, M. D.

NERVOUS PROSTRATION

Brooklyn, N. Y., Dec. 20th, 1888.

I can strongly recommend Flax Seed Emulsion as helpful to the relief and possibly the cure of all Lung, Bronchial and Nervous Affections, and a good general tonic in physical debility.
JOHN F. TALMAGE, M. D.

GENERAL DEBILITY

Brooklyn, N. Y., Oct. 10th, 1888.

I regard Flax Seed Emulsion as greatly superior to the Cod Liver Oil Emulsions so generally in use.

DR. JAMES' NERVE BEANS.

NERVE BEANS are a new discovery that relieve and cure the worst cases of Nervous Debility, Lost Vigor and Failing Manhood; restore the weakness of body or mind caused by over-work, or the errors and excesses of youth. This remedy absolutely cures the most obstinate cases when all other TREATMENTS have failed even to relieve. They do not, like other preparations advertised for Lost Manhood, etc., interfere with digestion; but impart new life, strength and energy in a quick and harmless manner, peculiar to themselves.

Sold by druggists at $1.00 per package, or six for $5.00, or sent by mail on receipt of price. Address The James Medicine Co., Canadian Agency, Montreal P.Q. Sold in Peterborough by G. A. SCHOFIELD, 4?? George St. Write for pamphlet. lyd76w10

Referred to the Finance Committee.

MR. ANDERSON, for the Royal Oil Company, was heard in support of the request of the company for permission to construct a siding from the G.T.R. to their warehouse. The point selected for the warehouse was isolated and would not endanger surrounding property. The company came to Peterborough because it was a good distributing point and would be doubtless soon be the headquarters of a wholesale trade.

Mr. HALL understood the matter was settled at the last meeting of the council.

The MAYOR said it was settled in a way, but the plans of the proposed siding were now presented, and the council could act more intelligently.

The MAYOR pointed out that there was no by law affecting the erection of oil houses—only a statute governing the matter.

Mr. HALL said that he as chairman of the Manufacturing Committee, had received a letter from the town solicitor, Mr. Edwards, stating that the municipal act did not give the power to deal specifically with coal oil, but to deal generally with any industry that might prove a nuisance or endanger property. He thought a bylaw could be passed to prohibit a nuisance.

Mr. Dennistoun moved, seconded by Mr. Kendry, that the application of the Royal Oil Company in regard to the G.T.R. siding, be referred to the Street and Bridge Committee to report.—The matter was allowed to drop.

Mr. Cahill, in Mr. Davidson's absence, presented the report of the Finance Committee as follows:—

Report adopted.

STREET RAILWAY FRANCHISE.

Mr. MOORE presented the amended report of the Street Railway Committee, of which the following are the amendments suggested: [The report entire has been published in the EXAMINER previously]

To THE MAYOR AND TOWN COUNCIL,—

GENTLEMEN,—Your Street Railway Committee, to whom was referred back their report presented to this Council on the 3rd day of August last, having further considered the matters contained in said report, do now again present the said report, with certain amendments therein, the important among which are the following:

(a) Paragraph 8, that the company may at a future time, with the consent of the council, instal an improved propelling power for its cars. (b) Paragraph 10, that the company should not be required, during the first five years of its franchise, at its expense, to lower or raise or relay its track, from where the same shall be first placed so as to conform to the grade to which the town may bring the streets. (c) Paragraph 11, that the company should not be required to maintain in repair the road bed between the rails of its tracks, except to the extent of ten inches from the rails. (d) Paragraph 13, by which the company required to operate the road this year, struck out. (e) Paragraphs 14 and 15, now numbered 13 and 14, and, instead as therein, now providing that the road from Hilliard's Mill to Ware street should be constructed and begun to be operated by the 1st of July next, that within the year 1893, the company should build a further mile of road, and in the year 1894 a further mile of road, and in the year 1895 a further half mile of road, making in all five miles. (f) That paragraph 45 whereby the council reserved the right to pass such other bylaws governing the company as the council should see fit, be struck out. (g) That a new clause should be added to the effect that no "turn out" should be allowed on George street between Brock and Charlotte streets, and that the length of any "turn out" or siding should not exceed 75 feet.

Your Committee also beg to report and recommend that the franchise of the streets of the town be given to the persons applying to this council for such franchise, and their assigns, and known in connection therewith as the Edison Syndicate, consisting of Marshall D. Barr and five others, upon the terms and conditions embodied in the reports of your Committee on the subject; and that the town Solicitor be instructed to prepare the requisite bylaw and contract with the said Syndicate, to be submitted to this council at a special meeting to be held on the 23rd November inst, and that in the meantime a copy of the proposed bylaw and contract be furnished to the said Syndicate for its approval.

All of which is respectfully submitted.
(Sgd.) W. H. MOORE,
Chairman.

Dated 2nd November, 1891.

Mr. MOORE, said he had received a letter in reference to the matter, from Mr. Pousette, representing the Peterborough and Ashburnham Railway Company, objecting to clause 18 of the report, requiring the company to purchase plant from the Edison General Electric Company. He also objected to the stipulation requiring the use of iron posts as unnecessarily costly, and this clause should be made optional. The by-law should not stipulate for the construction of certain lengths of line, but it should be left optional with the council as to the necessity of the work from year to year.

Mr. MOORE moved the adoption of the report

Mr. POUSSETTE was heard on behalf of the company he represented. The report was a surprise to him, as he understood the committee had no power to recommend the granting of a franchise to any company and to decide upon conditions, and the franchise was to be given to the company agreeing to such conditions. He pointed out that his company had not received the just treatment that was due the first incorporated company and that the report was framed in the interests of the Edison company. He submitted the report was ultra vires of the committee. The 18th paragraph of the report was practically a recognition of the fact that the town was in duty bound to purchase the goods of a company which they bonused. He pointed out that the Edison syndicate did not want to build the road. The local company was negotiating with the Edison company for the purchase of a street railway plant, and why should the franchise be granted to the Edison syndicate? As nothing could be gained or lost by delay, he suggested that the matter should be left over till it was seen what was the issue of the negotiations referred to.

Mr. T. G. HAZLITT, added to what Mr. Poussette said, that his company regarded their claim as a matter of right for they were the originators of a street railway enterprise. He was in sympathy with the Edison company's success, but that did not give the latter a right to be preferred over other interests. He referred to the standing of the personnel of the home company, who were all responsible business men. He was in favor of giving the Edison company the contract for the plant if it could be got on fair terms, but he objected to his company being debarred from getting the best terms where they might—debarred from asking tenders. It was wrong to compel citizens to buy from a company simply because we bonused them. Mr. Hazlitt insisted upon the injustice to the local company by imposing the condition that the plant must be purchased from the Edison Company. It might seem that the two railway companies were being treated alike in this respect, but he pointed out the Edison Company and the Edison Syndicate were practically the same, and it was not reasonable to suppose that the Edison Company would supply the local railway company with a plant as cheaply as they would supply it to themselves.

Mr. ARTHUR STEVENSON said the only shred of argument in favor of the Edison syndicate was the assertion that that company would make it a show road, but a clause in the report permitted them to dispose of the railway, and the matter was narrowed down to a choice between a local company of taxpayers and a syndicate that paid practically no taxes.

Mr. MOORE denied that he or the committee had any animus against the local company. He could not understand why Mr. Poussette should say that there had been any difference in the treatment of the two companies. He said the Peterborough company had refused to state what they were prepared to do in the matter, and the Edison Company had made such a statement; and the Peterborough company had been allowed to meet the committee and have a chance to present their claims. He pointed out that by the 18th clause of the report the company was not bound to buy from the Edison Company unless the latter gave fair and reasonable prices. In the discussion of the matter with Mr. Barr, the latter said there had been nothing done in the way of negotiation with the Peterborough and Ashburnham company.

Mr. DENNISTOUN said that if the principles of the 18th clause were adopted in reference to the compulsory purchase of plant from the Edison company, it would apply to all other supplies required by the street railway company.

Mr. HALL said if we gave the exclusive use of the streets to the Peterborough and Ashburnham company, the Edison company would be prevented from using the streets to exhibit their street railway plant.

Mr. KENDRY also advanced objections against clause 18, and held that that the local company should not be handicapped in their negotiations with the Edison company, by the council acting in accordance with the report.

Mr. CAHILL objected to the clause requiring the town to maintain the streets between the rails. He also believed that a clause should be inserted stipulating that the town should be paid for the use of the streets after a term of years. He moved seconded by Mr. Dennistoun, that the report be again referred back to the committee, with instructions to reconsider and report.

Mr. POUSSETTE denied that a Toronto company was to build the railway—two or three Toronto gentlemen had associated themselves with the company, and their influence would be useful in procuring the cashing of the company's bonds. The road would be built and managed by local men. The company did not particularly object to the conditions of the report except clause 18. He said that Mr. Moore and the committee was entitled to great credit for preparing perhaps the most able report on such a subject that had ever been presented to any council in Ontario.

Mr. MOORE suggested that as the hour was late, the matter be laid over for consideration at a meeting of the council to be held in three weeks. This would give Mr. Poussette's company a chance to complete its negotiations.

Mr. MELDRUM, said the matter was narrowed down to a choice between the two companies, and the franchise should be granted to the company that would accept the conditions of the council. He regarded the 18th clause as a very important one. It involved the question of showing the whole Dominion that we had in the town a company that was able to build a first-class plant, which an opposing company would almost put in for nothing in order to discredit the Edison Company.

Mr. CAHILL's motion was adopted with the addition that a special meeting be held in three weeks.

RESOLUTIONS.

On motion the Sewerage Committee was required report in writing to the council as to the progress made under the resolution passed by the council.

A proposition for advertising the town was submitted and referred to the Finance Committee.

Mr. DENNISTOUN moved, seconded by Mr. KENDRY,—That the Street Committee be directed to report to the council in regard to the action of certain parties in narrowing George street, and that the committee be authorized to procure a survey of said street.—Carried.

Mr. MOORE moved, seconded by Mr. DAWSON,—That the Fire, Water and Light Committee be directed to ascertain whether or not the Electric Light and Power Company will furnish arms to such poles as they have put up when the same are in the vicinity of trees that interfere seriously with the light.—Carried.

An application of the Mayor to place a hydrant on Bethune street near his storehouses, he to pay half the expense, was referred to the Fire, Water and Light Committee, with power to act.

The council adjourned.

Note These Facts

The members of Peterborough lodge, Sons of England, have been noted in the past for the excellent character of the entertainments presented under their management. The entertainment now proposed will be no exception. They have secured the services of Miss Jessie Couthoui, the popular and talented elocutionist, and Mr. W. E. Shandrew, the celebrated baritone, who are making a tour of Canada and meeting with marked success. The entertainment will be of an elocutionary, musical and dramatic character, worthy in all respects of generous public patronage. The date of the concert has been fixed for Bradburn's opera house, Tuesday, November 10th. Prices, 50c. and 35c. Plan of hall now open at Greatrex's drug store. Parties should secure their seats without delay.

Ashburnham Affairs.

A Busy Session of the Village Fathers.

A regular meeting of the Ashburnham village council was held Monday evening in in the council chamber. There were present Reeve Barnham in the chair and Messrs. Craig, Throop, Wand and Calcutt. The latter gentleman, through illness, has not attended a meeting of the council since June last, and his brother councillors were all glad to see him again in the council chamber. After the clerk had read the minutes of the last meeting, it was moved by H. Calcutt and seconded by J. T. Craig, that the following accounts be paid:—

Electric Company	$ 125 50
E. C. Moore	9 50
J. R. Stratton	28 90
E. B. Barr	6 00
J. Z. Rogers	9 80
Pay Sheet 33	17 75
" 34	29 13
" 35	31 00
" 36	22 14
" 37	14 28
Ontario Canoe Co	4 50
Selecting Jurors	12 00
Jas. Craig, quarterly salary	56 25
Dickson Co	77 40

MUNICIPAL AFFAIRS DISCUSSED.

After the accounts had been disposed of, the council went in to discuss municipal matters in the line of street and road improvements and to make some effort to reduce in future what some say is an usually heavy expenditure on work done by the corporation. After discussing the subject the council settled down to business.

AN ERROR IN ASSESSMENT.

Mr. Throop laid before the council a notice from Mr. G. Munroe in which he said the assessors had made an error in assessing him. The error was detected, and it was moved by Mr. Throop and seconded by Mr. Wand, that the matter be referred to Mr. Dover for correction—Carried.

FOR CHARITY'S SAKE.

Mr. A. E. Armstrong, a young married man, who lost his hand by a planing machine accident in Mr. Dixon's mill during the summer, appeared before the council and requested that as he was unable to work he would like the council to remit his taxes. The council instructed the assessors to attend to the matter, it being understood that Mr. Armstrong would pay his dog tax.

THAT TROUBLESOME CREEK.

Mr. P. Clancy, Elizabeth street, appeared before the council in reference to the drain running through his property. He stated that he spent considerable time in fixing the creek through his property, but his neighbor dumped rubbish into it and blocked it up, so that in the spring the water flooded his property, and all his labor was in vain. He had spoke to his neighbour about the nuisance, but he would not move in the matter. Mr. Clancy even offered to remove the rubbish, but he would not listen to it, and he appeared before the council to see if they would act. The Reeve said that it was the intention of the council to see if such obstructions could not be removed, and the creek cleaned out.

A STREET IMPROVEMENT.

Mr. J. Dawson complained of a culvert on concession street, near his premises, which was causing trouble, by obstructing the flow of water off his premises. Orders were given to repair said culvert.

After further unimportant business the council adjourned.

Police Court.

TUESDAY, Nov. 3.

The first business at the court this morning was the judgment of the police magistrate, reserved at the time of the trial, in the case of W. H. Robertson, charged with having published in the *Morning Times* an advertisement embracing a proposal for disposing of personal property, to wit, $40,000, by tickets, contrary to the statute. His worship's judgment was a written document, but being too lengthy for publication in to-day's issue, and too important to condense, it will be published in full to-morrow. The case was dismissed without costs.

In the case of W. H. Robertson, charged with printing raffle tickets contrary to statute, also reserved, the court considered the charge proven and imposed a fine of $5 and costs.

Henry Christmas, who was arrested in Kingston and brought to town by the Chief of Police yesterday, was placed in the prisoner's box and confronted with three charges.

The first charge was that of obstructing Police Constable Stewart in the discharge of his duty and with assaulting him. He was found guilty and fined $10 and costs, including the expenses of his arrest, amounting to $30 88, or one month in gaol.

On the charge of disposing of raffle tickets contrary to statute, he was found guilty and a fine of $5 and costs, $1 83, or one month in jail, was imposed.

He pleaded guilty to a charge of being drunk and disorderly in a public place and he was fined $5 and costs, $1 83, or one month in jail.

The amount of the three fines and costs was $43 54, and the aggregate of the alternative imprisonment three months. The several terms of imprisonment run concurrently, and as it was not allowable to pay the fines in the same manner, Mr. Christmas selected the condensed form of penalty and will spend the next thirty days in Nesbitt's bastile. It is a question for jurists to consider whether it would not have been strict justice to divide the lump sum of financial penalty by three, as the temporal penalty was practically divided by three, and make $14 51 pay the bill instead of $43 54.

Fred Baker, charged with disorderly conduct on Sunday was fined $5 and costs, which was paid.

Chas. Cresswell appeared in court with a very much battered face, and preferred a charge of assault committed last night against Wm. Fredenburgh.

Dyspepsia

Intense Suffering for 8 years—Restored to Perfect Health.

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 162 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. **Intense** I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. **Suffering** I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken **8 Years** I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.

BRITISH AND FOREIGN.

TIM HEALY'S VITUPERATIAE TONGUE AGAIN.

His Language at Longford Results in His Receiving a Rawhiding—Sufferings of Shipwrecked Sailors—General Foreign News.

LONDON, Nov. 4. A Dublin despatch says that the Parnellites are wild with excitement over Timothy Healy's indecent attack on Sunday, not only on Mrs. Parnell, but also, by innuendo, on Parnell's sister. Healy's words have added fuel to the fire, and Harrison, Parnellite M.P., is quoted as saying that he wonders whether, after such expression, McCarthy, Sexton and other respectable anti-Parnellites will associate with Healy.

Harrison declares that Healy's attack on Parnell's sister, in the form of an insulting remark that his allusion to an English prostitute was intended for Mrs. O'Shea, and not for Miss Parnell, removes any possible doubt that Healy's animosity to Parnell was personal and vindictive and had nothing to do with patriotism.

It is reported to-day that relatives of Parnell were in consultation as to taking some steps against Healy, either legal or otherwise, for his attack, by innuendo, on Parnell's sister, a lady whose reputation has never been assailed and that Healy may find it dangerous to continue his vituperative course toward the females of the Parnell family.

As to Healy's remark that the Parnellites were cowards Harrison remarked today that it was Healy who showed himself a coward by avoiding Cork and failing to share the dangers of that contest with Dillon, O'Brien and Tanner. Instead of that he remained at a safe distance and reviled women who could not retaliate.

The Cat for Timothy.

DUBLIN, Nov. 4. Mr. McDermott, nephew of the late Charles Stewart Parnell, yesterday publicly horsewhipped Timothy Healy, M.P. The horsewhipping received by Healy was the indirect outcome of the language used by Healy at Longford Sunday last, when he referred to Miss Parnell and to the widow of the late Charles Stewart Parnell. The details of the assault are as follows: McDermott caught Healy by the throat the moment he met him at the Four Courts in this city, and then in the presence of a number of persons he thrashed Healy about the shoulders and body until the latter was rescued by the police. Healy, when his assailant had been taken into custody, declined to make a charge against him, and McDermott was released.

Mr. Healy was reading in the library of the Four Courts when Mr. McDermott sent a messenger to say that Mr. Healy was wanted in the refreshment room. Mr. Healy, on going into the hall, was seized by McDermott, who immediately began to apply the whip, saying, at the same time: "That is for your insults at Longford."

Mr. McDermott afterwards handed a policeman his card and then walked away. Mr. Healy at once retired to the library. He says McDermott was drunk.

Mr. McKenny, speaking at a league meeting to-day, denounced Mr. Healy's remarks at Longford as a disgrace to Irishmen. On the announcement that Mr. Healy had been horsewhipped the audience rose and fervidly cheered.

What Tim Healy Said.

LONDON, Nov. 4.—In an address at Longford Sunday Tim Healy was more vituperative than ever. He accused the Parnellites of cowardice. The Parnellites, he said, talked of English dictation and resorted to dynamite. Healy imputes to the Parnellites the dynamite explosion which took place in Glasgow some time ago, creating great excitement. He condemned what he called the alliance of the Parnellites with Mrs. O'Shea, who had written to Paris looking up the funds raised for the evicted tenants. He said he was astonished that they should unite with an English prostitute, whose honor, Harrison, a member of Parliament, had attempted to vindicate. Healy said he did not refer to the unhappy woman (meaning Parnell's sister) whom the Dublin wire-pullers had induced to write to Paris. Healy advised unity in combating the landlords. At present, he said, the Parnellites tried to make up for brains by the use of blackthorns.

Mr. Healy likewise stated that on visiting Paris to enquire about the release of the fund he found a telegram from Messrs. Harrington and Kenny to the bankers, claiming a prior lien on the fund. "The bankers did not mind that," continued Mr. Healy, "they minded more a letter from Kitty, blocking the relief fund." Mr. Healy asserts that when he saw the letter signed by "That woman" he could not help believing that an alliance existed between the descendants of the men who betrayed the Irish at Ballinamuck and the present fomenters of the disorder. In the "league of landlords and freemasons" they heard a good deal about "English dictation." Was Mrs. Parnell an Irishwoman? If the movement of Irishmen were to be controlled in England it was better that they should be controlled from Hawarden than from Brighton.

A report from Brighton says that Mrs. Parnell's condition is one of such complete prostration as to make her recovery doubtful.

Chisholm to be Lashed.

WINNIPEG, Nov. 4.—Archibald Chisholm, the Winnipeg manufacturer charged by Winnipeg parents with debauching their children, was sentenced to five years in the penitentiary and 25 lashes.

John Gibson, livery stableman, on a similar charge, was given two years.

Barrett, for burglarising a city store, got three years, and Webb, who shot his brother in a wheat field, escaped with nine months.

Crushed by a Load of Turnips.

OWEN SOUND, Nov. 4.—Daniel C. Tayler, aged 38, a farmer living on the sixth concession of Holland, was run over by a load of turnips which he was teaming. The wheels passed over his chest, which caused almost instant death.

THE QUEBEC SCANDAL.

THE ENQUIRY DRAWING TO A CLOSE.

Evidence Heard Yesterday Corroborative of the Testimony of Previous Witnesses—Commissioner Langelier in the Witness Box.

QUEBEC, Nov. 4.—J. Chrysostome Langelier, commissioner, stepped again into the box yesterday and told whatever he knew about the matter, merely corroborating previous witnesses. He referred to orders for the payment of the Armstrong claim received from the Department of Public Works. Mr. Lesage, Deputy Minister of Public Works, who followed, contradicted him and stated that Mr. Langelier was evidently confounding the Deputy Minister of Public Works with the Deputy Provincial Treasurer.

Philip Vallier, manufacturer, was examined by Judge Jette. He endorsed three notes of $20,000 each signed by Pacaud. The notes on which discount was refused were destroyed by Pacaud himself. He got $500 to endorse each of Pacaud's notes. He had been paid all right. Pacaud told witness that he wanted some money to pay the men on the Baie de Chaleurs Railway. He went with Pacaud and Charles Langelier to discount the notes at the bank, which was done immediately. Witness denied that Mr. Langelier said to Dumoulin that he would give him $50,000 in deposit. When Mr. Dumoulin asked him this he said he would speak to Mr. Shehyn and see what he could do. Mr. Langelier did not go into Mr. Dumoulin's private office. He met Langelier in L'Electeur. Pacaud witness and Langelier went to the Banque Du Peuple. Witness saw nothing extraordinary in the fact that a superior officer of the Government should require an endorser for a Government transaction.

To Mr. Casgrain: Did you ever do the same thing with any other Government?

Witness: Yes, I have.

Mr. Casgrain: But you cannot give us proof that you have done so with any other government than Mr. Mercier's?

Witness: I can.

Mr. Casgrain: Very well then, you bring those proofs to-morrow.

Witness: Yes, sir.

Mr. Duhamel, Commissioner of Crown Lands, was next examined. He had some time brought the discussion to bear on the Baie des Chaleurs Railway when speaking with Mr. Thom. The $175,000 letter of credit was brought up in council by Mr. Charles Langelier. Mr. Garneau then said that the banks could not cash it unless the amount was divided. At the time the letter of credit was being made ready he met Mr. Thom at Mr. Machin's office door. Mr. Thom asked Mr. Duhamel for a permit to go hunting on certain Government grounds. Mr. Duhamel went to his office and made out the permit; returning gave it to Mr. Thom, who thanked him for his kindness. A well-known newspaper man attached to a Tory organ of this city being present there, could only catch a part of the conversation, which, he must have reported to Mr. Casgrain This is what led Mr. Casgrain to believe that Mr. Duhamel had had a hand in the getting up of the letter of credit. He always thought Mr. Pacaud was working for Mr. Thom's syndicate. He would never have thought that he was working for Mr. Armstrong. He did not know of the considerable proportion of the sum secured by Pacaud previous to seeing the matter in the newspapers. Referring to his admission by Pacaud in the Union Club, he positively refused to join the club. He would not go in it, but Messrs. Edward Garneau, Pacaud and others insisted upon him doing so. At last he received his account receipted. It was only in October that he learned that it was Pacaud who had paid his entry in the club. He had not the money then or he would have returned the subscription to Pacaud, nor has he got the money now or he would return it.

Mr. Casgrain (sarcastically): Was it a permit to hunt beavers or deer that you granted Mr. Thom?

Mr. Duhamel: I am not quite sure, but I think it was a deer pass. [Laughter.]

Achille Carrier, M.L.A. for Matanes, was then sworn in at his own request to make certain declarations concerning a note of $400 paid to Mr. Desbartes for Mr Carrier. Witness never had a cent from Pacaud, as he used Mr. Pacaud as he did his other friends, namely, to endorse notes. Witness went to New York and before going he had Pacaud to endorse that $400 note, which note was afterward cashed to Mr. Desbartes. Mr. Carrier blamed Pacaud for having done so, for he owed that gentleman nothing.

Mivile Dechene, M.L.A. for L'Islet, was sworn make a deposition of his own accord, as his name appears in Pacaud's statement as having received some money. Witness swore that he did not know that Pacaud had paid a sum of money for the revision of electoral lists.

Mr. Charles Langelier will be examined to-morrow.

AN ABANDONED BABE.

An Infant Choked to Death by a Piece of Cotton.

KINGSTON, Nov. 4.—Matthew Healey, while returning from pasture, observed a child's foot sticking from under the sidewalk. Investigation revealed an old blue smock inclosed in which was the body of an infant. Blood oozed from the mouth and nose of the body, and the left side of the jaw was broken. Around the neck was tied, as if by a strong person, a piece of cotton. It was wound around several times so firmly and doubly knotted that Coroner Mundell had plenty of trouble in undoing it.

Excitement on the Paris Bourse.

PARIS, Nov. 4.—There were wide fluctuations on the bourse here yesterday, threatening an extensive fall. A decline was checked, however, by heavy buying in order to prevent difficulties in the settlement.

BERLIN, Nov. 3.—The bourse Tuesday was very much agitated, the feeling growing out of the situation at Paris. The suspension was announced of a firm of large dealers with liabilities of 6,000,000 marks.

M'KINLEY IN OHIO.

AND FLOWER SUCCEEDS HILL IN NEW YORK.

Result of the November Voting in the Several States of the Union Yesterday—Very Little Change—Tammany's Influence in New York Waning.

NEW YORK, Nov. 4.—Elections were held yesterday in 11 states of the American Union.

New York.

Candidates for Governor: Roswell P. Flower, Democrat; Jacob Sloat Fassett, Republican; Joseph W. Bruce, Prohibitionist; Daniel De Leon, Socialist Labor. Vote of the State for President in 1888, Cleveland, 635,965; Harrison, 648,759; Prohibition, 30,231; Union Labor, 626. Vote for governor in 1888: Hill, Democrat, 650,464; Miller, Republican, 631,293; Jones, Prohibitionist, 30,215; Hall, Socialist Labor 3346.

The City Press Association says returns from all parts of the state show Fassett's majority in the 55 counties north of the Harlem River will not exceed that of Davenport in 1885, which was 49,291. Flower's majority south of the Harlem River will be about 72,000. Although Flower's vote in New York city falls short of the vote given Hill in last Governorship election by about 15,000 the Democratic candidate appears to have carried the state by about 10,000 and there is a strong likelihood that entire state Democratic ticket is elected although Sheehan, the Democratic candidate for Lieutenant-Governor runs considerably behind.

Eight hundred and fifty-four election districts in New York city give Flower 139,215, Fassett 83,227. Boody, Democratic candidate for Mayor, will come close to 10,000 plurality.

The total vote of New York city gives Flower, the Democratic candidate, a plurality of 58,290. Brooklyn gives him 15,000.

The New York Mail and Express concedes Flower's election by 10,000 but Democrats say the figures will be more than twice those of the Republican estimate. The Tribune (Rep.) estimates Flower's plurality at 15,000 and the Press (Rep.) says the Republican State Committee concedes Mr. Flower's election as governor of the state.

The singular feature of the result is the growth of Democratic opinion in the rural districts and the falling off of the Democratic vote in the great cities, except in Brooklyn, where a great fight on local offices served to get out a heavy vote. Mr. Flower's majority, estimated at this writing (12.30), is between 30,000 and 40,000, and although W. F. Sheehan, Democratic candidate for Lieut.-Governor, ran badly behind his ticket, he is undoubtedly elected with the rest of the state ticket by a comfortable plurality. The Assembly is again Democrat, but the Senate remains Republican by a slightly reduced majority.

Mayor Charles F. Bishop (Dem.) is elected in Buffalo by over 4000 plurality together with the Democratic city ticket. Fassett and Flower ran very evenly in the city. *On complete returns from 100 out of 117 voting places* there are only six votes difference between them.

Ohio.

Candidates for governor: James E. Campbell, Democrat: William McKinley, jr., Republican; John J. Ashenhurst, Prohibitionist; John Seitz, Farmers' Alliance. Vote of the state for President in 1888: Cleveland, 396,445; Harrison, 416,054. Governor Campbell was elected in 1889 by 379,423 votes to 368,551 for Foraker, Republican, 26,504 for the prohibition candidate, and 1048 for a Union Labor nominee.

Returns from Ohio will be compared with vote on Secretary of State in 1890, when Ryan (Rep.) had a plurality of 10,969. There have been a large number of additional precincts formed since 1890, but the subdivisions will be added together and compared with the old precincts as it existed in 1890. There were 2493 precincts in Ohio in 1890. Thirty-three precincts in Ohio outside Cincinnati gave McKinley 4089 and Campbell 3050. The same in 1890 gave Ryan (Rep.) 3928 and Crowley (Dem.) 2837.

The Lincoln Club of Cincinnati estimate McKinley's plurality in Hamilton county at 6500 and in the state from 18,000 to 20,000.

Although, by reason of the operation of the new ballot law, returns are still incomplete and very much scattered there seems no room to doubt the defeat of Gov. Campbell by Major McKinley by majorities ranging from a conservative estimate of 10,000 to outside figures of 25,000. The Republicans seem to have captured the Legislature on a joint ballot, although the returns are few. Their success in this direction probably ensures the re-election of John Sherman to the United States Senate.

Chairman Hahn at the Republican headquarters said to a Columbus press reporter at 11 o'clock: "I have not the slightest reason to change my estimate of Ohio going Republican by at least 19,000. Every return strengthens my belief. The entire Republican ticket has been elected." Chairman New of the Democratic Committee said: "Everything is lost. McKinley will carry the state by at least 15,000; anything above that you can use your own figures for; we are snowed under."

"How about the legislature?" was asked.

"Well, they take that, too, but I cannot tell by what majority."

Iowa.

Candidates for governor: Horace Boies, Democrat; Hiram C. Wheeler, Republican; Isaac T. Gibson, Prohibitionist; A. J. Westfall, People's. Vote of state for President in 1888: Cleveland, 179,877; Harrison, 211,598. Governor Boies was elected in 1889 by a vote of 180,126, to 173,556 for the Republican candidate, 1353 for the Prohibitionist, and 5.78 for the Labor nominee.

Governor Boies claims re-election by a reduced plurality, but the Republicans dispute this and claim to have carried the state. The other state elections were of little consequence, and anything like accurate returns are not obtainable.

Maryland.

Candidates for Governor: Frank Brown, Democrat; William J. Vannort, Republican; Edwin Higgins, Prohibitionist. Vote of the State for President in 1888: Cleveland, 106,168; Harrison, 99,986.

The Democrats have elected their state ticket and also a handsome majority of the legislature, which will probably re-elect Senator Gorman to the United States Senate.

The Baltimore Sun says the Maryland Legislature continues Democratic by from 30 to 40 majority on joint ballot. Brown [Dem.], for Governor, is elected by a very large majority. There are some changes in Baltimore City local tickets, but this will not affect the result in the state.

Pennsylvania.

Candidates for State Treasurer: A. L. Tilden, Democrat: David McMurtrie Gregg, Republican; George Drayton, Prohibitionist. Vote of the State for President in 1888: Cleveland, 446,633; Harrison, 526,091. Vote for Governor in 1890: Pattison, Democrat, 464,209; Delamater, Republican, 447,655; Gill, Prohibitionist, 16,166.

The vote of Pennsylvania will be compared with State Treasurer vote of 1889, which gave a Republican plurality in Philadelphia county of 39,743 and Republican majority in state outside Philadelphia county of 21,162 votes.

The total Republican majority in the entire state will not be less than 40,000. The proposition for holding a constitutional convention was overwhelmingly defeated.

Massachusetts.

Candidates for Governor: William E. Russell, Democrat; Charles H. Allen, Republican; Charles E. Kimball, Prohibitionist; Henry W. Robinson, Socialist Labor, and Henry Winn, People's. Vote of the State for President in 1888: Cleveland, 151,855; Harrison, 183,892. Governor Russell was elected in 1890 by a vote of 140,507 to 131,454 for Brackett, Republican, and 13,334 for the Prohibition candidate.

Governor Russell's plurality is about 5000, but the Republicans claim the balance of the ticket and have probably got it. Returns from the legislature are meagre, but the Republicans claim both houses.

New Jersey.

New Jersey elected part of the senate and the assembly.

In the late legislature the Democrats had 27 majority on a joint ballot and have increased this and will retain the Democratic U. S. senatorship.

Big Jim Hanged Himself.

VANCOUVER, B.C., Nov. 3.—Big Jim, an Indian chief, at San Juan, hanged himself one day last week. He appears to have committed the deed in a fit of drunken insanity, for the Indians there had been on one of their prolonged drunken sprees. Jim was cut down and a state mourning held over him by the tribe. He was an old man and stood high in the ranks of his people.

IN TENTS OF PALM LEAVES.

Shipwrecked Sailors Feed on Crabs and Sea Snakes.

YOKOHAMA, Nov. 4.—The American schooner Kitsap has arrived at [illegible]. They left Port Townsend July, 4, with a million feet of lumber for Shanghai. Off Oagari, on the morning of Sept. 9, a heavy squall struck the vessel and she ran on the rocks amidships. The crew saved the provisions, landed on a barren island and built themselves tents of palm leaves. They took out the keel and for four days saved all lumber they could, piling it on the shore, but the typhoon of Sept 14 washed it to sea. After 14 days the captain and three men left in an 18-foot boat for Loo Choo Islands, 180 miles distant, where they arrived in five days, during three of which they were without water. They were treated hospitably by the natives and a steamer sent for the remainder. These, meantime, suffered terribly. There were no inhabitants on the island and the men lived on crabs and sea snakes. No water was found till two days before the steamer arrived, by which they were taken to Hiogo.

THE FINANCES OF EUROPE.

France Carrying Too Much Russian Loan—Spaniards Need Money.

LONDON, Nov. 4.—Although the rise in the Bank of England rate has for the moment checked the drain of gold, a further demand is imminent. Withdrawals are being heard of on account of Buenos Ayres, Egypt, America and Germany, while daily small shipments are coming from Brazil and Australia.

It is daily becoming more clear that French financial houses are saddled with more Russian stocks than they are able to carry, especially too much of the new loan, to unload themselves of which they are taking every quiet method known.

Spanish securities also weigh down the foreign market. The negotiations with the Paris Rothschilds, undertaken by the Bank of Spain to secure a gold loan hang fire, and the gold premium at Madrid keeps high. An uneasy feeling, therefore, prevails here regarding the outcome of the approaching Paris settlement.

MORE CONVICTS RELEASED.

Continued Trouble at the Briceville Mines.

NASHVILLE, Nov. 4.—Information has been received here that an armed mob of miners attacked the stockade at Oliver Springs yesterday, burned it and released the convicts. At an early hour 200 convicts at Oliver Springs were liberated by a band of armed and mounted men, who rode into that place from the direction of the mountains. After liberating the prisoners the stockade was set on fire and burned. The convicts for the most part were furnished with citizens' clothes by their liberators. The band had no trouble in setting the convicts free. The guard was evidently overawed and offered no resistance. It is reported that it is the intention of the miners to liberate the convicts now confined at Tracy City, but no confirmation of this rumor can be had at present. It is estimated that there are at least five hundred convicts now at large who have been given their liberty by the miners. The governor left Knoxville early yesterday for Nashville. A good deal of speculation as to the reason for his visit to this city is indulged in.

Driving Out Russian Refugees.

PARIS, Nov. 4.—Foreign Minister Ribot having urged M. de Giers, during his recent visit to Paris, to try to persuade the Czar to visit France, was told that it was first advisable to expel all Russian refugees The French police have since been shadowing Russian refugees, and it is supposed that they are preparing to make a clean sweep of them over the Swiss frontier.

Deadly Battle at a Mining Camp.

CITY OF MEXICO, Nov. 4.—At the mining camps of San Pablo, near Bunea Ventura, Coahulia, there was a sanguinary battle recently between John F. Moulton, an American, and Antonio Ventura and Leonardo Rodriguez, Mexicans The Mexicans fell upon Moulton, knives in hand, and he defending himself with a dagger. At the conclusion of the fight Ventura was dead, Rodiguez had four dagger wounds in his body and Moulton was badly slashed.

A Canadian Creditor.

MONTREAL, Nov. 4.—The Maverick Bank of Boston has a creditor in this city in the Banque D'Hochelaga. The Maverick Bank was the Boston agent of the Bank D'Hochelaga, and the bank had from $10,000 to $15,000 on deposit there. The Banque D'Hochelaga, however, does not stand to lose very much, as the liabilities of the Maverick Bank have been guaranteed to the extent of 75 per cent. The bank officials state that they only expect to lose 10 per cent.

The Murder of Missionary Large.

TOKYO, Japan, Nov 4.—The Jap arrested charged with the murder of Missionary Large and other murders and burglaries has been placed in solitary confinement to extort a confession.

Snow in North Dakota.

GRAND FORKS, N.D., Nov. 4.—It commenced snowing about noon yesterday and snowed all afternoon. The snow is drifting badly. Many of the men brought here from Minnesota to help threshing are leaving because of cold weather, and as a large portion of the grain is still unthreshed it is doubtful if farmers can finish threshing before September.

A Port Dover Fire.

PORT DOVER, Ont., Nov. 4.—About 1.30 a.m. Tuesday a fire broke out in the building in Main-street occupied as a billiard hall. The flames spread to the adjoining buildings, on the one side the Erie Hotel, occupied by R. Graham, and on the other the residence of J. Johnson, livery keeper, which were a total loss.

East Wellington Election.

FERGUS, Ont., Nov. 4.—At the nominations yesterday for a candidate to succeed Speaker Clarke in the Local Legislature, John Craig, editor of The Fergus News-Record, and James Kirkwood, Reeve of Erin township, were nominated by the Reformers and Conservatives respectively.

Cast His Ballot and Dropped Dead.

BUFFALO, N.Y., Nov. 4.—Ex-Judge Whalen, who was United States Consul at Fort Erie during the administration of President Cleveland, dropped dead a few minutes after voting in the 21st Ward today. Heart disease and disappointment over his defeat for the Democratic nomination as municipal judge are supposed causes for his sudden death.

Taps From the Telegraph.

In the village of Plainville, near South Hoodley Falls, Mass., yesterday the body of Mrs. Nellie Kenyon Holmes was found buried six feet beneath the surface of the cellar of her house with her skull crushed Her husband has been arrested.

Sudden Death at The Agricultural College

GUELPH, Nov. 4.—Mrs. David Ross of Cobourg, Mrs. Mills' mother, died very suddenly at the college last evening. About three weeks ago Mrs. Ross came from her home in Cobourg to see Dr. Cameron in Toronto. He being unable to do anything for her Mrs. Mills brought her to Guelph to see Dr. McKinnon. The doctor held out no hopes of recovery, so she was preparing to return home when she took suddenly ill and died at 7.30 last evening. Deceased was a native of Ayrshire, Scotland, and was born near the home of the poet Burns. When a girl she attended the famous Alloway kirk.

Scalded to Death.

RAT PORTAGE, Nov. 4.—Mrs. William Shaw lifted a large pot of boiling water from the stove, not noticing that her son was near, and in the moment that she turned to put the lid on the stove the little lad fell into it backwards, scalding him so badly that he died from the shock two days afterwards.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

Our Educational Interests.

Regular Meeting of the Board of Education—Various Matters Dealt With—Furnishing the New Building—The Modern Languages Vacancy Filled.

At the regular meeting of the Board of Education last night there were present the following:—Mr. Wrighton, chairman, and Messrs. Stevenson, Dr. Burnham, Dr. Boucher, McKee, Hill, Deane, Ferguson, Hamilton, Bradburn, Keadry and McBain.

After routine came

INQUIRIES.

In answer to Mr. Dumble, the chairman said that he had made arrangements with a Norwood firm for 75 seats for the new school building.

In answer to Dr. Burnham, it was stated that the public school fees for outsiders in the Central and North Ward schools had been collected as far as could be done,

COMMUNICATIONS

were read—

From the officers of the 57th Battalion asking for the use of the Institute gymnasium for drill purposes during the coming winter.—Granted.

From W. J. Drope, asking an increase of $100 in salary.—Referred to the Committee on Appointments.

From J. D. McKay, asking for school seats for South Ward School. Referred to the Property Committee.

The Kindergarten School fees paid were $31.50, and the Public School fees $10.50.

ACCOUNTS

were presented as follows:

The report was adopted.

STATE OF SCHOOL BUILDINGS.

Mr. Deane, as chairman of the Supervision Committee, verbally reported as to the bad condition of the West Ward School out-buildings, and the great need of repairs. The South Ward School buildings were in first class condition. The well at the North Ward School building could not be used, and he recommended that the well be pumped out.

COMMITTEE ON APPOINTMENTS.

Mr. DUMBLE, Chairman, reported as follows:—

The committee on appointments to whom was referred the question of union with the county, discussed the matter but were unable to arrive at any satisfactory conclusion. Your committee are of opinion that, inasmuch as the promotions to the Institute are now held only once a year and then at midsummer, that any large influx into the Institute in the middle of a year would be attended with difficulties and would derange the work of the masters. Your committee are of opinion that the matter should be left over until the Institute shall have had use of the new building, when they can better judge as to the accommodation afforded and the number of local students requiring accommodation.

Your committee beg to report that they have secured an engagement with Miss Marta of Port Perry, as teacher of modern languages at a salary of $900. Miss Marta is a native of Switzerland and thoroughly at home in French and German, and has the highest testimonials from the inspectors. We feel that with this addition to our teaching staff there will be no stronger school in the Province.

Regarding the appointment of a teacher to assist in preparing the entrance class, your committee have taken no steps to advertise for a teacher, and ask that the matter may be considered again by this board in committee.

Your committee report that they have considered the application of Mr. J. C. Smith for an increase of salary, but feel that they cannot at present recommend any change.

All of which is respectfully submitted.

D. W. DUMBLE,
Chairman.

The report was adopted.

REPORTS OF SCHOOL ATTENDANCE.

	On roll.	Ave. att.

SCHOOL MATTERS GENERALLY.

Dr. TILLEY addressed the board on general school topics. As to a commercial course in the Public schools, he said since he had made his report he had changed his mind on the subject after mature thought on the matter. Referring to attendance, he said that at the rate the schools were filling up there should be attendance at the beginning of the term insisted on. He would recommend that between now and next midsummer there should be no more promotions to Mr Smith's room from the junior fourth book. He made several practical suggestions as to dealing with the matter of promotions.

In view of Dr. Tilley's remarks as to the matter of procuring the services of an extra teacher for the relief of the Central. No action was taken.

A NEW SCHOOL ROOM.

Mr. Dumble moved, seconded by Mr. McBain, that the Property Committee be instructed to procure furniture for the board room (the south west room up stairs) in the new school building, which could also be used as a teachers' room, a library, or a room for teaching honor classes.—Carried.

EDUCATIONAL ÆSTHETICS.

Mr. DUMBLE suggested that the new school should be decorated with works of art, busts of distinguished men, and he thought that if the citizens were asked they would be glad to make contributions so that the new school buildings would be worthy of the town.

THE ASSEMBLY ROOM.

Moved by Mr. Deane, seconded by Mr. Ferguson that the Property Committee be instructed to procure the necessary furniture for the assembly room in the new Collegiate Institute building.

MUSIC CHARTS.

Mr. DUMBLE said that Mr. Ketcham, was giving the board excellent service, and we could not get its full advantage without he was supplied with proper appliances and he moved that a sum not exceeding $60 should be appropriated for the purchase of charts for use in the several schools. There being no seconder the matter dropped.

MONTHLY REPORTS.

Dr. BURNHAM moved, seconded by Mr. McKee that the principal of the Institute send to the parents a monthly statement of the progress of the pupils and their attendance, such report to be returned by the pupils after it had been signed by the parents. —Carried.

CROWDED SCHOOL ROOMS.

Mr. FERGUSON referred to the crowded state of Miss Perrin's room in the South Ward school, there being 101 pupils attending it. He thought that the mission school building could be secured to relieve the congestion.

Dr. TILLY said that the half day system continue till the holidays, when, if there was no relief from promotion at that time, another teacher should be engaged.

Mr. Ferguson moved, seconded by Mr. Hamilton, that in order to provide suitable accommodation for the junior class in the South Ward school, that the mission school be rented and seated and that a teacher be obtained to teach that class, to begin after the Christmas holidays if the condition of the school still continues crowded. Left as notice of motion.

On motion of Dr. Burnham it was decided that all the public schools open at 9 o'clock in the morning and close at 4 in the afternoon.

Dr. BURNHAM gave notice of motion that at the next meeting of the Board he would move that the boy and girl passing the highest examination at the entrance get a year's tuition in the Collegiate Institute free.

The Board adjourned.

The consciousness of having a remedy at hand for croup, pneumonia, sore throat, and sudden colds, is very consoling to a parent. With a bottle of Ayer's Cherry Pectoral in the house, one feels, in such cases, a sense of security nothing else can give.

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

MANY A LIFE

HAS been saved by the prompt use of Ayer's Pills. Travelers by land or sea are liable to constipation or other derangements of the stomach and bowels which, if neglected, lead to serious and often fatal consequences. The most sure means of correcting these evils is the use of **Ayer's Cathartic Pills.** The prudent sailing-master would as soon go to sea without his chronometer as without a supply of these Pills. Though prompt and energetic in operation, Ayer's Pills leave no ill effects; they are purely vegetable and sugar-coated; the safest medicine for old and young, at home or abroad.

"For eight years I was afflicted with constipation, which at last became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural and regular action so that now I am in

Excellent

health."—Mrs. C. E. Clark, Tewksbury, Massachusetts.

"I regard Ayer's Pills as one of the most reliable general remedies of our times. They have been in use in my family for affections requiring a purgative, and have given unvarying satisfaction. We have found them an excellent remedy for colds and light fevers."—W. R. Woodson, Fort Worth, Texas.

"For several years I have relied more upon Ayer's Pills than upon anything else in the medicine chest, to regulate my bowels and those of the ship's crew. These Pills are not severe in their action, but do their work thoroughly. I have used them with good effect for the cure of rheumatism, kidney troubles, and dyspepsia."—Capt. Mueller, Steamship Felicia, New York City.

"I have found Ayer's Cathartic Pills to be a better family medicine for common use than any other pills within my knowledge. They are not only very effective, but safe and pleasant to take —qualities which must make them valued by the public."—Jules Hauel, Perfumer, Philadelphia, Pa.

"August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it." ●

Ashburnham Affairs.

A WATER FAMINE.

The water famine still continues in the village, and if rain does not soon come some residents of the village will be forced to use river water for drinking purposes.

MUNICIPAL ELECTIONS.

So far as can be learned, there seems to be only one resident of the village anxious to seek aldermanic honors at the approaching municipal elections. He is, it is said, a resident of the north ward.

SOLD BY AUCTION.

The furnishings of the Albion Hotel, occupied by Mr. Bennett, were disposed of by auction Monday. There was a large number of buyers present, the majority being women. Mr. John Haggart conducted the sales, which was very successful.

GROWING SLOW BUT SURE.

All the stores in the new market building are rented now. Mr. Ward, who at one time carried on a flour and feed store in Peterborough, has rented the only vacant store in the block, and will open out in a few days. It is to be hoped that the villagers will give him a fair share of their patronage, and help to keep up a home merchant.

GONE BUT NOT FORGOTTEN.

An enterprising young man a resident of Ashburnham, and a well known Peterborough young lady left suddenly lately for the land of the stars and stripes and cheap divorces. In his hurry to get out, he overlooked some debts, and in consequence several residents of the village, are not as cheerful looking as they might be. It is said the couple are in Buffalo.

LOW WATER.

The water in the river is very low at present, and Calcutt's line of steamers, which have been drawing wood from Rice Lake, are unable to navigate the river, and in consequence are forced to lay up for the season. Superintendent R. B. Rogers is doing all in his power to remove obstructions at the Yankee Bonnets and Robinson's Island in order to make the river navigable.

NIPPED IN THE BUD.

Two young men of the village, under the influence of liquor, hired a horse at a town livery and started to do up the village in grand style on Saturday night. They drove through the main street beating the horse unmercifully, but in the meantime the owner of the horse was telephoned for, and he arrived in the village in time to secure the horse, which was pretty badly used up. An example should be made of these young men, which would have a salutary effect, as the practice of ill-treating livery horses is carried too far.

A QUIET HALLOWE'EN.

Residents of Ashburnham say that the village was never so quiet on Hallowe'en as it was on Saturday night. Although the "small boy" was to be seen on every corner, still none of the villagers are looking for stray gates or wagons. Mr. McNulty, a merchant in the market block, had the window in his door smashed with a cabbage head, but shortly afterwards a youth walked into the store with 50 cents raised by a subscription, and enquired if that would cover damages. The merchant replied in the affirmative, and the small boy went away happy to his companions, who could be heard giggling around the corner. A few doors were treated with hen fruit that had lost the sweetness of childhood, but no other damage was reported. A charitable widow woman in the village treated a number of the boys to a feast of taffy, and it is needless to say that Mrs. S——n had a full house at the "pull." A well known character in the village intended to raffle a bag of apples at her house but some one took the fruit and forgot to return it. Taking it altogether, the village looked the same Sunday morning, and villagers drew a sigh of relief when they found that the small boy had not paid them a visit.

(From Another Correspondent.)

Mr. A. Peters has bought the property from Mrs. Sigsworth, corner of Stewart and Sophia streets, and is moving in this week. Mr. D. E. Hopkins, from near Hastings, is moving his family into the premises occupied by Mr. Peters for the past few years.

Mr. David Gonroy has bought the Albion hotel, but intends selling, or renting. I understand John Hogan, of our town, has made him an offer. Likely he will accept it.

Mr. E. P. Maclin, who moved to town last week from near Warkworth, has been very ill from inflammation of the lungs, but is much better.

A Sea Voyage.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys and removes all impure matter from the system.

Harvey Boundary.

Mr. F. Dawson, solicitor for the county of Victoria, has given notice of a bill to amend an Act passed some years ago, changing the boundaries of Harvey. The new bill provides that the roads and bridges thereon formerly constituting the boundary line between Victoria and Peterborough shall be as previous to the change made at the request of the county of Victoria and that they shall continue to be under the joint jurisdiction of Peterborough and Victoria. This is another attempt made by Victoria to shoulder the Bobcaygeon and Pigeon Creek bridges on this county—bridges situated in the county of Victoria.

Both Saint and Sinner.

It troubles the sinner and troubles the saint,
It's a troublesome, trying and nasty complaint,
Don't think it incurable; I tell you it ain't.

Excuse the grammar; it's the truth I'm after, whether gramatically or ungramatically told. The truth is, that catarrh can be cured. The proprietors of Dr. Sage's Catarrh Remedy offer $500 for an incurable case of catarrh in the head.

THE SYMPTOMS OF CATARRH—Headache, obstruction of nose, discharges falling into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, purulent, bloody, putrid and offensive; eyes weak, ringing in the ear, deafness; offensive breath, smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Dr. Sage's Remedy cures the worst cases. Only 50 cents. Sold by druggists, everywhere. o

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. d

Across the Continent.

Wm. Renwick, M.D., M.R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' In big bottles, 50c. and $1, at Peterborough Drug Stores. dw

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and can best be accomplished by using Burdock's Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood. dw

CLOTHING HOUSE,

SHEPPARD'S OLD STAND,
GEORGE ST., PETERBOROUGH.

A WEEK AGO

"THE STAR" made the largest purchase of Overcoats ever made at one time in the history of the Clothing Trade—Over TWENTY THOUSAND DOLLARS' WORTH---the entire magnificent stock of one of the largest manufacturers of Fine Clothing in Canada. The owners of the goods were in Desperate Need of Ready Cash. We had it, and we got the stock AT OUR OWN PRICE. We placed about half our purchase on sale Monday morning, and to-day we place the balance of the stock on our tables. The last shipment included the Finest Goods. The first lots are all sold, and such scenes of excitement as have transpired during this sale never before occurred in a clothing store.

Customers stood in open-mouthed wonder at the wonderful values given. Many persons bought two and three Coats on account of their wonderful cheapness. Small Merchants have eagerly bought all we would sell them, our prices are so much lower than they could buy the same goods at wholesale.

The Overcoats are Simply Elegant, made of the Richest and Finest Fabrics and in the most "Correct" Style. "Schnabel's" Chinchillas and Beavers; "Carr's" Meltons, Eredon Kerseys, Fine Fancy Overcoatings and Shetlands, intended for Merchant Tailor's use. Many were intended to Wholesale at $15, $18 and $20. We bought them for less than the Raw Material Cost, and are selling for $8 and $10, garments worth two and three times the money.

Is 9,717 Enough?

The Census Bulletin, No. 2 gives the population of Peterborough as 9,717. This is certainly far below the real figures. It would be a satisfaction to know the exact extent of our population and the satisfaction of knowing that we could add a thousand or so to the official census figures would be worth the expense. The taking of a special census by a special commission of our own, would involve very little expense, especially if the police on off days be utilized in the work.

Notice of Incorporation.

The last issue of the Ontario *Gazette* contains a notice of application of incorporation by letters patent of the "Peterborough Steam Laundry and Shirt Company, Limited." The amount of capital stock is $10,000 divided into four hundred shares of $25 each. The names of each of the applicants are as follows:—Thomas Brooks, lock manufacturer; George Stevenson, lock manufacturer; Harry William Stock, laundry manager; William Armstrong Stratton, solicitor; and James William Thorburn Fairweather, merchant, all of the town of Peterborough, in the county of Peterborough. Thomas Brooks, George Stevenson, William Armstrong Stratton and James William Thorburn Fairweather are to be the first directors of the company.

St John's Reception.

A delightful reception of the members of the congregation of St. John's was held in the school room last night, which was handsomely arranged as a drawing room for the occasion. The attendance included the younger members of the congregation, who enjoyed themselves in a social manner. There were a few songs sung, but the chief music was that kindly furnished by the Amateur Orchestra. Refreshments were served during the evening. The reception passed off very pleasantly indeed under the superintendence of Mrs. Hammond and a committee of ladies.

Going to be a Dandy!

Grip's comic almanac for '92 will be the thirteenth issue of that popular annual, and the publishers have determined that it shall break the record for brilliancy, humor and typographic beauty. Amongst the features of it will be a double page cartoon, entitled, "The Dicken's Christmas Party," in which a large number of our public men will figure in more or less appropriate characters, from the works of the great novelist. Special illustrations are being prepared for the almanac by Mr. Wm. Bengough, Mr. S. J. West, Mr. E. S. Bubee, Mr. Chas. Broughton, Mr. Bert Thompson, Mr. Chas. W. Bradley, Mr. A H. Howard, and many other artists, and the letterpress will be, as usual, of a light and amusing character. The work is to be brought out in the highest style of the printers' art, though there will be no increase in the price—10 cents. Keep *Grip's* forthcoming almanac in mind. It will be out some time in November.

Musical Review at the Convent.

A quarterly musical review was given at the Convent, Congregation de Notre Dame, Tuesday afternoon at four o'clock, when His Lordship Bishop O'Connor and the Cathedral clergy were present, and were delighted with the proficient manner in which the fine programme was presented. The advanced pupils furnished the programme, which consisted of high class music—pianoforte selections and vocal solos and choruses. The several numbers were selected from the great masters, the vocal from Mendelsshon's works and the instrumental included some of Chopin's waltzes, Mozart's sonatas, Clementi's sonatine, etc. The manner in which they were rendered gave evidence of the careful and thorough musical training imparted under the direction of Sister St. Aubert. In the evening the programme was repeated, with several former pupils and the parents of some of the pupils and some friends present. The review of the junior pupils takes place on Monday.

Peterborough Fruit Grower's Association.

The fruit growers are to meet on Wednesday, the 11th inst., at two p.m. at the town council chamber to compare notes as to the season's operations. One object is to form an idea of the quantity of fruit grown in the county, and members are, therefore, asked to bring particulars as to their orchards, the acreage, number of trees and produce for the year. Another object of the association and of the meeting is to compare notes as to the best kinds of fruit to raise in this locality and for the purpose of making a practical comparison. It is proposed that each person shall bring specimens of the kinds that succeed best with them. This will make it a sort of fruit show, with the additional advantage of discussion. Those who want to secure fruit trees for next season's planting can also join forces and secure the advantages of ordering in quantities. The Fruit Grower's Association of Ontario ask to have a delegate sent to their meeting in December. All members are urged to attend and take an interest in making the meeting a success. Those who are not yet members will also be made welcome. The association now numbers 60 members. The secretary expects to have 100 before the end of the year. South Monaghan alone has enough intelligent fruit growers to fill the list, and it so far has only one member.

A fine of $10 and $3 30 costs was imposed and paid.

The Police Magistrate's Judgment

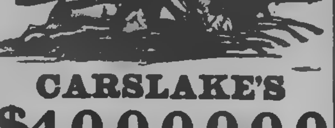
In Rossel vs. Robertson, the Carslake 'Cambridgeshire Sweep' Case.

The following is the judgment of Police Magistrate Dumble, given yesterday morning in the case of Rossel *vs.* Robertson, judgment being reserved at the time of hearing on Friday, Oct. 30th. The case is one of general interest as being the first tried in connection with the numerous publications of the advertisement in question in very many papers in Canada:—

ROSSEL VS. ROBERTSON.

The information herein charges W. H. Robertson with having "caused to be published a proposal for disposing of personal property to wit $40,000.00, by tickets contrary to the Statute in such case made and provided."

It is proved that W. H. Robertson, as proprietor of the *Morning Times*, published an advertisement in the words and figures following, that is to say:



CARSLAKE'S
$40,000.00
Cambridgeshire Sweep.
8,000 TICKETS, $5 EACH.
1st Horse, 4 Prizes, $3,000 each.
2nd Horse, 4 Prizes, $2,000 each.
3rd Horse, 4 Prizes, $1,000 each.
$6,000 amongst other starters, 4 prizes each.
$1 000 " " " "
TICKETS NUMBERED FROM 1 TO 8,000.
136 horses entered, 4 prizes each. Total prizes 500.
GUARANTEED TO FILL.
Drawing Oct. 26th. Races 28th.
Address, GEO. CARSLAKE, Proprietor.
N.B.—Two stamped envelopes must be enclosed with order for tickets—one for reply and one for the result of drawing.
MANCHESTER HANDICAP, Nov. 28th, $10,000.

No evidence is given to explain the advertisement, yet on the evidence given I am asked to convict. The advertisement may be intelligible to men who are familiar with racing matters, for I take it that it does refer to horse races, inasmuch as it is headed by a picture of three jockey's on three galloping horses, and throughout horses are mentioned, and I observe the words "Races 28th," but it is not clearly intelligible to me, I do not know what a "Cambridgeshire Sweep" means,—no such word as sweep appears in Worcester's dictionary and the mysterious expression "Guaranteed to Fill"—it conveys no clear meaning to my mind. I notice that there are 8,000 tickets at $5 each, this would make the total cost $40,000 but the sum total of the prizes is only $33 000, so that I cannot find in the advertisement any "proposal to dispose of $40,000, but rather one to take in $40,000 and pay out $33,000. Inasmuch as the advertisement does not in plain English present to the court such a meaning as on its face shows a violation of law, and as no evidence has been presented to the court to interpret it, and so far as intelligible to ordinary minds it is not a proposal to dispose of $40,000 I cannot make any conviction. The charge is dismissed without costs.

D. W. DUMBLE,
Police Magistrate.

Lakefield.

(From Our Own Correspondent.)

No trace has yet been found of the body of "Pete" McGee.

The village council meets in the council chamber next Monday evening at 8 p.m.

The steamers Mary Ellen and Golden City have finished their work up the lakes and will now be laid up for the winter.

Hallowe'en passed off very quietly in the village; the boys made a great deal of noise but did no mischief.

Miss Nellie Bell has gone up to spend a month, visiting in Toronto and Mimico.

R. C. Strickland and his friends are having good sport on Stony Lake, at last accounts they had over 60 ducks, 2 deer besides partridge and fish galore.

The Balsdon-Payne party got five deer at Crane Lake last week and all the other Lakefield parties were having fair sport. Two more large parties leave the village this week.

His Honor Judge Weller, Revising officer for East Peterborough held a Court of Revision on the Dominion Voters' List for the village in the town hall on Monday. The Reform party put in 16 appeals of which 11 were allowed, while the Conservatives entered but one appeal which was also allowed.

FISH.

Mr. Brownscombe and party, of Peterborough, passed through the village last Saturday on their way home from a weeks' fishing trip to the head of Stony Lake. They had with them twelve or fifteen splendid trout of from eight to over twenty pounds each, and were fine specimens of the finest fish to be caught in our back waters, which are teeming with them, but which are so protected by the Government that not above twenty to thirty are caught every year. The privilege lately granted by Order-in-Council to net during the summer months is a farce and will result in no salmon or whitefish being taken, but the maskinonge and bass will soon be fished out by parties pretending to be netting for trout. All the sportsmen ask here is to use nets for trout during the month of October, and are quite willing to pay a fair license for the privilege.

LOW WATER.

For a number of years past the water has not been so low in the river, Clear and Stony lakes are at present causing great annoyance and loss to boat owners and all others who depend on it for power, etc. The cause and remedy for the future are not hard to find. In times past when the lumbermen were taking out logs or timber on the back lakes, they built dams on all the main streams and let off the water as it was required to float their timber to its destination, thus keeping up a regular height of water in the large lakes and river for the entire season. Now the lumbering is done, the dams on Jack's lake, Deer bay, etc., are rotting away and the water has a free course causing high water in the early spring and being all run off when it is most required. If the government or the mill owners or both combined, would build substantial dams at the outlet of Jack's Lake, etc., and put in proper stop-log, thus keeping the immense reservoirs full, and employ a man to let it off when required, and there would be no more complaints of low water, and those interested would be money in pocket. Of course the past season has been an exceptionally dry one, which has made matters worse, but the main cause is as I have stated above, and it has been beyond the power of our local caretaker of dams to improve matters by regulating the flow here and at Young's Point. Something will have to be done, and the sooner action is taken the better.

A Double Burial.

This morning Mrs. Thos. Birney, of Gravel Road, North Monaghan, passed away at the age of 55 years. The maiden name of the deceased lady was Jane Brumwell, of Smith. The funeral will take place on Friday next at 1.30 o'clock. Mrs. Birney's husband for the last 25 years has been an inmate of the Toronto Lunatic Asylum. He died on Sunday aged 70 years, and the body was brought to town and placed in the vault at the cemetery. The husband and wife so long parted, will be re-united in the grave; both bodies will be buried at the same time.

AN ORANGEVILLE MAN'S DEATH.

His Lifeless Body Found in False Creek—Was He Murdered?

VANCOUVER, B.C., Nov. 4—The body of W. P. West, city poundkeeper, was found lying on the mud of the tidal flats, on False Creek, yesterday morning. The police set to work to find, if possible, the cause of the death. There were some things observable about the body which would lead one to suspect that death may not have been wholly accidental. There was less foam at the mouth than there is usually in a case of drowning. Blood was visible behind the left ear, and upon feeling the head several lumps were found, one near the crown being especially large. West was also known to be a fairly good swimmer, and even at high tide there was scarcely more than five feet of water in the place where he was found.

Sergeant Haywood spent a busy day and was finally rewarded by finding the only man who knew anything about West's death. This was William McCullough, a teamster, who boards at the Granville Hotel. McCullough was arrested as a material witness.

There are two or three incidents in West's life which give grounds for suspicion of foul play. The bruises on his head were swollen, and were so placed as not likely to be struck where he fell off the wharf, and frequently during his sleep he is said to have muttered something about people who would do him up if they caught him out alone McCullough and West had gone to school together near Orangeville, Ont.

A BANQUET FOR BROWN.

The Late Member for Hamilton Entertained by His Friends.

HAMILTON, Nov. 4.—The banquet tendered to Mr. Adam Brown by the citizens of Hamilton on the occasion of his retirement from political life and in recognition of his services in connection with the Jamaica Exhibition to-night at the Royal Hotel was attended by 100 of Hamilton's representative and most influential citizens. The Hon. D. MacInnes occupied the chair. The vice-chairs were occupied by the Hon. W. E. Sanford and William Hendrie. Telegrams and letters of regret were read from Hon. J. J. C. Abbott, the Premier; Hon. John Carling, Minister of Agriculture; Hon. Mr. Foster, Minister of Finance; Mr. Ogilvie, Hon. Mackenzie Bowell, Hon. Mr. Haggart, Postmaster-General; Hon. John M. Gibson and Hiram Walker of Walkerville.

CHANGES.—Mr. James Clarke has leased Mr. Wm. Fowler's farm, near Scott's Corners.... Mr. Bates, of Springville, moves on to the Breally farm, vacated by Mr. Clarke.

SPRAINED WRIST.—Miss Lizzie Fowler, who has been suffering for some time with a badly sprained wrist, is able to be about again.

MIDNIGHT INTRUDERS.—One of our neighbors was aroused from his peaceful slumbers by low mournful sounds coming from the lower part of the house. Our respected friend arrayed in chilly garments of the night, with poker in hand, proceeded to investigate, when to his surprise he discovered a couple of quadrupeds in the cellar. Upon calling to his better half for a little light on the scene, he further investigated and found his annoying visitors to be two of his own hogs. The little fellows had fallen in through an outside window which had accidentally been left open that evening. However, the intruders were removed to their proper place of rest, amid hearty laughs and heavy lifting on the part of our friend and his assistants.

R. T. of T.—The membership of this society is still increasing, which speaks well for the way the work is carried on in this part. The officers and members seem tireless in their efforts to advance the glorious cause. May success be ever theirs.

BAND NOTES.—Our band has reached a degree of proficiency rarely attained by country bands. It is really a credit to our fair township, and too much praise cannot be given the boys for their perseverance and tact. Bandmaster Williamson will be pleased to hear from those desiring a dozen first class musicians (if I may put it in that way) for anniversary entertainments, etc. If you drop him a postal card to Peterborough you may rely on receiving a prompt reply.

Baby's Face [illegible] Raw

Distressing Itching Skin Disease Cured in one Month by the Cuticura Remedies.

When our baby was six weeks old he had a rash on his cheek. It spread on both cheeks and chin. His face was raw. I doctored with various remedies, but it got no better. My mother advised me to try the CUTICURA REMEDIES. I used them faithfully, and in one week the boy looked better. In one month he was cured, and now he is three years old and no signs of it returning. The child was so bad I had to tie him in a pillow-case, and pin his hands down so that he could not scratch his face. I cannot speak too highly of the CUTICURA REMEDY. I recommend CUTICURA whenever I can. I would be pleased to see any one and talk to them of the good it has done my boy.

THE QUEBEC ENQUIRY.

THE PROVINCIAL SECRETARY IN THE WITNESS BOX.

Disastrous Wreck at St. George—A Toronto Hunter Shoots His Companion Dead—Sudden Death of a Banker—An M.P. Injured.

QUEBEC, Nov 5.—Before the Quebec Commission yesterday, the Provincial Secretary stated that all the amounts mentioned by Pacaud as having been paid on his behalf were correct. He referred to the manner in which he had given Pacaud his interest in L'Electeur, and how afterwards when asked Mr. Pacaud expressed his utmost willingness to aid him in the building of his new house.

Mr. Mercier had been equally willing to aid him, and on going to Europe had left him an endorsed note for $4000 on his departure for Europe. In fact, Mr. Langelier corroborated every word of the testimony given by either Mr. Mercier or Mr. Pacaud that might bear on the case. He swore most solemnly and positively, however, that he did not have any knowledge that so much as one cent of the money came from the Baie des Chaleurs transaction. Mr. Pacaud had told him repeatedly that he was making lots of money with L'Electeur. Mr. Langelier's evidence virtually brought out nothing new.

Mr. Langelier denied knowing anything about Mr. Pacaud's business transactions. Cross-examined by Mr. Casgrain, the most important point brought out was that Messrs. Langelier, Pacaud and Duhamel sent a joint despatch to Mr. Robidoux in April to come to town, as Mr. Garneau would do nothing with the matter without him.

Mr. Langelier expressed his willingness to return the shares Pacaud bought for him in the Fortress Hotel. All the money he (witness) received from Pacaud was $5919.32. To Mr Casgrain witness said he never made any memorandum of the money given him by Pacaud. Witness said his house cost him $18,000.

Judge Jette announced that the commission would go to Mr. Robidoux's residence to examine that gentleman.

The commission adjourned.

One Hundred Hogs and Twenty-five Cattle Killed.

ST. GEORGE, Nov. 5.—A collision, attended with very heavy loss, occurred on the Grand Trunk Railway a short distance west of the bridge (where the terrible catastrophe of February, 1889, took place), at 11.50 o'clock Tuesday. The colliding trains were regular freights—No. 35 going west, which leaves Hamilton at 10.45, and No. 32, which runs from Point Edward to Toronto via the Y. No. 35 was in charge of Conductor James Hunt. Both trains were going at regulation speed, and as they approached the engineers reversed, and, with the firemen, jumped for their lives. All escaped without serious injury. The driver of the eastbound engine, a London man, had his face scratched and bruised and his right arm injured. The Mogul engines came together with terrific force and the result was most disastrous. Both were completely wrecked and the cars were piled up in a heap. The westbound train was loaded with live stock and the loss was heavy. One hundred pigs and 25 head of cattle were killed. The wreck made a terrible sight.

His Head Blown From His Body.

TORONTO, Nov. 5.—A terrible fatal shooting accident occurred near the Sunnyside Rowing Club's building yesterday afternoon about 4.30 o'clock. John McEachern who lives at 112 Northcote-avenue, in company with George Summers, 62 Macdonell-avenue, rented a boat and set out on an afternoon duck-shooting expedition. Nothing more was seen of the men until Summers returned with the boat, and in it lay the body of McEachern with one side of the head shot away. Everything in the boat was spattered with blood and brains and presented a sickening sight. No particulars of the accident could be obtained on account of Summers being altogether out of his mind. He had to be confined in No. 6 police station. Both men worked in Wagner's piano factory at West Toronto Junction, their trade being fingerboard makers.

A Bright Young Journalist Married.

TORONTO, Nov. 5.—Mr. Joe T. Clark of the editorial staff of The World and one of the brightest of young Canadian journalists, was married yesterday afternoon at Pickering to Miss Sadie Greig, youngest daughter of Mrs. L. Greig of that place. Rev. L. Perrin, Presbyterian clergyman, performed the ceremony.

Left Her Babe to Burn to Death.

ORANGEVILLE, Ont., Nov. 5.—A child of Mrs. Hammond's was burnt to death today. The mother was away washing and the two children, a boy and girl, being left alone were starting a fire with coal oil, when the little girl's clothes caught fire. She lived only a few hours.

An M.P. Injured

BEAMSVILLE, Ont., Nov. 5.—Mr. William Gibson, M.P., and his driver were on their way to the station, when the harness became disarranged, the horses unmanageable and the two men were thrown violently to the ground and seriously injured.

Shot by a Policeman.

ST. JOHN, N.B., Nov. 5.—At an early hour yesterday Officer Thomas Caples shot Henry McNeill, a sailor, while attempting to rescue a prisoner from him. The ball entered the groin and lodged in the abdomen, and McNeill lies in a critical condition at the General Public Hospital tonight.

Killed with a Bale of Hay.

WINDSOR, Ont., Nov. 5.—Yesterday Captain Alexander Ferguson, aged 61, was standing looking down into the hold of his boat while it was being loaded with pressed hay, when one of the bales of hay swung around and struck him, knocking him down into the hold. The captain alighted on his head and received fatal injuries. The remains will be shipped to Sarnia.

BRITISH AND FOREIGN.

THE QUEEN ENJOYING REMARKABLY GOOD HEALTH.

A Singer Gets One Farthing Damages—Heavy Losses by a German Bank Failure—An Irish Farmer Murdered by Italians.

LONDON, Nov. 5.—Edmund Yates cables: I am enabled to state, on the very highest authority, that the Queen has been in most excellent health throughout the autumn. Her Majesty has been out driving or walking every day, and although the weather has been unusually wet, cold and stormy at Deeside, yet the Queen has escaped catching even the slightest cold, and has not suffered from rheumatism in the knee, which has sometimes troubled her since the accident she met with at Windsor Castle about 10 years ago. The Queen has not been in better health than she is at present at any time during the last 20 years.

An Irish Farmer Murdered by Italians.

LONDON, Nov. 5.—A mysterious murder is reported from Monaghan, Ireland. A farmer from a neighboring county went to Monaghan to attend a fair. Upon going to his lodgings where he intended to stay for the night he was seen to enter into a dispute with someone. No one seems to have witnessed the end of the dispute, but the farmer was found dead, stabbed to the heart. Two Italians, husband and wife, who were in the town as wandering musicians, have been arrested on suspicion of having committed the crime.

A BERLIN BANK FAILURE.

The Empress, Prince Henry and the Minister of Worship Heavy Losers.

BERLIN, Nov. 5.—The suspension of Hirschfeld & Wolf, the bankers, has caused a drop in the shares of the Patzinhofer Brewery, the best of the kind in the market, of 80 per cent. It is reported the Empress and Prince Henry lost a large amount by the suspension and that the Minister of Worship lost his entire fortune. Many of the leading aristocrats are badly involved in the suspension.

A Comedian in Earnest.

LONDON, Nov. 5.—At Coatbridge, England, last evening, shortly after the play began, the gallery commenced to hiss and jeer, and Toole, the actor, angrily appealed to the audience to protect themselves against the gallery "ruffians." He was surprised, he said, at their want of manliness, and declared that he would never play in Coatbridge again. After struggling through the remainder of the performance Toole, in an agitated manner, offered a reward for the discovery of the ruffian who had thrown a missile on the stage. The uproar was due to the raising of the prices of gallery admission tickets.

Stole $100,000 a Week

LONDON, Nov. 5.—The London police have run down a clever gang of check forgers, who are believed to have stolen £20,000 a week for several weeks past. The disclosures were made to-day by the arrest of a young man supposed to be James Johnson, who presented a forged check for £1700 at the London and Westminster Bank. Last Friday the same bank was victimized out of £2126.

The Last of the Waterloo Officers Dead.

LONDON, Nov. 5.—The present year has proved fatal to all three of the Waterloo officers who lived to celebrate their 75th anniversary of the battle in June, 1890. Lord Albemarle died in February, but he was much younger than either General Whichcote, who died in September, or Colonel Hewitt, who passed away last week. The Waterloo list at the War Office has been closed forever.

A Singer Gets One Farthing Damages,

LONDON, Nov. 5.—The suit for $100,000 damages for libel brought by the Italian singer, Ciampi, against The London Telegraph was decided to-day, the court giving the plaintiff a verdict for damages in one farthing. The alleged libel consisted in a charge made by the paper that Ciampi was altogether inartistic. The Telegraph called in its defence a formidable array of the leading critics of the city.

Victoria Woodhull's Husband.

LONDON, Nov. 5.—Mr. R. Biddulph Martin proposes to stand as Unionist candidate for Parliament from Mid-Worcestershire. He will be opposed by Thomas E. Stephens. Mr Martin is a wealthy banker and husband of the American Victoria Woodhull. Mr. Martin is strictly in accord with the views of the present Government.

French the Language of the Peace Congress.

ROME, Nov. 5.—At the International Peace Congress yesterday, on motion of German delegates, it was decided that the French language should be spoken during the proceedings. The irridentists Imbriani and Pandolfi were called to order for raising the question of nationalities by attacking the Austrian occupation of Trieste.

An Australian Bank Fails.

SYDNEY, N.S.W., Nov. 5.—The Australian Banking Company, which was established by Mr. Francis Abignal, formerly Minister of Mines and Agriculture, suspended to-day owing to a panic among the depositors.

Gen. Boulanger's Widow.

MARSEILLES, Nov. 5.—The widow of Gen. Boulanger, accompanied by his youngest daughter, sailed yesterday for Tunis, where Capt. Driant, Mme. Boulanger's son-in-law, resides. They purpose making their home with Mme. Driant.

A Dead Bonaparte.

PARIS, Nov. 5.—Prince Louis Lucien Bonaparte, ex-senator, son of Lucien and the last surviving nephew of Napoleon I., died yesterday at Teano, Italy, aged 78.

MAIMED AND LAMED.

BROKEN HEADS NUMEROUS IN IRELAND YESTERDAY.

Dillon Announces That He Was Offered the Leadership of the Irish Party in Succession to Parnell—Healy Repeats His Vituperative Attack.

WATERFORD, Ireland, Nov. 4.—At the convention of the National Federation in session here great excitement prevails. The streets are crowded with uproarious mobs ready for a disturbance. The police have been making free use of their batons and several civilians have been injured.

Timothy Healy, who was horsewhipped Tuesday by Mr. McDermott, was one of the speakers. He said he would not be deterred by violence from pursuing the course he had mapped out for himself and repeated the language in reference to the widow of the Irish leader which he used at Longford on Sunday last and which led to the chastisement he received at the hands of McDermott.

Mr. Dillon on arriving was received with mingled cheers and hisses. Three hundred police guarded the Federation delegates on their way to the convention, which was held in the City Hall. The police with their batons repelled repeated charges made by the mob. The Parnellite sympathizers tried to rush through the entrance of the City Hall, but were beaten back.

The convention proceeding, Mr. Dillon confirmed Mr. O'Brien's Boulogne revelations and added that the men now calling him a traitor had telegraphed to him while he was in New York, offering him the leadership in succession to Mr. Parnell. Continuing Mr. Dillon said that in spite of continuous calumnies heaped upon him he had never before revealed this fact. Harrington, Redmond and other prominent Parnellites had joined in the request which was made after he had declared against the leadership of Mr. Parnell. He refused the leadership because it was a painful and difficult position, a position which he had never sought or wished, and one which he would be slow to accept. After arriving at Boulogne he told them that he could not accept the position unless all concurred in promising loyal support. Those men one and all promised that if he (Dillon) took the chairmanship they would be his loyal followers. He had done nothing since that altered his position a hairsbreadth. For weeks at Boulogne they were as anxious to get Mr. Parnell out of the leadership as the majority were. If they had steadily adhered to that policy they might have saved Mr. Parnell from an impossible position. If anyone in the world was responsible for Mr. Parnell's fate after Mr. Parnell himself it was the men who, when the supreme hour came, had not sufficient courage, manliness or honorable friendship to take a firm stand and impose their judgment on him. [Cheers.]

Mr. Dillon left the convention hall on his way to the railway station guarded by police and 100 priests. A mob followed and kept up a continuous attack until Mr. Dillon obtained shelter in the station. A number of skulls were cracked.

Thirty delegates while crossing a toll bridge were thrown to the ground and trampled upon, many being badly hurt and bleeding profusely when rescued by the police.

Several thousand Parnellites held the approaches to the convention hall and everywhere struck down opponents. The whole quay a mile in length was the scene of savage fighting and many persons were taken to the hospital.

It is estimated that 150 persons were seriously and many others dangerously injured during the fighting.

The Mayor presided at a meeting held John Dillon for his visit to this city.

A Silver-Mounted Whip for McDermott.

DUBLIN, Nov. 5.—A number of ladies of Longford have decided to present to Mr. McDermott a silver-mounted whip.

Priestly Influence at Cork.

CORK, Nov. 4.—Singular statements are alleged by the Parnellite leaders as to the intimidation of voters by the clergy. It is said that anathema has been threatened against electors who should dare to vote the Parnell ticket, that men were told to drop the Parnellite cause under peril of being denied the rites of the church, and that women were appealed to by priests to influence their husbands against the Parnellite cause.

It is thought probable that, in the event of an anti-Parnellite victory on Friday, Redmond will contest the election on the alleged ground of priestly intimidation and dictation. The Parnellites claim that but for the priests they could carry the district with ease, but that the clergy spare no effort to prejudice the minds of the people against the cause represented by Redmond.

Mr. Davitt's Parliamentary Disability.

LONDON, Nov. 4.—Mr. Michael Davitt has announced that he will not enter Parliament until the general election. Mr. Davitt and his friends have conceived a most erroneous view of his position. He is disqualified from sitting in Parliament, as he was sentenced to penal servitude, and on being released before the completion of his term did not receive a free pardon from the Crown. Mr. Davitt is not an eligible candidate for the House of Commons until a special act of Parliament has been passed to remove his disqualification. If Mr. Davitt stood for any constituency the votes given him would be wasted and his opponent would be returned as a matter of course.

These Be Strong Words.

DUBLIN, Nov. 5.—John Redmond and Timothy Harrington have issued a statement, to which is attached their names, in reply to William O'Brien's recent revelations in connection with the Boulogne negotiations. They characterize Mr. O'Brien's statements as artful, dishonest misrepresentation, a shameless breach of confidence and a wanton outrage on the memory of the dead leader. The burden of the statement is that O'Brien has given an incomplete and colored account of the negotiations at Boulogne, at the same time suppressing his own copy of the proceedings, which would show that he and his friends proposed to obtain the withdrawal of the denunciation of Mr. Parnell by the Catholic bishops, and to give Parnell the right to veto any Home Rule bill proposed by the Liberals. The latter condition, it is evident, they say, O'Brien omitted in his revelations from fear of the Gladstonians, and while publicly canting morality he was privately willing to spit upon it. The Parnellites did consent to Mr. Parnell's retirement because they knew it would have been a sham retirement. They challenge O'Brien to publish Parnell's letter renouncing these conditions. The making public of this letter is most important to the Irish people. They also accuse Dillon and O'Brien with suppressing various letters which had passed between Parnellites and Gladstone and Morley, the Liberal leader. Archbishop Cooke and Bishop Welsh, they say, utterly deny that the Parnellites considered the Liberal assurances satisfactory. They also allege that Mr. O'Brien was not satisfied with promises of Liberals, and in support of their statement challenge him to publish a letter which they say he wrote to Morley, begging him to amend his assurance and Morley's reply, in which he refused to alter a single comma.

Murdered on Her Way to be Married.

DURHAM, Nov. 4.—As Mrs. Addison, a widow who keeps lodgers at Hetton-le-Hole, five miles from here, was on her way to church on Saturday to be married to Andrew Simpson, she was met by a lodger named William Johnson, who, when within a few feet of her and without a word, levelled a gun and fired, the shot taking effect in her breast. Almost immediately after he fired again, when Mrs. Addison fell to the ground dead. Johnson was madly in love with his landlady and was dogging her footsteps all last week. He has surrendered to the police.

Railroad Wreck in Roumania.

VIENNA, Nov. 4.—A fearful railroad accident is reported from Roumania. The rails were removed at a particularly perilous place on the line between Jassy and Pashkane and the express became an almost total wreck. Four persons were killed and 30 injured. The persons guilty of removing the rails have not yet been discovered.

A SAD RECEPTION AWAITS HIM.

Daniel Whale's Son Coming Home From India to See His Mother.

KINGSTON, Nov. 5.—Daniel Whale, under a sentence of life imprisonment, and who was yesterday brought to the penitentiary from Stratford, has a son in India. Some weeks ago he sent word that he was coming home to see his mother. No word of her sad end could be sent to him as the family did not have his address. It will be a severe blow to the poor man to come home and find his mother dead and his father undergoing a life sentence for her murder.

ARRAIGNED FOR CONSPIRACY.

OTTAWA, Nov. 5.—In the Police Court yesterday Michael Connolly, Nicholas Connolly, Hon. Thomas McGreevy and Patrick Larkin were all arraigned for defrauding the Government and the Harbor Commissioners of Quebec of various sums of money. Mr. Lash, Q.C., Toronto, appeared for Larkin, and Ferguson of Ottawa and Stuart of Quebec for the Connollys and McGreevy. B. B. Osler conducted the prosecution. After some discussion between the Magistrate and counsel it was decided to remand the defendants until Thursday week.

Martin P. Connolly, bookkeeper of the firm, was bound over in the sum of $2600 and the defendants in the sum of $1600, in their own recognizances, to appear on Thursday week, when the case will come up.

A warrant was issued for Richard Kennett, bookkeeper to Larkin, who did not obey the summons.

Horace Talbot and Ernest Dionne, lately of the Public Works Department, were also arraigned along with A. C. Larose, formerly merchant in Ottawa, for defrauding the Public Works of certain sums of money. The story as to how Talbot and Dionne got goods for their own use from Larose, and charged the same on false invoices to the department, was laid bare and fully investigated at the Public Accounts Committee. The case was enlarged for a week and the prisoners admitted to bail in $1600 each.

Dreamed the Train Was Wrecked.

KINGSTON, Nov. 5.—Shortly after the train that is due in Toronto at 11.20 a.m. left Kingston Monday, an exciting incident occurred. A man who had been peacefully sleeping suddenly rose and made a wild rush for the door and threw himself from the moving train. The train was stopped, a few of the passengers and the train hands hurried back along the track to render assistance or to gather up the mangled remains. After a fruitless search of some little time the relief party returned to the train. Their surprise may be imagined when they saw him calmly seated in the car telling his tale of woe. It appears while sleeping he dreamed that there was a wreck on the track, that the train was rushing headlong to destruction and that his only safety lay in jumping, which he did, escaping with a few bruises.

His Wife Still Trusts Him.

CAYUGA, Nov. 4.—At the Haldimand Assizes yesterday, Samuel Atkinson, aged 52, was sentenced to five years in the penitentiary for incest. His wife believes him innocent and stuck to him until the last. She stood leaning against the dock when he received the sentence. Before being taken back to his cell he leaned over and bade her an affectionate good-bye. When asked what he had to say why he should not receive sentence, he protested his innocence and charged his eldest daughter with having put up the other girl to swear the charge upon him.

North Bruce Petition Dismissed.

WIARTON, Ont., Nov. 5.—In the North Bruce election case bribery was proven, but agency could not be proved and the petition to unseat Porter was dismissed without costs.

Sir Hector's Contested Seat.

THREE RIVERS, Nov. 5.—The election petition against the return of Sir Hector Langevin for Three Rivers has been dismissed with costs.

Will Tarte Retire?

QUEBEC, Nov. 5.—It is reported that J. Israel Tarte will resign his seat in Montmorency to-morrow and Lieut.-Gov. Angers will be the candidate for the constituency.

Pacaud for the Commons.

QUEBEC, Nov. 5.—It is definitely decided that Ernest Pacaud will be a candidate for the House of Commons in Quebec West, rendered vacant by the expulsion from Parliament of Hon. Thomas McGreevy.

Political Points.

Hon. J. A. Chapleau will likely be tendered a banquet in Montreal at an early date.

Sir A. P. Caron has issued an order for scrip for the members of the Regina volunteers who served in 1885. The Brantford Home Guards and others have still to have their scrip passed.

Mr. C. R. Devlin, M.P., is still in Notre Dame Hospital, Montreal, but will be home on Saturday. A successful operation was performed upon his throat early last week and his condition has been steadily improving since.

The European Mail Subsidy.

LONDON, Nov. 5.—Efforts are being made to embarrass the Canadian Government in its efforts to induce capitalists to undertake a fast Atlantic mail service. The Oracle publishes a long anonymous article against Canada, which ridicules the Government's offer of £150,000. It says that that the Allan Line is quite prepared to give up the mail service and carry cattle instead. It suggests that the Government must guarantee a moderate rate of interest on the capital required to build and equip a fleet of fast steamers. This is an old proposal of the Allan and other lines, which the Government and other friends of Canada rejected because it was believed if the service was to prove a success it must be managed on regular commercial lines at the risk of the owners. The general feeling here is that if the subsidy is insufficient it should be increased, but the Government should not relieve the contractor from the necessity of making the service successful.

Killed a Deer with a Penknife.

WESTPORT, Ont., Nov. 5.—While W. C. Fredenburgh and James Conley were coming from the Narrows in their steam yacht Mascot yesterday they observed a deer in the water about a mile east of Westport. They gave chase and with some difficulty succeeded in throwing a rope over its horns, and with the help of a penknife despatched it. It was a buck weighing 214 pounds.

"Don't Care to Eat."

It is with the greatest confidence that Hood's Sarsaparilla is recommended for loss of appetite, indigestion, sick headache, and similar troubles. This medicine gently tones the stomach, assists digestion, and makes one "real hungry." Persons in delicate health after taking Hood's Sarsaparilla a few days, find themselves longing for and eating the plainest food with unexpected relish.

WISE MEN SAY

That Peterborough will be a city of 25,000 people within 5 years, and from 50 to 60,000 within 10 years. And this is no false prophecy; it will be fulfilled, therefore, it should be a good time to buy property for use or speculation, and 357 George St. is by far the best place to go when you want to buy or rent for any purpose.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. SHEEHY.

True Patriotism.

Educational Journal.

If we may commence with the negative, let us say that true patriotism is not, in our estimation, a blind passion. It is not prepared to stand up for its country, *right* or *wrong*. It is not unnecessary to say this, for the contrary is often proclaimed in substance, and sometimes in so many words. Patriotism, at least any patriotism worthy of a free people and an advanced Christian civilization, is intelligent, discriminating, fair-minded. It at least strives earnestly to be free from prejudice, and to seek for its country only what is just. The true patriot will remember that the nation is but an aggregate of individuals, and that it is just as wrong and just as contemptible for a nation to take or seek an unfair advantage over its neighbor, as for an individual to do so. As with the man so with the nation; respect for one's own rights demands as its logical complement, respect for the rights of others.

Hence it will be seen that true patriotism cannot be taught by simply shouting huzzas, or waving flags, or reciting historic incidents in verse or prose, with a large admixture of unhistoric exaggerations, or by pouring denunciation or ridicule upon other nations, or marching through the streets with swords and guns, of either wood or steel, and singing or shouting defiance at imaginary foes in general and our nearest neighbors and kinsmen in particular. The flag and the drill, or even the shouting and the declamation, may have their places and uses, but none of these can develop the nobility of individual character and aim without which there can be no true greatness in the national aggregate. We are disposed to go even farther, and to question whether these things, unless carefully guarded, do not have a potent influence in implanting and fostering the national prejudice and bigotry, and greedy, grasping selfishness, which do so much to embitter international relations, when they might be and should be of the friendliest character.

Positively, true patriotism is intelligent, discriminating, broad-minded. It loves that which is worthy to be loved in the national character and institutions; it despises whatever is false, or ignoble, or in any way unworthy. And it constantly strives to develop the one and to eliminate the other. Its loyalty is not of the kind which worships and defends the constitution, laws, customs, traditions, of the country, simply because they are those of the country. It loves those of them which it sees to be good and ennobling, and seeks to conserve and perpetuate them. It dislikes and decries those which it sees to be bad and degrading and seeks to reform them, or to do away with them. The nation in which such patriotism prevails will be constantly improving in its laws, its modes of government, and the qualities of its citizens, and so will become more worthy of the love and devotion of those citizens. And the more worthy it becomes of these sentiments, the more will they abound. Other things being equal, the nation which has the wisest laws, the freest institutions, the purest administration, will be the nation which can rely most securely upon the genuine loyalty of its people.

Patriotism, like morality, can best be taught incidentally rather than formally. For instance, the present time is unhappily a most favorable one for an object lesson on the necessity of truth and honor in both public and private life. "Ought not political morality to be taught in our schools?" asks an esteemed correspondent in a private note. To ask the question is to answer it. The Canadian nation of a quarter of a century hence is now in the school-rooms of the country. Its character is under the moulding hand of the teacher. The revelations of the late session of Parliament have brought a keen sense of humiliation to all right-minded Canadians. They have disgraced our country in the eyes of the world. Every true patriot in the land is laid under the weightiest obligations to do what in him lies, not only to purify Parliament and the public service, but to search out the causes of the gross corruption which has been revealed, and as far as possible, remove or remedy them.

Our People are Excited and Anxious.

Men and Women Realize the Situation—Danger Even in the Home—The Doctors Speak.

Men and women in Toronto have lately become anxious and excited. We have been informed that many people have passed sleepless nights after hearing of terrible but true stories regarding the dangers to health and life. The people of Toronto have to contend with a deadly enemy—the old privy pit, which has done so much to spread disease and sickness. The Mayor of Toronto is warmly in favour of a by bylaw for the immediate closing of these pestilential pools of disease. Drs. Oldwright and Cassidy have spoken plainly against their continued existence, and wonder how any well-informed person in this nineteenth century can defend these disgusting relics of barbarism. They say that the air in the vicinity of dwellings is made noxious and poisonous. Other cities and towns in Canada suffer in like manner, and the mortuary statistics are largely increased.

It is terrible to think of the position of those who are weak, frail, nervous, sleepless, dyspeptic, rheumatic and broken down in health. All such are the first to be laid low, they are sure victims of typhoid and malarial fevers unless extraordinary precautions are observed. The true and sensible path of duty is to strengthen the nervous system, build up the body, cleanse the blood, and eradicate every taint of existing disease. To effect this happy change, people must use that great modern remedy, Paine's Celery Compound.

Thousands of sick and ailing people in the largest cities and towns in Canada have been restored to new life and health by the use of this well known preparation. No family is safe without it, who are exposed to foul smells and gasses emanating from privy pits and cesspools. In circumstances such as we have mentioned we know that physicians themselves have recommended Paine's Celery Compound, and the results have always proved satisfactory.

A Sea Voyage.

A sea voyage is an expensive and extensive prescription, especially when equally good results as regards health are to be had by simply taking Burdock Blood Bitters according to directions. It is a specific for dyspepsia, cleanses the blood, regulates the liver, bowels and kidneys and removes all impure matter from the system.

Children Cry for Pitcher's Castoria.

The Apple Trade.

Large quantities of apples have been sold during the past week to agents at from one dollar per barrel upwards. Apple growers have a lamentable want of knowledge of their market value, hence they are very much at the mercy of agents, who naturally take advantage of that ignorance. There is a sufficient quantity of apples raised in Prince Edward and this county to warrant the establishment of an apple market, where upon a certain day in the week growers can meet and compare notes before offering their goods for sale. This is the manner in which business men would arrange to make sales, and commend the idea to our progressive fruit growers of the two counties.—*Belleville Intelligencer.*

A letter from London to the *Canadian Horticulturist* says that "there is an ample home supply of the earlier sorts of apples, so that London will not require any from here until on in the month of November." The advice from most quarters is to "hold back the best winter fruit and late keeping fall apples as late as possible." Liverpool quotations are—Kings, $4.26 to $5.82; Baldwins, $3.40 to $4 86; Greenings, $2 91 to $4.12. The shortage in New York and Michigan will be fully made up by the enormous crop in New Jersey and Pennsylvania.

A Sad Awakening!

"When in the dark, on thy soft hand I hung,
An' heard the tempting syren of thy tongue—
What flames—what darts—what anguish I endured,
But when the candle entered—I was cured!"

Such complexions as so many of our young ladies possess—dull, pimply, and covered with sores and blackheads, is enough to cool the ardor of the warmest lover. To such young ladies we would say, that you can never have a soft, fair smooth, attractive, kissable complexion, unless your blood is healthy and pure, for the condition of the blood decides the complexion. Dr. Pierce's Golden Medical Discovery will purify your blood, tone up your system, and drive away those distressing headaches and backache, from which you suffer periodically, and give you a complexion a lily or rose-leaf might envy. a

The Safest

AND most powerful alterative is Ayer's Sarsaparilla. Young and old are alike benefited by its use. For the eruptive diseases peculiar to children nothing else is so effective as this medicine, while its agreeable flavor makes it easy to administer.

"My little boy had large scrofulous ulcers on his neck and throat from which he suffered terribly. Two physicians attended him, but he grew continually worse under their care, and everybody expected he would die. I had heard of the remarkable cures effected by Ayer's Sarsaparilla, and decided to have my boy try it. Shortly after he began to take this medicine, the ulcers commenced healing, and, after using several bottles, he was entirely cured. He is now as healthy and strong as any boy of his age."—William F. Dougherty, Hampton, Va.

"In May last, my youngest child, fourteen months old, began to have sores gather on its head and body. We applied various simple remedies without avail. The sores increased in number and discharged copiously. A physician was called, but the sores continued to multiply until in a few months they nearly covered the child's head and body. At last we began the use of Ayer's Sarsaparilla. In a few days a marked change for the better was manifest. The sores assumed a more healthy condition, the discharges were gradually diminished, and finally ceased altogether. The child is livelier, its skin is fresher, and its appetite better than we have observed for months."—Frank M. Griffin, Long Point, Texas.

"The formula of Ayer's Sarsaparilla presents, for chronic diseases of almost every kind, the best remedy known to the medical world."—D. M. Wilson, M. D., Wiggs, Arkansas.

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.

Grain is coming in here in large quantities to the local mill.

A local shooting match, with Winchester rifles, at a range of 100 yards, off-hand, took place on Tuesday. Some good points were made, but Mr. Morgan, however, took the cigars—but would like to hear from Peterborough.

A party of Hunters left here Tuesday for Cox's lake.

Mr. J. D. BURNED OUT HIS BRAIN.

Caught on a Live Electric Wire a Young Man Meets a Horrible Death.

PANAMA, Nov. 3.—This city has had an appalling experience of the electric wire's potent power to kill. Some boys at play detached a naked telephone wire and caused it to hang from the support to the ground, trailing over the wires of the electric light company. At about 7 p.m. a police lieutenant discovered the wire hanging to the street and commenced to haul it in and coil it about an old gaslight post. Suddenly the officer was seen to spring violently into the air and fall back unconscious. A great crowd was instantly on the scene, but were kept back by a policeman. Meanwhile a cab came driving rapidly along. The policeman shouted vigorously, "Alto! Alto!" and the crowd took up the warning cry in chorus, but all to no purpose. As if driven by fate the vehicle rushed on and right over the deadly wire. Instantly the horse reeled and plunged headlong to the ground, its flesh sizzling. The cab was not overturned and the driver sprang out and rushed to the animal's aid. Regardless of warning yells from the crowd, he grasped the trailing "string" that had upset his horse. At that instant the wire swung across his forehead, but right through the skull almost to the ears and there remained, although the unfortunate victim fell forward over the horse.

And now a frightful scene never to be forgotten by the spectators was witnessed. The electric fluid literally filled the man's head and in a moment brain and eyes had been completely incinerated. Then the flesh and skin smoked and sizzled until they also were reduced almost to ashes. All the while the sparks played about the head in an awful shower, the eyes literally glowing with a consuming fire.

It was several minutes before the electric light could be turned off, and when it was the body was found to be partially burned to ashes, the head being completely so. There were at the time between 1500 and 2000 volts going over the wires, and as the weight of the horse on the telephone wire had completely cut through the insulation, the man of course received the full blast of the current at the first contact.

Sudden Death of a Guelph Merchant.

GUELPH, Nov. 3.—William Rutherford Smith of the drygoods firm of Ziegler & Smith died suddenly last night. QUEBEC, Nov. 3.—Judge Caron Monday gave judgment in the petition of the Deputy-Minister of Justice, ordering the account books of the firm of Larkin Connolly to be restored to the Federal Government unless the parties could agree to deposit them with the prothonotary of this district for use in case they should be required by the court.

Children Cry for Pitcher's Castoria.

Canadian Grain Moving.

The Montreal *Trade Bulletin* says:—There has been an improved business in Canadian grain during the past week or so, considerable oats, barley and peas having been purchased for export account at better prices, peas having realized 77½c per 66 lbs afloat, oats 34c to 35½ per 34 lbs, and barley 50c to 55c per 48 lbs. There has also been an export enquiry for Upper Canada wheat, and fully 200,000 bushels has changed hands, a portion at $1 02 to $1 02½ for spring and winter grades. The quality of Ontario wheat is turning out much better than for years past, and it is expected that a large quantity will go forward during the ensuing winter and spring. Manitoba wheat, however, is not moving as freely as some expected. A cargo of No. 2 hard was offered at 92½ afloat Winnipeg, but at that figure the exporter here said he was unable to work it for export. It is stated by dealers that by far the largest portion of the crop of peas in this province has been sold, while a number of large lots of oats have recently passed into shippers' hands. Considerable freight has already been engaged for Canadian grain via Portland and Boston, and a lively time is expected during the coming winter. This should be the precursor of better times in trade generally. It is thought that we are on the eve of a larger movement in Manitoba wheat, which will also improve the commercial situation, and as fairly remunerative values are looked for both as regards wheat and coarse grains it is only reasonable to look for better times ahead.

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

A Severe Attack.

DEAR SIRS—My children were taken ill with ulcerated sore throat, bordering on diphtheria. I had nothing in the house but Hagyard's Yellow Oil, which I used with great benefit. I am sure if it had not been for it the disease would have developed into diphtheria. It is a splendid medicine.

MRS. E. CAMERON, Moore's Falls, Ont.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. d

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

Across the Continent.

Wm. Renwick, M.D., M.R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' In big bottles, 50c. and $1, at Peterborough Drug Stores. dw

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and can best be accomplished by using Burdock's Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood. dw

Well Recommended.

DEAR SIRS.—I am happy to say I have used Hagyard's Yellow Oil for burns, bruises, sprains and cuts, and find that there is nothing better. I recommend it to all my friends around here.

THE "RED STAR"

CLOTHING HOUSE,

SHEPPARD'S OLD STAND,
GEORGE ST., PETERBOROUGH.

A WEEK AGO

"THE STAR" made the largest purchase of Overcoats ever made at one time in the history of the Clothing Trade—Over TWENTY THOUSAND DOLLARS' WORTH—the entire magnificent stock of one of the largest manufacturers of Fine Clothing in Canada. The owners of the goods were in Desperate Need of Ready Cash. We had it, and we got the stock AT OUR OWN PRICE. We placed about half our purchase on sale Monday morning, and to-day we place the balance of the stock on our tables. The last shipment included the Finest Goods. The first lots are all sold, and such scenes of excitement as have transpired during this sale never before occurred in a clothing store.

Customers stood in open-mouthed wonder at the wonderful values given. Many persons bought two and three Coats on account of their wonderful cheapness. Small Merchants have eagerly bought all we would sell them, our prices are so much lower than they could buy the same goods at wholesale.

The Overcoats are Simply Elegant, made of the Richest and Finest Fabrics and in the most "Correct" Style. "Schnabel's" Chinchillas and Beavers; "Carr's" Meltons, Eredon Kerseys, Fine Fancy Overcoatings and Shetlands, intended for Merchant Tailor's use. Many were intended to Wholesale at $15, $18 and $20. We bought them for less than the Raw Material Cost, and are selling for $8 and $10, garments worth two and three times the money.

The Locomotive Whistling Nuisance.

The town clerk this morning received the following letter:—

GRAND TRUNK RAILWAY,
GENERAL MANAGER'S OFFICE,
MONTREAL, Nov. 3rd.

James G. Macdonald, Esq., town clerk:

DEAR SIR,—In reply to your letter of the 7th ult. complaining that unnecessary whistling occurs at Peterborough, more particularly on the night trains; stringent instructions have been given to curtail the practice to the utmost, and if cases of violation are brought under the notice of the company's mechanical superintendent (Mr. Wallis), he will cause fines to be inflicted upon the offending drivers.

L. J. SERGEANT,
General Manager.

The town clerk having received similar assurances from two other high officials of the Grand Trunk Railway, and assurances of a similar tenor from the president and general superintendent of the Canadian Pacific Railway, it is reasonable to assume that drivers of locomotive engines will hereafter be more temperate in the use of the whistle and that light sleepers will have better rest.

The Price of Coal.

The *Coal Trade Journal*, Toronto, gives the following prices of anthracite coal in the following places:—Anthracite coal is selling at Gananoque, $4 60; Brockville, $5 40; Hamilton, $5.25; Toronto, $5 75; Aurora, $6.00; Newmarket $5.25; Prescott, $5.50; Peterborough, $5.25 to $5 75.

To be Interred in Guelph.

The funeral of the late Mrs. Smythe, relict of the late Rev. David Smythe, will leave the family residence, 186 McDonel street on Friday at 7.30 a.m. for the Grand Trunk railway station from which the remains will be conveyed to Guelph for burial. Friends and acquaintances are respectfully invited to attend.

The Old Methodist Cemetery.

Belleville has a cemetery trouble too, The *Intelligencer* says: "The plot holders of the old Methodist Cemetery at Peterborough are creating some discussion about that burying place. It is a pity some of the plot holders of the old Methodist cemetery in Belleville do not take some action to make the resting place of hundreds of former citizens look respectable."

"China and the Chinese."

On Friday evening, November 6th, in St. Paul's Presbyterian church, Mr. S. Frank Whitehouse from China, formerly Rev. Hudson Taylor's Secretary, China Inland Mission, who is now *en route* to China for the "National Bible Society of Scotland," will deliver a missionary lecture on "China and the Chinese." Chinese dress will be worn, and curios exhibited. We trust all who desire knowledge of the missionary work in China will attend, for this lecture has attracted large crowds and much interest where given. Admission free. All welcome.

Campbellford Curlers.

At the meeting of the Campbellford Curling Club the officers elected were:—President, C. L. Owens; vice-president, Robert Dinwoodie; sec.-treas., A. E Jewett; committee of management, E W. Gaudrie, G. W. Waters, Dr. Mallory; representative members, Dr. Macoun and J. W. Dinwoodie; chap., Rev. D. J. Casey. Mr. J. W. Dinwoodie was made patron and Mrs. Dinwoodie patroness of the club. Messrs. G. G. Eakins and Jas. Buchanan were made honorary members. The affairs of the club are in a flourishing condition, and a good season's play is expected.

Board of Trade Meeting.

There will be a meeting of the Board of Trade next Monday night when matters of importance, including the street railway franchise matter, the advisibility of sanitary precautions being increased, etc., will be considered. It is desirable that there should be a large meeting. The Board of Trade represents the business interests of the town and consequently all matters touching these interests as well as the general interests of the town come within their province. No other corporation, not executive or administrative, has such a powerful influence as the Board of Trade, if the members are alive to their responsibility and their privileges. It represents no party or interest that can exercise an influence on its existence, and therefore is free to consult the best interests of the town undeterred by considerations of what is popular or unpopular, so long as it is *pro bono publico*. Next Monday night's meeting should be a large and live one.

A Practical Recognition.

A meeting of the official board of the Charlotte Street Methodist Church was held last night. The business included the advancing of the salary of the pastor, Rev. Geo. Edwards, from $1,000 per year to $1,200 per year, a practical recognition of the value and fidelity of his services, on the part of the board, which the congregation, in whose hearts Rev. Mr. Edwards has won a warm place, will very cordially endorse. The question of improving the lighting arrangements of the church and school room was referred to a committee, which was empowered to procure the electric light if satisfactory arrangements can be made. The election for stewards resulted in the re-appointment of the old stewards with the exception of Mr. Wm Brownscombe, resigned. Mr. Arthur Tebb was appointed in his stead. Mr. A. L. Davis was re-appointed recording steward, his past efficient services suggesting a third term as being very much in the interests of the church. Four Sunday school representatives were also appointed.

The Brock-Green Abduction Case.

The Case Collapses for the Present.

At the police court this morning, Arthur M. Brock was charged before Police Magistrate Dumble, "for that he, Arthur M. Brock, at the town of Peterborough, on Saturday, the 8th day of August, 1891, by fraud enticed away Stanley H. Green, a child under the age of fourteen years, with intent to deprive John Green, the father of said child, then having lawful care of said child, of the possession of said Stanley H. Green, contrary to the statute in that behalf." Mr. Brock elected to be tried summarily, Mr. W. A. Stratton appearing as counsel on his behalf.

Mr. R. E. Wood, C.C.A., represented the Crown, and stated that he had been unable to secure the attendance of Ethel Green, of Kingston, a material witness, and asked to have the case stand over for another week.

The magistrate said:—As this matter has already, at Mr. Wood's instance, been postponed from Monday, 2nd Nov. to this 5th day of November, and the prisoner is detained here under arrest at great inconvenience, I decline to grant a further enlargement and especially as there are three witnesses in attendance, prepared to give evidence. I request the County Attorney to give the evidence that he can give, that I may judge if there is a sufficient reason for an adjournment. He declining to do this and taking umbrage at a statement made by counsel for the defence, leaves the court.

Mr. E. B. Stone who first appeared as private prosecutor and out of whose hands Mr. Wood took the case, also leaves the court.

There being no evidence against Mr. Brock, I permit him to go, he undertaking to appear at any time when the Crown is ready to go on, by being notified in reasonable time to allow him to get here.

NATURE'S "SECRET" REVEALED.

Prophet Vaughn of Connecticut Now Knows All About Earthquakes.

DANBURY, Conn., Nov. 5.—Connecticut has a new prophet, James J. Vaughn of Norwalk. After 16 years' study he claims to have wrested a great secret from nature.

According to Mr. Vaughn's theory the earth, as it revolves on its axis, generates electricity by friction with the sun's rays and after a certain number of revolutions (he refuses to say how many) the electricity gathers at a certain point on the earth's surface, where it attracts air and the moisture in the atmosphere until the vicinity is filled with it. Then a mysterious something which Mr. Vaughn calls a "source" happens along that way and comes into contact with the electrified moisture and then there is trouble. There is a tremendous shock and the accumulated air rushes violently in the direction of the sun.

Here's your cyclone, and this action upon the atmosphere causes rain or snow or hail, according to the temperature.

Mr. Vaughn says it is amusing to read in the school books the statement that earthquakes are caused by violent convulsions in the interior of the earth. "That is all nonsense," says the Prophet. "Earthquakes are caused by the shock produced when the electrified air is invaded by this mysterious source."

And he can prove, he says, that the disturbance starts from somewhere on the surface of the earth.

A CEMETERY BLOWN UP.

Hundreds of Bodies Hurled From Their Graves by a Gas-Well Explosion.

WHEELING, W. Va., Nov. 5.—News has just reached here from Corapolis, Pa., between here and Pittsburg, of a strange and terrible affair near that place yesterday. The Allegheny Cemetery Company a few months ago started to bore a gas well on its new cemetery property in Corapolis. To-day there was a terrific explosion at this well which caused a great upheaval of the earth in the vicinity. Hundreds of dead bodies in the cemetery were hurled from their resting places and many costly monuments were shattered.

Miners Crushed to Death.

BUTTE CITY, Mont., Nov. 5.—At the Anaconda mine yesterday 17 miners here yesterday for the purpose of censuring were killed. They were in the descending cage, the rope broke and the cage was precipitated to the bottom of the mine. Of the 19 men who made the fearful ride 17 were killed, their forms being crushed out of all semblance to those of human beings. Two were yet breathing, but no hopes are entertained for their recovery.

Echoes of the U. S. Campaign.

NEW YORK, Nov. 5.—The only effect of additional returns from the various states is to increase the majorities of the successful candidates. Flower's plurality in New York is 43,000; McKinley's plurality will reach 30,000, Russell (Dem.) is re-elected in Massachusetts by 8628 plurality and Boies (Dem.) carries Iowa by fully 15,000. The Alliance tickets did not show up very well, being wholly successful in two Kansas counties only. In Cook Co., Ill., the Republicans made a phenomenally clean sweep.

What Grover Thinks.

NEW YORK, Nov. 5.—When seen at his residence in Madison-avenue yesterday by a reporter, ex-President Grover Cleveland gave his opinion on the result of Tuesday's election as follows: "Any man who still thinks that tariff reform is a settled and obsolete issue, or that the importance of sound and safe money is a question upon which the people can be blinded, is either wilfully wrong or dangerously dull."

The Silver Issue After All.

COLUMBUS, Ohio, Nov. 5.—Governor Campbell takes the situation philosophically and says that the Democratic party was laboring under too great a handicap in Ohio, because of lack of funds to pay legitimate expenses of the campaign.

Briggs Not Guilty of Heresy.

NEW YORK, Nov. 5.—The New York Presbytery to try Prof. C. A. Briggs of the Union Theological Seminary for heresy met to-day. The session was most unexpectedly finished at 6 o'clock yesterday. The presbytery dismissed the charges presented at the October sessions.

A Frightful Crime Reported From Poland

WARSAW, Nov. 5.—A frightful crime occurred at Osowiec, Poland. A Jewish timber merchant and his entire family of 12 were murdered by robbers, the house robbed and set on fire, and the bodies burned.

Russian Soldiers Killed in a Wreck.

ST. PETERSBURG, Nov. 5.—A train conveying a large number of soldiers was derailed at Ivan Goroda to-day. Three of the soldiers were killed and 15 injured.

Hanged Himself On a Dumb Waiter.

NEW YORK, Nov. 5.—John Cramer, a janitor, yesterday shot his wife Mary in the temple, causing a fatal wound. Cramer then went to the roof of the house and hung himself on the dumb waiter shaft. Cause, jealousy.

Strangled by a Neckchain.

WEBSTER, Mass., Nov. 5.—Harry Jones, an unmarried operative in the West Dudley paper mill, went to the cellar to turn water into a water-chest and a large silver chain which he wore about his neck caught a nut on the shaft, which drew the unfortunate man to his death. When found he was on his knees, the shaft was stopped and he was black in the face.

Killed by His Teeth.

MILWAUKEE, Nov. 5.—While eating his supper last evening Thomas Flynn, a man of 60 years of age, swallowed his false teeth and was choked to death.

C. P. R. Returns.

MONTREAL, Nov. 5.—The Canadian Pacific Railway return of traffic earnings from Oct. 21 to Oct. 31, 1891: 1891, $656,000; 1840, $602,000; increase for 1891, $54,000.

Three Feet of Snow.

FREDERICTON, N.B., Nov. 5.—While Fredericton is rejoicing in green fields the people of Williamsburg, not many miles away, have their dooryards and fence corners decorated with drifts of snow three feet deep.

British Steamer Wrecked.

PORTLAND, Oregon, Nov. 5.—The British ship Startlebane, from Honolulu, went ashore 25 miles north of Astoria yesterday. Of 31 persons on board six were drowned, including the captain. The vessel is a total loss

A BIGAMIST THWARTED.

Marriage to a Third Wife Stopped at the Altar.

NEW YORK, Nov. 4.—Yetta Pinkusky, who lives with her parents at No. 161 Division-street, last night stood hand-in-hand with Herman Hyman beneath the "chuppe," or bridal canopy. Supporting the canopy at each corner stood a sturdy young bachelor, and in front was Rabbi Moses Cohen.

The Rabbi had raised his hand and was about to pronounce the couple man and wife, when Lawyer Rosenscheim rushed toward the Rabbi shouting: "Stop! This marriage must not take place. That man," pointing to Hyman, "has already two wives."

The guests stood amazed and Yetta drew her hand from Hyman's and ran to her mother.

A policeman took Hyman to the station-house. This morning the culprit was brought before Justice Duffy. Against him there appeared his first wife, Esther. She is a confirmed invalid. Lawyer Rosenscheim said that 11 years ago Hyman married Esther in Russia and a year after they came to this city.

Hyman disappeared three years ago and the next heard of him was that he had married a woman named Bertha in Cleveland, O. They returned to this city and Hyman, who is a tailor, took rooms at No. 368 Cherry-street. On Saturday he sent the woman and their child up-town while he began to make preparations for his third marriage. The prisoner was held on the charge of abandonment.

Another of the Same Kind.

OTTAWA, Nov. 5.—Alexander Gadbois, son of a well-known farmer of the Lievre River, was traveling through a bush when his gun accidentally went off just as he was climbing over some brush and the contents lodged in his left temple. His face was terribly mutilated by the charge and a portion of the frontal bone was knocked out. The injured man only lived a few minutes.

Broke His Neck.

TORBOLTON, Nov. 3.—Yesterday afternoon W. L. Spears, while returning home with a wagon loaded with shingles, was thrown off the load and killed instantly, his neck being broken.

Irondale and Bancroft Railway.

Mr. C. J. Pusey, of Irondale, was in town yesterday arranging with Mr. G. W. Ranney, C.E., for the survey of a deviation of the original (the Ormond) survey of the route of the Irondale and Bancroft Railway. Mr. Ranney will probably enter upon his duties in a day or two.

A New Laundry Business.

A "Heathen Chinee" with his pig tail coiled up modestly under his head gear, struck the town to-day. His card reads "Sam-ee" and he asserts his intention of opening up a laundry business in Peterborough. Yesterday the EXAMINER referred to the incorporation of a new laundry company, and we now have opposition in the washee washee, in the shape of a live "Celestial."

Personal.

Mr. J. G. Elliott, of the Kingston *Whig*, was in town to-day on his return from a holiday tour in the west.

NORTHWEST LEGISLATURE.

Nomination of Candidates—Elections by Acclamation in Several Constituencies.

WINNIPEG, Nov. 2.—Nominations of candidates for the Northwest Legislative Assembly was held Saturday throughout the Territories. Telegraphic communication with the west has been interrupted and following are the only returns received up to midnight:

South Regina—Daniel Mowat and John Secord.
North Regina—Hamilton and Jelly.
Moosomin—J. R. Neff by acclamation.
Calgary—Lineham and Cayley, the old members, are elected by acclamation.
Red Deer—F. Wilkins.

Brother and Sister Married.

NEW YORK, Nov. 2.—Among the arrivals at the Barge Office to-day was Margaret Muller, a good-looking German girl of 22 years. She was in an interesting condition and pointed out a young man as being responsible for her situation. The couple were informed that they could not land unless willing to marry. They acquiesced and went to Pastor Kyles, who made them husband and wife. When the girl's mother was told of the marriage she shrieked in horrified tones: "They are both my children! They are brother and sister!" She also said that a German soldier was the cause of her daughter's trouble. The couple were held for further examination.

Suicide Leads to Suspension.

BOSTON, Nov. 2.—The Maverick National Bank will suspend payment to-morrow morning. The decision to close its doors was reached after a protracted conference of the clearing-house committee of the Boston banks at 1 o'clock Sunday morning. It is stated positively that the failure will not entail any wide-spread financial evil. The immediate cause of the bank's suspension was the suicide of Irving Evans. The loss caused the bank by its dealings with Evans was not large enough to seriously injure it, being not more than $200,000, but the talk of the street made the loss far greater. During last week more than $1,700,000 deposits were withdrawn.

Purify importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is heredited and transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. **Your** There is nothing more conclusively proven than the positive power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, **Blood** thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

PARNELL SECRETS OUT.

INTEREST IN THE COMING SUIT TO BREAK A BIG WILL.

The Testator Was the Octogenarian Aunt of Mrs. Parnell and the Latter is the Chief Beneficiary—Over $1,000,000 is at Stake, and Many Circumstances That Have Been Mysterious are Expected to be Made Clear

LONDON, Nov. 6.—Parnell's death has in no way diminished the eager interest with which the trial of the Wood will case this month is awaited by English society. This curiosity arises not only from the magnitude of the fortune involved, viz., about $1,000,000, but because it is expected that the progress of the suit will throw a new light on Parnell's mysterious life, and possibly supply evidence in palliation of his breach of the seventh commandment, upon which Parnell always confidentially relied to clear himself of the moral guilt usually associated with this offence.

Disproof of his guilt there could be none, for it is known in legal circles here that Parnell regarded Mrs. O'Shea's two younger children as his own. In fact, a careful scanning of the statement of Mr. O'Shea's counsel in the divorce suit reveals the fact that at the time a distinction was intended to have been drawn between these and the eldest children, but since then Mr. O'Shea, under an order of the court, privately secured the custody of all the children and draws a handsome allowance for their maintenance from the fortune held in trust for them, and which is now the subject of litigation.

It is suspected that this arrangement was the result of an understanding between Mr. O'Shea and his late wife, she allowing him to retain the legal custody of the children, so as to entitle him to the allowance made out of the trust funds, but on condition that he should reside in Brighton, so that she might virtually have them always with her.

Can Vindicate His Character

If Mrs. Parnell chooses to vindicate the character of Parnell in the sense Parnell always meant, she can through the medium of this will suit. The lady over whose money the Wood family is quarrelling, is a maiden aunt of Mrs. O'Shea, named Martha Wood. She died a few years ago at the age of 90. The old lady was always intimate with Mrs. O'Shea, who was her favorite relative.

They lived in adjoining houses at Eltham. Miss Wood allowed Mrs. O'Shea about $15,000 a year for the support of her family. Mrs. O'Shea in turn allowed Captain O'Shea about one-third of this sum, which enabled him to maintain a separate residence in London, his visits to Eltham being few and far between.

Miss Wood originally made a will leaving the bulk of her property to Mrs. O'Shea, but providing also for her nephews, General Sir Evelyn and Charles Wood, also for other relatives. These other nephews and nieces were profoundly jealous of Miss Wood's attachment to Mrs. O'Shea, and as she alleges in the will suit, were constantly poisoning her aunt's mind against her.

Family quarrels ensued and finally Miss Wood became so [illegible] by the conduct of other relatives toward her favorite niece that she revoked her first will and made another which left everything she possessed in trust with Mrs. O'Shea for Mrs. O'Shea's children. This will suit, however, [illegible] Mrs. O'Shea from dealing with the money until the will is proved. Capt. O'Shea as guardian of the children since the divorce, is the only person benefited by the will so far. Sir Evelyn and Charles Page Wood are now contesting it on the ground of undue influence and misrepresentation. This suit will be keenly interesting, both because of the bearing it has upon Parnell's private life and because it will reveal many incidents of a [illegible] and startling character.

Charged Her With Forgery.

Among the many documents that it is said there is one of the most sensational description, showing that in the bitterness of their animosity over money Mrs. O'Shea's relatives did not hesitate to charge her with the grave crime of forgery. Mrs. O'Shea was accustomed to receive her allowance from her aunt by a quarterly check. In the summer of 1886, after Captain O'Shea had publicly quarreled with Parnell over the Home Rule Bill, Mrs. O'Shea received one of these checks and forwarded it to her bankers. In [illegible] her aunt's bankers, and Mrs. O'Shea [illegible] the money had been lodged to her credit, got the check back with the ominous endorsement, "Signature differs," the formula whereby an English bank intimates that the genuineness of a signature is doubtful.

[illegible]

bankers that the idea of questioning the first check was inspired by the relatives who are now contesting the will, and who had warned the bankers that Miss Wood had grown incapable of transacting any business or even of writing her name.

At this time the relations between Capt. O'Shea and his wife never apparently, for years, cordial, became very strained. O'Shea had then definitely taken Chamberlain's side in the home rule disputes and had quarreled publicly with Parnell. About this time, too, he began to write those letters complaining of his wife's relations with Parnell, which formed the foundation of the divorce suit.

The charge of forgery was of course rebutted, but it had its sequel in the subsequent troubles of Parnell, which really did more to shake the allegiance of his followers than anything since his deposition. His secretary, Henry Campbell, brought an action last summer against a Cork newspaper, in which he had been charged with the detestable work of hiring a house at Eastbourne and elsewhere to enable Parnell and Mrs. O'Shea to carry on their intrigue.

Campbell swore on the stand that he never had done anything of the sort. To the amazement of every one a couple of days after the jury had awarded Campbell damages for this libel, Parnell sent his famous letter to the press, in which he questioned Campbell's testimony, and asserted Campbell had allowed his name to be used in house transactions, though under the impression that the only person interested in them was Parnell himself.

But the key to the mystery is supplied by the previous contretemps over the check. The imputation of forgery implied in the return of the check was disproved, but it is quite evident that it would seem much more creditable to a jury if it could be shown that on another occasion Mrs. O'Shea used Campbell's name without his authority, though in a merely formal way. That, at least, is the only apparent explanation of Parnell's action in this connection. It showed how chivalrous was his devotion to the lady who afterwards became his wife.

Stole from the Starving.

ST. PETERSBURG, Nov. 6.—The Marshal of the Nobility in the province of Tamboff, being entrusted with the fund for the relief of starving peasants, reported that vessels containing 100,000 roubles of grain, bought with the money entrusted to him, had been wrecked.

It is believed the grain was not injured and that the Marshal pocketed the value of it. As nothing more was heard from the wrecked vessels suspicion arose and the Marshal was accused of fraud. He disgorged 150,000 roubles, and was allowed to escape legal punishment.

Burned with Many of Her Crew.

LONDON, Nov. 5.—Advices received here from [illegible], an island belonging to Greece and lying in the Ægean Sea, state that an unknown British steamer laden with oil has been burned at sea. Six persons were saved from the burning vessel. All the others on board of her, including the captain's wife, were drowned.

IRISH POLITICAL NEWS.

TROUBLE FEARED AT CORK ELECTION TO-DAY

Announcement of the Result Not to Be Made Until Noon Saturday, So as to Avoid Trouble—Healy Said to Have Received Serious Injuries.

DUBLIN, Nov. 6.—The result of the Cork election will not be announced until mid-day on Saturday, with a view of avoiding the conflicts that might arise from an announcement on the night of the polling.

Tim Healy is greatly disturbed by the publicity which the story of his horsewhipping has received. He now declares that he throttled McDermott and prevented him from striking. There are plenty of witnesses to the contrary. These witnesses heard at least 50 strokes of the horsewhip as McDermott rained the blows on Healy, while Healy danced and jumped about, yelling with pain and calling for someone to help him.

Healy must be black and blue all over from McDermott's blows, and it is believed that the real reason he refuses to complain against McDermott for the assault was his fear that the whole story would come out in the courts. After the horsewhipping Healy wept with vexation and pain and has since been unable to sit down, at least in public.

Not As Successful as Horatius.

Late last night a crowd of Parnellites attacked and stoned a body of McCarthyites parading in Winthrop-street and singing "God Save Ireland." The McCarthyites fled to the bridge where they turned and faced their pursuers. Each side showered missiles upon the other, but eventually the Parnellites captured the bridge. About the same time a detachment of police arrived and after some difficulty succeeded in dispersing the rioters. Many persons were cut with stones.

Dr. Charles Tanner, M.P. for Mid-Cork, called upon the sheriff of Cork and entered a final protest against the quantity of stone laid about the streets, ostensibly for repairing purposes. Dr. Tanner called attention to the fact that in view of the polling to-morrow in the election to be held for a successor in Parliament to the late Mr. Parnell, these stones might be used with deadly effect by the supporters of Martin Flavin, the McCarthyite, and John E. Redmond, the Parnellite. Dr. Tanner declared that he would have an enquiry made into the matter. If it was discovered that the stones had been laid in the streets with an ulterior object he would insist upon the dismissal of the City Engineer, who was responsible for having them placed about the city.

All the employes of the late Charles Stewart Parnell, on his Avondale estate, have been dismissed and the sawmills and the Arklow quarries, which also belonged to Mr. Parnell, are to be sold. Only the family mansion will be retained.

Mr. O'Brien in a speech in Cork last evening said that Redmond and Harrington's manifesto was a tissue of grotesque falsehoods. "Just imagine," he said, "four Irish members of Parliament asking Irish bishops to withdraw their letter and to repeal the sixth commandment. The only existing copy of the Boulogne proceedings was in the hands of Mr. Parnell's representatives. It was a lie to say that he made a second copy and destroyed it. It was equally a lie to say that they offered Mr. Parnell the right to veto the Home Rule Bill. The only proposal made as a solace to Mr. Parnell was to give him a consultative voice with Mr. McCarthy on the details of a future bill." Mr. O'Brien concluded by reading a telegram from Mr. Gill confirming his version of the affair.

A RIVAL TO THE RIPPER.

London Police Believe They Have Caught a Murderer.

LONDON, Nov. 6.—The police are of opinion that they have at last in their custody the mysterious murderer of Ellen Donworth, who has come to be known as the Lambeth poisoner from the locality in which his operations were confined.

Some weeks ago Ellen met the poisoner in the street. He asked her to have a drink and they adjourned to a public house. There the man succeeded in putting poison in her glass, from which she died.

A few days ago a woman named Annie Bowden was suddenly accosted by William Slater, a jeweler, doing business in Clerkenwell in the north of London.

On her accompanying him to a public house Slater produced a pocket flask and telling her that it contained poison asked her if she would have some, at the same time holding it over the glass from which she was drinking.

Frightened, the woman called a policeman, and Slater was arrested. At his lodging a large quantity of nux vomica, morphine and cyanide of potash were found. On his being arraigned several Lambeth women who had seen the man who poisoned Ellen Donworth while in her company identified Slater as the same person. Although he bears an excellent reputation he was charged with murder and remanded without bail.

A Distinguished Preacher Proclaims His Immorality from the Pulpit

LONDON, Nov. 6.—A great sensation has been caused at Stavanger, Norway, by the distinguished preacher Olfsdal accusing himself of immorality. He is a member of Storthing and a leader of an important political group supporting public morality. He confessed in the pulpit before a large congregation, begged forgiveness and then announced his resignation.

Ten Feet of Snow.

LONDON, Nov. 6.—Severe snowstorms continue in Bulgaria. At some points the snow is 10 feet deep. Many persons have died from the effects of cold and thousands of cattle and sheep have been lost. Numerous wrecks are reported in the Black Sea.

Disciplined Directors.

LONDON, Nov. 6.—At a meeting yesterday of shareholders of the [illegible] Mining Company Mr. Marrian, a holder of 1,500 shares, accused certain directors of being [illegible], appointed through the company's solicitor, and said that these directors [illegible]. Chairman [illegible] called Marrian to order. As the meeting was dispersing a melee arose between Mr. [illegible] and Mr. Marrian, who fought each other all round the room, knocking over directors, shareholders, reporters and others, and overturning the furniture. The two combatants finally fell to the floor where they continued to punch each other until Colonel W. H. [illegible], assisted by reporters, dragged them apart. Both were badly disfigured. The scene enacted has never been equalled at any similar meeting held in this city.

TERRY'S WOODEN CLOCKS.

The Centenary of their Manufacture to Be Duly Celebrated.

THOMASTON, Conn., Nov. 5.—Preparations are being made in this vicinity to observe the centennial of American clock making in 1893, and at the same time fittingly to honor the man who, in beginning the great industry, founded the village that bears his name.

Eli Terry, as is well known, was the first man to manufacture clocks in this country and Terryville is the place where the manufacturing was begun. All traces of Terry's work have not been obliterated, though no clocks are made there now, for the little stream on which he labored many years and the house which he erected nearby are still standing.

Terry died in 1852 after he and his sons had established several manufactories which are now important here and in the surrounding towns. He was 80 years old at the time of his death. Seth Thomas, who was born in West Haven, Conn., and carried the concern's trade when alone, died in 1859 at the age of 75 years.

A NORTHWEST MURDER.

MOUNTED POLICEMEN SHOT DOWN NEAR CALGARY.

Two Children Burned to Death in a Barn—Wholesale Swindling by a Young Farmer—The Halton Election Trial—Found Death Instead of a Bride.

CALGARY, Nov. 6.—The body of Constable Harris of the Northwest Mounted Police was found Wednesday on the bank of the river with a bullet wound in his head. He had been missing for two weeks and it was thought that he had deserted. Foul play is suspected and the matter is being investigated. He was one of the escort that accompanied the prisoners Shoults and McDonnell to Stony Mountain and had just returned from Winnipeg.

HALTON ELECTION.

One Charge of Bribery Dismissed—The Trial Still in Progress.

MILTON, Nov. 6.—Great interest is manifested in the election protest trial against Mr. David Henderson, M.P., which opened here yesterday before Justices Falconbridge and Street. The officers of the Conservative association were the first witnesses called and proved the organization of the different committees. The first charge enquired into was that Messrs. Buchanan and McIntyre had paid one Laird $5 to vote for Henderson, but the petitioners failed to prove the fact and the charge was dismissed. A number of other charges had been partially inquired into when the court adjourned until to-day.

Mr. Tarte Resigns.

QUEBEC, Nov. 6.—J. I. Tarte, M.P. for Montmorency, has resigned his seat. His election was contested, and charges of personal corruption were made against him which, if proved, would entail his disqualification. Mr. Tarte refuses to give any reason for his resignation.

MADE A BIG HAUL.

The Haul a Young Ontarian Made in Manitoba.

WINNIPEG, Nov. 6.—James Wilkinson from Ontario, a young farmer who has been living in the Cypress River district for three or four years, has left for parts unknown, leaving unsettled several heavy liabilities. He managed to get possession of deeds of a valuable farm he had arranged to purchase without a cent of money. He raised $3000 by mortgage on the property and borrowed other large amounts. Altogether he is said to be $12,000 ahead. In addition to the loss sustained by creditors there are three or four families in the district who have very sorrowful reasons for regretting that fate stood in the way of this scamp.

MORE CHILDREN CREMATED.

Two Babes Set Fire to a Barn and are Burned to Death.

LANARK, Ont., Nov. 6.—About 5 o'clock last evening Robert Barr's barn and stables on the 4th concession Lanark township, were burned and two of his children, aged 5 and 2 years, burned to death. It is supposed that the children had been playing with matches in the barn and getting surrounded by fire had been unable to get out. Two horses were also burned and the entire season's crop. Mr. Barr was attending threshing mill about one mile distant and saw the fire, when all hands started for it, but arrived too late to save anything.

Through Its Labors.

QUEBEC, Nov. 6.—The labors of the commission are nearing the end. Yesterday Senator Pelletier corroborated previous evidence regarding the four blank notes left by the Premier with him, and Mr. Connor, Assistant Attorney-General, testified that the opinion supposed to be herein corroboration of Mr. Francois Langelier's report on the transaction was edited by the latter before being given.

In the afternoon the commissioners visited the house of Mr. A. L. Tigut, who is ill, and took his deposition, which did not differ from his Ottawa story.

Pacaud was placed in the box and denied positively that he had ever spoken to anyone about seeing Chapleau and having The Courrier du Canada silenced. "I am not in the habit of pleading for mercy," said the talltaker.

It is believed the commission will conclude its labors to-day.

The Lights that Should Have Failed.

CORNWALL, Ont., Nov. 6.—Thomas Robertson, a lockman, was drowned here in lock No. 14 about 6 o'clock a.m. yesterday. It is supposed he went to put out the lights and slipped. Some of the lockmen noticed the lights burning after time and upon looking into the lock saw Robertson's hat. Search was immediately instituted and one of his legs could be seen through the valve. The water is now being drawn off in order to secure the body.

Smallpox in Quebec.

QUEBEC, Nov. 6.—Dr. [illegible], Provincial Health Inspector, returned last evening from his tour through the Gaspe district and reports that the progress of the smallpox is being gradually checked there. At [illegible] there were five cases, but two had almost recovered. There was one case at Newcastle. There are still 12 cases at St. Thomas and 16 at St. Paul. In the latter district there had been up to date 51 cases and 10 deaths, all of adults.

SOMETHING INTERESTING
FOR THOSE WHO ARE

House Furnishing

—AT—

TURNBULL'S.

With our last shipment from Glasgow, we have received a handsome lot of Chenille and Tapestry Curtains, ranging in price from $6 to $12. They are pretty in design and different from those heretofore shown.

We keep a choice stock of Window Blinds on Rollers, Dadoed and with Fringe. Our Lace Curtain stock has been filled up with some Job Lines so that now we are prepared to give immense value in this department.

The patterns in Union and Wool Carpets are greatly improved every season. Our stock is now full with all the new designs. It would be hard to find a better place to buy Carpets than at Turnbull's. We show Tapestries from 25c. a yard up.

HOSIERY—The best selection and popular styles proverbial in this department, the scope of choice is so varied. We of course carry all grades, but goods will be sold on their merits and exactness of quality and standard make maintained. We lead the trade in Hosiery, because we sell the best grades at favourable prices. We will not be outrivalled. A glance at our goods will win your certain approbation in all the departments.

J. J. SHEEHY'S
SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Get Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

Daily Examiner.

FRIDAY, NOVEMBER 6, 1891.

Le National, referring to the necessity of stamping out corruption in election contests, says:—"It is high time the bishops and the clergy should act with more energy than ever for the honour of religion and the salvation for Christians. But, as we have already stated, the clergy alone will be powerless in eradicating the evil if the State does not also do its duty. The work must be done hand-in-hand, and the red hot iron unmercifully applied on the cankered sore. The bishops and the clergy will certainly act without needing our advice, but it is our duty to repeat to the political leaders of both parties that present legislation is powerless to stop these disorders." The article then suggests compulsory voting and the imposing of heavy penalties for those who offer or accept bribes, and it winds up as follows:—"It is useless to enact rose water laws on such an important subject. The proceedings must be merciless, implacable, cruel even. Corruption, the corrupted and the corruptors, which are all the plague of our land, must be rooted out of our midst at any cost."

Unlawful Tickets.

It would involve fine ethical questions to determine exactly what are the strict moral limits, either of a body of clergy or of the managers of a great corporation, in the exercise of political rights. As individuals, they are citizens, and have the same right as other citizens, not only to vote, but to exercise their personal influence to the utmost. Yet every one feels the danger to a country governed by the votes of the people when voters cease to be freely moving units, and begin to be handled in masses, as it were, by wholesale dealers in suffrages. The strongest jealousy is always manifested by the sturdier lovers of liberty when ecclesiastical bodies and large employers appear in the field at all. The question with law-makers and with courts has always been, what is and what is not undue influence? Mr. Seargeant, called to give evidence in the North Perth election case as to the attitude of the Grand Trunk Railway as a political factor, made no scruple about having a distinct political belief and of having made no attempt to hide it. This political preference he held not only as a citizen but as representing one of the largest interests in the country. He holds that the protective system is proving injurious alike to the country and to the Grand Trunk Railway Company. It injures the railway by heavily taxing the coal and other articles consumed by the road, amounting to an enormous total, and by throttling the international business of the road, which as a common carrier represents one of the largest interests of the country. He was, therefore, a supporter of the Liberal policy.

The charge against the Liberal candidate for North Perth was that the Grand Trunk Railway Company and the leaders of the Liberal party, Mr. Laurier and Sir Richard Cartwright, had entered into a conspiracy to induce or compel the employees of the Company, by undue influence and corrupt means, to support the Liberal candidates in the recent general election. This charge Mr. Seargeant utterly denied. He declares that he had interviews with Sir Richard Cartwright and Mr. Laurier separately, but so he had with Sir Charles Tupper, but he denies that anything in the nature of an agreement, corrupt or otherwise, occurred. The Company as a company had no policy, known or unknown, and the instructions issued to the employees copies of which he produced in Court, were impartial. The employees were all, as far as possible, given an opportunity to vote, but no pressure was put upon them to vote one way or another. This evidence as to the impartiality of the Company in its actual dealings with both parties seems to be confirmed by the testimony and evidence in regard to the issuance of tickets for voters, of which Mr. Seargeant knew nothing, except that the policy of the Company was to sell tickets in batches at special rates to both parties.—*Montreal Witness.*

Mr. Tarte on Mr. Meredith.

Mr. Tarte, M. P., writing of the rumored promotion of Mr. Meredith from the shades of hopeless opposition in Ontario, to a position in the Dominion Cabinet, says:—"Mr. W. R. Meredith, leader of the Conservative Opposition in the Ontario Legislature, enters the Dominion Cabinet. He will lead the Ontario section, in fact the English Protestant element, in the House of Commons. He has a great reputation for personal honor. Sir John A. Macdonald had confidence in his talents, and deemed him one of his ablest lieutenants. He has not been a lucky leader, having had to oppose a Government which has administered public affairs well, and which seems destined to exist as long as Mr. Mowat lives. The Catholics of Ontario, particularly the French Canadians, are solid against Mr. Meredith, because he has shown himself hostile to the existence of Separate Schools, and the maintenance of the French language. There is no doubt that his party in the Legislature is fashioned after the *Mail's* likeness. The bishops waged a merciless war against him at the last general elections. We are assured, however that personally he is quite free from prejudice and fanaticism. Our good friends of Ontario who are scared at Mr. Chapleau's name have not consulted us for the choice of Mr. Meredith, whose past is very hard for Catholics to digest. Mr. Abbott will readily admit this. The choice lay between him and Mr. Dalton McCarthy. In spite of his undoubted talents, the member for Simcoe has found the means of becoming one of the least powerful men in the House. The partisans of the Cabinet detest him cordially since he thinks and acts as he pleases. He is also on bad terms with Sir John Thompson. Mr. Meredith's name will give the Government some strength in Ontario, in the Protestant element at any rate. It wants it, the removal of Sir John Macdonald having left a vacancy hard to fill, and the agricultural vote going more and more in favour of a change in the fiscal policy of Canada. Mr. Meredith is an excellent debater. It goes without saying that he is passed over the heads of several old members, who will greet him with coldness. He succeeds to Sir John Macdonald, and will run for Kingston."

Visited Parnell's Grave.

NEW YORK, Nov. 2.—Charles Stewart Parnell's grave in Glasnevin cemetery was visited late Saturday afternoon by Princes Albert Victor and George of Wales. Their arrival was unexpected. They drove to the cemetery in an open carriage accompanied by two other vehicles containing among others the Hon. Mrs. Lindsay and Hon. Mrs. McCalmont. Both the princes added a wreath to the already large heap. This incident, which is only now being made known in Dublin, has caused much talk mostly favorable. The graceful act was the princes' farewell to Ireland, as they left last night for London.

The Safest

AND most powerful alterative is Ayer's Sarsaparilla. Young and old are alike benefited by its use. For the eruptive diseases peculiar to children nothing else is so effective as this medicine, while its agreeable flavor makes it easy to administer.

"My little boy had large scrofulous ulcers on his neck and throat from which he suffered terribly. Two physicians attended him, but he grew continually worse under their care, and everybody expected he would die. I had heard of the remarkable cures effected by Ayer's Sarsaparilla, and decided to have my boy try it. Shortly after he began to take this medicine, the ulcers commenced healing, and, after using several bottles, he was entirely cured. He is now as healthy and strong as any boy of his age."—William F. Dougherty, Hampton, Va.

"In May last, my youngest child, fourteen months old, began to have sores gather on its head and body. We applied various simple remedies without avail. The sores increased in number and discharged copiously. A physician was called, but the sores continued to multiply until in a few months they nearly covered the child's head and body. At last we began the use of Ayer's Sarsaparilla. In a few days a marked change for the better was manifest. The sores assumed a more healthy condition, the discharges were gradually diminished, and finally ceased altogether. The child is livelier, its skin is fresher, and its appetite better than we have observed for months."—Frank M. Griffin, Long Point, Texas.

"The formula of Ayer's Sarsaparilla presents, for chronic diseases of almost every kind, the best remedy known to the medical world."—D. M. Wilson, M. D., Wiggs, Arkansas.

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken with judgment. A. M. REWARDS OFFERED FOR RIOTERS.

Governor Buchanan Will Give $5000 For the Leader of the Briceville Mob.

KNOXVILLE, Tenn., Nov. 3.—Everything was quiet at Briceville and Coal Creek yesterday. No attempt has been made to liberate the convicts at Olivers. The guards have been reinforced at that place as well as at Tracy City and the Inman mines, but it is not believed that the stockades at these three mines will be attacked by the free miners. Governor John P. Buchanan and Eth. B. Wade, Superintendent of Prisons, arrived at Knoxville at noon yesterday.

A consultation was had with Commissioner of Labor Ford, Assistant Commissioner Alleman, Attorney-General Pickel and others, after which the Governor issued a proclamation, in which he calls attention to the law holding the lessees responsible for the escape of convicts, concluding as follows: "Now, therefore, I do hereby offer a reward of $25 for the capture of each convict recently escaped from the branch prisons in Anderson county and their delivery to the warden of the main prison at Nashville, which sum shall be paid as required by law by said lessees."

The Governor also issued the following proclamation after consulting with Attorney General Pickel:

"Whereas an armed mob has overpowered the wardens and guards and set at liberty State convicts confined in the stockades in Anderson county and burned private property; now therefore I, John P. Buchanan, Governor of the State of Tennessee, by virtue of the authority vested in me by law, do hereby offer for the arrest and conviction of the leader of said mob for either of such offences a reward of $5,000 and for the arrest and conviction of each additional member of said mob a reward of $250, to be paid after final judgment in each case."

In an interview last night the Governor said he would do all in his power to bring the leaders of the mob to justice. Calling out of the militia would be useless because the mob has dispersed and everthing is quiet. He believes the offer of $5000 reward will set the officers of the law and detectives to work and secure the conviction of some of the leaders.

The miners who lingered about the scenes of their former labors were dumb to all inquiries concerning the exciting experiences of Friday night. One of them, however, told me that the convicts, who marched out promptly at the command of the miners, set fire to the stockade before leaving.

Labor Commissioner Ford and his assistant, Mr. Alleman, were at Briceville at the time of the raid. In an interview to-night they expressed fear lest the miners should do them violence if they return, they having tried to discourage the men and to dissuade them from lawlessness. Finding their efforts unavailing they went to Coal Creek to notify the Governor. Finding the wires cut they came on to Clinton and got a message through.

A number of convicts have come to Knoxville, principally "trusties," or men who expect soon to be liberated. A half-dozen, perhaps, have been arrested at different points, but the great body of convicts remain at large, causing a feeling of uneasiness throughout the section. At Clinton, the county seat of Anderson county, citizens are under arms and patrolling the town, fearing an attack from convicts.

J. C. Goodwin, one of the sub-lessees at Briceville, was asked what he intended to do and replied: "We can't do anything but saw wood and go to law about it. Half these convicts will never be captured. The miners came from all over East Tennessee, and I expect there were miners from Kentucky there also." Mr. Goodwin further said that it was announced at the miners' meeting a few nights ago that no further violence would be done, and that the guards were, of course, taken completely by surprise.

Children almost invariably suffer from catarrh at this season. Do not neglect it until perhaps consumption is developed, but apply Nasal Balm at once. It never fails to cure. dw

Across the Continent.

Wm. Fenwick, M.D., M.R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' Arrested in New Jersey for Extensive Forgeries in the Dominion.

TRENTON, N.J., Nov. 4.—L. H. Carpenter, chief of the Canadian Secret Service, has arrested Adolphus Chamberlain of New York for a number of forgeries committed in Canada. He is now locked up awaiting extradition. Chamberlain has a number of aliases and is wanted for over 50 forgeries. He has been the superintendent of the Berkshire Apartment Houses in New York. He was run down by the detectives and left New York yesterday and came to Trenton.

Big Flouring Mill Destroyed.

BELLEVILLE, Nov. 4.—The large flouring mill at Holloway, owned by Mr. John Frederick and tenanted by Mr. John Wanger, took fire yesterday morning and was completely gutted, only the walls being left standing. The mill was erected many years ago by the Messrs. Wallbridge of this city. It was a substantial stone structure and cost $22,000.

"Woman's Suffer-age"

was what a witty woman called that period of life which all middle-aged pass through, and during which so many seem to think they must suffer—that Nature intended it so. The same lady added: "If you don't believe in 'woman's suffer-age,' there is one ballot which will effectually defeat it—Dr. Pierce's Favorite Prescription." This is true, not only at the period of middle life, but at all ages when women suffer from uterine diseases, painful irregularities, inflammation, ulceration or prolapsus, the "Favorite Prescription" so strengthens the weak or diseased organs and enriches the blood, that years of health and enjoyment are added to life. b

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

A Severe Attack.

DEAR SIRS—My children were taken ill with ulcerated sore throat, bordering on diphtheria. I had nothing in the house but Hagyard's Yellow Oil, which I used with great benefit. I am sure if it had not been for it the disease would have developed into diphtheria. It is a splendid medicine.

MRS. E. CAMERON, Moore's Falls, Ont.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. d

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and can best be accomplished by using Burdock's Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood. dw

Well Recommended.

DEAR SIRS.—I am happy to say I have used Hagyard's Yellow Oil for burns, bruises, sprains and cuts, and find that there is nothing better. I recommend it to all my friends around here.

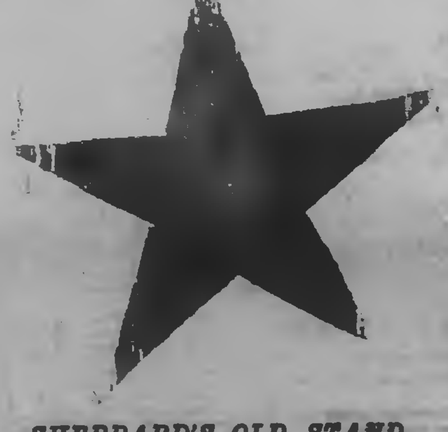
THE "RED STAR"

CLOTHING HOUSE,



SHEPPARD'S OLD STAND,
GEORGE ST., PETERBOROUGH.

A WEEK AGO

"THE STAR" made the largest purchase of Overcoats ever made at one time in the history of the Clothing Trade—Over TWENTY THOUSAND DOLLARS' WORTH—the entire magnificent stock of one of the largest manufacturers of Fine Clothing in Canada. The owners of the goods were in Desperate Need of Ready Cash. We had it, and we got the stock AT OUR OWN PRICE. We placed about half our purchase on sale Monday morning, and to-day we place the balance of the stock on our tables. The last shipment included the Finest Goods. The first lots are all sold, and such scenes of excitement as have transpired during this sale never before occurred in a clothing store.

Customers stood in open-mouthed wonder at the wonderful values given. Many persons bought two and three Coats on account of their wonderful cheapness. Small Merchants have eagerly bought all we would sell them, our prices are so much lower than they could buy the same goods at wholesale.

The Overcoats are Simply Elegant, made of the Richest and Finest Fabrics and in the most "Correct" Style. "Schnabel's" Chinchillas and Beavers; "Carr's" Meltons, Eredon Kerseys, Fine Fancy Overcoatings and Shetlands, intended for Merchant Tailor's use. Many were intended to Wholesale at $15, $18 and $20. We bought them for less than the Raw Material Cost, and are selling for $8 and $10, garments worth two and three times the money.

Not a Single Customer Has Left Our Store Dissatisfied.

His advertisement to be found in another column, will explain the range of his business and give the public information which they can greatly profit by—if they wish to buy, sell or exchange real estate, lend or borrow money or effect insurance.

PLAN OF HALL AT GREATREX.

Now is Your Time.

Dolan & Company, in anticipation of a change in their business, have begun a clearing sale that is intended to sweep their shelves of the magnificent stock of first-class goods which are piled thereon. No better stock of goods has ever been unpacked in Peterborough, and when it is known that in this sale there will be no reserve nor consideration of profits—only a determination to clear out the stock, it may be judged what great bargains will be offered. These bargains permeate every line, including worsted coatings, tweeds, Scotch, Irish, English and Canadian, ready made suits, overcoats, and clothing in all styles, weights and sizes, top shirts, white and coloured, dress shirts, gloves, silk handkerchiefs, scarfs, ties, and every detail of gentlemen's furnishings. No one can afford to neglect this great clearing sale. It offers bargains of the most exceptional character.

Chinese dress will be worn, and curios exhibited. We trust all who desire knowledge of the missionary work in China will attend, for this lecture has attracted large crowds and much interest where given. Admission free. All welcome.

Hastings' Hymeneal.

The Hastings *Star* says:—One of those quiet matrimonial events, which always create a lively interest, transpired yesterday, the occasion being the nuptials of Mr. A. E. Chapman, hardware merchant of our town, and Miss Annie Brennan, granddaughter of a venerable and respected townsman, Mr. T. Coughlin, sr. The ceremony took place at an early hour in St. Mary's church, the Rev. Father Quirk officiating. The bridesmaid was Miss Katie Hurley, Peterborough, Mr. H. Chapman, of Colborne, acting for the groom, his brother. None but the near relatives of both parties were present, and after the services all assembled at the residence of the bride's mother, Mrs. M. Brennan, where refreshments awaited them, after which the happy couple left for a trip eastward, taking the 2.30 train, and will visit Ottawa, Montreal, Portland and Boston, returning via New York and Niagara Falls. The bride and groom may rely on the warmest wishes of hosts of friends for their future happiness.

The Empire's Prize.

The *Empire* is sending out a Premium with its Weekly this fall which will be highly prized by the friends and followers of the late Premier of the Dominion. It is in the shape of a Memorial Album, illustrating the career of Sir John Macdonald, from his birthplace in Glasgow to his last resting place in Cataraqui Cemetery. The series of handsome views are in photogravure, executed in a manner that is a credit to Canadian art, and comprise an excellent photograph of the old Chieftain, taken a short time previous to his death; a handsome portrait of his devoted widow, the Baroness Macdonald; his birthplace in Glasgow, being a view of Brunswick Place near the Trongate, which will be recognized by all who are familiar with that city; a portrait of Sir John as a young man, being a fac simile of the earliest photograph known to be in existence, etc. The cover of this collection of photogravures is a beautiful work of art, the title being richly embossed in silver, with a medallion of the Chief in relief, surrounded by his now memorable words. "A British subject I was born, a British subject I will die," while the background shows shield with the British arms, and the whole is surmounted with drapery in royal purple, fringed with silver. A premium like this has never before been offered by a newspaper in Canada, and will no doubt be eagerly sought after, as it will be an ornament to a parlor table as well as a valuable souvenir of the old Chieftain.

Sons of England Entertainment

A Most Successful Evening's Enjoyment.

Lansdowne Lodge, Sons of England, may well be satisfied with the success of their entertainment on Thursday night, and the large attendance leaves them no ground for complaining of lack of friends. The entertainment began in a characteristically English manner—with eating. From five to nearly eight o'clock refreshments were served in the hall to hundreds of visitors, who greatly enjoyed the excellent edibles provided.

The hall was beautifully decorated for the occasion with flags, etc. At eight o'clock Mr. Richard Waram, W.M., took the chair and introduced the following

Wax works	Acts III and IV

GOD SAVE THE QUEEN.

Mrs. Stapleton's selection, the opening number, was the Red, White and Blue, in the chorus of which the Sons of England joined with great spirit and energy. Mr. Burdick's mouth organ solo was so well appreciated that he had a double recall and Mr. Barnes' song was also encored. The members of the Fifty Seventh Fife and Drum band, present under the leadership of F. W. Miller, made their first appearance and acquitted themselves in a manner to delight their auditors and reflect credit upon their instructor. Mrs. Jarley's wax-works was excellently presented by the young people of St. Luke's, Ashburnham, Miss Tivey taking Mrs. Jarley, in a very excellent manner, and was ably assisted as "Wind-'em up John" by Mr. John Turner, jr., who proved himself an artistic turner of the crank. The wax figures of "Blue Beard" and other celebrities were well represented. This portion of the entertainment was great fun, and was received from first to last with roars of laughter. Altogether the entertainment was a decided success and Lansdowne Sons of England have abundant reason to be proud of their large number of friends, as well as with their marked success in entertaining them.

Co-operative Christianity.

As Represented at the United Meeting of the Local Christian Endeavour Societies—A Large Meeting Held in the Charlotte Street Church.

A union meeting of the Christian Endeavour Societies of the town was held last evening (Thursday, Nov. 5th) at 8 p.m., in the Charlotte street Methodist church Sunday school room, where about three hundred persons were present, representing the different churches in town.

Mr. E. A. Scott, President of the local Union, occupied the chair, and opened the service by giving out the 5th hymn "All Hail the Power of Jesus' Name," after which Rev. A. McWilliams, of St. Andrew's church, led in the opening prayer.

Rev. Mr. Edwards, pastor of Charlotte street Methodist church, was then called on to give

AN ADDRESS,

The reverend gentleman gave an earnest, practical talk on the necessity of being united in Christian work, and congratulated the Society of Christian Endeavor on the good work they were doing, and pointed out in a clear and forcible manner the necessity of being united against the common foe—quoting the Saviour's prayer for His disciples, "that they all may be one, as We are one." He indicated the opportunities they had of doing good and exhorted the societies to go on in the good work they had begun.

After the address Dr. Scott led in prayer.

Mr. George Matthews then sang very acceptably a solo, "For as Gold is Tried by Fire."

The chairman then read a paper prepared by Miss Mary Rutherford, of the George Street Methodist Church, on the subject of "Fruit Bearing," which was thoughtful, earnest, practical and spiritual.

The members of Mark street Methodist church choir then gave an anthem, "Blessed be the Name of the Lord."

Treasurer, Mr. Thos. Barrie, gave a statement of finances in connection with the recent Provincial convention, which was as follows:

Expenses in connection with the convention	$52 31
Receipts	29 95
Balance to be provided for	22 36
	$52 31

The outstanding balance of $22 36 will likely be covered by the societies who have not as yet made their returns.

A note was read from Mr. R. J Colville explaining his absence from the meeting and giving a few words of kindly greeting.

The chairman then announced that the next part would be the collection, during which he read several announcements. After the singing of a hymn the Rev. Mr. Edwards pronounced the benediction, and thus concluded a very successful and helpful meeting.

Personal.

Miss Lizzie Acheson, of Hamilton, is in town, on a visit to Mrs. W. Menzies, 291 Rubidge street.

Mr. and Mrs. R. McEwen, of Sudbury, are in town for the winter. Mr. McEwen has disposed of his business—a general store—in that mining centre. He reports mining matters dull.

Mr. S. Frank Whitehouse, from China, who will deliver a lecture this evening in St. Paul's church, on the subject of "China and the Chinese," has arrived in town and is the guest of Mr. R. J. Colville.

Mr. A. J. Stevens, of Brantford, organizer for the Ancient Order of Foresters, is in town, and registered at the Snowden House. Mr. Stevens is on a tour of inspection of the Courts of Eastern Ontario, and will remain in Peterborough and visit Court Stanley on Monday evening next.

Mr. Robt. Vance, Cavan, left to-day for Toronto to attend a meeting of the executive committee of the agricultural and arts association of Ontario. The committee will, it is understood, interview Mr. Mowat and ask the provincial government to bear the cost of selecting stock for exhibition at the Chicago exhibition in 1893.

Police Court.

Friday, Nov. 5th.

Ernest Brault, charged with being an insane person, was arraigned again this morning (several witnesses having been heard yesterday,) and their being no evidence to warrant his further detention, was discharged.

The case of Jas. McLennan, charged with allowing his cow to run at large, was dismissed.

Matthew Wynn, the man charged with stabbing Walter Kerr on Sept. 15th, was again remanded till November 13th, Kerr still being too ill to appear.

County Police Court.

Friday, Nov. 6th, 1891.

This morning, County Constable George Cochrane made the first arrest under the Charlton Act ever made in the County of Peterborough. The person arrested is John Pope, jr., of the township of Smith, and he is charged with, that or about the third day of August last he did unlawfully seduce and have illicit intercourse with one Eunice Finlay, than a girl above the age of twelve years, and under the age of sixteen years. The prisoner was arraigned before County Police Magistrate Edmison and remanded till Monday.

Women's Work for the World.

Union Meeting of the Local Women's Auxiliaries.

A united meeting of the Women's Auxiliaries to the Women's Missionary Society of the Methodist Church, of the George Street, Charlotte street and Mark Street Methodist churches, Peterborough and Ashburnham, was held in the Mark Street Church last night. There was a good attendance.

Mrs. (Rev.) Thom presided and the devotional exercises were conducted by Mrs. (Rev.) Locke, who read the scripture lesson, and Mrs. (Rev.) Clark, who led in prayer.

Mrs. James Kendry, representing the George street church, gave a most interesting report of the meeting she attended of the Board of Management of the Women's Foreign Missionary Society of the Methodist church, held in the Methodist church, reading interesting statistics of the condition and progress of missions in Canada, and also in the foreign mission field.

Miss Kennedy, of the Charlotte street church, also gave a report of her visit as delegate to the meeting of the Central Branch at Brampton.

Mrs. Locke and Mrs. Wand gave readings on topics related to missionary work, and Mrs. and Miss Thom gave a very pleasing sacred duet, and Miss Weir a well sung sacred solo. A very pleasant and profitable meeting was brought to a close by prayer and the benediction by Rev. Mr. Thom.

IT FAILED TO WORK.

The Man Who Tried to Perpetrate a $25,000 Insurance Swindle.

St. Paul, Nov 6.—The notorious Bob Musgrove, who insured himself for $25,000 in accident insurance companies then procured a skeleton, placed it in a cabin near an Indian village, burned the cabin, and by means of a confederate spread the news that he was buried up, was captured in St. Paul to-night by detectives. The fire occurred in August and Musgrove has eluded capture until to-night.

NOTABLE STRIKE OVER.

San Francisco's Iron Moulders Give In to the Foundrymen.

San Francisco, Nov. 6.—The strike of the union iron moulders, which began in this city Nov. 3, 1889, ended to-day, the union voluntarily declaring the strike off. The cause of the strike was the joint action of 14 large foundries in refusing to recognize the rules of the union, which they claimed worked a hardship to their industry. About 140 moulders and 40 coremakers were involved. It is estimated that the strike has cost the union over $100,000 and three lives were lost through violence, the outgrowth of the feeling which prevailed between the moulders and foundrymen.

EMIN STILL ON THE MOVE.

However He Is Said To Have Encroached on Territory Under English Influence.

Berlin, Nov. 6.—A letter dated April 2 has been received here from Emin Pasha. In it the explorer said he was upon the point of starting to visit the King of Ruhauda, a territory hitherto unexplored by European or Arab.

Emin did not mention any design to go to Wadelai. His project at that writing seemed to be to march westward from Ruhauda and to cross the continent. Commenting on these facts The National Zeitung remarks that should the explorer have carried out this plan it involves desertion of the German service and that he will exceed his powers if he crosses the Congo Free State without permission. The Reichsanzeiger (official) says that Count von Hatzfeld, the German Ambassador at London, has been instructed to inform Lord Salisbury, the British Premier, that the German Government repudiated responsibility for Emin Pasha's movements if he had encroached on the British sphere of influence. Lord Salisbury, in reply, expressed his thanks for the statement made by the German Government concerning the explorer's movements.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes

That Tired Feeling

creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." Ed. Jenkins, Mt. Savage, Md.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. Begole, Editor Enterprise, Belleville, Mich.

Worn Out

"Hood's Sarsaparilla restored me to good health. Indeed, I might say truthfully it saved my life. To one feeling tired and worn out I would earnestly recommend a trial of Hood's Sarsaparilla." Mrs. Phebe Mosher, 99 Brooks Street, East Boston, Mass.

HERE'S A GHOST STORY.

MYSTERIOUS DOINGS IN A THORAH FARMER'S HOUSE

Cats Take Fire, Towels Burn Up and Wood Disappears—Queer Pranks in Broad Daylight—A Young Girl's Name Connected With the Mystery.

BEAVERTON, Ont., Nov. 7.—The residents of the sleepy township of Thorah have been for the past week considerably excited by the reports of curious antics, rumored to be performed by supernatural means, in a house owned and occupied by Robert Dawson, a reputable farmer on the first concession of Thorah, about three miles from this village. The story, told by neighbors arriving here, was that an adopted daughter of Mr. and Mrs. Dawson had been seriously ill with brain fever; that about a week ago she went into a trance and on awakening suddenly jumped up, exclaiming, "Look at that!" and pointing with her finger towards the ceiling of the house. The rest of the members on looking towards the point indicated by the girl were surprised to see the ceiling on fire. They immediately extinguished the fire and nothing more was thought of the matter until the following day, when the girl again startled the family with the same exclamation and the interior of the house broke out in flames. This performance, according to the rumor, was continued every day thereafter.

It Would Not Down.

From an investigation by The World's Ghost Exterminator, it is evident that the ghost sleeps just at present, but for a time it was fully as persistent as the one detailed for Banquo's special benefit.

The house is situated about one hundred yards from the road on lot 17, con. 1, Thorah—about seven miles from Cannington and three from Beaverton. It is a small and rather an ancient structure and is built of logs. There is a window in the front of the house, but no door; entrance to it being by a door in the rear through an old summer kitchen.

On arriving at the house Mrs. Dawson, the wife of the farmer, introduced the girl, whose name had been mentioned in connection with these mysteries. She was engaged in washing dishes. The girl was adopted by Mr. and Mrs. Dawson from an immigrant home in Belleville some time ago. She was originally from England, where she was known as Jennie B. Bramwell, but since coming to her present home she has adopted the name of Jennie B. Dawson. Miss Bramwell, or Miss Dawson, is a bright intelligent girl of about 14 years of age. She is well educated and an excellent conversationalist.

The Story in Detail.

After being shown over the premises, both up stairs and down, Mrs. Dawson tells this story of the girl's illness and the mysterious fires:

On Monday afternoon, Oct. 25, she and her husband went to a neighbor's to spend a few hours, and on returning home in the evening Jennie informed them that the house had been on fire and pointed out the place near the chimney. Mr. Dawson, thinking that there might still be some fire around the chimney, remained up all night to watch it, but nothing occurred during the night. After breakfast on Tuesday morning Mr. Dawson went out to the barn to load some grain to take to market, and Mrs. Dawson also went out into the yard. They had scarcely left the house when the girl, Jennie, came out shouting the house was again on fire. On entering the house they found that the west gable end was on fire. With the aid of water the fire upstairs was extinguished, but no sooner had that been accomplished than the fire broke out in several places on the wall in the room in the lower flat, and while extinguishing it there it again broke out on the wall in another room in the east end, there being no visible connection between any of the fires. They finally succeeded, with the assistance of some neighbors, in getting the fire extinguished. The next day the fire again broke out, and as on the former day, when it was extinguished in one place it would suddenly break out in some other place, several feet away.

A Picture Takes Fire.

On one occasion, while the fire was burning at the extreme west end of the house, a picture hanging on the wall at the opposite end of the house suddenly took fire and was consumed before their eyes. On examination it was found there was no fire near it. The family had now become thoroughly aroused, and after succeeding in extinguishing the fire, they removed the stove from the house as they had an idea that the fire was caused by it. But the removal of the stove had no effect, as on the following day—Thursday—the fire again broke out. While sitting looking at the wall fire would suddenly break out on it; a stick of wood lying in the old summer kitchen suddenly took fire and was partly consumed; a piece of paper pulled from the wall and thrown on the floor would immediately take fire and burn up. A towel which Mrs. Dawson had been using to wipe a table with on being thrown onto another table suddenly took fire and would have been consumed had not water been thrown over it, and a basket hanging in the woodshed also took fire.

The Ghost's Queer Pranks.

The dress of the girl Jennie took fire and she narrowly escaped being burned to death. Mrs. Dawson also had her right hand burned while helping to extinguish the fire. Wherever the fire appeared it would charr into the wood over half an inch in a second, and the other side of the board or log would instantly become so hot that a person could not place their hand on it. A peculiar thing connected with these fires was that as soon as any of the burning lumber, paper, cloth or wood (no matter how furiously they were burning in the house) was thrown outside the fire would immediately die out. After all the fires had been extinguished Mrs. Dawson pulled a piece of paper from the wall and rolled it up in a piece of an old muslin dress and dropped it on the centre of the floor and, accompanied by Mr. Dawson and the rest of the family, stepped outside to see the result. No sooner had they stepped out of the door than the muslin and the paper became ignited and burned furiously. Friday was no exception—in fact the fire was ten times as bad, there being nearly 50 fires in different parts of the house that day. But the climax was reached on Saturday when a kitten, which was lying in the centre of the floor of one of the rooms, became enwrapped in flames and rushed out into the orchard, where the flames, like that on the wood, paper, etc., immediately died out. On the kitten being examined it was found that the hair on its back was badly singed. The fires in the house also broke out twice that day.

Produced the Articles.

Mrs. Dawson, to prove what she said, showed the towel, basket, kitten, etc., which had so mysteriously taken fire, and everything was as she had stated. The kitten, which was examined closely, was badly singed. Mr. John Shier, brother of Mrs. Dawson, was also present and corroborated what his sister had told, as did also the girl Jennie. Mr. Shier also added, "That when he was first told of the fires he just laughed, and so lightly did he treat it that he did not visit the place until Wednesday and saw the mysterious fires himself." He was there when the cat took fire and when the linen and towel were burned, but neither he nor Mrs. Dawson or any other of the members of the family could in any way account for the origin of these fires. Neither can any of the neighbors who were at the fires.

On asking if it was true that the girl Jennie was ill or subject to fits, Mrs. Dawson said: "The girl was taken ill some weeks ago with whooping cough, but when she was recovering from that she was taken down with brain fever, but was now all right again." During the girl's illness the doctor in attendance injected into her arm morphine, and immediately after the girl went into convulsions and for some time after was subject to them. However, she could in no wise connect the girl's illness with the fires.

Prepared for the Worst.

The house is still standing, but all the partitions have been removed from the top story, and the furniture has been taken to a neighbor's. A peculiar feature was that no fires occurred at night—all being in daylight, and they appeared to be more numerous during the two days when the stove was outside.

Chemist Smith Thompson and Editor Robinson of The Cannington Gleaner have visited the scene and are unable to explain the phenomena. Everything has been suggested that reasoning minds could imagine as a natural cause for the phenomena, but they have in turn been rejected. Human agency and electricity have been mentioned, but at every fresh suggestion of cause the apparently angry author of the mysterious fires repelled the insinuation by blazing out in a new place and destroying all topographical calculations. If it be human agency the one who constructed the machinery must be an expert and a model of ingenuity. If it be electricity the house must be charged more powerfully than any building yet tested.

Excitement in the Neighborhood.

There is a great stir in the neighborhood and the house is daily visited by scores. All are politely received and given every facility for inspecting the rooms, charred articles, etc. Both the girl and Mrs. Dawson tell their story in a plain, unvarnished manner, devoid of exaggeration and seemingly with a firm faith in the supernatural character of the manifestations. Mr. and Mrs. Dawson have lived on the place for a number of years and are well-to-do, kind and highly respected people. The neighbors speak in the highest terms of them and also of the girl Jennie. The neighbors are all deeply impressed with both what they saw and what they were told.

SMOKING PERMITTED.

A Toronto Delegate's Sensible Explanation To a Washington Conference.

WASHINGTON, Nov. 7.—At yesterday's session of the Christian Workers' Convention Mr. B. E. Bull of Toronto, Ont., made an address upon the work of the Central Lodging House Association of that city. Mr. Bull's statement that there was a smoking room in the lodging house called forth a number of protests from the delegates, who were of the opinion that the use of tobacco should not be allowed.

Mr. Bull, in explanation, said that on the board of directors of the house there was not a single smoker, but that it was permitted through fear that otherwise the men would be driven back to the saloons.

WHAT GREETED A DAUGHTER.

Found the Dead Body of Her Father Revolving On a Shaft.

ORILLIA, Nov. 7.—Joseph Fowler, formerly of this town, and lately conducting the mill at Beggsboro, near Lake Rosseau, was killed a day or two ago. He must have been standing with his back to a pulley when the pin caught his clothing and wound him around the rapidly revolving shaft. His legs were broken at the knees and his neck was dislocated. His daughter went into the engine room to speak to him only to find his mangled corpse whirled around by the machinery. How long it was from the time he met with the accident until discovered is said to be about 15 minutes.

London Shoemakers Locked Out.

LONDON, Nov. 4.—Seven thousand shoemakers of this city have been locked out, and unless the matter at dispute is settled by to-morrow 22,000 persons will be affected by the difficulty.

Met Death Playing Football.

HAMILTON, Nov. 6.—W. J. Gallagher of Tapleytown, aged 28, died yesterday morning after a long and painful illness resulting from injuries received in a football match at Tweedside three months ago. A match was in progress between clubs from Winona and Tapleytown, and in the course of the game Gallagher and a young man named Smith, son of Wesley Smith of Winona, collided with each other when running at full speed. Smith's knee struck Gallagher in the abdomen, injuring him badly. He lingered on for three months, suffering intense pain. A week ago the doctors opened him and found that mortification had set in. The bowels had been so badly injured that nothing could be done for the unfortunate youth.

THE CORK ELECTION.

THE PARNELLITES BELIEVED TO BE BEATEN.

The Lame and the Blind Brought Out to Vote in one of the Most Exciting Contests in History—Very Little Rioting.

CORK, Nov. 6.—The decisive battle in Cork was fought yesterday and the victory is with the McCarthyites.

The candidates were: Mr. Martin Flavin, a trader of the city of Cork, Nationalist; Mr. John Redmond, Parnellite; Capt. D. R. P. Sarsfield, D.L., of Doughcloyn Cork, Unionist and the chief Orange leader of the South of Ireland.

At the close of the polling Mr. Flavin was generally credited with the victory.

The poll boxes were escorted from the outlying districts by troops and police. The counting of the ballots will commence to-day.

The supporters of Flavin claim a majority of 1200 for him, while the Parnellites claim to believe that they have carried the election by a majority of 100.

The day's contest was opened with vigor, 1500 votes being cast in the first hour. The streets were full of noise all day, and the accustomed blackthorn peeped out from beneath many a coat, and there were not wanting evidences that many hundreds of the throng are anything but averse to an exchange of blows. Priests, members of Parliament and candidates for political honors were incessantly driving from booth to booth, encouraging their followers and looking after the interests of their respective factions. There were plenty of police guards in close proximity to the voting booths and strong reserves were held in readiness for prompt service at the station houses. In addition to these there was an ample military force in the city prepared to reinforce the police should such a course become necessary. The soldiers were strictly confined to their barracks, through the gates and from their windows of which hundreds of them watched the roystering crowds passing to and fro. However the day passed without any serious disturbances.

There were several exciting scenes in Northwest Cork, where the continual squabbling going on between the priests and the Parnellites was the main feature of attraction. The Flavinites took no pains to conceal the fact that they were for a row and blackthorn music was looked for.

The police heard the rumbling of a coming storm and so informed headquarters. The chief of police held a consultation with his lieutenants and then placed himself in communication with the military commander of the district. Shortly afterwards there was a movement of troops, and people were cheered by the sight of a strong detachment of infantry, the fifers and drummers playing "The British Grenadiers" as they marched to the troubled districts. Upon arrival there the officer in charge of the detachment surrounded the polling booths, drove back the disorderly Flavinites and posted his men so that they were ready to protect the Parnellites en route to the polling booth from the Flavinites. From that time the Parnellites were able to go to and from the poll in a freer manner and consequently they cast more votes than otherwise would have been the case.

The polling was heavy. Even the lame and the blind were brought up to the polling places.

It has been noticeable that in the many altercations between the priests and the Parnellites the women in most cases sided with the priests.

William O'Brien received an ovation from the women, who presented him with flowers and even divested themselves of their shawls for him to walk upon.

Authorized explanations sent to the Gladstonian papers anent the Liberal leader's share in the Boulogne negotiations, deny that the latter gave any negotiator assurances as a basis for a secret covenant.

Henry Harrison, M.P. for Tipperary, announces his intention to thrash Tim Healy at the earliest opportunity.

DUBLIN, Nov. 6.—Thomas, brother of Timothy Healy, has been selected to contest North Wexford, made vacant by the resignation of John E. Redmond.

DOUBLE SUICIDE.

Two Japanese Perform "Hari-Kari" and an American Shoots Himself Dead.

VICTORIA, B.C., Nov. 6.—This morning the steamship Sussex reached port from China and Japan. In coming from Yokohama her officers heard of the remarkable experience of a party of young English and American tourists in their attempt to climb the summit of Fusiyama, the sacred mountain of Japan. Five English naval officers, on leave, fell in with three American brothers named Castleton, from Philadelphia. Having secured two native guides they started. The guides at the end of two days signified their intention of committing suicide if the party did not turn back, and, calmly walking in front of the tourists, each, with a stroke of a sharp "kolo," disembowelled himself. Both died instantly, and the youngest of the Castleton boys, a boy of 18, immediately pulled out a revolver and blew out his own brains. The rest of the party turned back and descended the mountain, taking with them young Castleton's body.

AN AWFUL CRIME.

A Naked and Headless Body Discovered in a Cellar.

PARIS, Nov. 7.—Yesterday the police found the body of a man in a cellar in the Rue Charonne, who had been strangled before he had been beheaded. A dock laborer named Vancourt was arrested and made a confession. He acknowledged that he strangled his companion after a drunken fight, when he carried the body to the cellar in which it was found. He decapitated it and threw the head into one of the public latrines. The head was found to-night in the place indicated by the murderer.

Dufferin Warden of the Cinque Ports.

LONDON, Nov. 7.—The Queen has appointed the Marquis of Dufferin Ava Warden of the Cinque Ports.

The Cinque Ports constitute a group of seven ports (originally five, whence the name) situated on the south coast of England, in Sussex and Kent. Hastings, Romney, Hythe, Dover and Sandwich were the original ports, Winchelsea and Rye being added afterwards.

The original Cinque Ports were created by William the Conqueror, and were endowed with various important privileges in consideration of their furnishing a certain quota of ships of war for the King's use when demanded. The Lord Wardenship is now only an honorary dignity.

Patti Wins a Lawsuit.

BERLIN, Nov. 7.—Madame Adelina Patti has won her lawsuit against the Prussian impresario, Zet, who forced her to pay a large sum as compensation for her breach of contract in not going to St. Petersburg to sing last winter.

Feared She Is Lost.

LONDON, Nov. 7.—A boat belonging to the Collier Kathleen has been washed ashore at Clacton Sea, Essex. It is feared the Collier, which carried a crew of seven men, has foundered with all on board.

Cable despatches from Rio Janeiro contain the information that all the theatres and other places of amusement have been closed by order of the authorities. The soldiery are patroling the city for the purpose of preventing any assembling of the people. All the public buildings are being guarded by troops and the state of siege is being prosecuted with vigor.

THE CANADIAN RECORD.

MANSLAUGHTER IN MONO TOWNSHIP.

Killed by a Stone in a Drunken Row—Another Child Burned to Death—Meeting of the Dominion Cabinet—Halton Election Voided Owing to Bribery.

SHELBURNE, Ont., Nov. 7.—On Oct. 17 last, at Hockley Hotel in Mono, kept by D. Galbraith, William Shinnawin, sr., and William Shinnawin, jr. (father and son), Joseph Montgomery and some other parties by the name of Buchanan raised a dispute over a horse deal, which ended in a fight. John A. Montgomery was doing business inside with Mr. Galbraith when he heard the row going on. He went out and found his cousin Joseph being attacked by the two Shinnawins, and tried to rescue him, when it is said William Shinnawin, jr., stepped back, picked up a stone and threw it at John, striking him on the head.

Montgomery, the injured man, died about 1 o'clock on Tuesday morning, having survived the blow about 17 days. The Shinnawins have been arrested and lodged in Orangeville jail.

BRIBERY PROVEN IN HALTON.

And the Election of Henderson Voided by the Judges.

MILTON, Ont., Nov. 7.—Halton election was voided yesterday on the ground of bribery by an agent and Mr. Henderson (Con.) declared unseated.

It was proved that Maurice Felan of Oakville paid one Willie Wallace, colored, $5. Wallace stated that Felan had asked him a number of times to vote for Henderson, and two or three days before the election Felan called at his house and gave him $5 which he said was a balance due on wages from the previous harvest. Mr. Felan stated that Wallace worked for him the previous harvest about fifteen days at $1 per day and had worked for him on previous occasions at 75 cents and $1 per day, and claimed that the $5 payment was a balance due Wallace for wages. Justice Street found that Felan canvassed Wallace for his vote, that Felan was an active worker, a member of the committee, and a delegate to the convention. The court therefore arrived at the conclusion that Mr. Felan paid the $5 to Wallace for his vote. Charge established and election voided.

BLOWN TO SHREDS.

A Couple of Men Fatally Hurt by a Muskoka Boiler Explosion.

SUNDRIDGE, Ont., Nov. 7.—About 10 o'clock yesterday the boiler in M. E. Tonkey's planing mill and sash and door factory blew up, demolishing the building and machinery and injuring a number of men. The boiler was blown through the building and about 80 feet into the air, landing 175 yards from the factory. James Turnbull, engineer, was driven through two partitions. Both legs are broken and he is terribly scalded. William Cassidy, carpenter, had a leg and arm broken by falling machinery. Several others were scalded but not seriously.

A YOUNG BIGAMIST.

Herbert Smith's Two Wives Present in Court at Brantford.

BRANTFORD, Nov. 7.—At the police court yesterday Herbert J. Smith, alias Bert S. Lamuerte, was charged with bigamy. The two wives were present in court. Rev. D. Hutchinson, pastor Park Baptist Church, testified he knew Herbert J. Smith first as a lad in St. Thomas, and that at his residence on 22nd March, 1889, he married the defendant to Miss Maggie Turnbull of Paris. The witnesses were Mrs. Hutchinson and Miss Lizzie Bradley of St. Thomas. Rev. Clifford T. Bennett, pastor West Brantford Methodist Church, testified he knew the prisoner as Lamuarte since July or August, 1890, that on the 16th February, 1891, he married Lamuarte to Miss Lucinda Sowden at Robert Sowden's, her brother's residence, West Brantford. He gave his parents' names as Jean and Ciecia Lamuarte, and said that he was a butcher, 23 years of age, born at Louisville, Ky. The witnesses to this marriage were Miss Ruth E. Neff and George Wilson. The defendant was committed for trial at next assizes. He has for some time past been employed in the office of the Bell Telephone Company here.

The Quebec Enquiry.

QUEBEC, Nov. 7.—When the commission resumed yesterday, Pacaud presented another statement for the accommodation of the commissioners, after which Mr. Leduc, who was Armstrong's engineer since May, 1886, till June, 1888, made a statement. It was he who prepared all the estimates, which were certified to by Mr. Light, who usually did so without making any changes. He had signed Armstrong's claim, and the certificates on which it was based were prepared by him and certified to by Mr. Light.

Superintendent Pope of the Great Northwestern Telegraph Company was ordered to produce to-morrow all telegrams referring to the Baie des Chaleurs Railway.

Meeting of the Cabinet.

OTTAWA, Nov. 7.—To-day's meeting of council was short and unimportant and Premier Abbott went down to Montreal by the 4.30 train. Chapleau attended and Ouimet took his seat for the first time. It is not expected any furthe announcement about reconstruction will be made immediately, but it is understood that Meredith and Angers will be the next persons to whom the Premier will offer seats. The latter gentleman, however, will not enter the Cabinet until the Baie des Chaleurs matter is reported on and should ther be a general election he will remain in Quebec until that is over.

Football.

TORONTO, Nov. 7.—The great match played here yesterday between 'Varsity and Osgoode Hall for the championship cup of the Ontario Rugby Union, resulted in a draw, each club having secured 10 points at the conclusion of the game. Play throughout was rough, and several players were injured. The students turned out in a body, all equipped with tin horns. The match will be played over again on Monday.

Dog Meat For Consumption.

SHELBYVILLE, Ind., Nov. 7.—A unique remedy for consumption is being tested in this city. A young lady, who for some time has been suffering from pulmonary affection, has begun, under the direction of her medical adviser, a systematic dieting consisting of dog meat, which is to be her exclusive diet until the efficacy of the remedy shall have been thoroughly tested. A fat, healthy Newfoundland pup was butchered and will be served regularly at her meals.

The Usual Termination.

MADRID, Nov. 7.—Admiral De Beranger, Minister of Marine, recently challenged the editor of a newspaper here to fight a duel. The duel was fought to-day. Four shots were exchanged, but neither of the combatants was wounded. The seconds then declared the honor of both principals satisfied and refused to allow further hostilities. Immediately after the duel Admiral Beranger resigned his portfolio as Minister of Marine.

WISE MEN SAY

That Peterborough will be a city of 25,000 people within 5 years, and from 50 to 60,000 within 10 years. And this is no false prophecy; it will be fulfilled, therefore, it should be a good time to buy property for use or speculation, and 357 George St. is by far the best place to go when you want to buy or rent for any purpose.

Buy Now, If at All.

EVERY day makes more apparent the fact that the town is going ahead rapidly. Numerous changes have taken place in the way of ownership of property. Many workingmen are buying houses and lots, or lots on which to build. One of the most suitable locations is that known as the Erin property, at the west end, owned largely by Mr. Wm Fitzgerald. This week he has closed the sale of a very desirable house and lot, and has several eligible lots on this property to dispose of. Property in this neighborhood is rapidly being built up, and it will be well to have a look at the situation if one is at all disposed to buy. The terms are very favorable and especially low for cash, though payment on time may be arranged.

J. J. SHEEHY'S SECOND ANNOUNCEMENT.

On the first of October, I, having just concluded my sixth year in Business, felt desirous of stating to my many Customers and the Public Generally, just what my experience had been. I endeavoured to do so in such a manner as to convince those who read advertisements, (and their name is legion) that what I said I meant. I refrained from Wild Statements, Quoting of Prices, and the Specifying of Extraordinary Values, or the Hundred-and-one Stereotyped Methods that are indulged in by Advertisers as a rule, but at once Got Down to Facts, and will endeavour to follow out that Principle, as I consider that the growth of my Business is, in itself, the biggest guarantee that the people are satisfied, that, when they buy goods from J. J. SHEEHY, they get Right Goods and that the Prices are also right.

The Month of October, notwithstanding the Mild Weather has been a Great Success so far. And the 5 Per Cent Discount which has just Seven Days More to Run, is evidently making itself felt. If you require any Fall and Winter Dry Goods, come in and examine our stock, and if we have not what you want, then it is a line, either unknown to the trade or at least has not yet reached Peterborough. I might just say in conclusion that I have closed the purchase of over

200 PAIRS OF WHITE WOOL BLANKETS.

The weights range from 5 to 9 pounds. As to the value, I will not say anything, but cordially invite your inspection, firmly believing that the Prices will speak for themselves.

Don't forget the 5 Per Cent. Discount off every purchase of, or over, ONE DOLLAR, during the Month of October. Yours respectfully,

J. J. [illegible]

The Home of the "Heathen Chinee."

A China Inland Missionary's Able and Interesting Address—A Large Audience.

There was a crowded audience in the school room of St. Paul's church on the occasion of an address, delivered on the subject of "China and the Chinese," by Mr. S. Frank Whitehouse, a missionary who has seen service in the Flowery Kingdom, in the China Inland Mission field, but is now *en route* to China in the service of the Bible Society of Scotland, he having been called home to England for a season for family reasons. He is holding a series of meetings in Canada, the collections taken being devoted to augmenting the funds of the society.

Rev. Mr. Torrance, pastor of the church, presided. The preliminary devotional exercises, consisted of singing the hymn, "All hail the power of Jesus name," prayer by Rev. J. E. Trotter, Baptist minister, and the reading of a lesson from Holy Scripture —the 67th Psalm—by Rev. Mr. Torrance.

The speaker of the evening appeared on the platform attired in Chinese costume and delivered, in an easy, colloquial manner, his address, which was very interesting—his description of Chinese manners, customs, costumes, social usages, modes of worship and social conditions, was very graphic and interesting. The speaker's manner of speaking was very humorous in describing the experiences of a foreigner in being accustomed to the ways of the "heathen Chinee." At the same time sight was never lost of the deep earnestness of purpose that animated the speaker's heart. He began his address by saying that China was a great country, with a population of three hundred millions of people. He said that they wore the native dress in order to get access to the people, and thus by deferring to national prejudices gain the sympathies of the people, and thereby to increase their chances of doing good. A missionary addressing a crowd of Chinamen in inland China, clad in English costume, would lose influence by the heathen attention being distracted from the Gospel message by the peculiarities of his dress. An appeal was made for kinder and more generous treatment for the Chinese by civilized countries, which would make the path of the missionary smoother. "Pig-tails" were worn because they were regarded as a sign of submission to the government. Missionaries when they now land in China were sent to a training home where they are taught the language, which can be learned in five or six months—that is the vernacular. The speaker said he preached his first sermon within five and a quarter months. The women of China were treated very badly, their birth, being regarded as a punishment. From the training school the missionary is sent to his field of labour inland, the journey being made on foot by the men, their baggage carried on barrows. The speaker in describing the journey incidentally gave very interesting details of the manners and customs of the country and the habits of the people. Referring to the written language the speaker said that there was so great uniformity that one translation of the gospel could be read in almost every Province of China. When the missionary came to a Chinese village, he sold copies of the Gospel to Chinamen, who value and keep what they buy, while neglecting what is given them. The missionary always, if possible, sold first a tract explanatory of the Bible when he sold the latter, and the reason this meeting was held was to raise money to buy tracts; for the Bible Society of Scotland would allow not a cent of money to be spent for anything but the Bible, and the speaker appealed earnestly for financial assistance in spreading the light of the Gospel in the darkness of China. The work was progressing in China very encouragingly. In 1807 there was only one missionary working there; now there are fifteen hundred. In 1807 there was not a single convert; now there were forty thousand.

The meeting was closed in the usual manner, with a closing prayer and the benediction by Rev. Mr. McWilliams.

The Insidious Foe!

It Cannot be Quarantined—More to be Dreaded than Smallpox or Yellow Fever.

Thousands of our wise and thinking people, as well as many of our best physicians, are seriously of the opinion that our Dominion will be visited again this autumn by that insidious foe, La Grippe. We believe that even now this dreaded disease has obtained an entrance in some districts, and is of a very fatal character. We should remember that this terrible enemy is more to be feared than smallpox or yellow fever, as its victims cannot be quarantined or isolated.

The ablest physicians of the world advise particular preparation in order to combat this deadly trouble. They recommend that the weak, nervous, sleepless, gloomy, morbid and dyspeptic fortify themselves at once for the coming evil. It was proven to the satisfaction of all, in previous epidemics of La Grippe, that Paine's Celery Compound accomplished more for those who were not thoroughly strong than any other known remedy. It was used by thousands with unfailing success, and physicians everywhere prescribe it with pleasure and confidence. Paine's Celery Compound is the only preparation that can brace up the weak, make them robust and healthy, and give a perfect digestion.

It is earnestly hoped that thousands of our Canadian people will use it in time this season, before they are attacked and laid low and helpless by the unrelenting foe, La Grippe.

The use of Paine's Celery Compound by the indisposed, brain-tired, over-worked and nervous will certainly prevent the Grippe microbe from fastening itself upon such victims. We trust our people will listen to advice and reason before it is too late; prevention is better than cure.

Dr. Briggs Acquitted.

The Presbytery of New York has acquitted Professor Briggs of the charge of heresy founded upon his inaugural address at the Union Theological Seminary. The charges have been frequently published; in the main they amount to a declaration that some of his teachings conflict with the doctrine that the Scriptures of the Old and New Testaments are the only infallible rule of faith and practice. In an article published in the the *Forum* last June Dr. Briggs said that modern critical philosophy in all its branches history and the critical study of the Bible, were all working together to give the theologian treasures a truth unknown to former ages. "The critical study of the Bible makes it a richer and a grander book, and finds mines of doctrines, new as well as old. The church, to the thoughtful student of history, becomes sublime, notwithstanding all its defects, as the kingdom of Christ on earth. The reason in the researches of modern science and philosophy has become a vastly more potent factor in the apprehension and comprehension of divine truth. There is a reconciliation to be looked for in the future to which churchmen, rationalist and evangelical, may each contribute. We may reasonably expect that the theological conflicts, the dissolutions of old theology, the reconstruction of new theology, the intense and eager researches after the truth of God, will result in a crisis in which all of the forces of Christianity will come into play in order to give birth to a new age of the world, in which the discord of Christendom will die away, and concord will live and reign and express its new faith and new life in a creed, a choral of praise to a triune God, in which all the essential doctrines of Christianity, learned from all the struggles and triumphs of twenty centuries, will be grouped about the Father, the Son and the Holy Ghost."

Across the Continent.

Wm. Renwick, M.D., M.R.C.S.E., Victoria, B.C., writes: 'I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy.' The Safest

AND most powerful alterative is Ayer's Sarsaparilla. Young and old are alike benefited by its use. For the eruptive diseases peculiar to children nothing else is so effective as this medicine, while its agreeable flavor makes it easy to administer.

"My little boy had large scrofulous ulcers on his neck and throat from which he suffered terribly. Two physicians attended him, but he grew continually worse under their care, and everybody expected he would die. I had heard of the remarkable cures effected by Ayer's Sarsaparilla, and decided to have my boy try it. Shortly after he began to take this medicine, the ulcers commenced healing, and, after using several bottles, he was entirely cured. He is now as healthy and strong as any boy of his age."—William F. Dougherty, Hampton, Va.

"In May last, my youngest child, fourteen months old, began to have sores gather on its head and body. We applied various simple remedies without avail. The sores increased in number and discharged copiously. A physician was called, but the sores continued to multiply until in a few months they nearly covered the child's head and body. At last we began the use of Ayer's Sarsaparilla. In a few days a marked change for the better was manifest. The sores assumed a more healthy condition, the discharges were gradually diminished, and finally ceased altogether. The child is livelier, its skin is fresher, and its appetite better than we have observed for months."—Frank M. Griffin, Long Point, Texas.

Some women imagine that nothing will stand the peculiar breaking strain of their forms on corset "bones."

They don't know Kabo, which neither breaks or kinks.

If B. & C. corset boned with Kabo breaks or kinks in a year, go back to the store at which you bought your corset and get your money again, every cent of it.

If the corset doesn't suit you, after wearing a week or two or three, go back for your money.

There's a primer on Corsets for you at the store.

GOUGH BROTHERS

Are Fitting out the Feet of Thousands who have only their Soles between them and Mother Earth!

ANOTHER $10,000 STOCK of Splendid Boots and Shoes have arrived for GOUGH BROTHERS. The Goods are opened out and on sale at their Two Big Stores, 376 and 377 George Street.

Positive proof has been given, in the case of several responsible parties who have taken in the Town and compared prices, that Gough's in every case give the best value. One customer stated: "I looked at a pair of boots down town for $1.25, and Gough's price for the identical goods was a little over one-half." Make a note of this, and when you want boots don't buy until you give Gough's a look.

The Sensation for October will be Gough's Overcoats and Suits, Cardigans, Shirts and Drawers.

GOUGH BROTHERS carry Five Times as much Ready-made Clothing as all the other dealers in Town, and their prices are 50 PER CENT. LOWER. When you want Clothing don't buy until you see the Big Stock kept by

"German Syrup"

A Farmer at Edom, Texas, Says: "We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country. John Franklin Jones.

THE *Railway Age* says that the scheme of an inter-continental or pan-American railway to connect the railway systems of the United States with those of South America, which at first seemed chimerical, is moving into the region of probability. Surveying parties are at work on various parts of the line, and it is expected that this winter they will report on the most difficult portions of the work. A report made to the United States Government shows that the Governments of Central and South America are friendly to the plan, and that some of them will give it substantial aid. Among the most formidable difficulties in the way of the enterprise are the political jealousies and animosities of the South American republics and their precarious financial condition.

THE effects of the McKinley tariff upon Oswego's leading industry are thus described by the *Palladium*:—"During the past two days a brisk wind has been blowing down the lake. In other years such a wind in the fall months would send scudding into Oswego harbor anywhere from thirty to sixty vessels freighted with barley. How many came yesterday? Not one. In the handling and malting of the grain hundreds of workingmen found employment and good pay, and depended upon the brisk fall months to provide the necessaries of life for the winter. What they will do this fall God only knows. Whether or not our fair city will ever recover from the foul blow at her commerce and her greatest industry, which the Republican party dealt her with the McKinley bill, is a question that can only be determined in the years to come. While Oswego's prospects are thus blighted, who are benefited? Is the Scriba farmer any better off because of this prohibitory barley tariff? Is the Oswego town farmer benefited by the closing up of our malt houses and by our idle elevators? Not to the value of a single farthing.

ACCORDING to a calculation made by Mr. Brock, chief of the Bureau of Statistics at Washington, the McKinley duties, which are largely specific, average 40 per cent. ad valorem; whilst the free list embraces half the goods imported. Altogether the tariff is lower to-day than it has been at any time since 1861. What is more, the tendency is toward a further reduction. The Republicans found it much easier in the campaign which closed yesterday to talk reciprocity with southern countries than to talk protection *pur sang*. Free sugar has done a great deal to discredit protection in the eyes of the people. Taking it all round, remarks the *Globe*, the American tariff is not much higher than ours, while the vast size of their home market enables them to manufacture more cheaply. It is easy for a manufacturer over there to specialize his labour and machinery, whereas in many lines our market is too limited to allow of that being done. It is necessary for the Canadian Tories to remember also that the United States debt has been reduced with extraordinary rapidity during the last ten years. Our debt, on the contrary, has gone on increasing until it is now four times as large per head of population. This is a very pertinent point in dealing with the question of closer trade relations. The Tories have a way of shirking it by saying, "Oh, you're running down the country." The man who ran down the country was Sir John Macdonald. If a comparison of debt, census, prices of produce and prices of manufactured goods is dead against us, the fault is mainly his. It is absurd to lay the blame on those who simply state the facts as they exist.

Children almost invariably suffer from catarrh at this season. Do not neglect it until perhaps consumption is developed, but apply Nasal Balm at once. It never fails to cure. dw

Both Saint and Sinner.

It troubles the sinner and troubles the saint,
It's a troublesome, trying and nasty complaint,
Don't think it incurable; I tell you it ain't.

Excuse the grammar; it's the truth I'm after, whether gramatically or ungramatically told. The truth is, that catarrh can be cured. The proprietors of Dr. Sage's Catarrh Remedy offer $500 for an incurable case of catarrh in the head.

THE SYMPTOMS OF CATARRH—Headache, obstruction of nose, discharges falling into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, purulent, bloody, putrid and offensive; eyes weak, ringing in the ear, deafness; offensive breath, smell and taste impaired, and general debility. Only a few of these symptoms likely to be present at once. Dr. Sage's Remedy cures the worst cases. Only 50 cents. Sold by druggists, everywhere. o

MONTREAL, Aug. 4th, 1891.

It is a pleasure for me to say good words in favor of Anti-Dandruff, as its merits cannot be questioned. In my own case, Dandruff not only made itself known by appearance in more than liberal quantities from which I could not obtain relief, but its continued presence and increasing formation caused falling of the hair. My barber spoke highly of Anti-Dandruff. I used it, and not only has every trace of Dandruff disappeared but the falling of hair has stopped. Having full faith in the preparation I not only endorse it for the above but further add that as a fine dressing for the hair nothing equals it.

Ask Your Friends About It.

Your distressing cough can be cured. We know it, because Kemp's Balsam within the past few years has cured so many coughs and colds in this community. Its remarkable sale has been won entirely by its genuine merit. Ask some friend who has used it what he thinks of Kemp's Balsam. There is no medicine so pure, none so effective. Large bottles 50c. and $1 at all druggists. d

His Family did not Know Him.

A Belleville man has for many been bent and crippled with a lame back, but after trying the OR, Kidney cure, he could walk like a boy again and his neighbors could hardly recognize him. This remedy is for sale by all druggists and the OR, Kidney Company, Belleville. dw

Do You Cough?

Don't delay. Take Kemp's Balsam, the best cough cure. It will cure coughs and colds. It will cure sore throat, or a tickling in the throat. It will cure pains in the chest. It will cure influenza and bronchitis and all diseases pertaining to the lungs, because it is a pure balsam. Hold it to the light and see how clear and thick it is. You see the excellent effect after taking the first dose. Large bottles 50c and $1. dw

A Spring Medicine.

There are few who do not at this season feel the need of a spring medicine, and to all such we recommend Lane's Family Medicine as the best. This is a pleasant herb drink made by pouring boiling water on the dried roots and herbs. Druggists sell the packages at 50c. and $1. It is the best as well as the pleasantest cure for constipation and headache. dw

Advice Free.

Keep the head cool, the feet warm, and the bowels regular, and no disease can attack you. This is a celebrated German physician's advice, and can best be accomplished by using Burdock's Blood Bitters, the best regulator and purifier known. It cures all disorders of the stomach, liver, bowels and blood. dw

THE "RED STAR"

CLOTHING HOUSE,

SHEPPARD'S OLD STAND,
GEORGE ST., PETERBOROUGH.

A WEEK AGO

"THE STAR" made the largest purchase of Overcoats ever made at one time in the history of the Clothing Trade—Over TWENTY THOUSAND DOLLARS' WORTH---the entire magnificent stock of one of the largest manufacturers of Fine Clothing in Canada. The owners of the goods were in Desperate Need of Ready Cash. We had it, and we got the stock AT OUR OWN PRICE. We placed about half our purchase on sale Monday morning, and to-day we place the balance of the stock on our tables. The last shipment included the Finest Goods. The first lots are all sold, and such scenes of excitement as have transpired during this sale never before occurred in a clothing store.

Customers stood in open-mouthed wonder at the wonderful values given. Many persons bought two and three Coats on account of their wonderful cheapness. Small Merchants have eagerly bought all we would sell them, our prices are so much lower than they could buy the same goods at wholesale.

The Overcoats are Simply Elegant, made of the Richest and Finest Fabrics and in the most "Correct" Style. "Schnabel's" Chinchillas and Beavers; "Carr's" Meltons, Eredon Kerseys, Fine Fancy Overcoatings and Shetlands, intended for Merchant Tailor's use. Many were intended to Wholesale at $15, $18 and $20. We bought them for less than the Raw Material Cost, and are selling for $8 and $10, garments worth two and three times the money.

Not a Single Customer Has Left Our Store Dissatisfied.

Admirers of the game of hockey are moving for the organization of a club in Peterborough. The proposal has taken so much shape that a meeting for organization will be held in the Olympic Club Rooms, which have been kindly for the occasion, on Tuesday evening, Nov. 10th, at 8 o'clock. All persons interested or desirous of becoming members are invited to attend this meeting.

Thanksgiving Supper.

A thanksgiving supper and entertainment in connection with the Ladies' Aid of the George street Methodist church, will be held in the lecture room of the church on the evening of Thanksgiving Day, Thursday, November 12th. Supper will be served from 5 to 7 30 o'clock, after which an attractive programme will be presented in the church. Tickets 25 cents. Proceeds in aid of Tower Fund. 5d

A New Counterfeit.

A new counterfeit $1 Dominion note has been put in circulation, of the issue of June 1st, 1878. The paper is poor and the printing inferior, while the portrait of Lady Dufferin in the centre of the bill is wretchedly executed. The scroll work, too, is bad, and the space left for the signature of the Deputy Minister of Finance is left blank. These were the points noted for the official description of the bill.

Teachers!

The next meeting of the Teacher's Association for the town of Peterborough will be held at the Collegiate Institute on Friday, Nov. 13th. The session will begin at 9 a.m. sharp and all teachers of the different educational institutions of the town are expected to be present. A cordial invitation is extended to the teachers of the Ashburnham schools, also to educationists of the town and its vicinity.

Committed for Perjury.

At Warsaw on Friday afternoon, Edwin Smiley, a witness in the Hunter-Crowe seduction case, tried at the late assizes in Peterborough, was arraigned before A. B Kidd, Esq., J.P., charged by Catharine Hunter, the plaintiff in the said case, with having committed perjury in his testimony in that case, in which he swore to having had illicit relations with Catharine Hunter in a room in her father's house, on a certain date, after her brother, who had slept with Smiley had gone down stairs. Mrs. Tighe, who stayed the night at Hunter's on the night in question testified to having risen at 6 o'clock and that Smiley and the brother of Catharine Hunter, came down stairs together, and that Catharine Hunter was up before witness and getting the breakfast. Other testimony of a similar nature was offered and the Magistrate committed the prisoner for trial at the next assizes, refusing bail. Mr. E. B Stone watched the case for the Crown, and Mr. W. A. Stratton appeared for the prisoner.

A Grand Chance.

Read T. Dolan & Co's. advertisment and you will see what it is. Their grand sweeping sale of high class goods preparatory to making a change in business, means a great slaughter of prices. This is the chance of a lifetime, and all who want first-class clothing, ready-made or ordered, or clothe, should make it a point to call. Don't delay, but secure first choice, for, at the prices offered, the suits or cloths will go like hot cakes.

This is How They Do It.

"How can they do it?" is the question that must follow a glance at Gough Bros.' advertisement, in this issue. No matter how they do it. the fact that they do do it. is what the people want to "catch on" to. Who fears the blasts of winter when he can get a tip-top man's overcoat for half price—an $18 overcoat for $9! Just think of that, with stacks and stacks of other kinds of clothing, men's furnishings and boots and shoes on the same scale. When Gough Bros. strike a snap and get goods at 50 cents on the dollar, the first thing they do is to divide with the public. You all know Gough Bros; they have sold the cheapest and best goods in Canada for years past at the very lowest prices. They are still with you and in their last break offer you the biggest bargains ever given in Peterborough.

Orange Supper.

The Orangemen of Peterborough celebrated the discovery of the "Guy Fawke's" plot on Thursday evening by a grand supper at Watt's restaurant, George street, the dining hall of which was beautifully decorated with flags, pictures, etc., and presented a very attractive appearance. About forty guests sat down to an elegantly appointed repast provided by mine host Watt, and did excellent justice to the appetizing viands provided. The chairman was taken by Mr. Robert Weir, and the programme was opened by the lusty hearty singing of "God Save the Queen." Then followed the usual patriotic and loyal toasts, which were enthusiastically honored and elicited speeches of a correspondingly cordial character. Speeches pertinent to the occasion and the order under whose auspices it was celebrated, were made by Messrs. Robert Weir, John A. McWilliams, Thos. Brown, J. Greer, J. Graham Weir, and Beavis. A vote of thanks was then passed to Bro. N Clark Wallace, M. P., for his indefatigable and successful efforts in securing incorporation. A very pleasant evening was spent by the guests, who separated about 11 o'clock, loyally ending, as they had loyally begun, by singing the National Anthem.

The *Father Mathew Remedy* is the most powerful and wholesome tonic ever used. Besides being a radical cure for intemperance and alcoholism at all stages, and destroying all appetite for alcoholic liquors, it also cures dyspepsia. Thank-offerings will be taken to-morrow in all the churches for the local Y.M.C.A. work, excepting George street Methodist, where the offerings will be taken next Sabbath.

A Complimentary Farewell Supper.

Mr. Thos. Armstrong Banquetted by His Friends.

As announced in these columns Mr. Thos. Armstrong, who is well known in town, is about to remove to Lindsay to assume the management of a new hat and fur business to be established in that town. His many friends could not think of permitting him to depart without bidding him good-bye, and giving him a hearty send off. Accordingly, last night a large number of his intimate friends, chiefly members of Otonabee Lodge of Oddfellows, of which Mr. Armstrong is and has been a devoted and enthusiastic working member, entertained him at a banquet at the Palace Restaurant, Mr. Thomas Bowman, caterer. The elegant repast was duly discussed by the assembled company, after which the informal toast list was entered upon, Thos. Workman, P. G., occupying the head of the table, and Bro. R M. Roy, P.G., the vice chair. Of course the toast of the evening was "Our Guest," which was most enthusiastically honoured, for Mr. Armstrong is not only a right jolly good fellow personally, but an enthusiastic and hard working Oddfellow, who has for years devoted earnest and intelligent endeavours to the promotion of Oddfellow interests, for several years filling most efficiently the important, responsible and onerous position of permanent secretary of Otonabee Lodge. Mr. Armstrong responded to the toast of his health in a very neat and fitting speech. He expressed his regret at being compelled to sever the

PERSONAL AND FRATERNAL RELATIONS

that had existed with so much pleasure on his part, at least, for so many years. He would hold Otonabee lodge and his brethern and friends in Peterborough in affectionate memory, and closed by wishing them all success and happiness.

Bro. R. Pearce of Harmony Lodge, Brantford the valued and official team instructor of Otonabee Lodge who has become a citizen of Peterborough also made a neat address, complimenting Mr. Armstrong's character as an Oddfellow and voicing the general regret at his removal from town.
